MAY'S LANDING, N. J., SATURDAY, JANUARY 20, 1917.

# STATE MANAGEMENT ON BUSINESS LINES **DUTLINED BY GOV. EDGE**

POINTS FEARLESSLY TO Mr. Lorenz Leiling spent Wednesday in At CHANGES THAT WILL BRING THIS ABOUT

### "MUST NOT DISAPPOINT PEOPLE"

PLANS WELL RECEIVED BY LEADERS OF BOTH PARTIES

#### URGES LEGISLATURE'S SUPPORT

BIG ATLANTIC COUNTY DEL-EGATION ATTENDED CEREMONIES

Inaugurated Tuesday last at Trenton as Governor of the State of New Jersey, Walter Evans Edge outlined, in his message to the Legislature, the policies he will pursue during bis term and how he will endeavor to give to the people of New Jersey a business admini

Governor Walter E. Edge

Commenting on the new Executive's plans, political leaders of all parties declare Gov. Edge has entered upon a n ammoth task, but it is the unanimous belief of all that if it can be done, Governor Edge will do it and he is entering upon his term in the full confidence that the commonwealth can be conducted along the same lines as any business enterprise.

The inauguration ceremonies took place at the Taylor Opera House, where the Legislature convened at noon. The oath was administered by Chief Justice William S. Gummere, before an audience that taxed the building to its utmost capacity. The ceremonies were carried out in a splendid manner, reflecting great credit upon the committee in charge, of which Senator Emerson L. Richards, of county, was chairman. A delegation of six hundred from this county witnessed the ceremonies, including members of the Edge Marching Club, who took part in the street parade afterward.

In the evening the Atlantic County friends of the new Governor tendered him a banque at the Robert Treat Hotel, Newark, covers being laid for more than six hundred. Pro minent State officials, including nearly every member of the Supreme Court, were guests, and following the banquet addresses were made by Congressman Nicholas Longworth, of Ohio; Judge John J. White, Ex-Governor E. C. Stokes, State Senator-elect Joseph S. Frelinghnysen, Governor Edge and others. Congressman Isaac Bacharach was toustmaster. Governor Edge's message to the Legislature,

delivered on the occasion of his inauguration, has everywhere been received as a masterly outline of reforms that should be accomplished in New Jersey, in which the hearty support of the Legislature was urged. Governor Edge's message summarized, follows:

Urges five principal legislative accomplishents for present session-

State highway system and reorganization of

Home rule. Increased franchise tax.

Further consolidation of State activities. Practicable solution for prison and institu-

tional problems authorized. Continued application of business principles-Consolidation of Passaic Valley Sewerage

Commission with North Jersey Water Supply Commission. Abolition of offices of all county inheritance

tax appraisers and transferral of work to surrogates.

Painstaking administration of "Economy and Efficiency" laws, Central Purchasing Bureau Act, State Budget Law and other

legislation already on books. Purposes to make government of New Jersey a business of twelve months by 'calling conferences when Legislature is not in see sion with Mayors of similarly classified cities and with an unofficial Cabinet, con-

sisting of Governor, departmental heads and representatives of legislature. Appeals to citizens who commute between homes here and businesses in New York and Philadelphia to take more interest in New Jersey affairs.

Roads-Recommends State highway system, financed by temporary State tax on all

sioner and other officers.

ratables, as substitute for Egan Act. Reorganization of Road Department by creating highway commission of eight citizens, unsalaried, three to be engineers, with power to appoint highway commis-

Liberal aid from Blate for improvement of dirt roads in townships. Universal installation of patrol system, even to extent of refusing State aid for any

county improvement where patrol system of maintenance is not provided. Waterways, Transportation and Commercial

Cooperation of State with cities in building of marine terminals and other waterway

**AGRICULTURE SUGGESTIONS** AND RECENT RURAL HAPPENINGS

Many Spring crops are profitable only whe planted very early. Such crops as spinach paraley and carrots can be sowed about the Mr. Harry Smallwood is said to be planning first of March, provided certain precautions Mr. William E. Massey, of Ocean City, was in Northern New Jersey, plant onion seed at that date or earlier. The onlone start very early and are especially desirable for bunching purposes because they are of excellent quality and are ready to market just after green onlons grown from sets and just before those grown Mr. Henry Budden has been afflicted recently

from seed planted about April first.
Lettuce may also be planted in the field as early as this. The crop should be ready for market just after the transplanted lettuce is finished and before the crop from seed planted early April is ready.

