Chestnut Grove Vineyards,

—OF—

Wm. & J. H. Wolsieffer,

—AT—

Egg Harbor City, N. J.

The product of above vineyards consists of

pure brandy of the celebrated "Egg Harbor

Wine." For domestic use and stock room, they

are not taking place of all others. Attention

is directed to our specialty, which consists of the

arrested juice of the grape, being kept in the con-

dition of a permanent fermentation, thus obtaining

a permanent

"MUST."

For this product we retain the original name of

unfermented grape juice, as it is not a "wine"

account of its being so pure and unadulterated or

otherwise. It is a specialty to speak of the

deliciousness of this beverage, as all well read-

ing persons, both in this and foreign countries, are

well acquainted with its merits. For invalids it

is a most valuable tonic, and for the general

benefit, to which numerous Physicians can

testify. Temperance people can have no objec-

tion to the use of Must, and will certainly find

it a most valuable beverage. It is a specialty to

use it for medicinal purposes in preference

to the various wines which are so much in vogue.

Orders will be promptly filled at the following

prices:

Must, six cases of 1 doz. bottles \$4.00

JULIUS HINCKE'S

"Iolink" Vineyards,

EGG HARBOR CITY, N. J.

The Wines made and stored in the vaults of

the "Iolink" Vineyards are the following:

Iolink—A splendid tasting Table Wine,

of a rich and beautiful red color; this Wine

is the best for a weak stomach.

Franklin—Or "American Burgundy," a

more heavy and full-bodied Wine than the

former, of almost dark color and a very

pleasant and smooth taste.

Jennie—A beautiful, sweet-bitter tasting

Wine, of golden color and great richness.

Catawba—A light colored, quite pleasant

tasting Wine—the welcome aid against too

great corpulence.

Of the above-named Wines, vineyards of

five years will always be on sale as per the

following

The population of Atlantic City is 5478.

Large excursions daily on the new road.

Rev. Allen H. Brown dropped in upon us on Tuesday last.

Senator Gardner and ex-Sheriff Adams attended Court on Friday.

Atlantic City has been well represented in the Landing during the present week.

Sunday School commences in the M. E. Church at 2:30, in the Presbyterian Church at 3:30.

The Rev. William Abbott, of Maurice-town, N. J., was in the Landing the first part of the week.

"Sick and in prison and yet visited me." Which of the members of either of our churches discharge their duty?

Mr. George Perkins and wife, of Camden, were among a crowd which arrived Saturday evening on the "Old Reliable."

W. N. Barnard, of the W. J. R. R., was in the Landing on Wednesday, inspecting the "surfacing up" of our new road.

Large quantities of cedar rails cut from Gravelly Run Swamp are being shipped to Millville, over the W. J. and A. R. R.

Capt. S. S. Hudson takes the "cake" as "Boss" sweet potato raiser, having had fine, large ones for dinner on Sunday last.

The churches on Sunday morning last were unusually well attended, owing we suppose, to the cool breezes and the influx of strangers.

Vaughan's ice cream saloon will be open this (Saturday) evening. Two flavors of cream, vanilla and peach, will be for sale. Give me a call.

Judge Scott and his accomplished daughter, Miss Emma, arrived in town on Friday. Miss Emma is to spend a short time with her cousin, Miss Kate Gifford.

Enumerators Gross' corrected list, etc., of Buena Vista Township is as follows: Population, 285, farms, 154; deaths for the census year, 14, buried persons, 3.

In the personal column of the Cape May City papers of Monday last, were the names of George D. Oakley and Capt. Harry Thompson, of May's Landing.

Mrs. John Pennington and son, Capt. Fred, with a Miss Stella Slater, of Brooklyn, arrived per evening train, Saturday, and are recuperating at the Thompson House.

Capt. Dan Gifford arrived home safe and sound Monday evening from a four weeks trip, leaving the schooner Kate E. Gifford unloading ice at Philadelphia.

Messrs. Pennington and Perkins carry off the laurels as fishists, capturing on Monday, about 100 Cape May Goodies, and on Tuesday, an unmentionable number of Perch.

Why in the name of all that is precious does not the overseer of Road District at Gravelly Run, attend to the matter at Calaveras? A horse must wallow in the sand for miles when gravel is near at hand.

Capt. E. E. Hudson is kept quite busy in meeting all the different trains which stop at the Landing, however he is generally on "deck," and all in time too, and more especially so since the improvements of a new track, harness, etc., have been added.

Call on George Strong, "The street fry restaurant," when in the city and try one of his excellent oysters, for which he is famous. Came of all kinds can be found there in season. George is keeping a first-class restaurant and deserves the patronage he is receiving.

Enumerators J. V. Albertson, of Atlantic City, was sitting at the Court House in the Landing on Wednesday and Thursday, for the purpose of corrections, etc., but, like all the others who preceded him, "fancy correction" did not make. The entire population of Atlantic City is 5,478.

