

Samuel Kirby, ATLANTIC COUNTY RECORD.

THIRTY-SIXTH YEAR—NO. 16.

BOARD NAMES JOHNSON TO SUCCEED ALBERTSON

NEW COLLECTOR TAKES CHARGE AT ONCE.

Received Support of Nineteen Out of Twenty-six Members—Sheriff Ingorsoll's Atlantic City Office Ordered Contingent.

Party lines fell and the open confidence of all in the ability and integrity of Sheriff Enoch L. Johnson was demonstrated in no uncertain manner Wednesday last at the monthly meeting of the Board of Chosen Freeholders, held in Atlantic City, when by an overwhelming vote of the members of that body he was appointed County Collector to fill the unexpired term of the late Levi C. Albertson.

Of the twenty-six members present, nineteen and their votes for Johnson, five voting for John T. French and two for Nicholas A. Johnson. The nomination was made by presholder Samuel Winterbottom, of Egg Harbor City and promptly seconded by a number of friends, both Democrats and Republicans, of the popular young official. Collector Johnson entered upon his new duties at once, furnishing bonds for \$50,000, and spent the afternoon signing warrants for claimants against the County.

The new Collector proposes to establish several new methods of conducting the financial affairs of the County and will keep the office open daily at stated hours. One of the reforms he will inaugurate is the insuring of all County deposits, and for their greater security the distribution, on a basis of taxes paid, of County moneys throughout the banking institutions of the City and County.

Immediately after Mr. Johnson's election Freeholder Black of Hammonton introduced a resolution asking that suit be started in the Court of Chancery to compel the Ex-Sheriff to pay back to the County a portion of the money he received during the last year of his administration for board of prisoners at the County Jail, on the theory that he had made the enormous profit "from eight to ten thousand dollars" during his term in office on the three-dollar-a-week basis, voted to him for their keep by the Board of Freeholders. A dozen members were on their feet to defend Mr. Johnson, who was present and promptly stated that the County had no need to start suit, as he stood ready and able to make any such restitution the Board thought right and proper. This matter was brought up at the time the board was fixed several years ago and the majority at that time deemed three dollars per week no more than sufficient to maintain the inmates of the jail, out of this sum the Sheriff was obliged to pay officers and other expenses now paid by the County besides the actual food cost. In this connection it is also true that the number of prisoners then was considerably less than now, making the proportionate expense per prisoner much higher. This matter was referred to the Finance Committee, who will make a thorough investigation and report at the next meeting of the Board.

Presentation of a bill for \$350 for an office for Sheriff Robert H. Ingorsoll of the Bartlett Building, Atlantic City, called forth a discussion as to the authority of the Board to maintain an office or officiate in Atlantic City, but Judge E. A. Higher pointing out the fact that the members themselves, for general convenience, were meeting in Atlantic City when the law intended for them to meet at the County Seat, the bill was paid and the office leased for another year.

A new petition for a Bell Telephone Franchise was introduced and accepted by the members, advertisements being authorized for a hearing on the same as soon as possible. The franchise will be for twenty years and in consideration thereof the Company will be asked to furnish telephone service for the various County offices.

The proposal for a \$25,000 appropriation for the use of a Mosquito Commission in Atlantic County was laid over until another meeting, the members seeing of the opinion that the appropriation of such a large sum, through the method advocated, was too great an expense. Freeholder Black stated that the law was mandatory, and Asylum Board Riehards, who was present, said that the Legislature had no intention of making it so, and furthermore, vouchsafed the opinion that the next Legislature will probably repeat the law and enact a more practicable one as the present statute seems to meet with State-wide disfavor.

A request from the County Board of Taxation for \$400 more to hire a stenographer was denied, as the Board, in its opinion, had no right to have any such addition to its expenses.

Request of Longport that the County appropriate money to aid in building Jettison Hall, which was denied, after Judge Higher gave it as his opinion that the Board had no authority to make any such appropriation unless it could be shown that it was for the protection of the County road. He stated that in company with the Board Committee he made an investigation of the condition of affairs at Longport and they could see no need of the Jetties as far as the County property was concerned.

