plendid Highway For Atlantic At  
Ten Thousand Less Than Cost  
—Company Has To Keep It In  
Repair One Year Before Final  
Settlement.

Atlantic County can now boast of another  
pleading highway, the May's Landing-Tucka-  
hoie boulevard, which has been completed  
at a cost of \$10,000 less than the original  
estimate. The new highway is a link  
between the two counties and will be a  
great benefit to the people of both.

## MYSTERIOUS BLAZE RAZES FARMER'S HOME

### House and Barn Destroyed With Contents At Hawkinsville.

Fire from an unknown source completely  
destroyed the residence of Mr. and Mrs.  
Edward Shaw, owned by Edward Bailey,  
at Hawkinsville, early Tuesday morning last.  
The blaze enveloped the house and barn  
and all its contents. The blaze enveloped  
the house and barn and all its contents.

## MAY LOSE HIS EYESIGHT

### Vaughn Risley Taken To Hospital For Operation.

While opening a box for his grandmother  
with a hatchet Thursday morning last, Vaughn  
Risley, son of Mr. and Mrs. Harris Risley,  
of May's Landing, was struck in the eye by a nail  
and the loss of his eyesight is feared. On Thursday  
the wounded eye was so critical that he  
could not be taken from his home, but yesterday  
he was taken to Jefferson Hospital, Philadel-  
phia, by Dr. H. C. James, accompanied by his  
parents, where it is hoped by expert treatment  
the eye may be saved. Only one eye is  
affected.

## Passed Worthless Checks.

### Arraigned Wednesday last before Magistrate Southem on the charge of receiving money under false pretenses. George W. Stewart, ac- cused of passing worthless checks valued at \$100 in Atlantic City, was held in bail of \$500 to await the action of the grand jury. Included among the complaints were the managers of five hotels, the Delmar, Traymore, Maddon Hall, Seaside and Seaside, in each of which Stewart was accused of cashing checks for \$100. Bail in each case was fixed at \$1,000, making a total of \$5,000. He is now locked up in the County Jail awaiting the action of the grand jury.

## Death of a Former Resident.

### John Mick, a former resident of this place, died suddenly Sunday last at his home in Pleasantville from an attack of acute indigestion, at the age of 45 years. Mick had been suffering from indigestion for some time and was taken to the hospital on Sunday last. He died at the hospital on Sunday last.

## Regraveling Bridge Approach.

### Foreman Benjamin Cain and his workmen have been busy recently making altera- tions to the public school building at Mizpah, which the State condemned in its former condition and for which a special appropriation of \$500 was made at the last school meeting. The windows have all been taken out on one side in order to prevent "cross lights."

## After Tuckerton Again.

### The Association will journey this afternoon to Tuckerton to cross the bridge with the crack team representing that thriving burg and they are in for a battle royal, for Tuck- erton, smarting under previous defeats, is pre- pared to put up a great fight.

## Building and Loan Association Meeting.

### The regular monthly meeting of the May's Landing Building and Loan Association will be held at the office of the Atlantic Real Estate and Investment Co. next Tuesday evening, 26th inst. Money to loan on bond and mort- gages. R. S. Vanaman, Secretary.

## Ventilators in Old Jail.

### Sanitary conditions in the old section of the jail in which the ventilation was very poor have been greatly improved by the installation of two electric ventilators, which will keep the air fresh and cool at all times. The ventilators were installed at a cost of \$100 and will be a great benefit to the prisoners.

## Colored Folk Held Big Outing.

### One of the largest picnics ever held at Lenape park occurred Thursday last, when the an- nual colored picnic was held. The picnic was a great success and was attended by hundreds of people. The picnic was held at Lenape park and was a great success.

## MAY'S LANDING SPEED LAW CANNOT BE ENFORCED

### Rate of Twelve Miles Allowed By Statute.

That the speed limit of ten miles per hour set  
by the local authorities for motor vehicles on  
the highways of May's Landing is null and  
void and cannot be enforced in shown by a  
pamphlet of motor vehicle and road laws  
issued by the State Commissioner of Motor  
Vehicles. The section respecting this is as  
follows:  
"No city, town, township, borough or other  
municipality shall have power to make any  
ordinance, by-law or resolution limiting or  
restricting the use or speed of motor vehicles,  
nor an ordinance, by-law or resolution hereto-  
fore made by any city, town, township, bor-  
ough or other municipality, or any local authority  
or local authority, by whatever name known or  
designated in respect to or limiting the use or  
speed of motor vehicles shall have any force,  
effect or validity."

