**DR. JOHN BULL'S
Smith's Tonic Syrup**
FOR THE CURE OF
FEVER and ACUE
Or CHILLS and FEVER,
AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

**DR. JOHN BULL'S
SMITH'S TONIC SYRUP,
BULL'S SARSAPARILLA,
BULL'S WORM DESTROYER,**
The Popular Remedies of the Day.
Principal Office, 501 N. 2nd St., LOUISVILLE, KY.

THE BEAUTIFUL LAND.

There's a land immortal,
The beautiful of lands,
Beside the ancient portals,
A sentry grimly stands,
A stone can undo it,
And open wide the door:
And mortals who pass through it,
Are mortal no more.

That glorious land is Heaven,
And Death the sentry grim;
The Lord therefore has given
The open keys to him,
And ransom'd spirits, sighing
And sorrowing for sin,
Do pass the gate in dying,
And freely enter in.

Though dark and drear the passage,
That leadeth to the gate,
Yet grace comes with the message,
To souls that watch and wait:
And at the time appointed,
A messenger comes down,
And leads the Lord's annointed
From a cross to glory's crown.

Their souls are lost in singing,
Their feet are on the air,
Their journey home ward winging,
They leave to earth their care,
Death like an angel cometh,
"We welcome thee," they cry;
Their face with glory beameth—
'Tis life for them to die.

Hammonton Park.

In strolling around our pretty town, through its wide avenues, alongside its neat and tasty hedges, I have sometimes found myself on "The Park" grounds. The enterprise, the industry and unanimity which once characterized the association, are distinctly shown here. Such a place could not else have been arranged. But, in looking into the main building, one would be strongly tempted to rehearse the lines:

I like our whole town as it is
So no banquet—'tis deserted;
Where lights are few, where hopes are dead,
And all but me departed.

The large east doors had been forced open, most of the panes of glass broken, and everything therein had ventilation. So I thought I would ventilate the subject.

Has not said building trustees? And why allow it thus to go to ruin? A little care and a little money now expended would save the outlay of much hereafter. It has been a beautiful place; and as we in Hammonton have no resort for our visitors to see, save this and our Lake, let us keep up this, as a place of public resort. The taste and neatness and thrift which are exhibited all over this lovely town, ought not to have such a contrast in the suburbs. In the Spring, how pleasant would a walk out there be; and so, in the Summer, to our Lake, before the "bills" are ready.

Let me ask the Trustees, or that Association, to tell us why the Park should be so neglected? A CITIZEN.

Manufactories, etc.

MR. EDITOR:—We hear, from many sources, that there are several manufacturing concerns that would be glad to locate here in case proper inducements were offered. Any deal between two parties must be of benefit to both, in order to be of any permanent value. The town of Hammonton can afford to exempt from taxation the "plant" of all parties who will bring from \$5000 upward of manufacturing machinery here. We would suggest a uniform term of exemption on say ten years. The increased demand for dwelling-houses, building sites, labor, merchandise, etc., would pay ten-fold the taxes we would otherwise not have by having no manufacturing here.

Mr. Yates, who has purchased the late Charlotte Cushman estate, offers, in good faith, to give deeds of 64x175 feet lots to any and all persons who will build thereon. That we call "spending time to spare." Mr. Yates is right. Let us all wake up and do all we can to awaken a new interest in our town. In market and railroad facilities, we stand second to none. Our schools are good and ample; our fine, shaded streets are beautiful; and, best of all, an epidemic was never known in our midst. Land is cheap, the cost of living is as low as anywhere else, the water is soft, and the climate is unexcelled. Now, let all put their shoulder to the wheel, give a

long push, a strong push, and a push all together. W. R.

Elm Farmers' Club.

Annual meeting. Old officers were re-elected except Vice-President, who declined. A resolution was discussed concerning the shipment of fruit through the management of this Club. It was finally referred to a committee of five.

An interesting debate on manure followed. It was stated that Peruvian guano was not so good, used alone, as when used in connection with clover seed, or alternately.

Bone and nitrate of soda were considered good on crops; but being a salt, the soda soon expended its force, but was thought excellent to use. Ashes seemed to have the preference as a universal fertilizer on corn, grass, and crops of all kinds, costing only \$16 per ton, which amount was allowed for an acre.

