BIG SERIES OF ATHLETIC EVENTS ARRANGED BY COMMITTEE

Excursion From Atlantic City To Stop At Absecon, Pomona, Cologne and Other Points—Dinner To Follow Field Contests and Grand Mass Meeting Will Bring Day To Close.

All former outings held under the auspices of the Atlantic County Republican League will be eclipsed by the great field day the League will hold Saturday, August 20, at Egg Harbor City, when Leaguers and their friends by hundreds will gather at the "Wine City" to enjoy a day replete with interesting features. The first event, following the arrival of the special excursion from Atlantic City, which will stop at all points along the route, will be a series of athletic contests, including running, sack and potato races and a ball game. After the field events the Leaguers and their guests will gather in the various hotels of the city where a fine dinner will be served. To conclude the eventful day there will be a great mass meeting in the evening, at which the Hon. Edward C. Stokes, Republican candidate for Governor, and others will speak.

The League held a meeting Thursday evening last at which committees were appointed to look after the various details as follows:

Another Grade Crossing Fatality.

Another tragedy was added to the already long list on the electric line of the West Jersey and Seashore Railroad on Sunday morning, when Vincenzo Molinara, a prosperous McKee City farmer, known in the vicinity as James Miller, and his son James, Jr., 19 years old, were killed. The buggy in which they were riding over the dangerous McKee City crossing, seven miles below May's Landing, was hit by a Southbound electric express, crushing the occupants horribly. The impact threw the horse to one side and the buggy was shattered into kindling wood and scattered a distance of 1,350 feet before the train could be stopped.

Railroad Ignores Order.

The West Jersey and Seashore Railroad Company has been reported to the Public Utility Commission by John Lippincott, State Commissioner of Motor Vehicles, for not having complied with the order of the Commission to place safety gates at the grade crossing at Buena Vista, where a fatality happened a short time ago. Failure of the company to erect gates was reported to the Commission by Douglas Reed, Clerk of Buena Vista Township. He told Mr. Lippincott that instead of erecting gates the company has merely put up a signal bell.

Solons To Meet At Smith's Landing.

The regular monthly meeting of the Board of Chosen Freeholders of Atlantic County will be held Wednesday next at the County buildings at Smith's Landing, it being the custom of the Board to meet there once each year in order to make an inspection of the Asylum and Almshouse. The Public Buildings Committee will meet to-day at the County Clerk's Office, the Road and Bridge Committees Monday next at the County Collector's Office and the Finance Committee Tuesday.

Old County Resident Dies.

After a lingering illness, Esther A. Doughty, widow of the late Baker Doughty and mother of Freeholder F. F. Doughty, of Absecon, died Wednesday in her eighty-second year. Mr. and Mrs. Doughty were among the early settlers on the mainland and were well known throughout the County. Funeral services at which friends and relatives are invited to attend, will be held from her late residence in Absecon on Sunday at 2 o'clock. Interment will be made in Absecon Cemetery.

Woman Fainted On Track.

Passengers on the electric train which left Camden for Atlantic City about 4.30 o'clock Thursday afternoon were given a thrill when the train came to a sudden stop near Buena. A woman stood in the middle of the track and when she saw the train coming fainted dead away, just missing the deadly third rail in her fall. The engineer brought the train to a halt within three or four feet of her prostrate body.

New County Auto.

County Road Supervisor Japhet Price, of Pleasantville, has received the new Mercer roadster recently ordered for his use by the Board of Chosen Freeholders for County road work. This will make the continuous use of the big Locomobile touring car unnecessary and save the heavy expense of operating the larger machine, which will be retained for the use of various committees.

Must Widen New Road.

State road officials inspected the May's Landing-Tuckahoe road this week preparatory to final acceptance, but said they cannot approve the road until it is made wider between Baker's corner and the Main Station. The road builder says it is not his fault because he was not given the proper lines and the matter is up to the County engineer.

Thanks His Friends.

Mr. John Frie, who was accidentally shot during the Red Men's parade, two weeks ago, wishes to thank his many friends who raised a purse for his relief. The ball was removed and the wound is rapidly healing.

"SPEED TRAP" NOT WANTED

Shore Squires Criticized For Using Local Highways.

For the first time in the history of May's Landing a "speed trap" was set within the town limits last Sunday to catch autoists at Sugar Hill, leading to Pleasantville, by Magistrate Weeks, of Pleasantville, Constable Hamilton, of Absecon, and State Inspector Shinn. Residents learned of the trap and warned autoists and the officers were only able to snare one auto at that point, a colored party who had no license on their machine. When the officers found out that their "trap" was not welcome here they moved five miles down the County road, where they caught a number of drivers going more than twenty-five miles an hour, the rate the law allows, and imposed fines ranging from $5 to $25.

