NEW OFFICE

MAP OF NEW JERSEY.

This map of New Jersey is the most complete and accurate ever published. It shows the boundaries of the State, the location of the principal cities, towns, and villages, and the courses of the principal rivers and streams. It is a valuable reference work for all who are interested in the geography of New Jersey.

THE CLIMATOLOGY

This work is a valuable reference work for all who are interested in the climate of New Jersey. It gives a detailed account of the climate of the State, and of the various factors which influence it.
