GLEE CLUB SINGING A FEATURE

Pick Of Students Gathered By ment Given In Afternoon.

From all quarters of Atlantic County, m and far, public school pupils assembled Satur-day morning last at the Court House, by train, by auto and by wagon, one plucky little fellow even walking nine miles, to cast their gauntlets in the annual spelling, arithmetic and pronun-ciation contests. For weeks they had been drilling, studying, preparing for this event and there was close competition for the prises. But far and above the allurement of the prize was forward to receive his or her reward indicated battery, not guilty; Edward Strange, larceny, the very real interest the children took in the

The spelling bout was guilty; Walter Moore, statutory offense and beld first, fifty-seven pupils participating. One assault and battery, not guilty. hundred words were in the list, which grew more difficult as it increased in length, so perplexing that out of the fifty-seven contestants, not one spelled every word correctly; the winger of the first prize, missing, however only one word. Next came the arithmetic contest, made up of printed problems, which the contestants were required to finish in half an hour. One lad finished in about four minites, but a trifling mistake he overlooked in his hurry cost him first place. This was won by the last pupil to hand his paper in, who Clyde Gourley, of Atlantic City; Mr. George voted eighteen minutes to the task.

The winners in the various contests, who refor third and \$1.00 for the next five prizes, are given below in the order of their merit:

The list of words, which proved puzzling to the boys and girls and which few "grown ups" would care to pronounce in public, was as Buck, Mrs. W. Richman, of Bridgeton; Mrs.

was named as foreman by the Court. In his charge Justice Black spoke as follows: "The Court is pleased to my to you that the Prosecutor has not presented to the Court any nattors requiring special investigation on your part. One is that there have been facts laid before the Court, which if true, would seem to justify the asser tion that there has been a violation of the crimes act against conspiracy. Stole For Starving Family. From one to seven years in the State Prise at hard iabor was the sentence which Judge C. . Shinn passed Tuesday on Emil Von Keller, who pleaded guilty to breaking and entering to secure money to buy food for his starving wife and child. .

When Von Keller entered his plea he told s pitiful tale of seeking work and not finding any. His wife, who is an invalid, and his littie child were starving and he declared that he was rendered desperate by their predictment and determined to steal money with which to buy them food and give them a place to sleet il. His wife, who had come from New York, substantiated his story and told how they had pawned all of their furniture to get food and were finally forced out of the room they

PROJECT OF BRIDGE OVER DELAWARE ENDORSED BY FREEHOLDERS

HOSPITAL CONTRACT AWARDED

Mattson To Build Little Mill Span-Dr. Henry C. James Appointed Jail Physician-Absecon Road Contingent On State Aid -Funds Available For Paving Meadow Boulevard.

Unanimous endorsement of the project for a bridge across the Delaware River, between Camden and Philadelphia, to be known as the Penn Memorial Bridge, was given Wednesday last by the Atlantic County Board of Chosen Freeholders at their monthly meeting, follow ing an appeal for support by members of the mmittee in charge of the project, who had previously secured the endorsement of the Camden and Burlington County boards. The nestion of financial assistance, which will be given by Atlantic County if necessary, was eferred to the Finance Committee. Such a bridge, it was pointed out, would give

thousands of autoists a direct route to the resort vithout the trouble of taking a ferry across the Delaware. With the completion of the Lincoln Highway in Pennsylvania it will give Atlantic City a direct good road from Pittaburgh and intermediate points. West Jersey would profit most by the bridge, which would be a great boon to farmers and business Erection of a county hospital at Northfield

for tubercular patients will be started at an early date, the contract being awarded to I. Mathis & Sun, on their bid of \$1,844.55. Supplementary contracts were awarded on the building as follows: prumbing, John J. Reshit, \$2,732; heating, Currie Company, \$2,247; electric erection of the institution at that place but a motion to postpone the matter in order to elect another site was lost.

Harry Mattson, of Absecon, was awarded the contract to build the Little Mill bridge, on the road from Weymouth to Da Costa, Hamilto

Bids for building two bridge-lenders b on the Longport-Somers' Point boulevard was awarded to Charles S. Corson, for \$1,502 and J. W. ingersoll, \$1,900. On Thursday morning next the Fresho

will meet at this place for the purpose of inspecting the May's Landing - Tuckshoe Education This action was taken after Mr. Byraus, of the Byram, Rutherford Construction Co., build of the road, appeared with counsel to request final settlement. Mr. Byram contended that this road was finished according to com and kept in repair for one year and that the Board, on notice from the company, failed to make an inspection and subsequently began repairs. Mr.Byram said he sought an sa ajustment and did not wish to enter his n spite of the fact that he did not t the Board had not been the holder Anderson Bourgeois objected to stay action looking towards final acceptas road and after beated remarks between himself and Mr. Byram the Board decided to go over the road as a whole and decide what

should be done. An appropriation of \$500 for pre foxes having been exhausted, the Board made an additional appropriation of 1998 for this purpose, in order that the county many co tinue to pay its bounty of \$8.50 each for the animals, most of which are killed in Mullies, Hamilton and Weymouth towns

Dr. H. C. James, of this place, was app Jail Physician at the County Jail at the sai of \$30 a month. The appointment is to the first of the year, when appointments will bereafts be made at the annual meeting together with other officers appointed by the Board. Contingent on the extension of aid by the

State, the Board voted to build the propo new boulevard from Abssecon to Afantic City. If such aid cannot be secured, the matter will be laid over until next year. The County Engineer was authorized to make test boring for the bridges on this road, plans for which were presented and accepted. Bolicitor E. A. Highee reported that Acting

overnor Walter E. Edge had informed him that \$50,000 was available in the State motor vehicle fund towards the paving of the meadow oulevard, provided the County can raise a like amount. As the Board is favorable to this project and is eager that it be carried for ward as soon as possible, it is likely that definite action will be taken at its next meeting. Protesting against the sending of "dope flends" to the County Jail where there are no adequate facilities for their care, the Building Committee asked the Solicitor to investiga such cases with a view to having them cared

for elsewhere. Numerous minor matters were taken up by the Board, which held two sessions, ma and afternoon, adjourning at 4.30 after one of the husiest sessions in its history.

CLEAN MOTOR FUEL

CLEAN Motor Fuel means more miles per gallon, freedom from frequent carburetor adjustments and greater motoring pleasure. You cannot be too careful about what goes into your tank. Carbon in cylinders is often due to the use of inferior gasoline— "blends" and "mixtures."

Standard Motor Gasoline is a clean, straightdistilled product, not a mixture. It is absolutely homogeneous—every drop like every other drop. You get the same steady power-impulses whether you are running on the top or on the bottom of your tank.

Saying "Standard Motor Gasoline" to the garage man is like asking to see the pure food label on the provisions you buy for yourself. It is an easy way to make sure of getting the best motor fuel, wherever you fill your tank.

To end your friction troubles and all excessive wear, use Polarine Oil and Greases, obtainable wherever you see the "Standard Motor Gasoline Service Station" sign.
