## COUNTY TO CARE FOR TUBERCULAR CASES IN OWN HOSPITAL

## PLANS ADOPTED FOR NEW INSTITUTION AT SMITH'S LANDING

## BOARDING "T. B.'S" EXPENSIVE

Bill of former County Engineer Rightmire for \$3,750 turned down, he will bring suit to recover—Little Mill Bridge near Weymouth to be rebuilt.

Plans for a Tuberculosis Hospital, to be located on a tract belonging to the County at Smith's Landing, near Weymouth, were presented to the Board of Health at their monthly meeting Wednesday last at Memorial Hall, Atlantic City, following an unsatisfactory trial of boarding tubercular patients at Anns, where the Camden County institution is located. The latter proved highly expensive and this county, by the erection of a building at a cost of \$40,000 will be taking an economical step. Bids will be advertised for to be opened at the next meeting of the Board.

Bids were ordered and verified for a new bridge at Little Mill Creek, near Weymouth, on the road to De Costa. The plans, adopted by the Board call for a concrete span over the creek, with rock wing-walls, the cost of the improve, being estimated at \$12,000. Four bridges on the Somers Point boulevard were reported finished by the Bridge Commission.

Former County Engineer Estel D. Rightmire, who presented a bill for \$3,750 for work in drawing plans and specifications for a new bridge at Little Mill Creek in 1911, will have to bring suit against the County to determine whether or not he is to receive payment of his claim, as the Board, by a vote of 14 to 4, declined to pay the same. Rightmire's contention is that the Board ordered plans drawn, which were not approved owing to the fact that the War Department did not accept them. Some of the members of the Board, however, contended that the plans were never completed, or presented to the Board and the whole affair was a mere bluff.

Some of the members of the Board, however, contended that the plans were never completed, or presented to the Board and the whole affair was a mere bluff. The Board, however, contended that the plans were never completed, or presented to the Board and the whole affair was a mere bluff.

Bids for an automobile for Sheriff Joseph H. Bartlett were received and referred to the Finance Committee, which has set the morning of April 25 as a time when the various bidders can demonstrate to the Board. The bids were as follows: Chandler, \$1,285; Oakland, \$1,275; Hupmobile, \$1,385; Studebaker, \$1,485; Paige, \$1,445; Hudson, \$1,485; Overland, \$1,110; Buick, \$1,500; Buick four, \$1,270; Chevrolet, \$985; Cole, \$1,485; Moon, \$1,275; King, \$1,375.

County Engineer A. H. Nelson reported that he had received a communication from Burlington County in which the Board there requested that the Board here should take up the matter of a new bridge over the Egg Harbor River. The Board here, however, declined to do so, until he can take the matter before the Burlington County Board for their approval. The Hoteliers' Association had a delegation present in favor of building a new bridge rather than repair the old, which will allow traffic to proceed over the latter unimpeded.

Frederick Ernest Shanks, Chairman of the Board of Health, tendered his resignation in that capacity owing to business affairs, but was still retained as a member of that committee. Charles Hart was appointed by Director John P. Ashmead as Chairman of the committee for the remainder of the year.

## LEACH'S CONDITION CRITICAL

## Taken To German Hospital Suffering From Cancer Of Stomach.

After several weeks of suffering and finding himself losing strength daily, Mr. Joseph Leach, a former constable of this place, entered the German Hospital, Philadelphia, Wednesday last for treatment, where his illness was diagnosed as cancer of the stomach. He was accompanied to the hospital by Mr. George Yeager, who was informed by the physicians at the hospital that Mr. Leach is in a very critical condition, though they hope to pull him through.

Mr. Leach has not been in good health for several months, but only during the last few weeks has his ailment been severe enough to cause him serious alarm. He was constable here for many years and is well known, the news of his illness causing a shock among his many friends. For some time past he has been assisting Game Warden Olla Small in removing suckers and chubs from Lake Lenape. His many friends here hope that the recovery of the former will be effected by the surgeons at the German Hospital and that he will be restored to his former good health.

## Garnishes Bill Now A Law.

Despite a vigorous fight on the part of the labor element throughout the State, as well as many of the corporations, Governor Fielder Monday last signed the garnishes bill, and it immediately became a law. ## INDUSTRIAL PARK CLEAN READY FOR BANDSTAND

## Public Concerts Again This Year Under More Favorable Conditions.

Preliminary to the erection of a band stand, for which an appropriation of \$250 was voted last Fall, Industrial Park was given a thorough cleaning Monday last by Contractor Job Smallwood, and an effort will be made by the Township Committee to secure available funds to erect the stand at an early date. The Capital Cornet Band is planning new music and with the stand provided, enclosed with netting to keep mosquitoes from annoying the players, will be ready to give a series of free public concerts.