A small quantity of Wisconsto Danish cab-

bage seed has just been received by the State Agricultural College for free distribution. In Wisconsin cabbage was grown extensively and was especially profitable until the fields became infected with the "yellows" or Fumlum. This disease caused most of the plants Mrs. Jessie North, who has been a resident to die when they were about haifgrown. Five or several months, moved this week to years ago Dr. Jones, the State plant patholo rist, began to develop a disease-resistant variety, on the basis that the different plants as different degrees of constitutional vigor and power of resistance to disease. In a badly infected field he found 8 plants which had with stood the discase. In the Fall these plants were ent to Louisians so that the seed could be grown from them during our Winter. A year Wisconsin in the Spring, planted on the infected field, and the resistant plants selected. The process was repeated each season. The power of resistance to disease was increased antil last Summer a fine crop was grown from

the selected seed on the infected soil. In some sections of New Jersey, also, there The many friends of Mr. H. W. Shaner will are "cabbage sick" soils. Last Summer a regret to learn that he has been confined to his small amount of this seed was tried out in the State and yielded well, where other varieties The Men's Blute Class of the M. E. Church suffered heavy losses. If any grower's cabbage crop has been sickly, he can obtain a sample of the seed from R. W. DeBaun, New Brunswick, N. J., extension specialist in market gardening after March I, to try out on his own farm. If desirable results are obtained, the best plants can be selected and saved for seed purposes. Do not send a request if your fields are not in-

Among the records made by the members of the girls' canning clubs who have been working under the direction of Miss Fannie Cooper of the New Jersey State Agricultural College that of Miss Mary Leaming, of Trenton, stands out as being particularly successful. This fifteen-year-old girl has won prizes in a number of contests. Miss Learning has kept accu-E. Edge last Tuesday were: Sheriff Joseph R. rate records of the receipts and expenditures in her canning work. In 1915 she canned 267 jars of fruits and vegetables, which brought her a profit of \$53.20. In 1916, she had 376 jars, pleased this week to see him about again, after the profits from which were \$83.87. Not one of this total of 643 jars was lost through spoiling. both his ankies being broken, the accident While few, if any, young people in the State occurring while he was felling trees on the Lave made a record to equal this, it is a fine illustration of the splendid work that is being ione among the girls' clubs, and is indicative making on the farm offers. Urges cities to group and take advantage of

Sidelights On The Inauguration.

Atlantic County was there, boys, strong! The Coinmittee of Arrangements receive one praise for the thorough manner in which the trip was arranged.

Recorder Edmund C. Gaskill and Freeholde Sam Winterbottom were paired together for nom mates, but the boys "Mutt and Jeffed" them so heartily they surreed to scourate. Democrats and Republicans from this count;

don't draw any lines when it comes to boost ing for their district and their Governor. Several of the party are hunting that photo grapher who took a picture of "Nuck" John son on horseback, acting as one of the

Marabal's aides. "Bome banquet" was about all the diner sould may when they reached for their cigars and settled themselves for the speeches. The tables were bountifully spread and as it was after nine when the feast began and no one had eaten since two, what happened to the eatables can be easily conjectured.

Newark is quite a big place - yes indeed Frank Smith was lost, or at least some of the party couldn't find him and they started out to look for him, headed by Al Abbott and Ber Stetzer. After inquiring at several neckti stores and finally of the village cop, they gave it up. Frank was in the one place they never thought of looking for him-in bed.

The Board of Freeholders was pretty well represented - Director Samuel Winterbotton Fraley Doughty, Ashley Garrison, John Tom lin, Clerk Fred Willetts, Dominick Corsiglis Ira T. B. Smith, William Blair, Clark Adams Taylor Haines and Harry Fulmer. Also Ex olders Charles Hart and David R. Barrett.

Stabbing Affray On Train.

# NEED OF SECRECY FOR GOVERNMENT PROVING BACK OF ROAD CLOSING

TO BE SHUT OFF ON STEEL TRACT

TWENTY-TWO OLD BY-WAYS

#### ORDERS ISSUED BY COUNTY COURT

NONE OF THE ROADS ARE OF ANY IMPORTANCE TO PUBLIC

### DANGER TO TRESPASSERS FACTOR

#### RAILROAD SPUR TO GROUND NOW UNDER COURSE OF CONSTRUCTION

Following the posting of notices regarding the closing of twenty-two roads running brough the Bethlehem Steel tract, Judge C. C. Shinn heard counsel for the company, Ex-Judge C. L. Cole, yesterday and allowed the necessary orders to be issued, which means that the surveyors of highways will be appointed to begin proceedings at once to close

For the greater part these roads, in some instances quite overgrown, have been very ittle used for many years and the Bethlehem Steel Company having acquired practically all the property bordering thereon, it is thought there will be little or no difficulty having them tract, is apparent and the continued use of the roads would be out of the question, even if they were of some practical use, which they have

eased to be. It is the injention of the company apparently to entirely close the big tract, fencing it off from the public, which it will readily be seen a a very advisable precaution in view of the proving of ordnance and ammunition. In addition to the danger trespansers would encounter, there is another valid reason for this step and that is secrecy which must oftlimes maintained with regard to proving guns and shells, not only for foreign countries out for the United States government as well.

