EXPECTORANT

Is composed of Herbal and Mucilaginous products, which permeate the substance of the Lungs, expectorates the acrid matter that collects in the Bronchial Tubes, and forms a soothing conting, which relieves the invitation that causes the cough. It cleanses the lungs of all impurities, strengthens the many of the blood, and braceathe nervous system. Slight colds often end in consumption. It is dangerous to neglect them. Apply the remody promptly. A test of twenty years warrants the assertion that novemently has ever been found that is as prompt in its effects a TUIT'S EXPECTORANT. A single dose reases the phiegm; subdues inflammation, and its use speedily cures the most obstinate cough. A pleasant cordin, children take it readily. For Croup it is invaluable and should be in every family.

Our bank has been agitated, received and accepted; now for a place to do a banking business-where shall it be? No suitable place seems to be in existence. I will diverge a little. We possess a free circulating library, a soon-tobe bank, and a fire company; we should have a town hall and council chamber, with lock-up; possibly some day an opera house. Now these could be very nicely combined in one building. Let our bank officers and others interested think this over and start the ball a rolling. We, as I said before, possess a fire company, but I am greatly afraid that in a case of a smart configration the wells of this town would not be sufficient to supply the engine, and if not fed would be rendered useless. There ought to be plenty of water in town; but then prohibition reigns, and of course the people drink up the major portion of the crystal fluid. Our beautiful lake should be tapped to surply water for the town. Improvements cost money and it may not be until half the town burns down that we will come to our senses, and see the need of a bounteons water supply. S. P. A.

### FEVER and ACUE Or CHILLS and FEVER,

AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medi-The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPERDY and PREMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases & single dose has In a great many cases, a single dose has been sufficient for a cure, and whole families have been sured by a single bottle, with a perfect restoration of the general health.

It is, however, prudent, and in every case more certain to cure, if its use is continued for smaller doses for a week or two after the more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BUIL'S VEGETABLE FAMILY PILLS will be sufficient. BULL'S SARSAPARULLA is the old and

reliable remedy for impurities of the blood and Scrotulous affections.

The campaign just closed found the country in the trough of the political waves. The Republican managers have made the best struggle they could a galost a state of general apathy. In a few states they have been added by the husdring presence of a great leader whose specifies have a wakened almost the only enthusiasm anywhere shown. The result of the compaign is gratifying; its galos are an inspiration; the Democratic losses are a plain guide to require drift, From this time forward the country will feel the lift of the advancing wave of 1888, which, if we all do our duty, will sweep out from Washington the masqueraders now in possession, the food of protection, equality and patriotic government. It is now the duty of all camestra d experienced workers to bend the reergies toward united and heart work for 1888. The party is to be con offent of cheered, and radied.