The State law, which governs the speed of  
vehicles on every public road in the State and  
which is the only law on the subject, allows  
"a speed of one mile in five minutes where  
such street or highway passes through the  
built-up portion of a city, town, township,  
borough or village where the houses are on an  
average less than one hundred feet apart." It  
further provides that drivers are entitled to  
a speed of twelve miles, not ten, through  
May's Landing.

## DITCH MARSH LAND

### County Mosquito Extermination Commission Going After Pesky Pests Hammer and Tongs— Much Good Accomplished.

The contract for the ditching of 200,000 linear  
feet of marshes in the rear of Atlantic City  
was awarded by the Atlantic County Mosquito  
Commission Wednesday afternoon to the  
United States Drainage and Irrigation Com-  
pany of New York City, on their estimate of 2  
cents a linear foot. This work is to start  
immediately, the ditching to begin at the rail-  
road and extend towards Pleasantville in  
both directions. The Commission have  
estimated that this work will cost about \$5,000.  
The State will begin their share of the work  
on August 5 when bids will be received for the  
ditching of the meadows in the rear of Chelsea,  
Ventnor, Margate and Longport. This work  
is expected to cost about \$10,000 and will be  
borne entirely by the State.

Dr. Darnell, the Chairman of the Atlantic  
County Commission, says that while the work  
of ditching the County of the salt marshes  
might seem to be a tedious, uninteresting  
and even a little dangerous undertaking,  
much good had been done already and that in  
certain parts of the County the house mosquito  
had been practically exterminated. This was  
due, he said, to the interest that the people are  
taking in keeping their properties clear of  
rubbish and damp holes which are the breed-  
ing places of the pest.

## PLEASANTVILLE DARES NOT PLAY ASSOCIATION TEAM

### May's Landing Champions Openly Challenge Shore Nine.

On a sore spot by the declaration of the  
Association base ball boys that "Pleasantville  
is afraid to play May's Landing," the manager  
of the shore aggregation retorts that May's  
Landing plays too poor a game for his pet  
team, the Pleasantville "Press."

"Pleasantville is afraid to play the May's  
Landing team," says the Association boys,  
and their statement is easy to believe. Five  
games were scheduled with the shore team and  
only one has been played, two having been  
called "No-Game."

"It is not often that the 'Press' has taken  
issue with our contemporary from the County  
seat, but such is the case regarding the above  
team. 'Ask matter of fact,' states Manager  
Woolbert, 'they play such a poor game that  
the people will not attend and after their ap-  
pearance here this season the players and fans  
asked to have the other games cancelled.'"

That is, one might say, a retort courteous,  
as before stated, May's Landing played the first  
game of the season with Pleasantville  
and the latter team was a "pick up" team  
that had not played even a practice game  
since last season. With the team they now  
have, which has not been defeated this season,  
the Association boys say they can defeat Pleas-  
antville with ease. So they re-assert their  
claim that they are entitled to the County  
championship and challenge Pleasantville to  
cross bats with them. The reasons given by  
the Pleasantville captain are considered  
repeated by the Association boys that Pleas-  
antville is afraid of May's Landing.

## CAME NEAR ESCAPING FROM STATE PRISON

### Wilson Undaunted By Steel Bars At Trenton.

Albert Wilson, convict No. 2281 at the New  
Jersey State Prison, attempted to escape Sat-  
urday night last by cutting the bars of his cell.  
He was found sneaking along one of the tiers  
by Deputy Keeper Albert T. Sullivan, who  
after a struggle, checked the man's flight for  
liberty. He was placed in a dungeon for pun-  
ishment.

