It pained me very much; I suffered night and day. It would bleed as times very promsely. Everything was done that could be, to try to cure the cancer. My brother had a Cancer on his lip; he submitted to an operation, being well discouraged. I was one day in Mr. Woodberry's apothecary store, of this town. He gave me your pamphiet containing many cures by the use of Vegetine. I found on page 19 where Vegetine had cured a Concer on a lady's nose. I then bought a bottle of your Veg-etine, and it proved a great bleasing to me; j could see good effects from it right away. After taking three bottles it stopped the spreading of the cancer about the edges; it tobecked the eat-ing into my flesh. I could see it was gradually heating. I kept on taking Vegetine, the cancer slowly disappearing, until I had taken sixteen bottles and it completely cured it. It has left a large scar on one side of my nose; and I feel it my duty to recommend Vegetine to all like suf-farers, as it is certainly s great "Blood Purifier."
