WHEN THE BRIGHT LEAVES FALL.

I love the time when the bright leaves fall, When the children sit on the old stone wall Oracking and eating the sweet new nuts, And throwing the shells in the foudside ruta?

The autumn days are the days for me. They may be short, but they're full of glee; And short days bring us the evenings long For reading and study, or mirth and song.

Delightful gifts have the autumn hours-The brilliant vines, and the showy flowers, The moonbeams witching, the noontides kind The woodland treasures that ramblers find.

Something for gleaners in every field! And see what the vineyaries and orchards yield ! The season whose charms shall my praise employ Is the season that brings us the harvest joy.

Aside from these secret attacks the Achinese fight fairly, and when they capture Dutch soldlers treat them humanely and usually send them back to their own camp under escort. Still the war continues. The Achinese are no nearer subjugation than they were thirty years ago. In addition to the army constantly kept in the Dutch East Indies, the Netherlands Government maintains a special fleet of warships to patrol the Achin coast. Piracy has, indeed, been relegated by the Achinese to the limbo of lost arts, but independence is still theirs. The war in Achin is no longer a war of conquest; It is a war of extermination.

Mendel's Fall Clothes, HATS AND GENTS' FURNISHINGS.

The inside make of a suit is either the making or the ruination of it-all depends on the amount of tailoring put upon these parts. The secret of long wear and shape-holding, lies beneath the surface. That's why you can't buy by looks alone. MENDEL'S Clothes, whilst as stylish and correct in cut as any garments made, are better built in the wear telling parts than most clothes-that's why we guarantee them with our name-that's why we say one of these \$10.00 suits will give more wear and satisfaction than any garment, at a like price about town,

Remedies. He was better in two months

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of cutdoor life and recreation is conducive to

the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig. Syrup Co., a laxative which sweetens and cleanses the system

effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases. is a remedy of known quality and excellence, and approved by chysicians that has led to its use by so many millions of well
