TRY THIS TEST.

And see if your Kidneys are Diseased.

A very simple way to determine whether your kidneys or bladder are diseased is to put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a cloudy, ropy or stringy appearance, if it is pale or discolored, you do not need a physician to tell you that you are in a dangerous condition. Dr. David Kennedy's Favorite Remedy speedily cures such serious symptoms as pain in back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, and the staining of linen by your urine. The Rev. Aaron Coons, D.D., pastor of

the M. E. Church of Rhinecliff, N. Y., says: "I most sincerely believe that Dr. David Kennedy's Favorite Remedy is the best kidney, liver and blood medicine made, and urgently recom-mend it, for I know by experience it will do all that is claimed for it."

"Payorite Remedy" is a vegetable help to the stomach and bowels in performing their duties properly. It overcomes and permanently cures dyspepsia, indigestion biliousness and rheumatism. It is abso lutely harmless and purely vegetable. It contains no narcotics or minerals in any form, no dangerous stimulants, no mereury or poisons, and is the only kidney medicine that does not constipate. It is for sale by all drugglets in the

BATURDAY, SEPTEMBER 12, 1903.

THE American farmer is not concerned

over stock quotations. He is too busy hustling for help. WHEN two or more Tariff reformersare gathered, there is confusion also. No Frisior Wednesday.

two are likely to agree on changes that they think the country demands. HERE are the truths under which we

conquer; Protection to American capital and labor through the American economic system; arrest of all combinations whose aim or enterprise is to defeat the beneficent purpose either of the Tariff law or of the SHERMAN law.

STATISTICS tells us that the customs receipts during the last fiscal year amounted to \$283, 891,719. Their magnitude suggests that the best Tariff for revenue is a Protective Tariff and not a Tariff for revenue only. Whenever the Free-Traders have attempted to frame a Tariff on the latter lines it has invariably resulted in a deficit. High duties properly applied promote production in our own country, and, through the consequent prosperity, enable us to ircrease our imports of articles which we do not really need, but which, with the perver nity of human nature, we are willing to pay more dearly for on that account.

Pleasantville Won Out. The local Association journeyed to Pleas-

antville last Saturday afternoon and in one

of the most interesting, exciting and quickly-

played games witnessed at that prosperous

Borough this season were defeated by the score of 5 to 0. The contest was full of pretty plays and the audience was kept continually applauding. NOTES OF THE GAME. Bob Abbott caught a good game.

El. Long has the make-up of a coming twirler. Snyder made several sensational catches in

Soth fielded his position at short errorless.

Pat Souders surprised the crow with his excellent work in right field.

Wilmer Abbott, barring that dropped thrown ball, played a good game at first. Breder played a great game at third and his The local Athletics in a seven-inning con-

test at Pastime Park last Saturday defeated the Ocean City team by the score of 7 to 5. The Association will journey to Tuckerton returned home last Saturday. this afternoon and do battle with the strong Jack Harrar again demonstrated his ability

to cover second sack by gathering everythin in that territory. He also cracked out two corking singles Young Mueder pitched a magnificent game

allowing the Pleasantville sluvgers only eight hits off his delivery. He was given good support by Al. Abbott behind the dish.

17ain at 8.06 c. m. Excursion tickets, good for return passage on any regular train, exclusive of limited express trains, within ten days, will be sold a \$10.00 from Philadelphia and all points on the Delaware Division; \$11.25 from Atlantic City \$9.50 from Lancaster, and at proportionate rates from other points, including Trenton. Bordentown, Mt. Holly, Cape May, Salem, Wilmington, West Chester, Reading and principal intermediate stations. A stop-over will be allowed at Buffalo within the limit of

ticket returning. The special trains of Pullman parlor cars and day coaches will be run with each excursion running through to Niagara Fa'ls. An extra charge will be made for parlor-car

An experienced tourist agent and chaperon will accompany each excurion. For descriptive pamphlez time of connects ing trains and further information apply to nearest ticket agent, or address Geo. W. Boyd, General Passenger Agent, Broad Street Station, Philadelphia.