The Club was honored by the attendance of strangers, who were invited to take part, and did so. D. F.

P. S.—The Club is on the increase, with good, solid men. Come and give us a lift, some night. Won't charge you anything.

We do not sound a needless alarm when we tell you that the taint of scrofula is in your blood. Inherited or acquired, it is there, and Ayer's Sarsaparilla alone will effectually eradicate it.

O'Donovan Rossa was shot and slightly wounded by Mrs. Dudley, a young English woman, in New York Monday afternoon.

Governor Abbot has appointed Mercer Basley chief justice of the Supreme Court of New Jersey.

The total amount of unsecured liabilities in the Cisco failure is reported as \$1,002,115.

A thief having no legs and only one arm has been sentenced to one year's hard labor in the Illinois penitentiary.

Hall's Vegetable Sialian Hair Renewer imparts a fine gloss and freeness to the hair, and is highly recommended by physicians, clergymen, and scientists, as a preparation accomplishing wonderful results. It is a certain remedy for removing dandruff, making the scalp white and clean, and restoring gray hair to its youthful color.

Mr. Cleveland will arrive at Washington March 2.

The German Government refuses to acknowledge the enforcement of the law against Socialists.

Pittsburg is much excited over revelations of the alleged existence of an armed and organized Socialists in that city.

Justice Schwab, the notorious socialist, was locked up in New York yesterday for inciting a riot.

President Arthur sent to the House a message announcing the transfer of the Grant memorials to the Government, and recommending passage of the bill to place Grant on the retired list of the army.

The credentials of Senator Evarts, of New York, were presented in the Senate Tuesday.

The Pall Mall Gazette advocates a political alliance between England and the United States.

General Grant denies that he had any intention in his "Century" magazine article to reflect upon General McCook.

The transfer of General Grant's testimonial and other historical relics to the Government of the United States has been completed, and was announced to the House of Representatives Tuesday by President Arthur in appropriate and feeling terms. Very pertinently the attention of that body is called by the President to the pending bill to place General Grant on the retired list, by the passage of which Congress would but "give expression to the almost universal desire of this nation."

Dynamite was exploded early Sunday morning at the dry goods store of Garry Brothers, New York, and the Clerks' Equality Association is suspected of instigating the crime.

20 ACRES of good land for sale, adjoining the west side of the Camden & Atlantic Railroad, half way between Elwood and DaCosta Stations. Price, \$200. Address E. WRIGHT, Atlantic City, N. J.

Pine Road, Hammonton.

A large lot of Cedar Grape Stakes and Bean Poles for sale, in the swamp or delivered at Elwood or DaCosta Station.

BROWN'S IRON BITTERS
PHYSICIANS AND DRUGGISTS RECOMMEND IT
TRADE MARK
"THE BEST TONIC."
This medicine, combining iron with pure vegetable tonics, quickly and completely cures Dyspepsia, Indigestion, Weakness, Impure Blood, Headache, Chills and Fever, and Neuralgia.
It is an unfailing remedy for Diseases of the Liver and Lungs.
It is invaluable for Persons peculiarly subject to Women, and all who lead sedentary lives. It does not irritate the stomach, cause headache, or induce constipation—other laxatives do. It cures and purifies the blood, stimulates the appetite, and the assimilation of food, cures Heartburn and Bloating, and strengthens the muscles and nerves.
For Intermitting Fevers, Lascitude, Lack of Energy, &c., it has no equal.
Beware of cheap imitations. The genuine has the name on the wrapper, and is crossed red lines on the cap. Take no other.
Made only by BROWN'S MEDICAL CO., BALTIC, MD.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs; none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.
"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed many sleepless nights. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me."
HORACE FAIRBROTHER,
Brockingham, Vt., July 16, 1882.

Croup.—A Mother's Tribute.
"While in the country last winter my little boy, three years old, was taken ill with croup. It seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
MRS. EMMA GRENEY."
159 West 128th St., New York, May 18, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried."
A. J. CRANE,
Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL."
JOSEPH WALDEN,
Dyballa, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung trouble."
E. BRADDOCK,
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.

