FACT VERSUS FALSHOOD.
In criticizing the press articles of the Church apostolic one has to be somewhat guarded in his expression and assertions, as he cannot discover, by any sort of journalistic psychology that ever we heard of, whether the subject-matter was found by the nominal editor of the paper or by some dignitary of the Papal Hierarchy. However in the case at hand it makes little or no difference. We do not desire to make war upon the journals aforesaid nor have we more intention of treating them discourteously than of those of a secular nature. We do not credit for speaking the truth when that specific truth lies within the legitimate sphere of our editorial labors, and, conversely, to accuse them of lying under similar circumstances. And this too, whether the "truth" or "falseness" be in the editor's office or charge or one of the before-mentioned prelates.

In the last issue of the Standard, a Catholic newspaper published in Philadelphia, allusions are made to "manifestations of anti-Catholic bias" on the part of certain citizens of May's Landing the day after the terrible railroad disaster, and say: "no one of these Dr. Gill was conspicuous together with another individual whose name we were unfortunately unable to learn. When Father Quinn, in behalf of sorrowing relatives and friends, was endeavoring to explain the transferring of the wounded to cars for removal to Philadelphia, where they might receive proper medical treatment, and the assistance and comforting presence of their relatives, two persons interposed, and did all they could to delay the removal of the sick and wounded to the care of their friends. . . . This is a fact." This is no possible error of statement. It is no piece of newspaper recklessness or expression or distortion of facts. Any avenue of escape in this direction is closed by their emphatic assertion "this is a fact."

Our reply can be condensed in as few words: This is a falseness. No one—Dr. Gill or any one else—ever showed the least inclination to prevent the removal of the sick and wounded to their homes in Philadelphia, or anywhere else. If the readers of the Standard have the right and ability to think for themselves their own judgment will give the lie to the statement: "for what possible cause could be assigned for such conduct other than a general and subtle aversion of animosity upon all participating. The most hindrance was shown to the sufferers, one and all, during their stay in the Landing; and, when occasion for their removal presented itself, a number of gentlemen not only assisted in every way possible the transfer of the unfortunate to the cars, but accompanied them themselves. The only difference of opinion manifested was in relation to the removal of the bodies of persons deceased. This, as every one at all conversant with the laws of the State of New Jersey knows, cannot be done until after the Coroner of the locality in which the deaths occur has officially acted.

We do not believe, moreover, that Father Quinn gave utterance to the ultra-fundamental statement. His conduct here, so far as we are able to gather, was both courteous and dignified; and if he was correctly reported by the Philadelphia Press, he paid the elegant tribute to our people in his funeral discourse last Sunday at the obsequies at St. Ann's.

RECORDISM.
The Philadelphia Record of Tuesday last, in reporting the evidence of Charles Abbott, Esq., before Coroner Izard, in the matter of the late collision, refers to him as the soundly sleeping lawyer because he did not box the witness until the next morning. This light-hearted daily was as accurate in their showing up of this matter as any other paper in the city. It is not a wonder that Dean Buchanan sought refuge from his troubles by a plunge

LOCAL DEPARTMENT

Arrival and Departure of Trains. On and after the hour of noon, JUNE 10th, 1880, trains on the Atlantic City and Egg Harbor City Railroads will arrive and depart as follows:

Our Churches. PRESBYTERIAN CHURCH, Rev. J. W. Campbell, Pastor. Services on Sunday at 10:30 a. m. and 8:00 p. m.

Our Lodges. WETTY LODGE, No. 16, meets in Hall over N. Mathey's Store, on the second of every month and third Tuesday of each month.

Building and Loan Association. Building and Loan Association meet on the first Monday of each month.

Thermometer still above zero. Lots of newspaper men in town. The flies are nearly all paralyzed.

Watermelons are down to five cents. Ice for sale by B. D. Mattix & Co. Not so much excitement this week. Mosquitoes are in favor of fresh trade.

The crop of pears for 1880 is excellent. Music is being used as an antidote to the cool snap. Don't get mad if you have been drawn on the petty jury.

Go see the five-cent counter at B. D. Mattix & Co's store. B. D. Mattix & Co. are selling dry goods cheap for cash.

Mr. L. W. Scott, of Philadelphia, was in the Landing last week visiting. A faint attempt was made to induce a croquet match, but with little or no success.

Capt. Lewis Pennington, of New York, stopped in the Landing one day week before last. John Vaughan will give a practical dissertation on "Ice Cream," on Saturday evening next.

B. D. Mattix & Co. will sell you shorts delivered at your homes—at ten per cent. below city retail prices.

Our thanks are again due to Mr. Webster for not forgetting us in his agricultural visits to the Landing.

The Atlantic City Times says there is no disguising the fact that the season there is visibly approaching its end.

