WASHINGTON, JANUARY 1st, 1861.

GENTLEMEN:—Having tested it virtually to you, I have no hesitation, in writing the fact that I experienced unusual benefit from your Hoofland's German Bitters. During a long and tedious sojourn of Congress, preaching and practising upon my prostrated co- A kind friend suggested the use of this preparation I have named, which has proved a well-timed, well-merited effort of healing, revived energy, and that particular relief so much needed and desired. Others may be similarly advantaged if they desire to try.

Truly, your friend, THOMAS B. FLORENCE.

From JOHN B. WICKERSHAM, Esq., firm of Wickersham & Hutchison, the celebrated Manufacturers of Fancy Articles, 209 Chestnut street.

I am the recipient from you of one of the greatest favors that can be conferred upon one, viz., a good health. For many years have suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhea.

During the long time I was suffering from this disease, I was attended by regular physicians, given me to but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of this valuable medicine, the complaint appeared to be completely eradicated.

I often innardly thank God that you ever discovered it, with full confidence in its reliability. Yours truly,

JOHN B. WICKERSHAM.

New York, Feb. 24, 1864.

From JULIUS LEE, Esq., firm of Lee & Walker, the most extensive Manufacturers in the United States, No. 722 Chestnut street, Philada.,

PHILADELPHIA, February 4th, 1861.

MESSRS. JOHN A. HOFLAND—Gentlemen:—My mother-in-law has been greatly benefited by your Hoofland's German Bitters that I consigned to my myself. I feel it to be a duty incumbent on me to acknowledge my indebtedness to all who are suffering from dyspepsia. I have had that disease in its most aggravated form—for about twenty years, and your Bitters have given me ease when everything else failed.

Yours truly, JULIUS LEE

From the Hon. JACOB BROWN.

PHILADELPHIA, Oct. 7th, 1863.

GENTLEMEN:—In reply to your inquiry as to the efficacy of your Hoofland's German Bitters, I cheerfully state my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave relief, the second effected a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual case, I feel it to be an invaluable tonic, and sincerely recommend its use to the afflicted. Truly yours,

JACOB BROWN, 1707 Spruce street

From Rev. W. D. SHEPHERD, Pastor of 17th Baptist Church,

PHILADELPHIA, December 20th, 1863.

MESSRS. JONES & EVANS—Gentlemen:—I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Your Hoofland's Bitters were recommended by friends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and with the favorable result that I feel disposed to bear my testimony in their favor. I must confess that I had an aversion to Patent Medicines, from the overdrawn and false "puffs" usually attached to them, by sick quacks to be to claim of enormous, and ofttimes fabulous prices for them. Hence, I was very much prejudiced against the use of your Bitters, but I have found my error, and am now free to confess that the cause, but upon the nervous system, was prompt and gratifying. I feel that I have received great and permanent benefit from the use of a few bottles.

Very respectfully yours,

W. D. SHEPHERD,
No. 24 Monumental street.

From Rev. J. S. HERMAN, of the German Reformed Church, Hatasburg, Berks County, Pa.

DR. C. JACKSON—Respected Sir:—I have been troubled with Dyspepsia, nearly twenty years, and have never found any medicine that did me as much good as Hoofland's Bitters. I can very much improved in health, after having taken five bottles.

Yours, with respect,

J. S. HERMAN.

SATURDAY, FEBRUARY 11, 1865.

Joint Meeting.

The Senate passed a resolution on Wednesday to go into Joint Meeting on the 15th for the purpose of electing all the officers usually elected at that time, including a United States Senator.

The House postponed action until the next day, but we have not heard whether they concurred in the resolution or not. However, those townships in which vacancies for officers occur had better see that their nominations are sent in so as to be received by our Senator not later than Tuesday.

Peace.

