

The Hammonton Star.

DEVOTED TO THE INTERESTS OF HAMMONTON AND MAKING MONEY.

VOL. I.-NO. 33.

HAMMONTON, N.J., SATURDAY, AUGUST 17, 1872.

\$2.00 PER YEAR

The Hermaphrodite Convention.

Letter from "Wayne".

Dear Sir.—Your paper gives us the intelligence that the great Liberal army is to be strengthened by a company from Hammonton, and one from Elwood. If

would be gratifying to the true Republicans of our county if in its entire vote there were no taint of political heresy.

This, however, is too much to now expect, especially when it is remembered that at all the localities where Greeleyism has manifested itself, there were already a year ago disappointed men who struck hands with the Democracy.

We do not yet know whether anything will be added this year to the strength of this faction; but if one may forecast from the position in Atlantic City, the self-styled Liberals will rally against the great

balance of the convention was made up of 23 from Mullica who went down to

finish a local fight, and 25 or 30 Gormans who dropped in at intervals but who did

not seem to take much interest in the proceedings.

The Democracy didn't turn out worth a cent and consequently the convention bore quite a "disaffected" aspect.

The organization was effected with the choice of Liberals as officers, and the convention was proceeding to make committeees, etc., when Tommy French "rose to explain" that he objected to this mode of procedure and wanted to know something about where the Democrats and the Democratic organization was coming in. King of Hammonton, undertook to cast oil upon the troubled brain of Thomas by informing him that they knew of no Democrat no Republican in their organization—that it was "combination"

—that the National convention had accepted the Liberal platform and its candidates and was therefore played out,—

that the only thing left for Thomas and other good Democrats to do was to swallow the Liberals and make the best of it. But further, that in consideration of the mutual benefits to accrue the Liberals were willing to give the Democrats a share of the officers, etc. This quieted

Tommy for the time and the convention again glided onward. He grew restive at

times and would spring to his feet when he thought the Democrats were not getting their dues. It was a pleasing sight to see the Liberals hobnobbing with old Democrats. Barnum's "happy family" was tame in comparison. Uncle Danny Reed was there looking as "childlike and bland" as the most pensive heathen chuse ever imagined by Bret Harte, while "Uncle Simon" looked as happy with his new associates as a big sunflower, and as smiling as a basket of chips.

Things went along smoothly until the appointment of an executive committee of two from each township was resolved upon. Here the Democracy were alarmed again, but the Liberals being in the majority the motion was pushed through. Then came war. Each township was to appoint its committee—and the Mullica Township men went into the work for which they came. The "able engineer" profited by our suggestion of last week and went in for himself, although he was not nominated. When the votes were counted, to the surprise and chagrin of the Langham party, Mr. Engineer came out ahead. A lively row was the consequence and finally the Mullica delegation was sent out to settle it among themselves.

The Langham party claimed that the election was fraudulent; that Engineer's name was not mentioned as a candidate and that their vote, which would have been concentrated against him, was divided between those who were nominated. They demanded a new vote, but the Engineer having got in and knowing that in a fair vote he would be, in due course, "nowhere," managed to carry it back into the convention where the election was sustained. This was too much for the Langham party and they left the hall in disgust, declaring that the Liberal party in Mullica was "gone where the woodbine twines." Thus ended the "beginning" of the coalition party in Atlantic County.

It seems the penny postal card system is to receive a severe trial at the beginning through the irrepressible propensity of the live American to advertise. Letters are pouring into the Department asking when the cards will be ready. New York merchants have made applications for over two millions, to be used as advertising cards. Firms in Boston, Philadelphia, Providence, Pittsburgh, Cincinnati, St. Louis, and other large cities have similar requests filed and it is believed that at least one-half of the first lot will be immediately disposed of to corporations and business houses.

The Camel objects to being swallowed by the Gnat, and vice versa. The "Able Engineer" ahead and a bolt the consequence.

The great convention at Egg Harbor last Tuesday did not amount to much.

Five persons were present from the lower part of the county, four from Hammonton, about as many from May's Landing and one from Buena Vista. The balance of the convention was made up of 23 from Mullica who went down to

finish a local fight, and 25 or 30 Gormans who dropped in at intervals but who did

not seem to take much interest in the proceedings.

HAMMONTON

Atlantic County, New Jersey

Where the Indians Came From.

A few weeks ago a Japanese junk came ashore on one of the islands of Alaska, with three living Japanese on board. The vessel had been disabled in a gale off Japan and had drifted two thousand five hundred miles in nine months, twenty-three of the crew having run away and exposed to the elements. The Japanese were well, however, and in the enjoyment of perfect health.

The alcohol is noteworthy. He commented that his ship had been so long at sea that he had not had time to drink, and that the brandy would enable him to perform the work more easily, but ended with the words, "I do not drink." This shaft ran along within thirty inches of the floor, and made about one hundred and fifty revolutions per minute. In the morning yesterday after drinking up a tankful of water, he had started the engine, and was soon at work on the building of the hull. He had been working forty hours a day, and it was the last night of his work that he was overcome by fatigue, and when told by his master to stop work, he replied, "I will not stop until I have finished the job." This man was astounded after his death, when his brother proceeded to drink from the bottle which had been left among the timbers.

Agents, HAMMONTON, N. J.

HALL'S
HAIR
RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfect preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines. Price One Dollar.