D. W. McClain, Esq., will soon open a grocery store under the "Hall." The more the better. Opposition is the life of trade.

A first-class dairy in connection with the store would pay, making a specialty of milk and butter. Try it, there's a nifty in it.

Mrs. Ann Isard, who has been away for more than two months, in Camden, returned Saturday evening, to remain a few days only, when she will enjoy the Camp Meeting at Pottam Grove, having in company with her son, A. Leiden Isard, rented a handsome cottage there for the summer.

The Township Committee, of Hamilton township, met at the Hotel of James Baker, on the 13th inst., and organized a Township Board of Health, in accordance with a law passed last winter. Wm. F. Norcross was made Chairman and Dr. D. B. Ingersoll, Physician of the Board.

Enumerators Hoyt, of Hammoncton, furnished the following report for the town of Hammoncton: Population, 1,766; farms, 157; deaths for the census year, 5; manufacturing establishments on special schedule, 5; manufacturing establishments on schedule, 6; including one woolen mill and one cotton mill, blind, 2.

Capt. John P. Wilson arrived home last week. The schooner Henry Williams left Baltimore, Saturday, where she has been unloading lumber, for Jacksonville, Florida, to reload lumber for New York. The Captain got \$5.75 per thousand clear of freight and commission, and the schooner will carry about two hundred thousand feet.

Russell G. Bing, while carefully practicing with a revolver on Tuesday afternoon last, accidentally shot at Josiah Scull in the side, while running a threshing machine for David Herbert. There are several other boys in May's Landing who are in the habit of carrying pistols. Their parents should be made acquainted.

The State Trenches of Philadelphia, probably one of the best drilled organizations in the country, have been compelled, owing to their inability to get their proper quarters for the entire command at any one place, to disperse their troops.

They had intended visiting Cape May on the 22d of August. They will go to Atlantic City on August 24th—Cape May Star.

Overseer Fred N. Moore is doing some edifying work, concerning which we have heard favorable comment. Instead of waiting until freezing weather he is doing at this, the only proper time, that is, during the dry and hot weather. Many Overseers defer the matter till there is nothing else to do and then "put in" time on the roads, thereby causing regular mud holes for wicker travel. Now is the accepted time, Fred, and don't forget the low places.

The Trenton Business College has just closed one of its most successful years. The catalogue just at hand shows 220 students enrolled in the different departments, and contains engraved specimens of students' work done at different intervals, showing most surprising results. It seems hardly possible that such changes can be made in so short a space of time. They speak volumes for this ready popular institution, and show that its corps of teachers are masters in their profession.

We were introduced to a gentleman in the Clerk's office, on Monday last, from Buena Vista, who said "fanning" himself, and who looked very much fatigued indeed. Upon asking him with the usual salutation, "Hot morning, is it?" he replied, "Yes, but not so hot as walking down Buena Vista, but not so hot as the conversation he has, or modified his statement slightly by adding, "Well I don't walk quite all the way down, though I might as well, for I walked from the top down to the bottom."

Somers T. Champion returns the following census report of Egg Harbor Township: Population, 3,574; farms, 266; deaths, 57; number of paupers in County Almshouse, 31; acres of tilled land, 4,018; value of live stock, \$40,000; wages paid for farm labor in 1879, \$10,000; total value of farm productions, \$20,849; gallons of milk sold, not including quantity used, 25,287; butter made, 15,000 lbs.; dozen of eggs, 28,800; acres in corn, 1,200; bushels of corn, 28,740; acres in wheat, 418; bushels of wheat, 4,808.

A beautiful "Cardinal" (red bird) belonging to Charlie Scull, which has been injured for nearly two years, succeeded in liberating himself on the 10th day of July. He was caught in an old quilt trap on Pennington's Point, just at the beginning of the winter of '78. "Tis supposed he made his exit between the wires of the cage. He is a beautiful singer and by his sirens tones, has fascinated a "female," who in company with him, daily visits his old "haunts" and both roost every night in the maples standing in the yard of his former home.

On Sunday last Judge Scull, of English Creek, drove to church as usual, and tied his horse in a shed near by. During the service his horse was struck by a horse, and for a time was almost unmanageable. On Monday the Judge used the same horse to attend the funeral of an old resident, Mrs. Mary Scull, at Asbury church. The horse was tied to a fence near by, and on being touched by a bush or briar again became restive, and began to kick. During the performance the Judge was kicked in the back, and it is feared that he may be severely injured—Atlantic City Times.

That wonderful thing, a Columbia Bicycle, was in town last Saturday. The names of George D. Oakley and Capt. Harry Thompson, of May's Landing.

Mrs. John Pennington and son, Capt. Fred, with a Miss Stella Slater, of Brooklyn, arrived per evening train, Saturday, and are recuperating at the Thompson House.

