We have received ruite a number of these seed packages, vegetable and flower, which are above will please state that it has for our subscribers, as they call.

The first bill passed by this Legislature and signed by the Governor was the one authorizing State aid, and making possible the new road across the meadows, direct from Absecon to Atlantic City. It will avoid several dangerous turns and grade crossings, and shortening the route. We see that already bids for its construction are asked for.

Recognizing the very efficient help given them by Town-Clerk W . Seely, the retiring members of Town Council presented him with a handsome cut glass water set-pitcher and glasses. It was a surprise, and rendered the recipient speechless for a time. But such evidence of appreciation is worth much more than the intrinsic value of the gift, and in this case the compliment was well deserved.

We are wondering if granberry growers of this section are supporter w membership in the American Cranberry Growers Association? The membership fees are \$2 per year and it was developed by scientific experiments reported at a recent meeting, that the cost of membership would be saved in one bag of fertilizer at present prices.

There is a probability that the old round-house will be torn down, and levelled off. That removes one of the old eyesores, which are all too numerous along the railroads. The Penna. Railroad is doing what it can to make things satisfactory to Hammonton people, and will eventually maintain a toilet at the station.
