

DEMOCRATS AT SEA OVER HEAVY DEFICIT IN STATE TREASURY

CUDGELING BRAINS TO FIND SOME WAY OF AVERTING STATE TAX

CHICKENS COME HOME TO ROOST

Party Committed To Sabbath Desecration—Legislature Misses Wilson's Dominating Influence—Suppressing All Attempts To Carry Out Policies For Good of Commonwealth.

Trenton, N. J., Feb. 20.—Governor Fisher and his cabinet are coming home to find some way of averting a treasury deficit without the imposition of a state tax. There have been several suggestions. One is for a \$10,000,000 bond issue. But this would have to be submitted to a vote of the people, who might not give their endorsement to concrete evidence of Democratic extravagance and mismanagement. A direct inheritance tax is another Democratic idea. But even if the widows and orphans were compelled to give up to the state a portion of their legacies, less than a fourth of the estimated treasury deficit would be provided for.

Democracy's election are coming home to roost. A restraining bill is being introduced in the legislature.

Lack Competent Leader. The people of New Jersey are asking, "What's the matter with the legislature—why doesn't it do something?" The Democrats are in control and should furnish the answer. But whatever explanation is offered, the fact is that at the end of six weeks only the very smallest portion of the work cut out for the majority, if they would fulfill their platform pledges, has been accomplished.

Democrats Attack Sabbath.

Should the Christian Sabbath be maintained, or shall the Continental Sunday law be placed in New Jersey? The legislature will discuss this question shortly. It is the biggest legal issue in this state since the people put the ban on gambling. Democratic legislators have introduced several bills striking at the fundamental Sunday law of the state. One of these, the Mulholland bill, permits all theatrical or vaudeville acts, except those of a religious or educational character, to be given on Sunday. It also permits all outdoor sports on Sunday. It also permits all outdoor sports on Sunday. It also permits all outdoor sports on Sunday.

Suppressing Investigations.

Over in the Senate a Republican request for an investigation of lawless conditions in Hudson County, where a grand jury has condemned Sunday liquor-selling, is slightly impeded. The Republicans say that the Wilson-proposed policy of "pittiless publicity" often transformed under the Federal administration into a "policy of acquiescence."
