

FITS! FITS! FITS!

QUESTIONS OF FITS, FITS, FITS

It is generated by the action of the sun's rays upon damp clothing, and is the result of the action of the sun's rays upon the moisture which is retained in the fabric. It is a most annoying and often a most dangerous disease, and is one of the most common causes of the disease known as "Fits, Fits, Fits!"

The following is a list of the most common causes of "Fits, Fits, Fits!"

1. Damp clothing.
2. Sunlight.
3. Moisture.
4. Heat.
5. Cold.
6. Wind.
7. Rain.
8. Snow.
9. Ice.
10. Frost.

It is a most annoying and often a most dangerous disease, and is one of the most common causes of the disease known as "Fits, Fits, Fits!"