Buckingham's Dye.
FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO., NASHUA, N.H.

Ayer's Cathartic Pills.

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use, and every family should have them on hand for their protection and relief, when required. Long exposure has proved them to be the safest, surest, and best of the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleaned out, and stimulated into action. Thus, an incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or do, or occasion.

Full directions are given on the wrapper to each box, how to use them as a Family Physician, and for the following complaints, which these Pills rapidly cure:-

For Hypopxia or Indigestion, Lassitude, Laziness, Languor, and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaints and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obtrusions which cause it.

For Dysentery or Diarrhoea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins, they should be concomitantly taken, as required, to change and clear the action of the system. With such change those complaints disappear.

For Dropsey and Dropical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy.

As a Diarrhoea Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels, improves the appetite, and invigorates the system. Hence it is often advantageous where no specific complaint exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and regenerating effect on the digestive apparatus.

PREPARED BY
Dr. J. C. ATLEE & CO., Practical Chemists,
LOWELL, MASS., U. S. A.
FOR SALE BY ALL DRUGGISTS EVERYWHERE.

Proceeds of a trial of arbitration, so directed, issued out of the Circuit Court of Atlantic County will be sold at public sale on SATURDAY, AUGUST 11, 1872.

Two o'clock in the afternoon of said day at the hotel of J. H. Chapman, May's Landing, N.J. All the property lying and座uate in Weeksville, New York, so far as the same is described, etc.

Beginning at the point where the public road leading through Weeksville to Pleasant Mills at the north-east corner of what is known as the "Nichols' Held" and north-west corner of a piece of wood land belonging to Isiah Weeks, thence (1) along Isiah Weeks' line south five degrees west six chains and seventy-six links, to a stone at the south-east corner of said Nichol's field; (2) south seventeen degrees and three quarters east one chain; (3) south sixty-six degrees and ten minutes west twelve chains and fifty-nine links; (4) south twelve and three-quarter degrees east twenty-two chains and forty links to "Isaac's Creek"; thence up the same (5) west two chains and seventy-six links to the south-west corner of James Weeks' tract; thence along the line of same; (6) north twelve degrees and one-quarter west thirteen chains and eight links to the east corner of the swamp line run by said parties; (7) along the same south six degrees west four chains and thirty-five links; (8) south sixteen degrees west, one-half chain, seventy-seven links; (9) south sixteen degrees east two chains; (10) south twenty-seven degrees and fifty minutes west eight links to the line of Theodore Weeks' piece of land; (11) along the line of the swamp north twenty-six degrees west ten chains and ninety-two links to James Weeks' line; (12) along the same north fourteen degrees east seven chains, to his corner; (13) south eighty-three and a half degrees west eighty links to another corner of James Weeks', along the line again (14) north six degrees and a half east sixteen chains and sixteen links to a corner in the old David Weeks' line; thence (15) along the same north eighty-two degrees east thirteen chains and twenty-five links to the south-east corner of Isiah Weeks' home place; thence (16) along said Isiah Weeks' line north twelve degrees and three-quarters west twenty-two chains and twenty-four links to the division line of Wm. Weeks' heirs; thence along the same (17) north seventy-seven and a quarter degrees east eleven chains and a soventy-eight links to a stone five links east of Wm. Henry Weeks' S. E. corner in said line; thence (18) south five degrees west fourteen chains and thirty links to the place of beginning, containing forty-nine acres more or less, being part of James Weeks' estate.

Also, all that certain tract or parcel of land known and being two certain pieces of swamp land known as having formerly been owned by Ezekiel Weeks and now the undivided property of Samuel Weeks, Isiah Weeks, Curtis Weeks, Wm. T. Weeks and James Weeks, being the one ninth and undivided part of said premises.

Also being, that portion of said Ezekiel Weeks' estate lying west of the division line between Ezekiel Weeks and Joseph Johnson and south of the division line of said Ezekiel Weeks and Uriah Johnson being the same premises conveyed to Charles Bozarth by quit claim deed by Curtis H. Weeks and Elvira Weeks and designed to be recorded as such.

Said as the property of Charles Bozarth, ex-Debt, taken in execution at the suit of Francis Grinnell, Compt. and to be sold by

E. D. REDMAN, Sheriff.

Dated July 13, 1872. 29-33

Sheriff's Adj. Sale.

The sale of the property seized as the property of Wm. L. Kingley, taken in execution at the suit of John G. Hall, stands adjourned until

SATURDAY, SEPTEMBER 7.

Same hour and place.

SURGICAL.

SILK and COTTON Elastic Stockings, Abdominal Belts, Knee Caps, Umbilical Belts, Anklets, Suspensories, &c. The above articles are now so well-known and recommended by the medical faculty, that little need be said by me; but at the same time I might say that I have been manufacturing them for over twenty years, therefore I can recommend them for durability, comfort and usefulness in all cases of Varicose Veins, Gout, Rheumatism and other weaknesses of the Limbs. The pressure being equal in every part and the fabric porous, renders them agreeable and healthy to wear. Old sores when once healed are prevented from opening again by the use of the Elastic Stocking. I could give a number of instances where persons after an outlay of hundreds of dollars have been obliged to give up work, especially where they had to stand; but on wearing the Elastic Stocking, have resumed their daily occupation at once with comfort. The BELTS are invaluable for abdominal weakness, corpulence, and surpass any other in use. Rules for measurement will be sent on application to