Most of the big guns to be used on Unck Sam's battleships will be proved on these grounds and it will be the duty of the company to see that no one is able to spy upon the wes. These grounds, it is believed, will be largely used by the United States army and navy officials and will likely become one of the great "preparedness centres" of the East. In guarding the tract effectually against sples the closing of these roads is, of course, the first and one of the most important steps.

Work is being rushed on the building of the railroad spur to the grounds about a mile below the Main Station, by which ordnance will be conveyed to and from the point from which it will be tested. The machinery used in breaking ground for the tracks includes a locomotive and a large steam crane with which stumps are pulled out and excavatious made with a minimum of hand labor. The railmost will be pretty well completed by the end of

this month. the Court, who include William McClure and Charles Voigt, of this place, will meet at the court House February 19th to report to the Court on the roads, which they will view prio

### BUILDING ASSOCIATION CONTINUES TO PROSPER

Total Assets End Of Year Reached Sum Of \$380,866.86. The May's Landing Building & Loan Asso-

ciation, which is now opening its 28th series of stock, enjoyed another year of prosperity during 1916. The assets of the Association on Dec. 30 were \$390,886.86. The number of shares in force are 4,881 with a total value of \$284,460. This is a co-operative association with no preferred stockholders. The dues are \$1.00 per there monthly, maturity value of shares, \$200. Shares are matured in 133 months. Stockiolders may, at any time, secure a loan on their stock; provided it has not been borrowed upon, nor the amount wanted does not exceed

90 per cent, of the value of the stock. The annual election of officers will be held January 30. The present officers are: D. W. McClure, President; C. H. Kears, Vice President; R. S. Vanaman, Secretary; M. R. Morse, Treasurer : A. C. Abbott, Holicitor,

The Association during 1916 received dues on shares amounting to \$58,945.80 and made loans on bond and mortgage of \$49,450, Real estate bought through foreclosure amounted to \$1,000.62 The total loans of the Association on mortgages are \$141,120 and the real estate owned is valued at \$15,900.

### Stockholders' Meeting.

The annual meeting of the stockholders of the May's Landing Building and Loan Association will be held in Room No. 1, Opera-House building, on Tuesday evening, January 30, 1917, at 8 P. M., at which time the following officers of the Association will be elected: Board of Directors (five in figure ber), a Secretary, a Treasurer and three Auditors. The action of the Board of Directors in open-

ing the twenty-eighth series of stock will be submitted for approval. R. S. Vamanian, Secretary. May's Landing, N. J.

# TO BUILD SHIPS AT COST PRICE

Bethlehem Steel Will Make Offer to Uncle Sam.

### BIDS ON 16 INCH NAVY SHELLS

No Chance For Profit In Them Under Present Tests, Grace Says-Possible Explanation of the Prices Made by an English Firm Which Bids Under All American Manufacturers.

Speaking recently before the Terrapin Club of Philadelphia, Eugene G. Grace, President of the Bethlehem Steel Company, said in part:

In a peculiar sense Bethlehem Steel serves the American people.

For example, though we have been able to obtain in Europe almost any price, we have adhered, in our charges to the United States Government, to the basis of prices established before the war began.

We agreed-if the Government would abandon its plans for a Federal plantto make armor for our Navy at any price the Government itself might consider fair.

Our ordnance plants are at the disposal of the nation at a fair operating cost, plus a small margin, thus saving the Government Investment and depreclation.

One of the special needs of the new navy is sixteen-inch guns-guns sixty feet long and capable of hurtling a 2000 pound shell with such power and accuracy as to hit a 50 foot square target fifteen miles away.

We have undertaken voluntarily to construct, at a cost of \$4,500,000, a plant fitted to build sixteen inch guns. Under no conceivable circumstances

can orders which we may receive for this plant pay even a fair return on the investment. Considerable comment has been made

upon the fact that a British manufacturer recently bld less than American manufacturers for sixteen and fourteen-inchishells for the navy. I am unable to state the basis upon

which the English bid was made. It should be remembered, however, that this bid was for a specific shell, samples of which are being sent over for test-a test not yet made.

Two years ago we took an order for 2400 fourteen inch armor-piercing shells at a contract price of \$768,000, to be delivered within a certain time or we had to pay a large penalty

The only specifications for making shells are that they shall be certain size and must pierce armor plate at a certain velocity on im-It is impossible to foretell the exact conditions of the tests.

