And off he went, and when the dainty cup custards, fragrant Mocha and Inscious fruit were brought in there was a troublesome lump in the white throat and a suspicious moisture in the blue eyes of the wife, and the custard was trifled with for a moment, and a spoonful or two of the Mocha swallowed, for were not the watchful eyes "Jeems" upon her? And then she

hastened from the room, her mind fully made up. She would go to Charley, tell him everything-just how she missed the old caresses and delicate little attentions; how lonesome it was to sit there night after

Snake Stories ill-fortune. A young man named Kent was a suitor, but she rejected him. Soon "Curiously enough," said Mr. Barry, after she was on her way home one even-"that story of the judge's reminded me of ing in a thunder storm, when she was seized rug before the fire. Bijou there, too, with that the moving object was a snake, one of alive.

a most venomous species. It had been closely coiled round the spiral leg of the stool; and when the poor lady unconscious y seated herself in its vicinity, it had been

disturbed, and immediately began to move. She was quickly warned of her great danger, and urged to sit perfectly still, which she very heroicly did, not stirring hand or tion the snake might pursue. However, in this case it never touched her at all; but For the first three days of Payne's fight after curling round and round the musicstool for half a minute or so, it dropped on

the floor, and was killed before it could ef-fect its escape." "How excessively unpleasant!" said a youth; one of those, like myself, new to Indian life and experiences. "Why, the horrid rentiles seen to meet you at every which they could in no way protect from the Indian fire. "Every few minutes," says one, "you heard the dying gurgle ( a horse or a mule, and although we fasten

ed them as securely as possible at night their pangs were such that they would often break away after being hit, threatening the men's lives in the trenches. Once a wounded horse leaped in his agony right into the pit we had dug for the wounded, where sonous ones at least. And though it is unhappily the case that thousands of people, Lieutenant Paddock and seven men were chiefly natives, lose their lives by shakes, ying at the time. It was a miracle almost there are at the same time numberless in-stances in which those who have been bitthat he did nat trample them to death. As it was we all opened a terrific fire on the ten by the less dangerous species have rebluffs, so as to make the Utes stop firing, covered, and in fact suffered little or no unand under cover of this fusi ade a lot of our easiness. There are plenty of harmless snakes, but you are not sure which are which for a time. The stories you have boys jumped up and hauled the horse out of the trench. We had to watch out con-

tinually to give dangerously wounded horses and mules their quietus. If they got cavorting after receiving an Indian bullet, and we could see that they were mained or fatally injured, the soldiers would take sim Among the group that had formed on the deck was an Indian chaplain, who had been listening to all that had gone on, but

life. Finally the horse was shot through

Fight with Cats.

Some time ago, a boy about fifteen years old, a nephew of Mr. Harrison's, an in-mate of his family, at Little Rock Arkinsas, went out to the barn to feed the horses. When he entered the loft, he discovered foot, or uttering a cry. It must have been a fearful trying ordeal for the poor thing, as there was no telling what course of ac-mind creeping un struck both of them at and creeping up, struck both of them at one blow. There was something of a dissanointment in the result. The cats, instead of running away, sprang at the boy with a fury that startled him. Having nothing

horrid reptiles seen to meet you at every turn! Is no place safe from them?" "Don't be alarmed, my dear sir," replied and ascended to the roof of the house. The

the doctor, easily; "the snakes are not so cats followed him, and, despite his efforts frequently encountered atter all—the point to keep them away, bit and clawed him frightfully. Realizing his ladder folly, he jumped down on the hay. The cats fol-lowed him. By this time he was bleeding very freely, and his coat was almost torn into threads. Seizing one of the cats by the hind legs, he attempted to beat it to death against the wall, but the animals turned around and began tearing his arm. Shaking the fehne off, he ran to the ladder leading down. The animals followed him. Just as he reached the ladder, he discoverbeen hearing are what we may call "spec-

ed a monkey-wrench-lying on the floor. Seizing it, he turned, dealt the foremost cat a blow between the eyes, and before it could recover, mashed its head. The other and finish them.