Capt. Dan Gifford arrived home safe and sound Monday evening from a four weeks trip, leaving the schooner Kate E. Gifford unloading ice at Philadelphia.

The Captain got \$5.75 per thousand clear of freight and commission, and the schooner will carry about two hundred thousand feet.

Before the opening of the present season, Capt. R. S. Bellis, of Camden, conceived the idea of establishing life saving stations at various points on our beach, to be supported by voluntary contributions from citizens of Philadelphia—who are in the habit of visiting Atlantic City. He began at once to make collections for that purpose, and in a short time collected over a thousand dollars with which he was to equip stations and employ the necessary force to man them.

He went to all the principal newspapers in Philadelphia and announced that those who wished to be remembered for their services by having inscriptions named after them, and by having anchors near the beach, and by having monuments to the name of their benefactors, should send their names to the "Mite Magazine" which is the chief source of entertainment for the evening. Mrs. J. R. Bartlett is the "Engineer in Chief," assisted by Miss Maudie Hudson. The reading of the Magazine consumed about one hour, and during that time, such names as were given, were given. The editor thought that "judging from appearances, some monkeys had escaped" from a passing menagerie, and that the price of sand paper must advance. Dr. D. B. Ingersoll was appointed "Editor in Chief" for the September number of the Magazine, with Miss Lucy Hudson to assist.

The committee, selected to provide the entertainment for the September number of the Magazine, consists of Mr. J. R. Moore, Miss Anna Smallwood, and Mr. F. B. Glover. Much interest is manifested in this auxiliary of the church, and under the efficient management and wise "conductorship" of Mr. Bartlett, it is moving gloriously forward.

Thursday morning, while Mr. Caleb Warner, city lamp-maker, was in the act of refilling one of the naphtha street lamps on Decatur street, while it was still burning, by some accident, the naphtha was overruled and dropped on a small boy (son of Warner) standing under the lamp.

The oil was ignited in a flash from the burning lamp, setting the boy's clothing on fire, very badly burning his neck, face and one ear, and singeing his hair and eyebrows. Mr. Warner also had his hands and arms severely burned in endeavoring to save his boy from being burned. Dr. Kennedy rendered medical aid to the boy, and at last accounts he was doing well. It was a narrow escape from what might have been a fatal burning.

This accident always the subject of conversation on the part of those engaged in handling the treacherous stuff—Cape May Star.

Elwood.
This village is awaiting with no little anxiety the result of a new application to the Board of Health for the abatement of the nuisance of the Elwood. The matter stands open until Saturday, the 24th inst. Elwood Parkhurst, Chairman of the Township Committee has resigned, and who Joe Langham has disposed of some five hundred dollars' worth of real estate, and has contracted to build a nice cottage for the purchaser. Thomas Langham is about to remove to Philadelphia. Charles R. Colver has thirty acres of upland on the outskirts of New Jersey, and is about to build a paper mill at Pleasant Mills, being pushed forward with completion.

Professor Cooke, in a recent paper read before the Middlesex County Farmers' Club, on the subject of the value of manure, estimated that in New Jersey, 30,000 farmers in New Jersey, 30,000 farmers, 30,000 horses, 30,000 farm laborers, and 30,000,000 capital stock, which produces annually \$10,000,000. There are 6,000 manufacturers, with 50,000 horse powers and 75,000 operatives, with \$20,000,000 capital, which produces \$100,000,000. For the improvement of farms and the increase of crops more than 100,000 tons of purchased fertilizers are used in New Jersey every year. The hay crop amounts to more than 500,000 tons a year. New Jersey is the largest cranberry-growing State in the Union. The crop last year was 75,000 bushels.

"You see," said a lively old Aberdeen bachelor, on being advised to get married, "you see I can't do it, because I could not marry a woman I didn't respect, and it would be impossible for me to respect a woman that would consent to marry me."

At Dieppe, in France, the following notice has been issued by the police:—"The bathing police are requested, when a lady is in danger of drowning, to seize her by the dress, and not by the hair, which often renders them in their grasp. Newfoundland dogs will govern themselves accordingly."

The green apple season is here, and while we do not advise you on such well known subjects as we are writing the small boy that unless the seeds are white and the flesh bluish and pucky, they are not up to the green apple standard. All others are fraudulent.

A teacher of the primary said recently to an acquaintance, with whom he was talking at the door of a house:—"My dear friend, just wait a moment; I am only going in here to give a lesson."

Tanner cockles are all the rage at Ocean Grove. They are very adding once you have cracked the first three courses of the rainbow. They are considered very health and fattening.

"I didn't know," said an old lady, as she laid down her newspaper, "that thieves were so well posted as to advertise for a reward for their discovery."

Society, not being very strong, does not always demand strong society plays; and yet society ladies to the tears at a performance that it does not shed at home.

Two Bridgeport children playing with a cat pulled it so violently by the legs as to kill it. It must have been a very cheap cat.