In the usual course of events, the appropriation would not be available until next season, but realizing the popularity of the concerts and wishing to give the people of the municipality the Township Committee decided to have the band stand erected this season. Benches were purchased last year, also electric wiring and with the advent of the stand the Park will be a popular place of recreation during the summer months.

The band officers hope to have an increased membership this season and new music for the concert, which have greatly stimulated the interest in the music. The Township Committee also as well as the members to greater efficiency. With good public support this band can be made one of the best in this part of the State. Last season they played under great disadvantages, with no stand and inadequate lighting at times the mosquitoes threatened to interrupt the music altogether. With a stand screened and lighted they will be able to improve greatly on last year's concerts, which were enjoyed by a large number of residents here and elsewhere.

A meeting of the Park Commission, which includes Mrs. Joseph R. Bartlett, Mrs. Ann Condon, Mrs. Roy E. Beach, Alexander P. Demmead and Ira T. B. Smith will be held in the near future to discuss plans for the season.

## READY TO MAKE BRICK IN LOCAL ATLANTIC PLANT

## Supt. Myers Hopes To Sound Whistle Monday Morning Next.

With extensive repairs about completed, Supt. George Myers expects to start the season of Monday morning next at the plant of the Atlantic City Brick Manufacturing Company and the sound of the whistle will mark the activity of this industry, which affords employment to more than a hundred hands at good wages and turns out millions of fine pressed brick annually.

Supt. Myers has had a crew of men at work several weeks going over the machinery and getting the plant in readiness and looks forward to a busy season. Large orders have been booked and it is hoped that the industry will have sufficient work to keep it running full time until late next Fall.

Last year up-to-date machines were installed, doing away with most of the hand pressing and greatly increasing the plant's output. Mr. Sydney de la Rue, attorney for the Jackson Estate and Supt. Myers have endeavored to make the plant one of the most efficient of its kind anywhere and the fact that its product was chosen last Fall for the new million-dollar Traymore Hotel in Atlantic City shows what kind of goods the industry is delivering.

## LICENSE REQUIRED TO FISH INLAND WATERS

## New Law Applies To Lake Lenape But Not To Great Egg Harbor River — Boys Under Fourteen Years Of Age Excepted.

It is now illegal to fish in inland waters of the State without first securing a fishing and hunting license, for which the cost is \$1.15, says Game Warden Olla Small, who is looking to the enforcement of the law in this vicinity. In order that the provisions of the law may be more fully understood, Mr. Small has furnished "The Record" with the following statement:

No license is required to fish in the waters of the State. Tidewater means the extending limit of a normal tide. Below that point the will not be enforced, but it will be enforced beyond the extreme point of limit reached by normal tide.

All licenses under the new hunting and Fishing License Law are to be obtained from any county or municipal clerk or from a salaried fish and game warden.

Residents and alien males above the age of fourteen (who must be citizens of the United States, who reside in this State at the time of application for a license and who have resided in this State for one year immediately prior thereto) must secure a "Residents Hunting and Fishing License" in order to hunt or fish in inland waters.

No license to fish is required of resident alien males and alien males and female above the age of fourteen must secure a "Non-Residents and Alien's Hunting and Fishing License" in order to hunt or fish in inland waters.

The "Non-Residents and Alien's Hunting and Fishing License" entitling the legal holder thereof to hunt and fish shall cost \$10.15. Non-resident and alien males above the age of fourteen, who desire to fish only and who are not taken out a "Non-Residents and Alien's Hunting and Fishing License" must secure a "Non-Residents and Alien's Fishing License" in order to fish in inland waters.

The "Non-Residents and Alien's Fishing License" entitling the legal holder thereof to fish shall cost \$2.15. This license does not entitle the holder to hunt.

No license to fish is required of non-resident and alien males and alien males and female above the age of fourteen who are not taken out a "Non-Residents and Alien's Fishing License" in order to fish in inland waters.

Nothing in the act shall prevent the occupant of any farm in this State, who actually resides thereon, or the immediate members of the family of such occupant who also reside on said farm, from hunting for, taking, killing or pursuing with a gun or firearm, on said farm, any wild bird, animal or fowl, or from taking fish on said farm with hand-line, or rod and line, in the manner provided by law at any time when it is lawful so to do, without being taken out a license.

