## WASHINGTON'S BIRTHDAY!

February 22nd, 1912

You remember, maybe, that story about Mark Twain, who said that he was a bigger man than George Washington, because while George couldn't tell a lie, Mark could, but wouldn't.

Washington's fame is secure, because he did what he thought was best for all; and his judgment was good. Personal profit or advantage did not sway him.

Clothes made by

All remaining Winter goods have been marked down to final low price, and we advise you not to overlook this last call.

The Daughters of the American Revolution had a banquet on Monday evening (Lincoln's Birthday), at the residence of Mrs. Rider. Of course they had a good time—they always do.

A subscriber writes: "Lost, strayed or stolen, a copy of the S. J. R. dated Feb. 10, 1912, scheduled to be delivered at . . . Of special interest to the subscriber because she cannot see any of her neighbors' as she could if at home."

Members of the Order of Eastern Star, with Masonic relatives, had a masquerade Valentine Social on Wednesday evening, at the residence of Dr. F. C. Burt. We are told that the only thing to mar their pleasure was the necessary absence of the Mayor.

Information has reached Hammonton, that Prof. Baker, well remembered by many of us, is in a destitute condition at Mays Landing, aged, sick, without fuel, had only an old oil heater during the late bitter weather. We suggest that a little aid, sent to box 177, Mays Landing, would be a graceful act.

Next Thursday evening, Feb. 22, will be held the first in the series of special services at the Universalist Church, continuing each Thursday evening at 7.30, until after Easter. Speakers will be announced from week to week. Next Thursday Rev. James R. Weakley, of Philadelphia, will speak, subject "The Glory of Leadership."

John and George Weber, sons of Otto Weber, of Greenbank, left their home last Saturday, alleging cruel treatment by their father, which they could not longer endure. They applied to Chief Adams for lodging that night, and the next day he headed them for home, via Egg Harbor, notifying the Chief there of his action. Evidently they switched off somewhere, for up to Wednesday they had not been apprehended. It is reported that they were twice seen on the County Road, but could not be found when officers searched for them.

We see by Wednesday's papers that Dr. J. D. Counterline has yielded to the persuasions of his best friends, and resigned the pastorate of the Fourth Reformed Presbyterian Church, Philadelphia. He never fully recovered from his paralytic stroke of August last, and only his vigorous will power has enabled him to fill his engagements since October. We sincerely hope that his entire rest will prove a restorative. We learn, later, that the Church declined to accept the Doctor's resignation, and no one knows what the result will be.

The senior class of the Hammonton High School wish to extend an invitation to the public for Wednesday evening, Feb. 21st, in Bellevue Hall. With considerable expense and trouble they have procured Miss Gay MacLaren, of New York City, one of America's most original entertainers, to impersonate one of the most popular and uplifting comedies of the present day. Miss MacLaren presents an imitative recital of this comedy in four acts, by Booth Tarkington and Harry S. Wilson, keeping a score of characters distinct before the audience. The "Baltimore Sun" says "Her imitations are perfect, and her acting is intense." To cover the expenses the class will charge a general admission fee of 25 cents, and reserved seats 35 cents. Seats now on sale at King's news room. We need the co-operation of the public in general to make this evening of entertainment a success.

### Try the Republican for a year,—\$1

The backbone of winter is often deced by the people who huddle around the fireside; whenever old Boreas kicks up his heels they send up a package of lacrymose spicks and sigh for a country where snow isn't found, where roses and lilies will bloom the year round. But I love a country with all kinds of snows, where Winter has whiskers clear down to his toes, where blizzards enfold and the icicles cling all over your features till thawed in the spring. For cold is a tonic that braces you up and makes you as gay as an unchained pup; it fills you with ardor to do hefty things; the healthy man likes it and dances and sings. A wind whooping down from the white Greenland hills is better than anyone's cottonwood pills, while languorous rephrys will fill you with bile and make it hard labor to bubble and smile. There's energy, health and a sense in cold! The backbone of winter is better than gold!

Communication from Collector and Treasurer stated that he had received for taxes, up to Feb. 1st, \$692.75.

Clerk reported receiving \$13.60 from licenses.

