Our Atlantic County Steamers are being
stocked with California Salmon on a pretty
liberal scale by the West Jersey Game Pro-
tective Society. During the last few months
they have put into Millville river, 15,000 lbs.
of Great Egg Harbor river, 9,000 lbs. Tuckahoe
river, 4,000 lbs.—in all 28,000 lbs.

We are indebted to Hon. Geo. H. Cook,
State Geologist, for a copy of his Report for
the year 1877. The work done during the
year is detailed under the following heads:

1. The final report on the day district of
Atlantic county.
2. Exploration of the portion of the State
covered by the glacial drift.
3. Examination of the deposits of shell
marl in Sussex and Warren counties.
4. Extension of the coast survey triangulation
over New Jersey.
5. Topographical survey of the country
between First Mountain and the Hudson.
6. Drainage of the Great Meadows on the
Poquet.
7. Laboratory work in the analysis of iron
ores, limestones, marbles, &c.
8. Office work of geological map, Museum
of the Geological Survey, &c.

Mr. Israel G. Adams has been reappointed
Collector of the port of Great Egg Har-
bor. Some of our government engineers have
recently suggested the idea of dispensing
with a collector at that port, and saving
the salary. We are glad to know, however,
that such a "poor-body" policy has been
rejected. Had that office been closed,
the business would probably have been re-
moved to Camden, and our sea captains and
others would have been subjected to great
inconvenience. Egg Harbor is an important
port, and the government seems to appreciate
it properly.

It is stated that the Pennsylvania rail-
road company has already lost on the lines
operated in New Jersey, a few years
ago, upon operations alone, more than two
millions of dollars. This is certainly a
showing, especially as the great year of the
centennial travel and traffic is ahead of. But
then Pennsylvania don't know how to run
Jersey railroads to make them pay?

The citizens of Williamsburg, Gloucester
county, held a meeting recently for the
purpose of organizing a Free Reading Room
and Library Association. The plan that
was suggested contemplated the erection,
by voluntary contributions, of a building
about 25x30, on a lot owned by a building
owner, at a cost of \$800. A lot has been
offered for the purpose, free, for a term of
years. The Association is to be supported
by annual membership, the dues being only
one dollar per year. Let us have something
similar at May's Landing.

The ratifications of a treaty between the
United States and Samoa were exchanged by
Secretary Evans and the Samoan Ambassa-
dor on the 11th inst. A survey of the har-
bor of Pago Pago, voluntarily called on the
United States for a resolution, will soon
be made. This harbor, according to Com-
modore Wilkes, is the best in the South
Pacific. The Samoa Islands are in the di-
rect line from San Francisco to the Australian
coast, and the Pacific mail steamers, which
now pass in sight of them, may soon touch
at them for delivery of mails.

The Peach growers of Delaware have
compared notes and observations based upon
careful examination of the peach buds, and
they calculate upon a very favorable crop
season. The winter has been very favorable
for development, and the buds are very nu-
merous, presenting a fine healthy appear-
ance. One indication of a large crop is that
which does not often happen—there are as
many fruit buds as wood buds. The wood
buds are those from which the wood grows
which is to furnish the fruit buds for 1879.
The peach growers have already begun ne-
gotiations with the railroad companies for
reduced rates for peaches, complaining that
they have had to pay too much last year.

The Vote on the Silver Bill.

The vote by States on the Silver Bill was
as follows:

For the bill—Missouri, Iowa, Tennessee,
Kentucky, Pennsylvania, Wisconsin, Colo-
rado, Texas, Florida, Illinois, West Virginia,
Virginia, Arkansas, Kansas, Louisiana,
Nebraska, Ohio, Indiana, Minnesota,
North Carolina, Alabama, and Nebraska.
Against the bill—Rhode Island, Connecti-
cut, Maine, New York, Massachusetts, Ver-
mont, New Jersey, and New Hampshire.
Divided—(One Senator voting for and the
other against)—Delaware, Michigan, Mis-
sissippi, Maryland, Oregon, and California.
Of the forty-eight Senators who voted for
the bill, twenty-two are Republicans and
twenty-six are Democrats and one indepen-
dent—David Davis of Illinois.
Of the twenty-one Senators whose votes
are recorded as against the bill, fourteen are
Republicans and seven are Democrats.

