RULES FOR MOTOR BOATS.

Law in Regard to Small Craft Prac-
tically Same as Last Year.

Rules and regulations issued by the Department of Motor Boats, which govern the equipment and operation of motor boats this season are practically the same as last year, but it is well that every skipper should be familiar with the provisions. Reports that every motor boat has had to be licensed are erroneous, a license being necessary under the law only when passengers are carried. Boats of Class I, under twenty feet in length, may use a combination light forward; a fog horn and bell is not necessary for this class, but a whistle capable of giving a two-second blast is required. Life preservers easily accessible and means for extinguishing burning gasoline. While the law does not require the hullowner to recommend that the name be conspicuously displayed on all motor boats. Two copies of the pilot rules are also required to be carried.

No specific means of promptly and effectively extinguishing burning gasoline are prescribed. Besides the usual extinguishers and suitable chemicals, salt and sand in sufficient quantities will suit the purpose. All motor boats irrespective of length must be equipped with a pump.

SAILBOAT SPILLED COWBOYS.

Four Lubin Bronco-Busters Capsized in Great Egg Harbor.

That riding a bucking-bronco is easy compared with keeping a sail-boat right-side up in a stiff breeze is the opinion of four of Lubin's cowboys, Harry Webb, Roy Warner, Lee Shannon and Bill Arthur, who were captured Tuesday afternoon while sailing a small boat in the Great Egg Harbor River. They were all attired in full cowboy costume and had a hard time keeping aloft by hanging on the overturned boat until friends came to their rescue.

Mrs. Roy Warner had a narrow escape from drowning Wednesday when she leaped far from a boat and fell overboard. She was quickly rescued by friends, but not until she had gone down twice.

Lingo Gray left this week to visit relatives in New Mexico. A sixty-foot well being driven, under the direction of Harry Mould.

Mrs. Harry Webb, wife of Leader Webb of the cowboys, and Miss Dowse, of Brooklyn, were camp visitors this week.

Mrs. Singlet, an Atlantic City representative of the Lubin Company, was in camp recently and was greatly pleased at its progress.

The storm also played havoc with telephones, several wires falling in the streets. The lightning could be seen flashing along the wires during the storm.

HALLIDAY HAS ENOUGH

Democratic Investigator Ashamed of Work Says Game Is Afoot And He Is Through With Whole Business.

Frank Halliday, chief investigator for the Democratic State Committee, which developed most of the evidence upon which the indictments against city officials and election officers returned by the special grand jury have been based, went before the jury Wednesday and came out in a temper. Shortly afterward he remarked to several acquaintances:

"I'm through with this whole business. I've had to do things here in Atlantic County to satisfy some people that make me ashamed to go home and kiss my wife. I didn't know the local conditions when I came here. If I had, they would never have dragged me into Atlantic County. There doesn't seem to be any money in it for any man in it, either. I don't know what kind of a game is afoot, but I have had enough of it."

BIG PRICE FOR COUNTY BONDS.

Lively Demand For Securities Sold To Pave Shore Road.

At a public bond sale held Tuesday in Atlantic City, \$100,000 worth of Atlantic County Shore Road improvement bonds were sold to the Guaranty Trust Company at the offices of County Collector Level C. Albertson. The splendid premium of \$7.10. This is believed to be one of the highest premiums ever paid for County securities. The pair of the bonds is \$1,000 and therefore each bond sold for \$1,071.50, making the total receipt for the issue \$107,150.

Three sealed bids were opened at the start, according to the terms of the sale. The Guaranty Trust Company bid \$100,000 on the \$100,000 issue, Fidelity and Guaranty of New York, bid \$1,000 on the \$100,000 issue. The Egg Harbor Commercial Bank, of Egg Harbor City, bid \$20 for \$2,000 worth of the issue. Then the bonds were put up for sale to the highest bidder. No other bids were received on \$25,000 worth, but the entire issue of \$100,000. The bids ranged upwards in large amounts.

The Second National Bank, of Atlantic City, bid \$100,000, the Atlantic Safe Deposit and Trust Company, of Atlantic City, bid \$100,000, and a New York bond buyer, also entered in the bidding, together with President Carlton Godfrey, of the Guaranty Trust Company.

