#### First National Bank Forging Steadily Ahead This Year.

For the second time within the year First National Bank of this place sent out we checke Thursday last to its stockholders to Sn thriving young institution for the current year of eight percent, far exceeding the expectations of those business men who, several years ago, proposed the establishment of a bank at this place and in spite of numerous discourage ments carried through their project.

Conservative management and sound busi ness policies, coupled with efficient officers. have placed this institution on a sound footing and it is gaining in strength annually, its total deposits now being 2208,000. Those who received dividend checks Thursday last had the sound success of the bank brought home to them in most convincing manner.

The statement of condition of the bank of June 23, which will be published in full in the next issue of "The Record" together with statements of other leading County financial institutions, shows that the First National now has total resources of \$258,226.08, with loans and discounts of \$162,863.40. The capital stock of the bank is \$25,000 and it bas a surplus fund of \$15,000. The undivided profits shown by the report are \$10,306.14. Mr. U. D. DEER AS FARM HANDS Help Mullica Township Collector Weed His Garden.

Mr. Frank Edwards, tax collector of Mullice Township, says deer frequently come on his farm near Elwood from the nearby woods and feed in his garden on ragweed and lambe quarter, also on green apples that fall from the trees. In few instances, he asserts, have the deer injured vegetables and they come within fifty feet of his residence right among all kinds of garden truck.

Prints of the animals' books are to be seen almost any time beneath his apple trees and between the rows of vegetables. The animals seem to be especially fond of the weeds menioned and are proving valuable farm hands. Reports of deer being seen in various parts of the county are of almost daily occurrence. At several points nearby they can be seen at twilight almost any evening and many

THIS sign, displayed by a garage or supply station, means the same thing to your motor that the pure food label means to you.

It means pure fuel-not a "blend" or a "mixture," but a straightdistilled refinery product.

Standard Motor Gasoline is so much better than "just gas" that it is worth while to be particular when you are having your tank filled. It is homogeneous every drop is like every other drop. It is uniform—every gallon is like every other gallon whenever and wherever you buy it.

Standard Motor Gasoline is obtainable wherever you can drive your car. It costs no more by the gallon-less by the mile.

Polarine Oil ends friction and carbon troubles. Obtainable wherever you see the "Standard Motor Gasoline Service Station" sign. Look for it.

# AN END TO RUBE TROUBLES

INSIST upon Standard Motor Gasoline always and everywhere.

Veteran tourists will tell you that it is important to get not only good gasoline but the same gasoline every time you have your tank filled, otherwise you have to keep adjusting your carburetor.

Standard Motor Gasoline is absolutely uniform whenever and wherever you buy it. It is the same this week as last.

That is because Standard Motor Gasoline is a straight-distilled, homogeneous product-every drop like every other drop.

It is better to use, because it does away with carburetor adjustments and gives a smooth-running motor. It is cheaper to buy, because there are more miles in a gallon.

Look for the "Standard Motor Gasoline Service Station" sign. It shows where to get the best, most reliable gasoline and also the best, most reliable lubricants—Polarine oil and greases.
