HAMMONTON, N. J., SATURDAY, MARCH 6, 1915

No. 10

The Board of Health meets next Tuesday evening.

Miss Tacey Chew's residence is being covered by a metal roofing.

Dom. Campanella has bought a traction engine for use on his farm.

Town Council holds its semi-monthly session on Wednesday evening.

Chas. Bobst and wife are comfortably domiciled in their pretty bungalow, on Third Street south.

Stockholders of the Hammonton Telephone & Telegraph Company received dividend checks on Thursday.

John Helzer's house, occupied by Sam'l Foster and family, is having two or three rooms added in the rear.

Advertising matter has been circulated from a firm of auctioneers, offering the O'Donnell Hotel for sale on the 15th.

Justice George E. Strouse is exhibiting a huge goose egg, weighing eleven and three-fourths ounces, laid by one of his birds.

DeRue Brothers will appear in Hammonton next Tuesday, in Bellevue Hall. Their advance agent claims they are better than ever.

According to the local observer, there were eight cloudy days during February, nine partly cloudy, and eleven clear. Total precipitation was 4.51 inches, and three inches of snow.

Greenmount Cemetery Association held its annual meeting on Tuesday evening, accepted the Secretary's financial report, and re-elected all trustees and other officers.

"The best is yet to come," so say those who know something about the "Killarney Girls" and Rita Rich, who will appear in the Lyceum Course on Monday eve, March 15th.

Prof. N. C. Holdridge arrived home Sunday night, from Cleveland, Ohio, where he has been attending a convention of School Superintendents. He says that Cleveland is a fine town.

Little Ha-Ha Council will give a St. Patrick's Social on Monday evening, March 15th, in Red Men's Hall. Admission charges will be ten cents for adults, and five for children. There will be an entertainment and games.

The lecture by Dr. Gardner, of All Souls Church, last Sunday eve., on "Pilgrims Progress," was illustrated by pictures which were particularly beautiful and artistic. Dr. Gardner plans to have others from the same firm, and even more beautiful, later.

The annual meeting of the Universalist parish will be held in the church on Tuesday evening next, March 9th, at 8 o'clock. All who are interested in the welfare of the Church are cordially invited. The ladies will provide supper at 6.30, to all who attend.

Chris. Rehnann, Sr., one of the old time residents of Hammonton, died last week Thursday, in the German Hospital, from a complication, injury to hip and pneumonia. A wife and several children are thus bereft. The funeral, on Sunday, was largely attended.

"The Gleaners" will give a Collar Social next Wednesday eve, March 10th, in the basement of the Baptist Church. Contributions will be a penny for every inch of your collar size. The ladies have prepared a programme of music, etc., and anticipate a grand good time. Refreshments—served. All welcome.

Two Fire Alarms.

There were two chimney fire alarms the past week; and the third may have happened before this article is read.

The first was at 11.05 last Saturday morning, on C. D. Clavin's house, on Main Road.

Tuesday's alarm happened at 2.50 p.m., and Oscar Thompson's house, on Eleventh Street, was threatened with destruction.

In neither case did the fire companies go into action, though part of their apparatus arrived at the scene.

Elected Officers.

The Women's Civic Club, at their annual meeting, elected the following officers:

President, Mrs. E. F. Fry.
Vice-Pres., Mrs. Charles Layer.
Rec. Sec'y, Mrs. E. J. Goddard.
Cor. Sec'y, Mrs. W. Wallace Mayberry.

Treasurer, Mrs. Herbert Hirst.
Trustees, Mrs. H. K. Spear,
Chairman, Mrs. A. E. Holman,
Mrs. T. C. Elvins, Mrs. J. R. Imhoff, Mrs. Sam'l Anderson.

The yearly reports of the officers were read, showing the Civic work of the Club and the Club's active interest in the town's improvements.

The membership is increasing, and much good work is planned for 1915, along Civic and educational lines.

Alumni Entertainment.

The Assembly Room was packed last Monday night, the program by High School pupils being the attraction. The audience was not disappointed, but very enthusiastically voiced its approval of the various numbers. A High School night will no doubt be an annual feature of our program hereafter.

On Monday, March 15th, Mr. Harold I. Eaton, State Inspector of the Mosquito Extermination Commission, will deliver an illustrated lecture on "The Mosquito Problem in New Jersey." Mr. Eaton was associated with Col. Gorgas in sanitation work in the Panama Canal zone, and will tell of some of the results in that district. We are indeed fortunate to be able to have Mr. Eaton here, and we look for a large attendance.

We wish to call attention to the rule, that hereafter no pupils below Eighth Grade will be admitted to the Assembly Room entertainments unless accompanied by parents or other older persons. Let it be understood that the children are more than welcome, but the misbehavior of a very few has made necessary some form of discipline for all.

Watch for announcement of a "Town Improvement" meeting. COM.

Un-Claimed Letters.