Final disposition of the Shore Road paving was made by the contractor, who requested to be relieved of the necessity of renewing his bond, and County Engineer E. D. Brightmore was instructed to confer with the State Road Department relative to an early inspection of the work by an official from that office, together with the Board and representatives of the toller company, which is to bear part of the expense.

Adjustment having been made by the Board Committee with the contractors of the May Landing-Tuckahoe road relative to alleged defective portions of the work, the payment of the work held up at the last meeting was made, and the contractors will proceed. They were granted an extension of time until April 1 to complete the road. The same contractors, who built the new road at Hammonton, agreed to relinquish their claim on the County on that work on payment of \$100 less than the amount withheld to insure maintenance of the road for a year as provided in the contract, so the County could authorize a dressing to be spread on top of the road.

Odd Fellows Elect Board. At the annual meeting of the Corporate Board of Atlantic Lodge No. 50, J. O. O. F., held Friday evening of last week in the lodge room after the regular meeting of the Lodge, Thomas Rosselle was chosen as President. Other officers elected were: Vice-President, D. F. Vaughn; Secretary, William Hooper, Treasurer, John Schubert; Directors: J. W. Craver, A. B. Gaskill, D. D. Hooper, A. Gillesepe and Ira T. B. Smith. The Corporate Board has control of the finances of the Lodge, which now has assets of more than three thousand dollars.

Bills from the Burns detectives, including heavy charges for hotel hire, etc., were paid, though several members termed them ridiculous, the Finance Committee stating that Justice Kalisch and Attorney-General Wilson had approved them and payment was mandatory. A bill of \$1,000 for a medical expert in the Lewis murder case was also ordered paid, the Committee stating that the Board had no option in the matter.

Of motion of Freeholder Ashmed, Chairman of the Bridge Committee, the members of the latter were authorized to confer with the Cape May County Board relative to the proposed bridge across the Great Egg Harbor Bay to John Somer's Point and Beekley's Point.

FIFTY YEARS SUPERINTENDENT.

Daniel E. Izard Has Served Sunday School Half Century.

At the annual election of officers held Sunday last in the Sunday School of the Presbyterian Church, Magistrate Daniel E. Izard was re-elected Superintendent for his fifth term, an invaluable record which he undoubtedly will surpass in New Jersey. Superintendent Izard is still able to attend the sessions of Sunday School regularly and devote his entire attention to its work. The election was unanimous and Mr. Izard was warmly congratulated at the conclusion of the services on having attained such an unusual record of service.

In addition to the Superintendent the former officers and Sunday School teachers were elected. There has been a good attendance at the sessions recently and it is hoped that during the coming year the membership will not only be increased, but that the members will attend in greater numbers and assist in the work among the children.

STATE PRISON TERMS.

Justice Kalisch Sentences Two Convicted In Concrete Walk Case And Sends Up Others Found Guilty On Gambling Charges.

State Prison sentences were meted out Tuesday last by Justice Samuel Kalisch on two of those convicted of conspiracy in the "concrete walk" scheme and on several negroes for keeping gambling houses. Sentence on others now under conviction were held over until February 11. Those sentenced Tuesday were as follows:

John Murland, conspiracy to defraud eighteen months to three years at hard labor in State Prison, \$1,000 fine and costs of prosecution.

Harry Dougherty, conspiracy to defraud, one year to three years State's Prison, and \$1,000 fine.

Jarvis "Boots" Griffin, keeping a disorderly (gambling) house, one year to five years State's Prison, and \$1,000.

Joseph Ford, keeping disorderly gambling house, one year to five years State's Prison, and \$1,000 fine.

Daniel Braxton, keeping disorderly (gambling) house, one year to five years State's Prison, and \$1,000 fine.

Samuel "Goldust" Anthony, keeping disorderly (gambling) house, thirty days County Jail, selling liquor without license, suspended.

James Piner, keeping disorderly (gambling) house, thirty days in County Jail.

Attorney Arthur Bolte appeared for the two defendants and applied for an arrest of judgment, preferring the same general reasons advanced by Robert H. Metcalf, chief counsel for the defendants at the close of the trial. These were in effect that "no cage" had been made out and that the methods used to obtain evidence against the men by Burns' operatives were illegal. Justice Kalisch refused the application, and allowing an exception called the men forward for their sentences.