We had madé large quantities of shells in the past which had been agreepted. But in placing this particular order the The result, however, has been absolute inability on our part to produce in any quantity, shelfs which will meet these novel tests. In fact, we know of no process of projectile-making through which it is possible to pro duce in quantitie shells conform to the requirements.

The result is that up to now on that contrast of \$768,000, we have put into netual operating expense \$447,881, and have been perallied for non-delivery \$105.744, a total of \$943,625, with no receipts whatever

Such was the experience in the light of which we were called upon recently to bid for sixteen inch shells.

We fill on these shells at approximately the same rate per pound as that of a fourteen in h shell contract of one year ago upon which the Government awarded contracts,

We have not the slightest idea what profit there will be in the making of We do not know that there will be any. There is no certain. ty that it would be possible for us to feliver a shell to meet the test.

For officer, in the Navy to assume that any bid made under such condidons is "everbliant" is utterly unfair.

We hid on the new hattle critisers sums which Navy department experts, after examination of our books, found would yield a profit of less than ten per cent. We agreed to assume risks for increased costs of materials and labor that made it bossible that these contracts might yield no profit what-

The costs run beyond, the amount appropriated by Congress on the basis of the cost e timates made a year ago And because shipbuilders could not alter the havorable cost facts and reduce lids to early estimates of the Navy Department, the prices are called revorbitant

It would be a real advantage to be reflexed of this naval construction. The profit from its cannot possibly amount to much, and the responsibility is enor-

offer to the American Government. cruisers in Government navy yards. we will build the other two at the ascertained cost of building the ships in the Government yards, without sold : May's Danning, S. Standen (SZARD, Proctor, Camber, N. J., Prisce, \$14.80 kind. We will also contract to have; our ships ready for service ahead of

#### the Government ships." How He Avoided It. "Have you ever been bissed off the

stage?" asked the girl who was thrilled at having that a real actor, "Oh, no," he replied - "When I'm off the stage I always try to be among to

friends as much as possible." A Matter of Age. Ella-She is a Daughter of the Revolution. Bella-She looks old enough to

A WONDERFUL YEAR!

To the Policy-holding Owners of The Prudential Insurance Company of America:

During 1916 your Company issued OVER FIVE HUNDRED AND NINETY-ONE AND ONE-HALF MILLION DOLLARS of paid-for life insurance at the lowest expense-rate in your Company's history. This is the largest year's business ever paid for by The Prudential. The gain in insurance in force was \$283,000,000.

Although your Company is but forty-one years old, you are now the holders of 15,000,000 policies, representing a total insurance in force of OVER THREE BILLION DOLLARS.

Since your Company was organized it has paid to its policyholders the great sum of \$428,000,000, including more than \$28.750.000 not called for in any way by the policy contracts. The 1916 payments to policyholders were over \$47,278,000.

This wonderful growth and these remarkable figures reflect anew the confidence the insuring public has in The Prudential, and are a reindorsement of its aims, its achievements and its service.

Howest H Sydley.

One Man — Horse Power

Land clearing is not the time consuming, money consuming back breaking, heart breaking, never ending job it once was, if you get a Kirstin to do the work. The Kirstin Method guarantees a saving of 10% to 50% over any other method of land clearing. The Kirstin Method gets rid of your stumps after they are pulled. No stump is too big for the Kirstin Horse Power Puller. Its mighty strength is irresistible because of its triple

power and other exclusive Kirstin features. It will clear more than two acres at one setting without strain to man, horse or machine. It has been a leader for 21 years. One man without herses can pull the biggest stumps, too, with the Kirstin One Man Stump Puller. A little py h on the handle gives tons of pull on the stump. This enormous power is devot double leverage. It gives an ordinary 17-year-old farm boy a giant's power.

Learn how Kirstin machines will get the gol Let us prove that the Kirstin Method provides The Quickest, Easiest and Best Way to Clear Land Send today for our New Free Book, "The Gold in Your Stump Land."
It gives valuable information on all kinds of land clearing. It tells all about the Kirstin line of pullets—most complete in the world—and explains Kirstin Service, forever free to all owners of Kirstin Machines. It is a many photographs of stumps that the Kirstin has pulled, and letters from men who pulled them. Don't buy a puller until you read this book.

Big Money to those who Order Early. To first buyers in every locality we effer a special opportunity to join in our profit sharing plan. No canvassing just a williagness to show your Kirstin to your neighbors. Don't wait—send the coupon today.

Below are the names of some of your neighbors who have Kirstin Pullers, and will gladly demonstrate them for you. Call upon them—see their machines. If you cannot call, write or telephone. They will needfully tell you the advantages of owning a Kirstin.
