## School Matters.

There seems likely to be an unusual  
number of changes in our Board of  
Education, this year. The three  
years for which Messrs. Osgood,  
Elvins, and Wans were elected  
expire, and their successors will be  
chosen at the annual meeting in  
March. Mrs. E. A. Joslin has  
resigned, Miss Anna Pressey will  
move to Virginia in February, and  
will doubtless resign. It is stated  
that Mrs. J. H. Ransom has declared  
her intention to resign if Miss Pres-  
sey does, as she would be the only  
lady on the Board. This will leave  
only three of the nine members—  
Messrs. Adams, Cunningham and  
O'Donnell—to hold over, and six to  
elect.

It is to be hoped that Mrs. Ransom  
will not resign. She is an experienced  
and capable member, and is needed.  
There should be two or three ladies  
on the Board, as all of our teachers  
excepting the Supervising Principal  
are ladies, and should have trustees  
of their own sex with whom they can  
confer. This seems absolutely neces-  
sary, at times. Besides, the other  
members say that the ladies are  
much more observing than the men  
when they visit schools, and many  
of the best regulations and improve-  
ments have been suggested by the  
lady members.

The Board may possibly ask the  
voters for another small school build-  
ing. There are too many primary  
pupils south of the railroad to be  
accommodated in the two buildings  
now located there. It is said that  
there are about sixty children who  
would most conveniently attend a  
school situated near First Road and  
Thirteenth Street. Naturally, the  
Board hesitate about asking the  
tax-payers for another appropriation;  
but what else can they do? Law  
requires us to provide accommoda-  
tions for all children of school age  
(there are 993 of them in town), and  
the only way to do so is to build the  
houses and employ the teachers, even  
if we add one every year.

We have several weeks to think  
these matters over, and choose our  
five or six candidates for the Board.

A case was tried in the Passaic  
County Courts last week. That four  
young men, of hitherto comparative  
respectability, should combine to ruin a  
young girl, and cause her death, was an  
act of brazenness past all belief, and  
demonstrated the most heinous deprav-  
ity. But back of all this was another  
feature that should not be lost sight of.  
Had the parents of that poor girl done  
their duty in keeping her off the streets  
at night, and as home, she would not  
have fallen into the company of disor-  
derly characters, and thereby lost her life  
in the sad way she did. Her fate, and  
that of many other foolish girls who  
have been thus led astray, should be a  
warning to all parents, and teach them  
not to permit their children to roam the  
streets at night.

The "grip" has certainly taken a  
strong hold upon many people all over  
the country, and particularly in the  
cities and large towns of this State.  
Some cases run into pneumonia, pleurisy,  
and kindred complaints, and many  
deaths have been the consequence.  
Persons taking cold should immediately  
consult a physician, and be careful and  
not expose themselves to further cold—  
especially in humid and bad weather.

A Shocking Calamity  
Late last night a railroad laborer, written  
Dr. A. Kellert, of Winford, Arkansas,  
"I'm lost was badly injured, but thank  
God's Armies, he's quickly cured him."

piles, and all skin eruptions. It's the  
world's champion healer. One guarantee

(Saturday, Feb. 2nd), at 2 o'clock.  
Mr. Graves, representing the Hines  
Company, will be present, and possibly  
Mr. Hines, Jr. Their proposed factory  
is the best thing ever offered in this  
town; negotiations have reached the  
stage when a final decision must be  
made, or we lose the business.

Let every farmer be present this  
afternoon, and help to decide. It is  
especially your opportunity. Don't be  
slow in seeing it!

## New Glass Works Proposed.

For several weeks, business men have  
been considering a proposition to estab-  
lish glass works in Hammonton, to  
manufacture small ware like druggists'  
bottles and novelties. The promoter, a  
Mr. Basset (from Bridgeton, we are  
told), is an experienced glass man. He  
asked that our people provide the land,  
and buildings to cost \$2500; he would  
furnish everything else necessary, and  
have an option on the property, at cost,  
after running it three years. At a  
meeting with local capitalists, this was  
agreed to, making the probability  
term five years, but imposing one con-  
dition—that the manufacturer shall  
give a chattel mortgage upon that por-  
tion of the close-plat owned by him, as  
security that he will run the factory  
for five years.

