## ITEMS OF INTEREST TO COUNTY FARMERS

### AGRICULTURE SUGGESTIONS AND RECENT RURAL HAPPENINGS

The attention of the farmers of South Jersey is called to the Hammononton Field Day to be held at Hammononton Park, Saturday, September 9. Fruit raisers are urged to exhibit their peaches, apples, pears, grapes, cranberries, strawberries, raspberries and blackberries. Pick out your choice specimens and pack them carefully, then send them in for exhibition.

Truck raisers, bear in mind your vegetable exhibit, if you have something good send it in, there will be a place for it. Poultrymen, send in your eggs in dozen or crate lots; also, best trio of birds, two females and one male. All exhibits of birds to be of 1916 hatch. There will also be prizes for the best set of flowers. The ladies may compete in the contest by sending in cake, preserves and needlework. There are no thirty cents but all exhibits must be made up in the form of a book. All exhibits will be returned if so desired and all exhibits will do all in its power to preserve all exhibits intact. Competent judges will be secured. An excellent program with well known speakers is promised. Send in your exhibit by Friday, September 8, and be present yourself.

Regarding insects and infantile paralysis, Dr. T. J. Headlee, entomologist of the New Jersey Agricultural Experiment Station, makes the following statement:

"We have recently seen in the press that the mosquito is believed by some to be an important carrier of the infection of infantile paralysis in man. It is generally believed that the disease, that thus far the organism causing this disease has not been found in the blood, may be taken to mean that it is not there, there is little reason to suspect the mosquito of being a carrier. The blood-sucking flies, notably the stable fly, or biting house fly, as it is sometimes called, have given contradictory results with the weight of evidence against the idea of their acting as important carriers. As the facts are now known, it seems unlikely that any blood-sucking insects are more than accidental or very occasional carriers, but that the surface feeding flies, of which the common house fly is the most ubiquitous example, are eminently well-fitted for the task of transferring the infection. They feed very readily on the secretions of the nose and throat, where the organism is said to be commonly found, and follow such action by consuming and polluting all sorts of exposed foods."

For a number of years it has been the custom to hold an annual Field Day at the New Jersey Agricultural Experiment Station and College near New Brunswick. This year plans had been made to hold the Field Day exercises but the prevalence of infantile paralysis made it seem advisable not to hold such a meeting. Hence it has been decided that this year the annual Field Day will be omitted.

The most disease of tomatoes and peppers is very prevalent in New Jersey. This disease is not well understood, but undoubtedly causes a considerable reduction of the crops affected. The red pepper plants show a very serious disease. The disease is caused by a fungus, which is frequently a fern-type, or filament type, of leaf. The disease can be transmitted from plant to plant, and it is very likely that some insects are carriers. There is no known treatment for mosaic other than the selection of seed from thoroughly healthy plants. Growers of both tomatoes and peppers are advised to select their own seed from plants that are perfect in foliage and vigor as well as in character of the fruit.

Circuit Court Itinerary. Circuit Judge Howard Carrow announces his Fall itinerary as follows: Cape May Court House, September 12th to 18th, Inc. Salem, September 19th to 22nd, Inc. Bridgeton, September 23rd to October 6th, Inc. May's Landing, October 10th to 27th, Inc. Mt. Holly, October 30th to November 9th, Inc. Woodbury, November 13th to 23rd, Inc.

Adjudged Guilty Of Contempt. Judge C. C. Shinn Thursday last adjudged Chief of Police Robert Miller, of Atlantic City, guilty of contempt because he released Charles Watring, a boy confined in the City Jail on order of the Court, without authority. Chief Miller said he was actuated solely by his interest in getting the lad on the right path and let him go to a position of trust and secured, not understanding Judge Shinn had ordered him held. Judge Shinn will make final disposition of the case Wednesday next at the Court House.

Big Crowd Coming Labor Day. Fully two thousand people are expected to attend "Pleasantville Day" this year at Lenape Park, which will be observed on Labor Day. All the business places of Pleasantville will close and practically the entire town will journey here to make merry along the lake. A big program, including swimming, running, boating, jumping and other contests is being prepared for the occasion.

Defeated Minotola. May's Landing defeated Minotola last Saturday at Lenape Park in an interesting game by the score 2 to 1. The game was the best played here this season and was a pitchers' battle from start to finish.

Today the Penna. R. R. Team of Camden will be the attraction and a warm contest is anticipated. Next Thursday Hammononton will be the attraction.