This pleasant word has been for the past few days in the mouths of all, irrespective of politics, and when it was announced that peace commissioners had started from Richmond with our government as to the best means of securing that inestimable blessing—PEACE—to our now distracted country, and to show to the world that we are human brothers, it was hailed with delight. It was also hoped when Mr. Seward and Mr. Lincoln went to Fortress Monroe that their negotiations would result in something favorable towards the cessation of hostilities now raging between the two factions.

As our readers know, nothing satisfactory was accomplished, but the two actions have been together by their representatives, and it is hoped that they understand each other, and give to their respective actions the result of their interview. Nothing has as yet transpired to give us an idea as to the terms proposed, but we hope the President of SENIORITY will give to the people the result of their interview.

The Draft.

The call of the President for 300,000 men, dated December 19th, 1864, appears to be filling up slowly, and the probability is that a draft will be ordered for month's largest part of the number required to be furnished by this State. The quota for this district is 1912 men for three years, or 5736 years of service. We have received the quota of Atlantic county, except for the city of Egg Harbor, which is as follows:

Egg Harbor Township,	69
Galloway,	33
Hamilton,	21
Weymouth,	16
Mullica,	10
Atlantic City,	10

The draft is not announced as yet, but we suppose that the time for receiving volunteers will expire on Wednesday next, 15th inst., when the wheel of fortune will again be turned to ascertain who will be the fortunate individual.

☞ The members connected with the Second Presbyterian Church of Camden, under the pastoral charge of the Rev. Mr. Baker are using all proper and necessary measures to provide themselves with a new and capacious house of worship. It will be constructed in a tasteful style of architecture, and will be as fine a building as there is in Camden. It is said that sufficient revenue will accrue from the skating park to nearly pay for the material. Last week $900 were taken.

☞ The United States Senate has chosen a printer for secretary, a printer for sergeant-at-arms, while a printer occupies the vice-president's chair. In the House a printer has been elected clerk, a printer postmaster, and on the first Monday in December, 1865, the House of Representatives chooses a printer for their foreman or speaker, and also of the fourteen gentlemen who filled the office of Mayor of Washington, six were printers, namely: Espina, Gales, Seaton, Weightman, Force and Towers.

SPECIAL ELECTION IN SUSSEX COUNTY.—Speaker Crowell has issued a writ ordering an election to be held on Tuesday, the 14th inst., to fill the vacancy in the Assembly caused by the death of Hon. Jacob Vanderveer, and the Democratic District Convention to nominate a candidate will be held on Wednesday next. The *Herald* says there will probably be no opposition to the Democratic nomination.

☞ The Bucktown *Gazette* states that a little boy whose parents reside near Papatong Lake, in Warren county, suddenly disappeared one day last week, and that his mother, in searching for him, discovered his two legs bitten off close to the body, and a bear or a panther so charged with this shocking piece of cannibalism. This story is terrible, if true.

☞ The time of the New Jersey and the Newark Annual Conferences has been changed from March 29th to March 22d. The New Jersey Conference will meet in the Greene Street Church, Trenton, Bishop Ames presiding, and the Newark conference at Elizabeth, Bishop James presiding.

A GOOD PRACE.—The Philadelphia Evening *Bulletin* was sold last week to 29,000. It was bought by one of the members of the old firm, who must have been acquainted with its worth. If the *Bulletin* is worth $89,000, what is the *Inquirer* worth? Will the Daily *News* answer?—*Camden Press.*

☞ We are indebted to Hon. John F. Starr, for a copy of Hon. Hezekiah Johnson's great speech in the Senate, in defence of the rights of New Jersey to regulate her internal improvement policy.

☞ Mr. William H. Kemble, who was recently elected State Treasurer of Pennsylvania, is a native of Woodbury, Gloucester county, in this State.

☞ The total cost of the marble for the Capitol, at Washington, and for cutting, is $2,778,445.

For the Atlantic Democrat.

TRENTON, N. J., Feb. 3, 1865.