Dr. GEORGE R. SHIDLE, DENTIST,
HAMMONTON, N. J.
Office Days, — Wednesday, Thursday, Friday, and Saturday of each week.

“The Queen corrected them, saying all addressed him as “Mr.” excepting the Princess Louise, capercious in childhood, persisted in calling him by the name as her father. One morning the Queen addressed Mr. Brown and informed her that if she addressed Mr. Brown without a title to his name she would be sent to her next day when Brown appeared the future marchioness said: “Good morning, Brown,” and then she said: “Good night, Brown, for I am a bed.”

“what very cheap and egg-g good prices, better encourage by feeding some of the farmen.”

The Republican.

AMMONTON, N. J. SATURDAY, FEB. 7, 1885.

We have tested the seeds sent by Joseph Harris, at Moreton Farm, Rochester, N. Y., and always found them reliable. His catalogue reads like a story, is neat as a pin, and practical for all. Send for a copy, it will cost you only a postal card.

The management of the Hammon-ton Library Association to announce that the Library and Reading Room (at M. A. Oliver's, corner Third Street and Mohr Avenue) will be open this Saturday afternoon, and each Tuesday and Saturday following, from three to five o'clock P. M. For terms, inquire at the reading room.

Canada Ashes.—All wanting Land, Ashes, and Small Fruit, I am prepared to furnish the above named fertilizers, on the cars at Hammon-ton, N. J., for the best price. Terms, cash or on approved paper. JOHN SCULLIN, Hammon-ton, N. J.

A Farmer Wanted.—One who can grow fruit, small fruits, etc. A married man without family, honest, moral character, and ability. To good man, a chance to do for his own share of the month. Address: JOHN WILLIAMS, 317 Clinton St., Camden, N. J.

Land for Sale.—On Fourteenth and Fifteenth Streets and First and Second Streets, lots to suit purchasers, and on easy terms. Inquire of, or address C. L. Yates, Hammon-ton, N. J.

Inquire with Rutherford.—He is the ONLY first-class company. His prices are as low as any good company. Remember, his company pays for the loss, without resort to blackmail or intimidation. He writes his own rules, and doesn't have a "twisted" company on his list. Inquire at HOME. Inquire with Rutherford.

I am prepared to furnish COAL of all kinds and sizes, to suit from yard or car. Chestnut, \$5.35 per 2240 pounds; S. W. \$5.55 per 2240. G. F. NASTOS, Hammon-ton.

A Great Newspaper.—The *Poll-Mag* Gazette, of London, England, did not overstate the case when it said of the New York *Republican* that it is "one of the ablest weeklies in existence." It is an overwhelming as a monthly or quarterly magazine, with all the matter in its many departments. Any monthly might be proud if it could show as distinguished a list of contributors as the *Independent*. It is a single department—the story department—we find, among Englishmen, such contributors as Sir Samuel W. Baker, the celebrated Egyptian explorer; Thomas Hardy, W. E. Norris, James Payson, F. W. Robinson, and Henry W. Lacy, the well known and devoted popular novelists; while among Americans we notice the names of Edward Everett Hale, Frank H. Stockton, H. H. Boyesen, Sara O. Jewett, J. S. Dale, Rebecca Harding Davis, and Harriet Prescott Spofford. The *Independent* printed, last, recently, the last story from the pen of the late Ivan Turgenev, having secured the rights of his new novel from the Russian into English. This department is but a sample of the others. It would seem to us that the *Independent* does not only give twenty-five cents worth of the year, but, in addition, a stock dividend with each department. We advise our readers to send for a free sample copy.

Mr. Hendricks will not attend the conference of Mr. Cleveland with Democratic leaders this week in New York. Senator Mahone feels assured that the *Republican* will carry Virginia at the state election in November next.

Extreme cold weather has devastated the cattle herds of Kansas. The conference of dynamiters will begin in Paris on Feb. 23. General indifference is shown by newspapers and public men in Ireland on the attempt to shoot O'Donoghue.