The following letters remained unclaimed for in the Hammonton Post Office on Wednesday, Mar. 3, 1915:

Miss Josephine Hunt Mr. Sam. Olive
Mrs. John Foster
Foreign—Mr. Santa Garcia
(Concetta Giacoppo)

Persons calling for any of the above will please state that it was advertised. THOS. C. ELVINS,
Postmaster.

SATURDAY, MARCH 6, 1915
Annual School Meeting.

The annual school meeting will be held on Tuesday evening, March 16th, at 7:30, in the Central School House, for the election of three members of the Board of Education and transaction of other business. The retiring members of the Board are—Messrs. F. C. Burt, Jos. R. Imhoff, and A. L. Jackson.
The amount thought necessary for the support of the schools is \$12,295, an increase of \$5,204.32 over last year's estimate.
The Board also recommends the addition of two school rooms and a teachers' room to the First Road school house, asking for \$5,500 to build same and furnish one schoolroom.
Every voter should attend this meeting. Remember, this Board expends many thousands of dollars of your money every year, and we have the selection of the men (or women) to conduct the business.

"Farmers' Week" in Hammonton was certainly appreciated by our people. Each evening there was a large attendance in the Civic Club Room, standing room being at a premium. The speakers had chosen subjects most appropriate for this section, and handled them in a very interesting manner. We are indebted to the County Vocational Board for this treat. "One citizen said to us, 'I think that what I have learned about fertilizers this week will be worth hundreds of dollars to me.' The Vocational School sessions, each Friday evening, in charge of Mr. Armstrong, are of much interest,—those attending not wishing to miss a sight.

Although we have not been notified by President Wilson, the nomination of Louis Langham as Postmaster at Hammonton has been confirmed by the U. S. Senate. While we regret that a change had to be made, we wish the "young man" a prosperous administration. Mr. Elvins made a most excellent, obliging and progressive Postmaster. His term expired March 2nd, but until the official papers arrive, the date of the new incumbent's time will not be fixed. As all the clerks and carriers were appointed under the civil service laws, no changes can be made in the working force.

There should be some change in the fire alarm service, so that only one company would be called out for ordinary alarms. It is a hardship for the firemen and an expense to the Town to call the up-town company from their homes to the fire-houses when the down-town company can attend to the chimney-fire; and vice versa.
Wouldn't this be a good time for the dog catcher to get busy? Almost any time of the day you can count a half-dozen dogs in your yard, or your neighbor's,—useless curs, belonging to no one known who. Valuable canines are not allowed to run wild.

Among the commendable bills passed by the New Jersey Senate, this week, were: the long fought for local option bill, and one doing away with capital punishment in this state. We hope these will both become laws.

It can hardly be said that March came in like a lion, though the weather was cold.

SINCERE THANKS FOR MANY FRIENDS TRUE AND MANLY

We heartily thank our many friends who stood so loyally by us in the recent contest for the Postmastership. We did not enter this contest until public sentiment back us up, then, believing as did many others, that we had the ability to properly perform the duties of the office, and knowing that we had the co-operation and good will of President Woodrow Wilson and Congressman J. Thompson Hager, we entered the race for a square fight.
This, however, we did not get. Had the matter been fairly presented by our leader at this end, had honest treatment been meted out to us at home by one whom we had faithfully and conscientiously served, one in whom we placed implicit confidence, we believe we would have won out.

Believing in the doctrine of leniency for first offenders, we dropped the matter—not to inflict upon our readers the full story of a trusted friend who proved false at a crucial point. We concede his place in the crowd and useful, and hesitate to brand his actions, as have many of his friends. We believe that deep down in his heart he knows he did wrong. We leave him to his conscience and his fellow man, and ask them to give him a square deal that he did the most who writes this brief account of an honest earned opportunity of which he was unfairly deprived.

What Could Be Done with the \$2,000,000 Which the Full Crew Laws Arbitrarily Take From the Railroads

Increased Railroad facilities, better service, greater safety and convenience, business expansion and the employment of a great number of men now idle would follow the repeal of the wasteful Pennsylvania and New Jersey Full Crew Laws.

Facts—Not Theories

\$2,000,000 would buy 200 steel coaches. It would pay for 80 locomotives. It would purchase 67,000 tons of rails. It would return 5 per cent on \$40,000,000. It would block-signal 1000 miles of track. It would eliminate 65 grade crossings. It would pay for 2000 freight cars. It would build 200 new stations at \$10,000. It would provide additional freight terminal facilities. It would buy 2,500,000 railroad ties. It would pay for 2,000,000 tons of coal. The iron and steel industry would be stimulated, furnishing steel for new cars, rails, bridges, buildings, etc. Miners and coke oven operatives would get increased work as industry expanded. New construction would mean busy times for the Lehigh region cement plants and their workmen. Thousands of architects, contractors, building trades workers, electrical concerns and electricians, skilled mechanics, carpenters, miners, and day laborers would get work.

With these incontrovertible facts thus clearly set forth, the twenty-one railroads of Pennsylvania and New Jersey feel it their duty to place the fate of the Full Crew Laws in the hands of the people. They are convinced the people prefer that employment be given to thousands for whom there actually is work to knowing that \$2,000,000 a year is being paid in mandatory wages for extra men for whom there exists no essential service to perform and whose presence, it has been conclusively shown, increases—rather than decreases—the hazards of railroad operation.