Mr. Lewis Ramsay, a former resident of the Landing, has been making a two weeks' visit here in visiting relatives.

George Washington never told a lie, but he never failed the editorial chair of the Catholic Standard or the Sunday World.

B. D. Mattix & Co. have excellent flour for 75 cents per quarter, groceries at the lowest prices, and deliver them at your house.

Mr. C. E. P. Mayhew has procured a large and full assortment of sewing machine needles, which he offers at a very low price.

A gentleman asked us the other day to change a \$5 bill, and this a printing office, too! Such ignorance, for the nineteenth century, is past belief.

Judges Byrnes, Seall and Cordery, associate judges for Atlantic county, were at the county seat on Tuesday, to draw the petty jury for the next term of court.

Miss Endicott, who sprained her ankle some three weeks ago, is rapidly recovering, and will probably resume her place at the organ in the Presbyterian Church shortly.

The sweet strains of the Adagio movement in the first of "Wein, Wein, und Gesang" waltzes, fell upon our hearing an evening or two since, with a sense of infinite calm.

Rev. Mr. Sykes and family arrived in May's Landing on Monday afternoon of last week en route for Ocean City. Mr. Sykes was formerly the pastor of the M. E. Church here.

The Mite Society of the M. E. Church cleared over \$25 by their first three weeks ago. The moneys to be used toward purchasing an organ for the use of the Society.

Miss Grace Lilly, one of the victims of the late railroad disaster, who has since that time been at Col. Baker's, died on Wednesday morning. Her remains were taken to Philadelphia.

Mr. Allen, with her daughter Ella, of Philadelphia, arrived in this place on Thursday evening of last week and departed the following Monday. They were the guests of Capt. T. Endicott.

The Philadelphia Journals were represented in May's Landing last week by a group of as versatile intellects as pleasant and obliging gentlemen, and as happy a party as ever graced a reportorial table.

Mr. Abernethy has been appointed Supervisor of the Camden and Atlantic City Division of the West Jersey Railroad, vice R. J. Wilson, resigned. He entered upon the performance of his duties last week.

The grape crop for this year is the largest since 1874's memorable yield. The bunches are large and well filled, and the flavor of the Concord variety—the one which we have tasted—are very fine. Prices are comparatively low.

Vaughan is still supplying the top cream and the appearance is long. We can testify to the flavor and quality of his flour and accommodating tender.

Received from the New Jersey Experimental Station the following quantity of seeds. After full and careful examination, the reports for the benefit of our readers, who may wish to use them in making their purchases.

One is an analysis, by the different kinds of seeds, of the quantity of water, after full and careful examination, the reports for the benefit of our readers, who may wish to use them in making their purchases.

Notice to Teachers. The next examination of candidates for teacher's certificates will be held in the School House at 2:30 p. m. on Saturday, August 22, 1880, commencing at 8 o'clock A. M.

S. R. Monse, County Superintendent, Atlantic City, August 11, 1880.

Rev. George S. Campbell, of Philadelphia, Pa., exchanged pulpits with his brother last Sabbath, preaching in the morning in the Presbyterian Church of the Landing, and at Tuckahoe in the evening.

There came near being a spooling in town the other day, rivaling all others for the long time back, and throwing them all into shade. The principal cause was the "gentle" sex; the motley, an immense angry, the result, a farce.

The associating Col. Baker with the American House in the report of the railroad disaster in last week's Record, was an error for which the local reporter wishes to apologize. Col. Baker and the Union Hotel are the gentlemen and house intended.

Miss George W. has an alto voice which for volume, compass, or clearness and purity of tone, we never heard excelled in one so young. She has a nicely discriminating ear, and readily recognizes a change of key, though not knowing anything of music.

Mr. Ella Hudson, wife of Captain R. E. Hudson, of this place, died of paralysis in May's Landing, on Saturday, August 17th, 1880, in the sixtieth year of her age. The funeral services were conducted at the residence of Capt. Hudson, by the Rev. Mr. Stevenson, on Thursday, the 12th inst. Interment at Union Cemetery.

The largest man we ever saw in the flesh was brought to the Excursion office last Wednesday. They were as large as some of the "Blister" Ferry, or Landreth chronos represent them. Mike Wolbert brought them, of course, and says they were developed and grown in accordance with evolution principles.

A small porpoise containing twelve—thirteen small amount of hard money was found on the street one day this week by a gentleman who left it in this office to be returned to the owner. He or she can have it by proving property and paying the compositor for setting this notice.

Those who "don't like poetry" will have a treat this week. "You Kissed Me" is one of the most passionate descriptions ever read, and its companion, "I Kissed You," is brilliant in humor. The two together form a pair of whole cases full of novels, and are suggestive of the Shakespearean line: "Look at this picture and then on this!"