The home industry of the country is an important one. The four feet of an ordinary cow will make a pile of needles. Not a needle of any animal is thrown away. Many cattle shins bones are shipped to Europe for the making of knife handles, where they bring \$40 per ton. The thigh bones are the most wanted, being worth \$30 per ton for cutting into tooth-brush handles. The fore-leg bones are worth \$30 per ton, and are made into collar buttons, patent handles and jewelry. Though sheep's legs are the staple for parrot handles. The water in which the bones are boiled is reduced to glue, the dust which comes from the bones is fed to cattle and poultry, and bones that cannot be used as noted, or for bone black, used in refining the sugar we eat, made into fertilizer and made to help enrich the soil. As regards waste, it is the story of the pig. Nothing is lost but the squeal.

The New Jersey State Board of Assessors.

The New Jersey State Board of Assessors, in their report, reply vigorously to charges of improper conduct made against them in a Philadelphia and Reading Circular, Wednesday.

In the New Jersey Legislature, Wednesday on a test vote on the 5-10-Cent bill, the Assembly stood for the bill, 88 to 10. The \$10,000 New Orleans appropriation and the amendment to the railroad tax law passed.

A fire destroying nearly half a million dollars' worth of property occurred in New York Wednesday evening. The managers of the New Orleans Exposition have decided to appeal to Congress for more money.

A naval expedition is to be at once fitted out at San Francisco for explorations in Alaska. Gen. Gordon has been defeated by the Arabs, and surrendered Jan. 26th. Nothing is known of the gallant commander's fate.

Italy is operating vigorously on the Red Sea Coast, and it is believed that she is to co-operate with Great Britain in the Sudan. The Troubles Safe Over.—Stomach trouble is a serious business while it lasts; but what a blessed relief to have it depart! Mrs. F. G. W. of 19 Atlantic street, Hartford, Conn., writes that she tried Brown's Iron Bitters for stomach trouble, and that she experienced such relief that the trouble is now entirely over. She recommends this great iron medicine to all who are afflicted. It cures liver and kidney complaint.

DR. DAVID KENNEDY'S FAVORITE REMEDY.

For the Kidney and Liver Complaints, Constipation, and all diseases arising from the action of the bowels. To those who suffer from any of the above, it is a most reliable remedy. It is a most reliable remedy. It is a most reliable remedy.

DO THE RIGHT THING. Common Sense Talk to Bilious People. Clear Testimony of a Witness. Dr. David Kennedy, Boston, U. S. A. Dear Sir—About eight years ago I began to suffer from a bile difficulty. During the winter I experienced severe pain, accompanied by what I cannot describe other than by calling it a "drawing in" sensation. The pain was almost beyond endurance. None of the usual medicines employed to such cases had any effect upon me. From time to time I was held up and unable to attend to my business. This occurred a period of a year. Finally, Mr. Lloyd, a druggist of the city, suggested your Favorite Remedy as a certain cure for the trouble. I had not taken the whole of the first bottle before I found a decided relief; the pain passed away, and to my delight I regained the power to enjoy and digest my food without the former distress. I am now able to get on again, and I am now able to get on again, and I am now able to get on again.

TUTT'S PILLS.

"THE OLD RELIABLE." 25 YEARS IN USE. The Greatest Medical Triumph of the Age. Indorsed All Over the World. SYMPTOMS OF A TORPID LIVER.

The REPUBLICAN contains more than twenty-five columns of entertaining reading, each week. Thus, in a year we furnish you 1300 columns of fresh news items, stories, etc., all for \$1.25.

The New York Tribune FOR 1885.

A Paper devoted to American Interests. Largest Republican Circulation in America.

The Tribune begins the new subscription year with prospects unusually bright in the fact that it is circulated for the seven days ending Nov. 9, 1884, was as follows: Monday, Nov. 9, 1884, 120,000; Tuesday, Nov. 10, 120,000; Wednesday, Nov. 11, 120,000; Thursday, Nov. 12, 120,000; Friday, Nov. 13, 120,000; Saturday, Nov. 14, 120,000; Sunday, Nov. 15, 120,000.

Total number Tribune, printed and sent during the week ending Nov. 15, 1884, exclusive of Sunday, 840,000. Total number Tribune, printed and sent during the week ending Nov. 15, 1884, exclusive of Sunday, 840,000.