MR. FISHER:—To the friends of the State Normal School have been greatly gratified the week by the act of the Legislature, purchasing the property in which the school is held, thus giving a guaranty of permanency to the institution. The affairs of the institution have been managed with so much care forethought on the part of the teachers, that this valuable property, now worth not less than $80,000, comes into the hands of the State at a cost of only $53,000.

Besides this piece of good fortune, we have to record a very interesting public examination which has just closed. The exercises continued through Tuesday, Wednesday and Thursday, and were throughout of a most interesting character. The Governor, and a large number of Senators and Members of the Legislature were in attendance, besides a crowd of other citizens and strangers.

The following are the names of the pupils who graduated, with their averages: Fannie E. Ayres, Warren, average 95; Eleanor Bayles, Mercer, 90; Eliza Constantine, Union, 87; Allie Fly, Mercer, 82; Addie Gibbs, Mercer, 77; Rose E. Holmes, Somerset, 93; Imogene Park, Essex, 96; Cornelia Pruden, Morris, 93; Carrie Skillman, Somerset, 95; Lottie Wheaton, Atlantic, 95; Irma Messler, Monmouth, 86; Sallie M. Riley, Cumberland; Anna J. Rice, Cumberland. Total 13.

The following are the names of those who received Diplomas, they having not only graduated, but also having taught not less than six months: Louisa Haviland, Burlington; Annie E. Stratt, Middlesex; Sallie C. Hillman, Camden; Thomas W. Forsyth, Burlington; John B. Whiteneck, Somerset; Lottie Wheaton, Atlantic; Sallie M. Risley, Cumberland; Frances E. Shotwell, Essex; Irma Messler, Monmouth; Lizzie Price, Hunterdon; Anna J. Rice, Cumberland. Total 11. The school seems to be steadily growing in public favor.

The Bounty Bill.

Since the resolution offered by Senator Wilson in the United States Senate that volunteering should be stopped as our armies were *too full*, we have had draft upon draft, and the large bounties offered by the different authorities to fill up their quotas without having the general government resort to a draft, has entailed a debt upon the taxable property of the country which is far beyond any idea entertained by the people at the commencement of the offering of such bounties, and the citizens of New York and this State have been agitating the necessity of having a uniform bounty offered throughout those States. The State of New York have passed a general bill to cover the question, while the Legislature of this State have had a bill presented which has for its object a uniform amount to be taxed by the different townships. The matter was under discussion on Thursday of last week, and was also made the special order for Tuesday, at which time it was discussed, amended, and ordered to be engrossed as follows:

AN ACT to provide for the payment of bounties under the recent call, and the future calls that may be made, and also for the raising of the amounts thereof by tax.

WHEREAS, The inhabitants of many of the cities, towns, townships, and boroughs of this State, in view of the recent call of the President of the United States, of December twenty-fifth, eighteen hundred and sixty-four, the draft for which, though yet future is imminent; and of the probability of other calls for troops yet to be made; and of the liability of said inhabitants to the necessity of raising more to fill the quotas that may be assigned to the said cities, towns, townships and boroughs respectively; and further, in view of the general desire of the people of the several municipalities above specified, to fill their respective quotas by volunteers, if possible, and if not, then by substitutes, or otherwise, as readily as may be, therefore,

1. BE IT ENACTED by the Senate and General Assembly of the State of New Jersey, That it shall be lawful for the regularly constituted authorities of any city, town, township, or borough in this State, to offer any pay such bounties to volunteers, substitutes and drafted men, respectively, who shall be mustered into the military or naval service of the United States, and shall be accredited to such municipality, upon its quota, under such recent call, and the pending draft, or any future draft that may be made, as to them shall seem proper, toward the filling thereof; provided always, that the consent of the two-thirds of the legal electors of such municipality above designated, be it city, town, township, or borough, who shall vote at any such meeting as is hereinafter provided to be called and held, shall first be obtained thereto, by a vote to be taken and given at a special election to be held for this purpose, and be called therefore by the said authorities of such municipality in the manner provided by law for any special meeting of the inhabitants thereof; and which election shall be held at the place where the last annual municipal election therein was held, upon ten days' notice, in writing, to be given by said authorities, and set up in five of the most public places in such city, town, township or borough, one of which shall be at the place where such election is to be held, and at which election the 41 cents shall vote, by ballot or otherwise, as the said electors may lay at their regular municipal elections; and provided further, that no sum of money or bounties to be offered and paid to such volunteers, substitutes or drafted men, respectively, shall be raised by tax, which shall exceed the twenty dollars for the period of service for one year, but more than six hundred dollars for the period of three years, nor more than eight hundred dollars for the period of service of three years, respectively.