A portion of the Berlin community has been haunting the vicinity of the R. R. depot for several weeks past, and if their visitation last Saturday evening will take process from the U. S. Court to the "junct" then perpetually. They ought to know that the sanctum of a Republican editor is the last place in the world to look for a United States Senator.

John Pennington, Esq., of New York, after a three week's sojourn among the pleasant people in the world—the residents of May's Landing—took his departure for New York on Thursday last. Mutual regrets were expressed, promises of another visit were made, and the guests at the Thompson House lost one of the many gems soon to follow.

Rev. J. G. Campbell, the pastor of the Presbyterian Church in this place, left a fortnight on his return to Philadelphia, Pa. He cordially wishes his people to be united in their numerous relations in that place, and hope the relaxation will be profitable to him in preparing for the winter's arduous work in the calling to which he so acceptably fills.

The New Jersey Cranberry Growers Association will meet in Mount Holly on Tuesday, August 24th. Business of vital importance to all cranberry growers will be presented for the consideration of the meeting. As this has now become one of the leading industries of South Jersey, we expect to be able to chronicle a full report of the meeting.

The Camden and Atlantic Railroad Company have made arrangements for a grand excursion to Lakeside Park on Wednesday, September 1st, 1880, to be composed of churches, Sunday schools, and other select organizations who may desire to participate. The fare from May's Landing will be seventy cents for the round trip. See the advertisement in another column.

Rev. J. G. Campbell writes us from Philadelphia, Pa., under date August 10, 1880: I arrived here safely yesterday, and had a very cordial welcome from all my relatives. I shall enjoy myself "in vacationing" here till Sept. 4th, when I hope to return to my parsonage so as to officiate on the following Sabbath. Remember me kindly to all my friends.

With best wishes, &c., J. R. CAMPBELL.

Mr. C. E. Morse doesn't forget that he was once a citizen of the Landing. Last Friday, immediately after the morning adjournment of the Coroner's inquest, Mr. Morse and a reporter of the Philadelphia Record were sitting in our office, and the latter having occasion to refer to the jury, made a remark somewhat derogatory to the intelligence of the said gentlemen. Mr. Morse took up the cudgels in behalf of his former town's people at once, giving him a by no means easy handling, and forcing the Record man, as a matter of pure courtesy, to retract everything he had said. We are sorry it did not result in a gift upon the gentleman. No one would have known from Saturday's Record that the report had changed his mind half a dozen times in the writing of the article appearing today in issue.

One of the events of the Atlantic City season will be a grand double excursion to the Camden and Atlantic Railroad to take place on Tuesday, August 24th. Two special excursion trains will be run both ways to accommodate passengers. Treuwith's Sea View Excursion House is to be the chief attraction—"Fatinitza" and "M. S. Paradise" being in preparation for redemption at that place by the Juvenile Opera Company of Zimmerman. A grand display of fireworks will be given, in the evening, under the direction of J. P. Jackson, one of the most successful pyrotechnists in the world. There will also be a grand illumination from the high tower of the Sea View House by a number of calcium lights. Fare from May's Landing, including admission to both performances, 75 cents; to be had at the ticket office. A special train will leave May's Landing at 7 o'clock.

Notice to Teachers. The next examination of candidates for teacher's certificates will be held in the School House at 2:30 p. m. on Saturday, August 22, 1880, commencing at 8 o'clock A. M.

Notwithstanding the inclemency of the weather a large party of relatives and friends gathered at the residence of Capt. and Mrs. Fred. Boies, below Absecon, Wednesday night, the 11th inst., to enjoy with them the occasion of the twentieth anniversary of their wedding. There were present the aged father and mother—Peter and Mrs. Boies—Capt. Abel Heuben and Jonathan Babcock and wife, Henry Boies and wife, of Camden; Dr. and Mrs. Lewis of Camden; Mr. David Jagutte and wife of Philadelphia; Capt. and Mrs. Ireland, and the aged mother of the estimable bride, of Somer's Point; Mr. and Mrs. Hopkins, of Philadelphia; Miss Charlotte Chambers, of Atlantic City; Mr. and Mrs. Peter Risley; Capt. and Mrs. Daniel Waters; Misses Annie and Sallie Boies, Miss Smith, of Brooklyn; Mr. Ezra Boies; Mr. Will, Donahue; Mr. Peter Babcock; Mr. Hannal Ireland; Capt. and Mrs. Collins, and many more whom our correspondents could not remember. Rich and beautiful presents were made—some of them costly. The bride was arrayed with everything that could be desired, and, after a good time generally, the party dispersed at a late hour.

Refreshments may be obtained on the grounds at reasonable prices, or parties can take their own refreshments if they prefer.
