Episode 14. "With Stanley in Africa." FRIBAY:-Marion Davis. - "Enchantment

Enchantment is rather a romance in which a father plots to tame his daughter, who thinks that because she is beautiful, all men should admire her and become her slaves. The father engages the hero, a well known actor to carry out his plans. The hero is handled by the heroine in the same manner as other young men.' Having fallen in love with her, the hero confesses her father's scheming. The heroine is angered, but when he makes ready to leave the house, she calls him back, having realized that she loves him, too. This is a picture that will appeal to both old and young alike.

SATURDAY: - William Russell, - "Money to Burn."

Ever meet a man who couldn't lose money if he tried? Impossible; you say? Not so; such a man is coming to town Saturday. He'd like to meet you, and surely you'd like to meet him. Come to the Palace Theatre to-day and meet William Russell, who has playing opposite him Sylvia Breamer. The combination will guarantee you the most enjoyable time you have had in a long time.

EAGLE THEATRE.

TUESDAY :- Henry B. Walthall and Mary Alden, "Parted Curtains."

Dogma of Criminologists, "Once a crook, always a crook," proves false. Henry B. Walthall, popular screen idol, declares that society is to blame for lack of interest in criminals. "A little child shall lead them," "A cup of cold water to one of these in my name," but the play is so full of possibilities you must come right in. I have simply parted the curtains just a little.

SATURDAY : - Ethol Clayton, "Beyond."

"Beyond." It is a wonderful theme, the interpreter a wanderful star. It is a play for the thinkers, those who love to be lifted out of their present environment and rest their feet for a brief period on the "great promise." Come and enjoy an intellectual treat.

MOST MILES per DOLLAR

The tire section above at the left shows the condition of a Pirestone 33x41/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful

tire buyers for these values. The local Firestone dealer will . continue to provide the personal service that makes Firestone tire comfort and economy complete.