We are indebted to Dr. E. L. Esch, Esq.,
for some facts and figures concerning our
county finances. It has been officially ascer-
tained that the townships of Absecon and Ham-
mononton have paid the disputed
poor tax and interest full to date, amounting
to \$4,311.47, less \$500.83, the amount of
poor bills and interest allowed said townships.
All the townships and cities in the county
have paid the Collector in full all State and
County tax assessed for the present year, ex-
cepting Galloway township, which owes over
\$1,400 for the year 1877, and a balance on
county tax for 1876, besides a balance due
on the amount to be paid annually on the
judgment against said township as per agree-
ment. Multica township owes over \$500, a
balance on county tax for 1876.

A Swindler Comes to Grief.
A genius calling himself J. H. Haisick,
and giving his address at Egg Harbor City,
N. J., representing himself as the agent of a
Kentucky horse breeding company, and of a
swindler, has come to grief as a first-class
swindler. One of his dupes was a certain
and the swindler was quietly taken in hand
in the Postoffice at Camden. Being unable
to give bail in \$100, he was locked up in a
cell in the Postoffice building for a trial on
Monday. He pleaded guilty, but said he had
not received much money, only about \$18.

American get a Russian Contract.

The Russian Government has just con-
cluded a contract with the Morris & Cum-
mings Building Company for deepening to a
uniform depth of twenty feet the channel of
the river Neva, between Cronstadt and St. Pe-
tersburg. English parties were very anxious
to secure the contract, but Americans were
preferred.

In the Monmouth county courts, last
week, a plaintiff recovered \$300 for a stolen
dog. The dog was stolen from the plaintiff
by a neighbor who thought him a fool. The
plaintiff was a man of good standing in the
community, and the dog was a valuable
animal. The defendant was a man of bad
standing in the community, and the dog was
a stolen animal. The court found in favor of
the plaintiff, and awarded him \$300 for the
dog.

Rev. James H. Campbell, A. B., Pastor of

the Presbyterian Church of this place, deliv-
ered an interesting and impressive sermon,
on the restoration of Solomon from his de-
generacy into idolatry and other sins. The
text was the 26th verse of the 13th chapter
of Nehemiah. "Did not Solomon, King of Is-
rael, sin by these things? Yet among many
nations was there no king like him, who was
beloved of his God."

The Sermon first detailed the circumstances

of the fall of Solomon, as well as some of
the characteristics which made his reign so
famous. The speaker then showed that al-
though Solomon's sin was a great one, he
was not a bad man. He was a man of great
ability, and he was a man of great piety.
He was a man of great wisdom, and he was
a man of great courage. He was a man of
great faith, and he was a man of great

One bad case of spring fever was reported

as a feeble, feverish boy by the patient him-
self, during the warm weather of Thursday.
We were admonished to keep it quiet, and
the public safety demands a notice of all
contagious.

See the advertisement our friends William

Thanks to "Little Mary Hudson," for a

basket of choice peaches sent us all the way
from Texas. If the schooner Sweeney had been
wrecked we would not have had this fine
present from Little Mary, and—oh! but old
how lucky it wasn't lost! The peaches are
unusually fine.

A sale is to be held at the next door to the

American house, Haddonfield, commencing
on Friday, March 1st, at 10 o'clock. The stock

night until all is sold, commencing as above
at 2 p. m.

Our young townsman Sylvester, Herbert,

who was one of the crew of the ill-fated
schooner Steelman, and suffered hardships
indefinable, is looking much better after a
few days of home rest and care. He has
kindly returned to us more fully than he
was at first, and the walls of the perilous
voyage. The story of his adventures, from
the public beyond New York, was published
last week, and our limited space precludes
an extended notice.