2. And be it enacted, That it shall be lawful for the said authorities, of such city, town, township and borough, respectively, to borrow, for the same, and upon the credit of such city, town, township, or borough, any sum or sums of money, from time to time, for the purpose, and subject to the limitations above specified, as may in their judgment be necessary, and to issue therefor, scrip, notes, or other certificates of indebtedness of said city, town, township, or borough thereof, in such amounts, as they may think most advisable, for the sums so borrowed, and to provide for the payment of the interest thereon and of the principal sums thereof, in such installments and at such times as the said electors, at such meeting, shall have direct in the manner aforesaid; and also to provide for the redemption thereof by tax, in accordance with the basis of and meeting whether tax shall be levied and assessed upon the polls and property of such municipality, as shall by such vote have been determined; provided, however, that any such sum of money so may have been already paid, or to be hereafter contracted for and authorized by such inhabitants, at a public meeting thereof, by the board of Chosen Freeholders of any county, before the passage of this act, shall not be affected by this act, so far as the limitation of the amount to be so raised by tax is concerned, but such amounts so voted and paid, or contracted for, and the indebtedness and interest thereof whatsoever form incurred, are hereby authorized to be raised, and are hereby made legal and confirmed, as of the same and such action of the inhabitants and authorities of such county, city, town, township, or borough had taken place and been done under the provisions of this act.

3. And be it enacted, That it shall be lawful for any city, town, township, or borough, in any other state, when upon the polls of such municipality, of all single men, a poll tax of two dollars, and upon married men, a poll tax of five dollars, toward the liquidation of such indebtedness as shall then exist, and such poll taxes to collect the residue of which indebtedness, shall be assessed upon the real and personal estate liable to taxation in such city, town, township, or borough; any of which taxes shall be assessed, levied, and collected at the same time and in the same manner as other taxes therein shall be assessed, levied, and collected, but the provisions of this act shall not apply to such persons as have been in the service of the United States so long as they shall be exempt from draft by reason of such service.

4. And be it enacted, That it shall be lawful for the Board of Chosen Freeholders of any county of this State to issue the bonds of said county and loan the same to the constituted authorities of each city, town, township, and borough in said county, by not exceeding in amount three hundred dollars to each volunteer, substitute or drafted man actually mustered into the military or naval service of the United States, and accredited to the quota of such municipality, receiving therefore the bonds or other evidences of indebtedness from the constituted authorities, cities, towns, townships or borough, the payment of which shall be provided for according to the provisions of sections two and three of this act.

5. And be it enacted, That this act shall take effect immediately.

EVENING SESSION.

8 P. M. Senate met.

Mr. Scovel called up the resolutions in relation to Judge Dayton, presented by himself some days ago, and which were postponed to, and made a special order for this evening.

The Clerk read the following resolutions:

WHEREAS, William Lewis Dayton, the American Minister to France, formerly a member of the Council of New Jersey, a distinguished jurist of the State, judge of the Supreme Court, and a Senator in Congress, died at Paris in the discharge of his duty as the Envoy of the United States at the Court of the Emperor Napoleon; a position he filled and adorned with distinguished ability in the most perilous days of the Republic.

