SATURDAY, SEPTEMBER 13, 1870.

The Republicans elected the entire congressional delegation at the recent election in California.

Our thanks are due Hon. J. Howard Pugh, late Congressman from this District, for valuable public documents.

The election Maine resulted in a complete Republicitory. Both branches of the Legislature will have a majority of Republicans..

General Hood's orphan childers are likely to be cared for. The fund raised in Georgia, it is said, will reach \$10,000. Movements are on foot both North and South to pattern after this generous alacrity. The bereavement of these children is an unnaually sad one and appeals to the hearts of every father . and mother in the land.

For schedule of premiums, address H. I. BUDD, Cor. Secretary. Ang. 16, 1879. Hounty Holly, N. J.

Chestnut Grove Vineyards,

The product of above vineyards consists of pure brands of the celebrated "Egg Harbor Wines." For domestic use and sick room, they are fast taking place of all others. At-tention is directed to our speciality, which consists of the sweet juice of the grape being kept in the condition as it leaves the press, by entirely preventing the usual fermentation, thur obtaining a permanent "MUST." For this, product, we retain the original

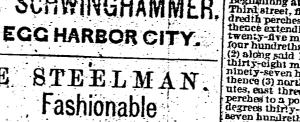

"MUST." For this product we retain the original name of unfermented grape juice, as it is not a "wine" on account of possessing we spirit-nous or ofcoholic properties. It is needless to speak of the delightfulness of this beverage, as all will readily perceive, that it is equiva-ient to consuming the delicious grape in liquid form. For invalids it has proven most exhiberating and highly beneficial, to which numerous Physicians can tentity formula

contersting and highly beneficial, to numerous Physicians can testity. To ance people can have no objection to th of Must, and will certainly hall it as a protect of their causa. Churches are us for secramental numerous in protection for sacramental purposes in preference to the various boiled julces, as they begin to dis-cover the positive keeping qualifies of Must. Orders will be promptly filled at the following

A Wolf Story.

A remarkable wolf story is that told and one of unleached wood ashes, Il they are at hand, and if not, add a little by Mr. Christ. Pahl, of Buffalo townpulverized saltpetre in their place. The ship, lowa. He brought a wolf's skull liet and treatment should be such as into the county auditor's office, and to counteract any tendency to inflammasaid he had prepared it for the zoologtion or swelling, otherwise suppuration may result, which, when it occurs in such cases, is often impossible to heal. A Virginian writes in praise of corn,

dog and cat, and that these three were not only as the best food for laboring as friendly as could be. In fact, the men, but for domestic animals of all hundred and seven feet below the roaring kinds. He states that the usual rations wolf seemed as tame as though he belonged to a tribe of domestic animals except in one particular. He would deyour chickens, and no amount of punishment that would leave him alive could cure him of his love of live poultry. Mr. Pahl had a son ten years of age, between whom and the wolf there most exclusively on commeal, and they was almost constant intimacy and warm friendship. They would wanwhile wandering curs devour it on the der all about the farm together and frolic every day; but love for the boy had not effect on the wolf's taste for fowls. When the beast's food was