Chief of Police reported about eight cases disposed of during past month,—one being the insane man and the others mostly drunk and disorderly.

Permission was asked by three or four young men to run telegraph wires on certain streets, attached to electric light poles, the company having given their consent. Referred to Fire, Water and Light Committee.

Request was received from Volunteer Fire Company, No. 1, for changes in fire ordinance, increasing compensation. Left with the committee, to investigate.

Letter received from the Motor Club in regard to a "cut-off" from below Elvins' store, on Bellevue Ave., diagonally to his barn and Main Road, desiring that it be so opened and improved, so that teams, etc., could avoid that sharp and dangerous turn. Mr. Elvins will put this new piece of road in good condition if it is authorized, provided the town scraper can be used. The desired permission was granted.

Two applications for inn and tavern licenses were received,—from James Pinto and Frank Jacobs. Referred.

An Italian family having applied for town aid, and the husband and father being a common drunkard and brutal, the Overseer of the Poor, being assured of his power to do so, promised to have him put away for safe keeping.

Collector submitted list of 1911 delinquent taxes; also uncollectable taxes for 1910-11. Matter taken up, a portion of it read, and further action deferred to an adjourned meeting, Monday evening, Feb. 26th.

Information from State Shade Tree Commission was received and filed.

The repairing of road scraper was left with the Highway Committee.

The appointment of Charles M. Kell and Wm. Doerr, Jr., as District Fire Wardens, approved.

Voted, that Mayor and Clerk shall issue building permits, as heretofore.

Overseer of Highways instructed to superintend the taking of gravel by individuals, for walks.

Overseer to sell street dirt, and report sales monthly.

As the janitor consented to do trimming of hedge, cutting grass, etc., his salary was raised from \$15 to \$17 per month.

Engineer Remington explained subject of draining that section of town north of Bellevue Ave. from Walnut Street to Main Road, and urged its necessity, as water stands, at times, over a foot deep. The project might cost five thousand dollars. Engineer's advice to be asked about procedure.

Adjourned at 11.15.

It is expected that Miss Emily Bicket, M. D., returned missionary from China, will address the monthly meeting of the Women's Missionary Society of the Baptist Church on Thursday afternoon, at 3.30 o'clock, and also address the prayer meeting.

### Are You interested in Poultry.

An open meeting of poultrymen, and those interested, will be held in Firemen's Hall, Wednesday, February 21, at 7.30 p.m., to which you are invited.

Lectures from New Jersey Agricultural Experiment Station, Department of Poultry Husbandry, will be held monthly, and the lecture vital to you at that date. Annual Poultry show, etc. The organization will be a broad one in every sense, with nominal dues.

A call for a meeting two weeks ago resulted in forming an organization, with twenty-two at the meeting, and the following officers were elected.

Michael K. Böyer, President; Joseph Collins, Vice-President; George W. Kelly, Secretary; Joseph F. Westerman, Treasurer. The committee on by-laws, J. R. Gerhart, W. Wallace Mayberry, C. K. Nelson, will make their report. Come out and help in the formation, to make this YOUR poultry organization. We want everybody to share in the good stuff with us. M.

Several young folks broke thro' the ice, on the Lake, this week. In every case that we know of, it was because the skater carelessly or foolishly ventured upon newly made ice—"ticky-benders" they call them. Fortunately, the water was not deep, and none were in danger of drowning; but a partial wetting is uncomfortable on a cold day.

**Quality Paint Like Pure Gold is Standard**

Don't delude yourself or let others fool and humbug you with cheap paint. The material and labor that goes to make up a really good paint has as much a standard of value as gold. When anyone gets below that standard, something's wrong. You are just as likely to get good paint at the so called low and cheap prices as you are to get real five dollar gold pieces at 50c each.

When you pay a less price you can't expect to get gold.

**Lucas TINTED GLOSS PAINT**  
ONCE USED ALWAYS PREFERRED

is not cheap in the sense that the price is below standard. It costs enough to make possible the use of the very best materials and expert workmanship in its manufacture. It is good paint and covers so much more surface per gallon, lasts so much longer and is so very much more satisfactory in every respect that it is actually much cheaper than cheap paint.
