Notaries Fee for Taking Affidavits According to a recent decision of Attorney General McCarter, notaries public in this State are entilled to charge but 12% cents for taking acknowledgements or amdavits in stead of the usual fee charged of 25 cents. #4 5:0. This decision was brought about by a tewark man, who wrote to Governor Stokes, elating that a case had come under hinotice where a pension agent had charged a inman 25 for acknowledging an affidavit. This will be news to notaries public that section \$ of the Fees and Coats act, General Statutes, 1905, "the charge for taking an **idavit shal**l be 12% cents. The charge of 12% custs represents in ederal money the equivalent of the old English shilling-the shilling being the price charged for an acknowledgement under the Colonial Fee Bill of the Supreme Court. To show the conservatism of New Jersey legal practice, the 12% cent charge remains in the satnta although no notary public could "make change," if the exact fee were tendered him. It is expected that an effort will be made to fix a fee of 10 or 15 cents for otary service by an act of the forthcoming tession of the Legislature.