The inspector inquired into conditions here and found that Constable Sam Taylor was able to look after traffic, having been appointed for that purpose. Constable Taylor was on duty Saturday, Sunday and Monday and had no difficulty safeguarding traffic, notwithstanding the heavy holiday travel.

BIG OUTING FOR ODD FELLOWS

Members of Fraternity From All Parts of State To Gather Here.

Next Saturday will be a red-letter day in the annals of Odd Fellowship in Atlantic County, and especially of May's Landing, when an Odd Fellows' Field Days will be held at Lenape Park. The members of Atlantic Lodge No. 60, of this place, instigated the idea, which was eagerly taken up by other South Jersey lodges.

Representations will be present from lodges in all sections of New Jersey and also a number of the grand officers.

The committee in charge is arranging a full program and the outing promises to be one of more than usual interest. American Star Lodge, of Atlantic City, will take a prominent part in the affair.

All Odd Fellows and their families are cordially invited to attend and spend the day here.

The work is to be done at a cost of $10,000 and is to be completed by October 1. This scheme is authorized by Chapter 174 of the laws of 1906.

KATZENBACK RAPS FIELDER

Characterizes Statements As Indictment of Direct Primary Act.

Criticizing the record of Governor Fielder and characterizing his statements as an indictment of the direct primary principle, Frank S. Katzenbach, Jr., in an interview Wednesday, drew the line definitely and clearly between himself and the Governor as candidates for the Democratic Gubernatorial nomination. Not only does the former Mayor of Trenton handle the Governor without gloves, but he takes occasion to reiterate, and in even stronger language, that President Wilson was acting unfairly and violating the spirit of the direct primary law when he caused the withdrawal of former Mayor Otto Wittpenn from the Gubernatorial race.

Mr. Katzenbach points out that Mayor Wittpenn had been a more zealous and active supporter of the Wilson program at all times in New Jersey than had Governor Fielder. He gives, as concrete evidence of this assertion, the fact that Mayor Wittpenn stood with Governor Wilson in his fight to uphold the direct primary choice of James E. Martine for United States Senator, while Fielder, instead of supporting the primary choice and Wilson, announced himself as a candidate against Martine. He further declares that Mayor Wittpenn secured for the President the delegates to the Democratic National Convention, when Mr. Fielder did nothing toward that end; and that Wittpenn had supported the President's candidate for State Treasurer, when Mr. Fielder supported the opposition candidate. It was this latter action on the part of Mayor Wittpenn that led to the bitter warfare being made upon him in his own County which finally brought about his elimination from the Gubernatorial race.

"Crook Horn" Channel Dredged.

The State work of dredging the inland waterway from Cape May to the Atlantic Highlands has progressed as far as the Thirty-fourth Street drawbridge, Ocean City, the "Crook Horn" Channel, so long dreaded by boatmen, including the "Turtle Grounds" being dredged so that boats may pass through at all tides. The section known as Little Bay between the Great Egg Harbor Bay and Thirty-fourth Street, however, is still undredged and is only navigable at high tide. This is now being dredged and will be opened this Fall.

MAY'S LANDING, SEPTEMBER 6, 1913.

The man who persists in riding a bicycle on the sidewalk has no business to complain of his neighbor's faults and follies

When a man's pocket-book is empty and it a week from pay-day and he hasn't one red copper to rub against another, is he "busted" or "bursted"? This inquiry is prompted by the fact that a learned individual was recently overheard to criticise a friend for using the former term to describe his pecuniary circumstances. Though Webster did not include the term in his lexicon, it is one that is established by long-usage in the dictionary of human experience and when a man's in that predicament he isn't apt to be at all particular whether he's "broke," "bursted", or just plain "busted". Es macht nichts aus.

He is off the wisest man who is not wise at all. Wordsworth.

The post office department of the department is to blame as the postmaster alleges is "hitching the cart before the horse" in ordering the distribution of second, third and fourth class mail before first class letters. Every mail citizen are obliged to wait a half hour or so for their letters while the postal clerks with provoking calm distribute newspapers, advertising circulars, catalogs and other unimportant matters. Letters should be distributed first, an improvement in the service that we respectfully but earnestly recommend. Whatever is required to be done the post office seems to be behind hand with, as the public departments in the art of providing how not to do it.

What's done we partly may compute but know not what's resisted. Robert Burns

Thank heavens, the season for "petitions" is closed at last! For the last month or so citizens have had petitions stuck under their noses almost every time they ventured outdoors, and have had every minute from the signature hunter on the sanctity of their domestic domains. Petitions to pound keeper and governor, constable and sexton and a dozen other plans from the free of public favor have been going the rounds morning, noon and night. Some, in desperation, have signed everything that came along regardless, while others in disgust have refused to sign any. There were a courageous few who took time to look 'em over and take their choice. Anyway, its all over for another year at least.