Ninety-four tons of paper were used in printing the week's issues. This was of course an "electric week," which "broke the record" in New York. The Tribune's record for the week ending Nov. 15, 1884, was as follows: Monday, Nov. 9, 120,000; Tuesday, Nov. 10, 120,000; Wednesday, Nov. 11, 120,000; Thursday, Nov. 12, 120,000; Friday, Nov. 13, 120,000; Saturday, Nov. 14, 120,000; Sunday, Nov. 15, 120,000.

The Tribune gives the news fully, fully, and early; it is a safe and sure paper for the family circle, and is the perfect vehicle of work for American workers. A great paying home market for American goods and wares, and a great source of information and intelligence for the general public. It is a paper that is always on the side of morality, religion, and progress. It is a paper that is always on the side of morality, religion, and progress.

The Republican.

SATURDAY, FEB. 7, 1885. LOCAL MISCELLANY.

Correspondence solicited upon all topics of local interest. Names of our correspondents are requested, not for publication, but as a guarantee of the reliability of the facts.

Post meeting this evening. E. Stockwell is running a new delivery wagon.

Chas. S. King, Esq., of this place, was appointed a Master in Chancery, last Tuesday, by Chancellor Livingston.

Harry Phillips has bought the wooded lot between farms owned by Messrs. Geo. Elvins and Lewis Hoyt, on Main Road.

The Baiter store was visited some time during Sunday night last. The thieves bored through the door and undid the fastenings. Some forty dollars' worth of goods are missing.

A. S. Gay's gray team drew a load of cedar logs from below Elwood, a few days ago, and from thence it was put on the hay scales, lifting the beam at something over one thousand pounds.

Dart Presey and Lester Kilpatrick gave one of their bicycle exhibitions in the Trenton skating rink, Tuesday evening. Chas. S. King, who was present, is enthusiastic in his description of their wonderful performance.

On Wednesday, George Taylor was using a buzz saw at Mr. Gay's mill. In some way, his left hand was caught by the saw, resulting in the loss of the little finger, probably the next two, and serious injury of the other two. Dr. Snowden dressed the wounds.

We have no chromos to offer, but we have received a "heap" of cancelled postage stamps for the little striped girl. We will hold them until Feb. 15, and all who wish can add to the number already sent in. Send them all you can find, and we will publish all names with the number received from each.

Probably the Baptist church will be moved from its old foundations next week. It will take about two weeks to get it to the new location. While it is on the way, it is proposed to have an entertainment in the house—a stereopticon exhibition on "The Life of Christ," etc., wherever the building happens to stand at the time—Wednesday evening, Feb. 18th. Admission, 25 cts. Proceeds for the Sunday School.

A forwarder in this week's *Mirror* (afraid to sign his name) calls to account for our opposition to the proposed turn-out on the road to Winslow. This "Fair Play" says, "they are already selling liquor to a government license, and by the government's consent." Here is where he is wrong. The United States Government gives no license for the sale of liquor in any State, and has no right to do so. It collects a revenue tax and gives a receipt therefor, but the law expressly states that this does not give any man the right to do anything contrary to the laws of his State.

By invitation, we attended the annual meeting of the Fruit Growers' Union, last Saturday. The President, Dr. S. P. Sprague, called the meeting to order, appointed Messrs. M. Parkhurst, Albert Adams, and M. Doherty to conduct the election, and declared the polls open for the election of officers.

The Secretary, Z. U. Matthews, read the annual report of the Board of Directors, showing what had been done by the Society during the past year, and making some recommendations for the future. It was a very comprehensive document, and evidently very satisfactory to all the members present.

L. Montfort, Chairman, presented the report of the Auditing Committee, which contained a statement of the financial condition of the Society, including capital stock, real estate, stock in their store, and cash on hand. It was a splendid report, and corroborated the Secretary's statement, that the past year had been the most prosperous in their history.

The Secretary read the list of members, which embraced the smile of satisfaction visible on many countenances. The officers of election then read the result of the balloting, and declared the following officers elected: President, E. H. Sprague. Directors—Thomas Rogers, L. Montfort, P. H. Brown, H. G. Newton, A. S. Gay, Edwin Adams, Thomas Albright, Z. U. Matthews.

Auditing Committee—S. E. Brown, Joseph Garton, D. Colwell. After remarks for the good of the Society, the meeting adjourned.