Resolved by the Senate of New Jersey, That as a lawyer, possessing a mind enriched by varied experience, and disciplined by the exercise of study by the practice of his profession, and by more active duties, Mr. Dayton, in the judgment of New Jersey, stood in the front rank of his profession at the side of Webster, and Choate, and Emmet and Pinckney.

Resolved, That we signify our deep respect for his personal, social and civic virtues—for his great without arrogance, and so he charmed by the dignity and affability of his nature, he gave every no cause to reject at his success; and we gratefully remember that unbounding patriotism which made his last years the proof of his manhood as he bravely stood by his country, and with straightforward honesty defeated the tortuous and dangerous policy which ruled at the Court of the Man of December.

Resolved, That our grief at the death of Wm. L. Dayton is solaced by the memory of the continued influence his fidelity to principle, his life and example as a patriot statesman, must have upon the character of our State, and conduct of the Nation, and by the assurance that his memory and his example will live in the homes and hearts of the people of New Jersey, as well as in the hearts of the American people, so long as they love the virtue of a patriot, and the integrity of a statesman.

Resolved, That a copy of these resolutions, suitably engrossed and signed by the President of the Senate, be transmitted to the family of the deceased at Paris, with an expression of our profound sympathy, and our regret for their irreparable loss.

Messrs. Scudder, Scovel, Holsman, Buckley and Little spoke on the resolutions, which were unanimously adopted, after which the Senate adjourned to Friday morning, nine o'clock.

It is the Pre-eminent Magazine of the day. The details never had a more delightful companion, nor the million a more enterprising friend, than Harper's Magazine.—*Methodist Protestant (Baltimore).*

The most popular Monthly in the world.—*N. Y. Observer.*

We must refer in terms of eulogy to the high tone and varied excellence of HARPER'S MAGAZINE—a journal with a monthly circulation of about 120,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of its work as an evidence of the American People; and the popularity it has acquired is merited. Each Number contains fully 144 pages of reading matter, beautifully illustrated with good wood-cuts; and it combines in itself the cheap quality and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the disemination of a love of pure literature.—*Dwight's Guide to American Literature, London.*

The volumes form a portion of the elements of a library of miscellaneous reading such as cannot be found in the same compass in any other publication that has come under our notice.—*Boston Courier.*

THE BEST NEW YORK WEEKLY!

An Anti-Abolition Democratic Paper.

A PAPER FOR WHITE MEN.

NEW YORK DAY-BOOK FOR 1845.

THE DAY-BOOK is the organ of Democratic principles—the positive, all-inclusive principles upon which our Government was founded—the principles of WHITE MAN'S CIVILIZED SOVEREIGNTY and a FEDERAL UNION as the cardinal landmarks of American Government and Civilization. It goes for white men being superior and manner therefore, and on the ground that it asks every true man who believes this to work for the success of these principles THE DAY-BOOK *is the only paper in the North that distinctly* takes this position, and vigorously opposes Abolitionism, Mongrelism, and every other diabolical sentiment now running our country into the vortex of agitation and confusion.

It is also the only weekly made up *expressly* for country circulation, the other New York weeklies being reprints from daily papers. It is therefore with more labor and expense that our sheet is specially prepared for its columns. The news from all parts of the world is carefully condensed, forming a COMPLETE HISTORY OF THE TIMES.

THE DAY-BOOK embraces all topics—*Agriculture, Commerce, Markets, Stories, Literary Matter, &c.*, thus presenting the great country, industrial and working classes a cheap and reliable weekly, containing all they need without the trouble and expense of reading so many papers.

The price of THE DAY-BOOK is more than that of any paper made up as it is, from original matter. The superior combination of news, arrangement of articles, &c., make it actually worth double the price of a weekly in which the matter is badly arranged and hurriedly reprinted.

TERMS

One copy, one year.....$2 00
Three copies, one year.....6 00
Ten copies, one year.....20 00
Twenty copies, *to one post-office*.....35 00

CLUBBING.