Words are weak men's counters. They do but reckon with them, but they are the money of fools. Thomas Hobbes

Now that petitions are off the nominating clerks will forward the names of aspirant candidates to the County Clerk, who will have sample ballots printed for every section of the County and shortly the voters will receive by mail a long envelope containing a Yellow poster, a replica of the official ballot that they will be called upon to wrestle with in dimly lighted booths later in the month. The ballot should be studied carefully before it is used to stop a crack in the door with or to start a fire. It is essential to understand it thoroughly in order to cast a vote intelligently and its contents should be made familiar before the boy figures out his arithmetic lesson on the back. Watch for the sample ballot.

East and West, North and South, there is now but one all-pervading question for old and young, rich and poor. Who is going to win the World's Championship?

Overzealousness on the part of public officials is oftimes worse than its opposite, for instance the action last Sunday of Absecon and Pleasantville magistrates who left their own domains and set a "speed trap" in the limits of May's Landing. Such a step was altogether uncalled for, the local authorities needing no assistance from the aforesaid squires to look after auto traffic here. If a May's Landing magistrate had gone to Pleasantville or Absecon and planted a trap, he would have been a howl of disapproval in those burgs, as there is here over last Sunday's affair.

May's Landing is not seeking any notoriety for numerous arrests of autoists, a policy that it will be well for others to pursue. An officer is on duty when travel is heaviest to warn drivers to run slow and the fact speaks for itself that there has not been a single accident during the past season, when travel was heavier than ever before, within the town limits.

"Speed traps" are growing in disfavor and are about the worst possible form of advertising in which any municipality can indulge. What is true of municipalities is true of counties. Enforcement of the law is one thing and "traps" another. What should be done is this: two officers should be established at convenient places to observe traffic and the first warn drivers if they are exceeding the speed limit, the second arrest them if they ignore the warning of the first. That would be fair to the autoist and remove the odium attached to obnoxious "traps." Fair play for the autoist!

THE TOWN OF NATURAL OPPORTUNITIES

The Place To Spend Your Summer Vacation

MAY'S LANDING, N. J.

Sites for Bungalows For Lease or Sale

Founded at the head of tide-water on the banks of the Great Egg Harbor River. May's Landing has enjoyed from the first the reputation of being the most beautiful, most healthful place of residence in the section of New Jersey. Its magnificent oak trees have become famous, and beautiful Lake Lenape is scarcely less well-known. Inducements to manufacturers are exceptionally good. For the truck farmer and poultry raiser it is an ideal location, and the mecca of those seeking Summer homes at a reasonable cost.

Splendid boulevards for automobles lead to May's Landing from every point, including the direct road from Philadelphia, by way of Downstown and the Egg Harbor City boulevard, leading from the White Horse Pike. The Great Egg Harbor River boasts of an active Yacht Club open for membership. This picturesque waterway affords good boating, bathing and fishing, and is a popular highway with yachtsmen to Atlantic City, Ocean City and other seashore resorts.

Municipal conveniences include cold, sparkling water, 99 percent. pure from an artesian well, supplied through a new public water works system; first-class fire protection with consequent low insurance rates, low rates of taxation, electric lighting, prosperous churches, good public schools, etc. If you never visited May's Landing, it is time, to do so. If you are looking for a Summer place of residence, this is the ideal place for you. "The Town of Natural Opportunities" is Your Opportunity.

Twenty minutes from Atlantic City, the Greatest Seashore Resort in the World. Only one hour from Philadelphia.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HOW RESIDENTS CAN HELP GET RID OF MOSQUITOES

County Extermination Board Has Six Suggestions.

Specific information as to how the residents of Atlantic County may assist in the extermination of the mosquito is given in a circular issued by the County Mosquito Extermination Commission, which is being distributed as a preliminary move in a campaign of anti-mosquito education. The bulletin is intended to inform householders as to what they can do individually to get rid of the mosquito pest. Six directions are given, as follows:

"First—Get rid of all standing water on your property by ditching it away or filling in.

"Second—See that there are no tin cans, broken dishes, bottles, pails, rain barrels or anything on your premises or in your back yards in which water may collect.

"Third—See that there are no wash tubs or pails in your basement, or anything that will hold water.

"Fourth—See that there is no stagnant water in your basement or elevator shaft, so that your house will not be full of mosquitoes.

"Fifth—See that your garbage can is covered and that your rain barrel is screened.

"Sixth—If there is any stagnant water anywhere in your neighborhood which cannot be drained, sprinkle crude oil or kerosene over it every ten days. One cup of oil is sufficient for fifteen square feet of surface.

"These methods will absolutely prevent the breeding of mosquitoes on your premises, will thereby increase the real estate value of your property and rid you of this annoying and dangerous pest. The house mosquito is easily controlled if you will do your part and look after your own premises."