Wilson was received at the State Prison No-  
vember 1912. He was received from Atlantic  
County on a conviction of breaking and enter-  
ing and was sentenced to from seven to four-  
teen years by Judge Knott A. Hickey. The  
prisoner is an old offender, having served  
terms in Sing Sing Prison and in Winchester,  
England. He at one time escaped from the  
Tomb, New York.

The convict, during his imprisonment at  
Trenton, has been employed in the workshops.  
It is thought that he, in some manner, carried  
saws from his bench to the cell. When dis-  
covered by the keeper, he was making an at-  
tempt to escape by cutting the bars.

It will be remembered that two special  
guards were employed to watch Wilson when  
he was confined in the May's Landing Jail, so  
notorious was his jail-breaking propensities.

## Alleged Slave Freed.

### Harry Berry was placed on trial before Judge Clay Monday last on three indictments charg- ing him with white slavery, assault and battery, and a statutory offense. To this latter charge he pleaded guilty and was acquitted on the other two indictments. On the statutory charge he pleaded guilty to serve four months in the County Jail, to date from the time of commitment and since he was confined four months awaiting trial, he was freed immedi- ately. The State sought to prove that Berry had brought Bertie Borden from Westchester, Pa., to Atlantic City for immoral purposes, but the evidence was lacking that this was purpose, the court ordered his acquittal.

## Test Breaks Into Fiction Field.

The many May's Landing friends of Herbert  
C. Test, better known in newspaper circles as  
"Herb" Test, who for many years was one of  
the leading correspondents for the out-of-town  
newspapers in Atlantic City and who fre-  
quently visited court sessions here, will be  
pleased to learn that he has successfully  
broken into the magazine field. A recent  
issue of "Collier's" contains a breezy story, "A  
Quiet Life, or Life on the Quiet," which is one  
of the most novel and entertaining stories that  
has ever appeared in that well-known mag-  
azine. Test is making his home on the Shore  
Road near Pleasantville.

## Re-advertising For Garage Bids.

The Building Committee of the Board of  
Freeholders are re-advertising for bids for the  
new fire-proof ice-house, garage and store-  
room to be erected at the County grounds here,  
as the Committee deemed all too high. The  
new bids will be opened at the next meeting  
of the Board. Plans and specifications are on  
file in the office of H. Hudson Vaughn, Archi-  
tect, Atlantic City, and with Freeholders  
Hammonton, Egg Harbor City and  
Trenton, N. J., of this place.

## Preparing To Start New Road.

Preparations are being made by the Miller  
Engineering & Construction Company, who  
were awarded the contract for building the  
May's Landing-Somers Point City boulevard  
by the Board of Freeholders of this County in  
June, to start work on the road the first of  
August. Quarters for men and teams are now  
being engaged, road building machinery ship-  
ped and other preliminary details arranged.

MAY'S LAND: JULY 26, 1913.

First: Are the things you are secure against  
contamination by flies? Keep them in a cool,  
clean place under cover of a fly screen, and  
keep flies out of the house, and of the best  
ways to do this is to destroy them by means  
of one of the many insecticides.

First: Are you sure your house is safe  
against contamination? A little care-  
lessness may result in a destructive plague,  
which you are not expecting it. A dirty  
chimney, a leaky gasoline stove, matches lay-  
ing around loose are easy ways to provide  
practice for the members of the fire-department.

Residents of that thriving island municipality,  
May's Landing, are to be congratulated on  
their enterprise in founding a local banking  
institution. To be sure, this was in some  
measure aided by the deposit of the May's Land-  
ing bank, but the latter is now too large and  
prosperous, and its stockholders have no room  
for all the business of the younger institution.  
Here's success to the First National of May's  
Landing.

Perhaps some of our John F. Gaultier  
detectors, who discussed so vehemently  
on his platform with "the interests,"  
during his recent campaign, have had their  
eyes opened by the recent disclosures of the  
Grand Old Man of Atlantic's fraudulence  
to the laboring interests and the opportunity he  
has determined to use for the good of the worker.  
But there are always those who have eyes  
and will not see, and ears that will not hear, who  
will not believe anything they don't want to  
believe. The evidence before the Senate com-  
mission is such, however, that no far-sighted  
person can doubt the sincerity of our Ex-  
ecutor in his efforts to help the workmen.