Not Explicit Enough. "We have entered into a period of the greatest prosperity this country has ever seen," is the announcement of the National Democratic Campaign Committee, with no explanation as to the reason for the prosperity in certain lines of industry. If it had added, "we are profiting by the greatest war the world has ever seen," no further comment would have been needed.—Doylestown (Pa.) Intelligencer.

Start Work On Coping. Contractor Charles Corson has begun work on the new concrete walk in front of the County grounds, to replace the old iron fence, which will be moved back to replace the wooden fence along the Park and on Second Street. The coping, which will be flush with the sidewalk, will be 18 inches above the ground and 12 inches thick.

"Skibo" At This Port. Ex-Judge Allen Radcliffe has been ordered to the "Skibo" by the Grand Jury. Ex-Judge Harber opposes the old Radcliffe appointment.

## ORDER UNITED AMERICAN MEN INSTEAD OF MECHANICS

### National Council Decides To Change Name of Patriotic Order.

At the seventeenth annual session of the National Council Order, United American Mechanics, held in the Morris Guards Armory, Atlantic City, from Tuesday until Thursday, the following officers were chosen for the ensuing year:

National Council—Dr. Arthur Courrier, Concord, N. H.  
Vice-Councilor—E. S. Burlington, Providence, R. I.  
Secretary—Howard O. Holstein, Harrisburg, Pa.  
Treasurer—Joseph H. Shinn, Haddonfield, N. J.  
Marshal—H. O. Callahan, Cambridge, Ohio.  
Protector—E. P. Thibault, Plainfield, Pa.  
Doorkeeper—Wallace West, Johnstown, N. Y.  
Harrisburg, Pa., was selected the place of meeting for the next session.

The National Council session Wednesday ratified the action of the subordinate councils throughout the jurisdiction of the United States in voting to change the name of the organization by dropping the word Mechanics and substituting the word American. It was known as the United American Mechanics.

A one-degree ritual was adopted in place of the present three-degree ritual. The organization will be organized, especially in ritualistic, stating its principles and constitution, making it stronger in a patriotic sense. The proposition submitted to the subordinate councils to allow foreigners, but born on this soil, to become eligible for membership, was defeated by a small majority.

The sessions were the most interesting held for many years and delegates with their wives were present from almost every State in the Union.

### Security in High Tariff.

"No form of government can long survive that does not give security to life and property," says Darwin F. Kingsley, president of the New York Life Insurance Company. A large portion of the property of the United States is the fruit of industry, and security to that property lies in a protective tariff law. A fuller realization of life to the American laborer lies in his opportunity to be continuously employed at the American standard of wages during normal business years, and a protective tariff law is the plan that opportunity.—Wilmington (Del.) Journal.

### Information of Voters.

Secretary of State Martin will send out 700,000 pamphlets containing the Egan Road act, for distribution by the County Clerks so that the voters of the State will have an opportunity to familiarize themselves with the measure before election. The law provides for submitting to the elector the question whether the State shall issue \$7,000,000 in bonds for the building of roads, specified in the act. The pamphlets will be sent out along with the sample ballots issued just before the general election.

### Accident At Baker's Corner.

While passing to the right of another machine at Baker's corner Sunday last, Mr. Scott Chapman had the misfortune to strike one of the front wheels of a car which had just started, and the car was thrown into the air and fell on top of Chapman. He was driving at a low rate of speed at the time or the consequences would have been more serious.

### Organize Girls' Class.

A class, known as Girls' Class No. 2, of the Laurels Union Sunday School, was organized at the home of Mrs. John Cairns at Laurels Sunday evening last. The following officers were elected for the ensuing year: Miss Regina Locke, President; Miss Myrtle Zimmerman, Vice-President; Miss Marie Cairns, Second Vice-President; Miss Florence Schoenlein, Secretary; Miss Margaret Sahler, Asst. Secretary; Miss Elizabeth Molenwatz, Treasurer; Miss Carrie Locke, Asst. Treasurer.

### Presbyterian Church.

At the Presbyterian Church, to-morrow Mr. L. K. Cotttingham will be the speaker at the regular meeting of the church. The pastor, Rev. B. M. Smith, expects to return to his pulpits the first Sunday in September, and will be glad to meet the members of his Bible Class and the members and friends of the church generally.

### First M. E. Church.

Services in the M. E. Church to-morrow as follows: Class meeting at 8:30; preaching both morning and evening by Rev. Stephen Butler, of Bridgeton; Sunday School at 2:30. All welcome. Rev. W. L. Ludlow, Pastor.