Death of Mrs. Martha McKeague. Mrs. Martha McKeague, one of the best known citizens of the County and wife of Mr. John McKeague, of Hawkinsville, died at her residence early Thursday morning, September 3d, after a lingering illness of dropsy,

Deceased had been afflicted for over two never known to complain and endeavored to make things cheerful to abose around her by her kind words and pleasant manner. For over 32 years she had been a devout member of the Methodist Episcopal Church and was an earnest worker for the Master.

The funeral occurred last Saturday from

ber late residence and was largely attended by relatives and friends. Services were conflucted by Reva. H. M. Blake and A. C. Appar. of Tuckahoe. A choir sang several favorite elections at the request of the deceased be-Pore ber demise. Also at her request, six ions, Messra Daniel, Edmund, George B., William, Seymour and Frank, acted as pall bearers. The floral offerings were beauliful and many. Interment was made at Head of Blver Cemetery. A busband and tenchildren, hine sons and one daughter, survive.

full days labor, returned into Court late Thursday afternoon and through Foreman Donnelly, presented sixty-two bills of indict-In addition to the big batch of indictments recorded, the Grand Inquest also made three Fred. B. Gross, assault and battery, not special presentments to the Court upon matspecial presentments to the Court upon matters of vital import to the County. One of these special presentments deals with the absence of any-suitable place to detain youthful offenders as witnesses at the County Jail as the law requires. It reads: "To the Over and Terminer and Court of

narter Session of Atlantic County: "The Grand Jury, in the performance of its public duties, observes with regret the failure of the County to previde a place for the detention of young offenders, where they may County Women's Christian Temperance Union | be separated from | be bardened criminals. "The demoralizing influence which the vicious and deprayed exert upon a boy or girl, even for a few days' or weeks' confineto his right hand Monday by the allp of a ment, is beyond salculation. Wherever knife, it was feared at first that blood thoughtful consideration has been given to this subject, the public authorities have pro-

vided a place for such cases We earnestly recommend that the Board of Chosen Precholders provide accommodation for this class of offenders, where they shall be free from baneful influences. "We note, also, the lack of proper toilet accommodations at the Court House. These may be supplied at small expense. Une or or two additional rooms should also be provided, where litigants may meet and consult with their witnesses and counsel. These rooms should connect with the present audi-

ance room, and in this way relieve the crowded condition of that room." The presentment by direction of Justice Hendrickson was read in open Court by Clerk the Court set Monday, October 12th as the day Scott. His Honor taking cognizance of the for trial. vou the great benefit I E. Pinkham's Vegeess in its worst form and . my household duties, my not eat or sleep, and the pent hundreds of dollars prescribed failed to do me sician said was necessary

to restore the to hearth, but I sattered more after it than I did before; I had hemorrhages of the womb that nothing could seem to stop. "I noticed one of your advertisements and wrote you for advice, I received your reply and carefully followed all instructions. I immediately began to get stronger, and in two weeks was about the house. I took eight bottles of Lydla E. Pinkhain's Vegetable Compound and continued following your advice, and to-day Isam a well woman. Your remedies and nelp are a Godsend to suffering wemen, and I cannot find words to thank you for what you have done for me." - Mrs. LOTTIE V. NAYLOR, 1828 N. J

"DEAR MRS. PINKHAM :- I write to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. "I was suffering with falling of the womb and could hardly drag about, but after taking five bottles of Lydia E. Pinkham's Vegetable Compound I was completely cured. I am now a well woman and able to do all

"I think your medicine one of the best remedies in the world." - Mrs. J. M. LEE, 141 Lyndal St., Newcastle, Pa. "DEAR MRS. PINKHAM: - Lydia E. Pinkham's Vegetable Compound has done a great deal for me. I suffered so much from falling of the

womb and all the troubles connected with it. I doctored for years with doctors and other remedies but received only temporary relief. "I began taking your medicine, and had not taken it long before I was feeling better. My husband said that I should keep right on taking it as long as it gave me relief from my suffering, as I could not expect to be cured by one or two bottles. I did so and am now able to be on my feet and work hard all day, and go to bed and rest at night. Thanks to your Vegetable Compound I am certainly grateful for the relief it gave me. It is the mother's great friend. I would not be without it in my house, for when I feel tired or out of sorts I take a few doses and feel all right.

'I would recommend your medicine to all tired mothers, and especially to those suffering as I was." - Mrs. R. F. Chambers, Bennet, Neb.