A bar to Heaven, a door to Hell, Whoever named it, named it well.
A bar to manliness and womanhood.
A bar to wit, and broken health.
A bar to honor, pride and fame,
A bar to sin and grief and shame.
A bar to hope, a bar to sorrow,
A door to fortune and desire.
A bar of honest, useful life,
A door to blessing, eternal life.
A bar to all that's true and brave,
A door to wood and gutter's grave.
A bar to joy that home imparts,
A door to extra and active parts.
A bar to Heaven, a door to Hell,
Whoever named it, named it well. W. R. F.

Early on Tuesday morning, first started in one of the dormitories of Hiram College, at Hiram, Ohio, where several of our young ladies have attended. Miss Helen Leane was one of those who were ill, and had to be carried to a place of safety. Her mother, fortunately, went on the same day, though she had not heard of her daughter's danger.

The New Jersey State Club held their regular meeting on Feb. 25th, in Williams Hall, Lehigh University. Plans were discussed for placing the club in touch with the graduating students of Lehigh and Lehigh Valley Schools who are contemplating entering college this coming fall. Among the officers elected appears the name of "Bob" L. Cook, of Hammonton, as Secretary. The business meeting was followed by a reel, during which many humorous and catchy stories were told and experiences related.

Home for Blind Babies.
The New Jersey State Certificate of endorsement has been received at the Arthur Home for blind babies. It is No. 26, and reads as follows: "This is to certify, The Arthur Home for Blind Babies, of Summit, New Jersey, County of Union, having complied with the provision of Chapter 118, Laws of 1914, approved April 7th, 1914, is hereby granted this Certificate of Endorsement as provided for in said act, February 2, 1915."
Naturally, this caused much rejoicing at the home. The certificate was immediately framed, and now hangs on the wall in the reception room.
There are forty blind children in the Arthur Home, representing Cuba and fourteen different States of the Union.

TEMPTATION.

There was Jesus led up of the spirit into the wilderness to be tempted of the devil.—Matt. 4:1.

TREASURE IN RUBBISH HEAPS. In a case heard at a police court a few days ago, it was stated that checks, postal orders and other things of value were frequently found among the office rubbish forwarded for destruction.

How The Vote Was Won.

Bellevue Hall was full, Saturday evening, Feb. 27th, of people and amusement, when the ladies showed the coming national issue—"How the Vote Was Won." All agree that it was enjoyable, and that the various parts were carried out to perfection. On the other hand, the managers confess themselves as pleased with the financial end of it.

The address of the evening was delivered by Mrs. Idella Nichols Gardner, and was illustrated by living pictures.

Mrs. Gardner mentioned the fact that to the faith, insight and sacrifice of a woman—Queen Isabella of Castile, do we owe the discovery of America. She also mentioned other great women who have influenced the history of the world, and coming down to our own time, she gave a short sketch of the work of Dr. Katharine Davis, Commissioner of Correction, for New York City, and of Miss Josephine Roche, who has been called "The Best Man on the Denver Police Force." Mrs. Gardner reminded her audience that the work of police women is one of prevention of crime and protection for young girls and boys in the places of amusement and the streets of our large cities. She emphasized the need of the ballot for the nine or ten million working women of the United States, that they might thus have something to say about what shall be the conditions of their labor and the hours, and the reward of their labor.

She spoke of the Divine Right of Mothers to the guardianship and control of their own children, saying that in 32 states of the United States, the law makes the father the sole guardian of the child and that it took 55 years in Massachusetts, by the indirect method, to change this law, whereas in Colorado, the mother was made the joint guardian of the child, at the very next session of the legislature after women were given the ballot.

In connection with the Living Picture entitled "Why Shouldn't My Mother Vote?" attention was called to the fact that all mothers in New Jersey are now legally classed with criminals, idiots and paupers.

Attention was also called to the fact that an Amendment to the constitution of New Jersey, giving the right of the ballot to women has passed both houses of the Legislature and will come before the voters of the State, next fall, and an appeal was made to all the men of the audience to vote for this amendment. The audience were much amused by Mrs. Gardner's warning to all men who should vote against this amendment giving the ballot to women, and all those who should fail to vote for it, that in the future life they would be women and would be compelled to obey laws in the making of which they had no voice, and that some of them might be tried, sentenced and hung, under such laws, by judge and jury, whom they had no voice in electing.

The last picture consisted of young women who represented the states in which women now have the ballot,—Wyoming, Colorado, Utah, Idaho, Washington, California, Oregon, Arizona, Kansas, Illinois, Alaska, Montana, and Nevada.

Mrs. Gardner's address was much appreciated by the audience, as was shown by the close attention and the generous applause given by them. Beside being well known as a speaker on suffrage in Newark and vicinity, Mrs. Gardner has spoken before the Connecticut Legislature and at Trenton before the New Jersey State Board of Health.