The Guaranty Trust Company finally bid the \$7,100 premium, of \$107,150, and this proved the highest bid. The issue was then sold to the Trust Company. Never has more healthy demand been shown for County securities and Collector Level C. Albertson and Director E. C. C. Moore, of the County Board of Freeholders, were greatly pleased with the sale. The bonds are for the paving of the Shore Road from Absecon to Somers Point and will be used for no other purpose.

MAYOR STOLEN TO REST.

Body of Dead Executive Interred at Pleasantville.

Atlantic City was deeply shocked Saturday afternoon last when word was received from the grand view Mortuary, Wernersville, Pa., that Mayor Frank D. Stoy, who had been falling in health for several weeks, had succumbed to his illness. The news came as a complete surprise to many people, who had not learned of Mayor Stoy's illness, and plunged the entire town into mourning. Messages of condolence poured in from almost every city in the country, for the Mayor was known far and wide through the hundreds of thousands of people he welcomed in behalf of the city at conventions and other gatherings.

Mrs. Stoy was at the Mayor's side when death came. She remained in the city until late residence at Venetia Park, Atlantic City, where services were held Tuesday evening. On Wednesday the body was taken to the City Hall, where it lay in state in the Council Chamber and was viewed by thousands of persons, and interment was made the same day in the Pleasantville Cemetery. The funeral services were most beautiful ever seen in the resort and testified to the high esteem in which Mayor Stoy was held by the people of the resort. The City Troop and Morris Guards acted as guards and accompanied the remains to the cemetery, where brief Masonic services were held.

Profoundly an official in the State enjoyed greater popularity than did Mayor Stoy and in his death the city loses one of the staunchest advocates of progressive policies it ever had. Not only as an official, but as a man, he held the highest respect of a legion of friends.

MORE SHORE ROAD TROUBLE.

Railroad Protests That Paving Is Not Up To Contract.

Further trouble has been encountered in the Shore Road paving, while friends to ensure more delay unless County Engineer E. D. Rightmire and the Road Committee of the Board of Freeholders can take conciliatory action. Formal written complaints have been served on the Board by the Suburban Railway Company that the contractor is not building the road according to specifications. The railroad alleges among other things that proper material is not being used for bitumens, that the stone foundation is not being laid between the ties, that the balance of the stone is not properly rolled, that the grading is not accurate and that the foundation is too high.

The railroad asserts that the contractor is not pushing the work fast enough, while they have finished their portion of the work clear from Absecon to Pleasantville. The railroad says it is paying about \$100,000 for the work and wants it done right.

The road is in much bad shape in its present condition and it is practically impossible to get the Board of Freeholders to let Atlantic City by way of the County Capital.

TOWN OF NATURAL OPPORTUNITIES

MAY'S LANDING, N. J.

Sites for Bungalows

For Lease or Sale

Founded two hundred years ago on the banks of the Great Egg Harbor River, May's Landing has enjoyed from the first the reputation of being the most beautiful, most healthful place of residence in this section of New Jersey. Its magnificent oak trees have become famous; and beautiful Lake Lenape is scarcely less well-known. Inducements to manufacturers are exceptionally good. For the truck farmer and poultry raiser it is an ideal location, and the place of those seeking Summer homes at a reasonable cost.

Splendid boulevards for automobiles lead to May's Landing from every point, including the direct road from Philadelphia by way of Downstown and the Egg Harbor City boulevard, leading from the White Horse Pike. The Great Egg Harbor River boasts of an active Yacht Club open for membership. This picturesque waterway affords good boating, bathing and fishing, and is a popular highway with yachtsmen to Atlantic City, Ocean City and other seashore resorts.

Municipal conveniences include cold, sparkling water, 99 percent pure from an artesian well, supplied through a new public water works system, first-class fire protection with consequent low insurance rates, low rates of taxation, electric lighting, prosperous churches, good public schools, etc. If you never visited May's Landing, it is time to do so. If you are looking for a Summer place of residence, this is the ideal place for you. "The Town of Natural Opportunities" is Your Opportunity.

Twenty minutes from Atlantic City, the Greatest Seashore Resort in the World. Only one hour from Philadelphia.
