THE VESPER BELL.

VOL. I.

Ring on, 1-ng on, sweet vesper bell, From out your lofty tow-r; Your silvery a cen's seem to tall How sacred is the hour. Ring, for the day is almost !on 9; A d now, while heaven's blessings fall, So gently, softly, over all, As if in answer to your call Sweet vesper bell ring on !

How welc me were the tones, sweet, ball, One week ago to-day! Since then how many a sad farewell Fond lips have learne 1 to say ! H w many a soul to heaven has gone To win the fadeless diadem ! Sad hearts are left; oh, now for them In tones of sweets:t requiem, Ring, vesper bell, ring on !

And when again, sweet vesper bell, The day of rest shall come; Who knoweth if he still will dwell Here, in an earthly home? How many a task will then be done! Oh, may God keep us in his care; Miy He, Himseif, our soul prep re! Sweet ball you warn us to beware, Bing on ! ring on ! ring on !

The Faithful Lovers;

Something to His Advantage. -

spring air. Otto had heard nothing like it since he had left Germany. "Mrs. Grundy is my cat. That's Old Ludwig Leibhart was a brewer la the good city of Hamburg. He was as rotund as one of his own ale-casks; knows, do not like music." stolld, good-natured and obstinate. Otto bowed with a mock chivalric His wife, Katrine, was his antipode. Fair, blue-eyed, mercurial, tull of "Give my compliments to Mrs.Grundreams and flower-like fancies, she dy, alias Kittykins, and tell her that -flourished under her husband's protection in a strange, beautiful sort of conmust regard her not liking my music as trast to his rude strength. Ludwig a proof of her bad taste." regarded her as something unique-This interview gave a new flavor to being a woman; and, also, being a wo-Otto's monotonous life. WATERFORD.

That long predicted tidal wave that was to

strike our coast with such violence and cause great destruction of life and property, has failed to put in an appearance, or at least its influence has not reached inland this far ; but another wave, and I might term it a which are the largest, the best, the handson great tidal wave of Industry, has struck our est, as well as the cheapest series of book ever published and sold at One Dollar each, community in all departments of business. All are employed in doing something, working as busy as nailers from early morning Thackeray possesses the happy and rare facto the setting of the sun. While all are ity of writing well. She narrates briefly busy none are more so than our farmers. bus early in the season planting and preparing the ground for future planting; and here I would note that some of our farms are of no mean size. One farmer will sow not less than fifty bushels of clover seed, beside other grass seed the present Spring. I only menlouches of art, has a watching power, and is characterized by a charming freshness, a retion this to show that we are getting to be fined humor, an artiess grace, and exhibits a quite an agricultural community as well as fine preception of the various shades of char-

manufacturing center. Still there is room for greater improvements which I have no doubt will come along in due course of time. Your correspondent was not far put of the way about the building of the new city by the sea,---on Brigantine, and about the steamer that is to ply on the Iniet between the new and the old city. One of the parties interested in the project was exhibiting here

a draft of the new steamer, and those who had the pleasure of viewing it, speak very highly of it, and thinks it will meet a want long felt, -- Basy access to Brigantine. Success to the undertaking and as the project originated at Waterford, I would suggest that they call the new steamer "Waterford." It will surprise some of our readers to For want of time many things of note will