Persons who get up Clubs can receive THE DAY-BOOK, a Democratic Monthly, if desired, in place of extra copies. Whoever will send twenty subscribers at $2 each (they can go to different offices) will receive a copy of Dawson's magnificent edition of "THE FEDERALIST" (price $4, as a premium. For twenty subscribers, at the same rate, a Prince can get an extra copy of "THE DAY-BOOK, THE OLD GUARD for 1845, and THE FEDERALIST."

We employ no traveling agents. Any one willing to subscribe for THE DAY-BOOK need not wait to be called upon for its subscription; it is necessary for him to do is to write a letter, inclose the money, and direct it to us.

CATAWBA BRANDY,

SPARKLING CATAWBA WINES,
Equal to Quality and Cheaper in Price than the Imported Wines of the Rhine.

FOR SUMMER COMPLAINT, CHOLERA INFANTUM, BOWEL COMPLAINT, CRAMP, COLIC, AND DIARRHŒA.

A sure Cure is guaranteed, or the money will be refunded.

In support of the above statements, are presented the Certificates of Dr. Jas. R. Chilton, Chemist, New York; Dr. Hiram Cox, Chemical Inspector, Ohio; Dr. Wm. Ives, Chemist, Philadelphia; Dr. N. E. Jones, Chemical Inspector, Circleville, Ohio; Dr. Jas. Jackson, Jun., Boston; J. P. Chas. Upham Shepard, Charleston, S. C.; and Prof. E. Binney, and G. A. Mariner, Cincinnati, Chemists, all of whom have analyzed the Catawba Brandy, and commented it in the strongest terms for medical use.

Analysis of the Massachusetts State Assayer, Boston, January 20, 1845.

When evaporated through clean linen it left no oil or offensive matter. In every respect it is pure spirituous liquor.—The Oil which gives to this Brandy its flavor and bouquet, is neither fusil, or grain oil. Its odor partakes of both the fruit and oil of grapes. With this, it possesses others of a high fragrance. On substitution of this Brandy for Cognac Brandy, I find no change in the manufacture of *Lavendar spirits*, sold under the same both at home and abroad.

A. HAYES, M. D.,
Assayer to State Mass., 18 Boylston street.

Try the pure, for sale at 1844.

I have analyzed Mr. L. LYONS' PURE CATAWBA BRANDY, and refer to his certificate for its and characters, which is the same as that produced in past years. A single taken from the bottle, and tested the same crystals with equal purity; a slightly increased amount of the principle on which its flavor depends; a decided improvement from other former samples.

The inference of analysis show that this Brandy is produced by the same process as most of the imported brandy. Respectfully,

A. A. HAYES, M. D.,

EMPIRE SHUTTLE MACHINE!

PATENTED, FEBRUARY 11th, 1850.

Salesrooms, 539 Broadway, N. Y.,

252 Washington street, Boston, Mass.

J. H. Fowler, Syracuse, N. Y.

THIS MACHINE is constructed on a totally new principle of mechanism, possessing many rare and valuable improvements, being highly admired by the most professed experts, and pronounced to be SIMPLICITY and PERFECTION COMBINED.

It has a straight needle, perpendicular action, makes the LOCK or SHUTTLE STITCH, and will NEITHER RIP or RAVEL, and is alike on both sides; produces perfect work, of the description of material, from Leather to the finest Nainsook Muslin, with cotton, linen or silk thread, from the coarsest to the finest number.

Having neither CAM nor CRS WHEEL and the least possible friction, it runs as smooth as glass, *and is Simplicity—Noiseless Rapidity.*

It produces FIFTY PER CENT. less power to drive it than any other Machine in the Market. A girl twelve years of age can work it easily, without fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction renders it almost impossible to get out of order, and is GUARANTEED by the proprietor to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to come and examine this EXHAUSTLESS MACHINE.

But in a more especial manner do we solicit the attention of