Appeals had been filed on Monday by the attorneys for both Murland and Dougherty and they were immediately released on bail pending disposition of their cases by higher courts. The \$1,000 security which had previously been required was renewed.

John Dykes, who has also pleaded guilty to a charge of keeping a gambling house was not called for sentence, although his case was listed for Tuesday, nor was Harry Thomas, an editor, who has pleaded not guilty to an indictment charging certain libel of former Commissioner Louis Steinbicker. Thomas, according to the calendar, was to have been sentenced yesterday, but his name was not mentioned, though he was present at Court. His defense was the publishing of the name of Steinbicker as one of the men "ordered" indicted in connection with the graft case, it developing afterwards that the Fourth Warder was not indicted.

For two years Mr. Murland was the sole defendant in the County jail, prior to his release.

Sites for Bungalows
For Lease or Sale

Founded at the head of tide-water on the banks of the Great Egg Harbor River, May's Landing has enjoyed from the first the reputation of being the most beautiful, most healthful place of residence in this section of New Jersey. Its magnificent oak trees have become famous, and beautiful Lake Lenape is scarcely less well-known. Inducements to manufacturers are exceptionally good. For the truck farmer and poultry raiser it is an ideal location, and the mecca of those seeking summer homes at a reasonable cost.

Twenty minutes from Atlantic City, the Greatest Seashore Resort in the World. Only one hour from Philadelphia.

GOOD NATURE.
Affability, mildness, tenderness, and a word which I would fain bring back to its original signification of virtue—I mean good nature—are of daily use in this wretched world of ours. They are the bread of mankind and staff of life.

Dryden.

Puns.
The pun was at its climax early in the nineteenth century. Thomas Hobbes was a master punster, especially in verse. No better examples can be found anywhere than those in "MISS KILMANSEGG" and the "Tale of a Trumpet." What could be nearer than the argument of the holler trying to sell an ear trumpet?

There was a Miss F.
So very deaf
She might have worn a peroration cap
And been knowned of the head.

Without hearing it ever
With I sold her a trumpet.

And the very next day
She heard from her husband at Boston.

—New Bedford Standard.

The Turk.
The Turk practices no trade engages in no commerce. They have a proverb which says, "The Turk has science the American committee the Osmanli maledicty." But, as maledict won't fit stomachs those who do not serve as soldiers strive to become fine thoroughbreds and the men of the small villages faring in this do nothing and the work of the fields and house falls upon the shoulders of the women. One other ole states that occasionally the men of the house roches a stocking or mends the baby for a short period.

Fish For the Brain.
Replies to a "Young Author" of March Twain wrote, "Yes, Agassiz does recommend authors to eat fish because the phosphorus in it makes brains. So far you are correct. But I cannot tell you to a dozen about the amount you need to eat at least, not with certainty. If the specimen composition you send is about your fair usage, I judge I should judge that a couple of whales would be all you would want for the present, not the largest land but simply good middle-sized whales."

Put His Foot In It.
"Good morning, Mrs. Smithers. This is the first opportunity I have had to congratulate you since your marriage!"

"My name is not Smithers. It is Jones."

"Why, Smith told me you were getting married, and when I last saw him he said who the lucky man was he said it was Dick Smithers."

"Mr. Smithers is the name of the man I rejected. And you may tell."

"Oh, excuse me," Houston Post.

Precious Fox.

Charles James Fox is probably the only man who ever made a major speech in the common's while still a youth in his teens. He was attracted, when he took his seat for Midhurst, and within a few months he had made three excellent speeches. And, you know, even at this early age Fox used often ready to sit up night drinking and nibbling.

Honors Even.

First Boy: Come down here and fight you. Second Boy: Shanty! Third boy: You a coward and afraid to come own. Second Boy: Yes, and I know it, or you wouldn't have wanted to fight me!

Home Hint.

"What can I use to clean carpeting? asked a correspondent signing his name very bashfully." Young Bride: "Have you tried your husband?" replied the answers editor, Cleveland Mail Dealer.

Tyne and Trouble.

Ten minutes would get rid of lots of trouble but it takes hours to tell the New York Times.