Here the negotiations have hung fire  
for some time. The Bassetts were in-  
vited to this week, and a meeting was held  
at the Bank, but no definite answer was  
given to the amended proposition.

We would welcome such an addition  
to our local industries.

The basket-ball team of our local  
tribes of Red Men challenges any other  
team in town. Whitmore is fixing a  
court in Union Hall, and some lively  
sport may be expected soon.

Quite a number of young men  
have commenced to prepare their suits  
for the masquerade ball on the 22nd.  
It will be the greatest ball of the season,  
and the same dreary waltzes.

Rev. H. F. Loomis has returned  
from his visit, and will occupy his own  
pulpit to-morrow morning. His topic  
will be, "Man's first and all-important  
duty." Communion after the morning  
service.

Twenty excellent stories and

## Town Council Meeting.

Regular meeting on Saturday evening,  
Jan. 26th. All members present except  
Mr. Harley.  
Light Committee reported electric  
lights improved during the past month.  
License Committee reported favorably  
upon application of E. T. Crowley for  
renewal of liquor license. Granted by  
unanimous vote.

Law and Order Committee reported  
that the Marshal had arrested, about  
1:30 this morning, an Italian who was  
hiding in Bertolino's woodshed, with a  
loaded revolver in his possession. Fined  
by Justice Cartou this afternoon.

Property Committee reported new  
lamps for hall; also, man engaged to  
set shade trees on Town lot, when the  
weather permits.

Clerk reported funds on hand:

Matthew Johnson presented his bill  
for nine months' service as Town Alder-  
man, \$75. By vote of four to one,  
Council refused to pay the claim.

Collector Davis presented for abate-  
ment a list of uncollectable taxes and  
arrearages assessments, for the years  
1897 to 1900. On motion, abated.

A communication read from East  
Plainfield, asking Council's aid in  
securing the repeal of a law which pro-  
vides exemption from assessment to the  
amount of notes discounted in Bank.

By this, unscrupulous men have secured  
exemption from tax by borrowing  
on notes an amount equal to their whole  
property valuation, for three months,  
and paying a small sum for discounting.  
Referred to Committee of the Whole.

The two ordinances, granting fran-  
chises to Gas and Water Companies,  
passed second and final readings, by  
unanimous vote. (We shall probably  
publish both next week.)

On motion, voted to close all Town  
accounts Feb. 7th, when the Finance  
Committee will audit the same for  
annual report.

Adjourned.

Mrs. R. J. Byrnes died Sunday  
evening last, after more than a year of  
suffering with kidney disease. She and  
Mr. Byrnes were married about thirty-  
two years ago, and they have resided in  
their handsome mansion near the Rail-  
road stations ever since. She was known  
as a kind-hearted Christian woman, a  
good and hospitable friend, and has had  
general sympathy during her long and  
painful illness. Funeral services were  
held at the home and at St. Mark's P. E.  
Church on Wednesday.

The Lyceum decided, Monday  
night, that Hammonton would profit  
more as a health resort than as a factory  
town. Those who have spoken to us  
on the subject all expressed surprise at  
the judges' decision, claiming that the  
negative (factory side) presented the  
most forcible argument, though the  
affirmative had more advocates. Some  
amendments to the by laws were intro-  
duced, and will be voted upon at next  
meeting. The entertainment provided  
was very good, an usual.

Mr. Geo. W. Pressey and family  
expect to be considered Virgilians in a  
short while. They intend to move to  
Newport News this month, building a  
house there, but retaining their home  
here for the present. Mr. Pressey has  
resided in Hammonton since 1890, and  
the family will be missed.

The fire bells rang, about 5:30  
on Sunday afternoon, and the alarm  
responded promptly; but the alarm was  
delayed so long that aid was not needed.  
The residence of Frank Pasmaghi, on  
Broadway, near Main Road, was en-  
tirely destroyed.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by Grocers, Druggists.