We play Blind Man's Buff and Hide-and

Esst and Unexplored Country. Transcontinental railroads seem to be the order of the day, says the New | York Tribune. The United States was, of course, first with such an enterprise, and is still easily first in the number and importance of such roads. Canada came second and still maintains that rank. Now Russia, has practically completed, one across the Eurasion continent, which promises one day to be of great industrial as well as of strategic importance. The Argentine Chilean road across South America will some time rank among the great lines of the world, though it is not so long as these others. Cecil Rhodes' enterprise of a railroad. not across but from end to end of Africa, is being pushed to completion with characteristic British energy. Latest, but by no means least interesting, is the railroad across Australia. The latter is not a national, but a state undertaking. It is the work of the State of South Australia, which is distinguished among the members of that commonwealth by possessing a continuous territory across the continent from south to north, from great Australian bight to the Gulf of and the Arafura sea. As in the case of the North American, Eurasian and African continents, the telegraph has been the precursor of the railroad and for years there has been a stretch of wires across Australia from Adelaide to Port Darwin Nevertheless; much of the heart of the continent is still unsurveyed and unexplored. The regions around Mount Wistencon and Lake Amadeus are almost as unknown as they were in the days of Stuart. All that can confidently be said of them is that ther are a supremely savage, wilderness, with one of the most inhospitable climates in the world, the temperature ranging from arctic cold to more than equatorial heat.

ANOTHER GREAT RAILROAD.

Line Across Australia to Penetrate

This enterprise is no small one Those who have hesitated whether to consider Australia a continent or an island may be convinced by notice of the figures in the case. There is a airendy railroad ranning up from Adelaide to Oodnadatta, near the head of Lake Eyre, a distance of 688 miles. There is also one running from Port Darwin south 145 miles to Pine Creek But between toem lies a gap, yet to be spanned, of no less than 1,063 miles. When that gap is filled the trans-Australian railroad will be complete, with a length of almost 1,000 miles. That is surely enough to establish Aus tralia's title to continental distinction. Moreover, there will then be a continuous rail route from Melbourne to Port Darwin of 2,343 miles, and one from Freemantle to Port Darwin of 3,114 miles. It is, indeed, a country of magnificent distances...

ILL-NATURED AT BREAKFAST.

Where Men Are Said to Differ from Their Sisters and Wives, "I think my business affords me the best opportunities in the world for judging human nature," said an obervant Avenue restaurant keeper. and my observations have led me to he conclusion that woman, with all ict 'nerves,' are much more good-temered than men, and there is no greater test than at breakfast. The only work that lasts is that which comes first in our lives. As soon as our pleasures begin to rule us we begin to rue them.

COMPOSITION OF THE BRAIN.

as in Other Parts of the Body. Whether it be the brain cell of a most part are in apparent good hu. glow-worm or one trembling with the harmonies of Tristan and Isolde, the stuff it is made of is much the same; it is a difference in structure, apparbrain or nerve cell and that of the muscles or the skin seems reducible mainly to a difference in the proportion of two substances water and phosphorus. Lean beef, for example, is from 70 to 80 per cent water; the brain is from 90 to 95 per cent water. And a brain or nerve cell maw contains from five to ten times as much phosphorus as, let us say, the cells of the liver or the heart. The actual quantity is, of course, extremely small by weight but a fraction of 1 per

About three pounds avoirdupols of this very complex phosphorised stuff make up an average human brain. There is a lot more of it distributed down one's spinal column, and little plexuses all over the body, wherever group of muscles are to be moved; and others still, the sensory or feeling nerves, which are everywhere. It s hard to find a embical half-inch outside the bones where they are not All told, the nervous substance, which for the sake of making its functions clear I have called the matter which thinks, forms a not inconsiderable portion of the body outside of the bony skeleton. It is made up of distinct and separate units, for the most part extremely minute, though some attain a length of two or three feet. These units, for lack of a more misleading name, are called cells. The "cells" which run from the small of your back down into your toes and wiggle the same or inform you when cough which prevents sleep will find the brain slone range from 60,000,000 and Nerve Tonic." 10c.

Catarrh of any organ, if allowed to progress, will affect the whole body. Catarrh effect a cure.