### Interests Are Mutual.

It is well to keep in mind that organized labor is giving study to the tariff and that it is standing for protection, the Republican party is standing for free trade. The tariff is a mutual concern of both parties. There are indications that they will vote together.—Watertown (N.Y.) Standard.

### P. O. S. A. Team Lost.

The P. O. S. A. Team of this place put up a good battle at Egg Harbor City last Saturday, where they met the Janors of the Wine City in a twelve-inning contest and lost out by the close score of 8 to 5. The game was the until the twelfth inning, when Egg Harbor succeeded in scoring the winning run.

### A Real Compliment.

Alighting from a train in Atlantic City a few evenings ago, Miss Margaret Yetter was accosted by an inspector who asked to see her certificate. It isn't every young lady who is mistaken for a "sweet sixteen" and the inspector merits a medal for his gallantry.

### Building and Loan Association Meeting.

The regular monthly meeting of the May's Landing Building and Loan Association will be held at Room No. 1, Opera House Building, next Tuesday evening, 29th inst. Money to loan on bond and mortgage.

### Explanation Needed.

If the high cost of living was due to a Protective Tariff in 1914, what is the higher cost of living attributable to in 1917? There is no answer from official Washington. The depths are dumb.—Marion (La.) Register.

### Colored Scouts Camping.

Troop 13, Colored Scouts, of Atlantic City, has opened a camp above Lenape Park on the shores of the Lake. Thirteen scouts came up Tuesday to open camp and will be joined by a hundred more to-day.

### Appointed Inspector.

Mr. Job S. Smallwood has been appointed by County Engineer A. H. Nelson as inspector on the wall being built in front of the Coast Hotel, which will require about two weeks to complete.

1st A. T. B. SMITH, Chairman.  
May's Landing, N. J., August 25, 1916.

### Everybody Knows It.

Democratic newspapers are telling us that our trade balance in 1916 is enormously greater than in 1911. True, but why do not Democratic friends point to the trade balance during the period the Underwood law was in effect prior to the outbreak of the European war? That is the only period with which to make a fair comparison. Everybody knows our present trade is abnormal and due to the war.—Hampton (Va.) Recorder.

### Walker's Forge For Rent.

### BAR CHILDREN FROM GATHERINGS

### EPIDEMIC IS STILL ON IN- CREASE THROUGHOUT NEW JERSEY

Two cases of infantile paralysis have appeared in Hamilton Township, one a chronic one, at Misspah and the second at DaCosta, where the victim, an infant girl, died Thursday. At DaCosta Dr. Bitler and Cunningham, of Hammononton, have taken every precaution to prevent its spread, forbidding a public funeral and thoroughly fumigating the premises. DaCosta is on the Weymouth road leading to Hammononton, where strict measures are being taken to prevent the disease from gaining a foothold.

At a special meeting Friday evening of last week the Board of Health here appointed two inspectors, Lewis W. Cramer and Thomas Smallwood, to watch incoming and outgoing trains and placed a ban on churches and public gatherings for children under sixteen years of age, which measures had been taken by the Board of Health of Hammononton. There was opposition at the meeting to closing public places to children, on the ground that no cases have developed at May's Landing.

Little progress has been made during the past week in New Jersey in checking the disease, many new cases being reported, running the total over two thousand. There is now little doubt that the opening of schools will be postponed, according to advice from Trenton. The rule requiring children to have certificates traveling from one municipality to another is pretty generally enforced in all sections of the State.

Fifty-eight new cases were reported to the State Thursday and a large number has been added to the roll daily since the early part of the outbreak. A new case was reported this week at Absecon, this county.

Word has been sent by the State school authorities to the various Boards of Education that in event of the schools being compelled to postpone the opening of the term, no money will be inflicted on the townships as allowance will be made in proportioning school funds. The salaries of teachers and janitors, which are paid out of the State appropriation, will be paid from the regular date for opening the term.

## TOWNSHIP APPROPRIATIONS REDUCED \$1,200 THIS YEAR

### Committee Recommends Amounts For Coming Season.

In the list of township appropriations to be voted this year, as recommended by the Township Committee, there is a reduction of \$1,200 from the budget as passed last year.

For the purpose of comparison, the following tables are given of the amounts appropriated last year and the amounts that will appear on the township tickets this year:

	1915	1916
Roads	\$2,700	\$2,700
Township Expenses	1,000	2,000
Street Sprinkling	300	300