The new law fixes the legal bag limit for a day's fishing for various kinds of game fish in New Jersey as follows: Trout, any variety, 25; bass, 10; land-locked salmon, 10. It is unlawful to kill, sell, expose for sale or have in possession any black bass, Oswego bass or any species measuring less than nine inches in length; bluegill, rock bass, or catfish, less than six inches in length; any trout measuring less than six inches in length or any pike, pickerel or pickerel measuring less than twelve inches in length. The trout and land-locked salmon season opens April 1 and closes July 15.

The open season in inland waters for the various varieties of bass, crappie and pike pickerel, is from June 15 to November 30; for pike and muskellunge, from January 1 to January 31 and May 20 to November 30.

No license will be required of anyone for fishing in the Great Egg Harbor River or its tributaries wherein the tide flows. Licenses will be required as set forth above for both residents and non-residents for fishing in Lake Lenape, the Eatwille Pond and other inland waters in this vicinity where the tide does not reach.

## OLD M. E. BURYING GROUND CLEANED BY VOLUNTEERS

## Rev. Nelson Leads Rake Brigades And Improves Appearance.

That perennial eyesore along Main Street, the old Methodist burying ground, was attacked Thursday afternoon last by a volunteer corps of men and boys under the leadership of Rev. Newton Nelson and Postmaster Charles C. Stewart and the leaves, twigs, and other accumulated debris, raked together and buried. In a few hours the grounds were cleared and in consequence will present a greatly improved appearance when rain has washed the ashes into the ground and the grass come up.

For many years, as far back as the first issues of "The Record" in 1873, complaint has annually been made of the neglected condition of this burying ground, which is the oldest in this vicinity. Papers in possession of Postmaster Stewart give the recorded possession as a burying ground back to 1812, but it must have been used prior to this as many tombstones record the death of residents at earlier dates. The earliest death recorded on these old tablets in that of Daniel Frazer, in 1701, more than two hundred years ago, but it is possible that his body was transferred to this ground from another cemetery. Many old family names are spotted on the tablets, including those of the old settlers, descendants of Walker's Forge, the Spencers, and the associated with pioneer life in this part of New Jersey.

No provision seems to have been made for the proper care of the cemetery, which has long ceased to be used for interment. Public subscriptions have been made from time to time for cleaning the grounds, which are located in the central part of the municipality, between the Presbyterian and Methodist churches, and should be kept in much better order.

Though known as the old Methodist burying ground, this cemetery is really part of the old "Free Church" ones situated here, which with the grounds were donated to public use regardless of denomination, by one Col. Westcott, at one time a large property owner in this district. It has since been under the care of a Board of Trustees, consisting of seven members, but these have no funds at their disposal for the care of the grounds and have frequently taken up contributions for repairs.

Judge Carrow's Spring itinerary. Circuit Court Judge Howard Carrow, whose circuit embraces the counties of Atlantic, Cape May, Cumberland, Burlington, Salem and Gloucester, announces his Spring schedule as follows:

Cape May, April 13 to 26, Inc., excepting 20 and 21. Salem, April 30 and 21. Cumberland, April 27 to May 3, Inc. Burlington, May 4 to 10, Inc. Atlantic City, June 13 to 21, Inc. Judge Carrow will sit at chambers when notified of motions as follows:

First and second Saturdays—Court House, Camden, 10.30 A. M. Third Saturday, Law Library, Atlantic City, 10.30 A. M. Motions may be arranged for other times and places.

Judge Carrow can be seen at his office, 27 Market Street, Camden, N. J., any day at 10 o'clock, when he is not out on the circuit, and when he is on the circuit, letters directed to his office will be forwarded to him.

## Thrown From Motorcycle.

Hurled from his motorcycle while going at high speed between Hammonton and Elwood last Sunday, James Biddle, aged 18 years, of Waterstown, N. J., was picked up by an automobilist, in an unconscious condition, and repatriated in that state for three hours. It was first thought that Biddle's skull was fractured, but after a thorough examination by Dr. J. G. Bitler, of Hammonton, concluded that Biddle was suffering from a severe concussion. The victim, who was unable to give any account of the accident, later recovered sufficiently to be taken to his home on a train. It is supposed that Biddle's machine while running at rapid speed, struck a soft spot in the road causing the machine to skid. He was formerly a resident here, his father, George Biddle, operating a farm at Clarktown for several years.

Morning subject: "The Great Saviour." Evening subject: "Fighting the Tent." Sabbath School 2.30. Men's Bible Class same hour. Rev. Newton Nelson, Pastor.
