## ELVINS & ROBERTS.

### Flour.

The Flour market has advanced from 15 to 25 cents per barrel, first hands; but having secured a large stock before the advance, we still hold our price at old figures, thereby giving our customers the advantage.

We quote from \$4.50 for good Family to \$5.50 for Best Blended—Spring and Winter Wheat mixed—under our special brand "Royal," and for all baking purposes is certainly well worthy its name.

### Feed.

We have always a full stock of all kinds of Feed.

While the market price on some kinds has advanced considerably, yet at the prices we are now quoting you will find us very low,—if anything, a little under the wholesale prices now prevailing.

### Fertilizers.

We strongly advise placing orders for Fertilizers EARLY, especially for Dried and ground Fish Guano, which is exceedingly scarce. We have secured all we can, and are prepared to take orders; but the supply being very limited, "the first come first served." Order what you will want, NOW.

Mapes' Complete Manures for all crops are still popular. Our orders are now in for these goods, and they will be ready for delivery about March 1st, when we will be pleased to quote prices.

### Berry Baskets.

We are now prepared to take your order for Quart and Pint Berry Baskets, for which, in view of the recent action of Commission Merchants in several of our markets, we anticipate unusual demand.

Place your orders early, as later they may be hard to get.

### Agricultural Implements.

Can furnish anything and everything in the line, from a Corn Cutter to a Mowing Machine.

We are agents for the "Bissell" South Bend Plows.

### Canned Goods.

Tomatoes and Corn especially, are also advancing. We quote at only a trifle above old figures:

—Corn, 10, 12, and 13 cents.

—"Peerless" Tomatoes at 11 cents are a bargain. Other good brands at 10 c.

—"Bear" brand Salmon at 15 c. is cheap.

—Fresh Mackerel (in one pound tins) is good eating, and at 12 cents per can is cheaper than mackerel in the salt.

### Shoes.

A nice line of Women's and Misses' Shoes now in stock. We quote only one style as a sample,—Woman's Dongola Button at \$1.25. We think it the best shoe for the price now on the market. We have others, costing more money, which will give the wearer no better service.

### Outing Flannels.

For Spring are beginning to arrive. Some of them are beauties, and at the uniform price of 10 cents per yard are very popular. Call and see them.

### Garden and Field Seeds

Will be here shortly.

### Seed Potatoes.

It may seem a little premature to mention Seed Potatoes before the snow is gone, but we just want to remind you that the time will be here soon, when there will be a sharp demand for them. We shall have them in all the best varieties, at prices as low as the present condition of the market will warrant. Don't buy until you get our figures.

### Washington Letter.

From our regular Correspondent.  
Washington, Feb. 20, 1893.

The President is a proud of the legislation which placed the finest ocean steamships in the world under the American flag as of any single accomplishment of his administration, and it is his intention, unless something occurs to prevent, to go over to New York on the 22nd—sitting day for such a deed—in order to raise with his own hands the stars and stripes over the magnificent steamship New York. The President expects to be accompanied from Washington by his entire Cabinet and a number of prominent Congressmen (if they can get away), and other officials. The U. S. cruiser Chicago, now in New York harbor, will fire the national salute of twenty-one guns, as "old glory" reaches the mast head of the New York.

The treaty for the annexation of Hawaii, which was sent to the Senate last week, has been favorably reported from the committee on Foreign Relations, and although there is some opposition in both parties, it is regarded as a certainty that more than the necessary two-thirds will vote for its ratification.

Both the President and Secretary Foster have become convinced that the recent and continued demand for gold is largely artificial, manufactured for the express purpose of trying to compel an issue of bonds; and for that reason they have both arrived at the conclusion that no bonds shall be issued during this administration.

Senator Sherman's amendment has been adopted by the Senate, authorizing the Sec. of the Treasury to issue \$50,000,000 in 3 per cent. five year bonds whenever in his discretion it becomes necessary to keep up the Treasury gold reserve. The bonds could be issued under present laws, but they would have to bear 4 per cent. interest and to run for a long period; hence this amendment.

The Democrats in the House tried to cripple the federal supervision of Congressional elections by attaching an amendment to the Sundry Civil Appropriation bill, prohibiting the payment of any expenses incurred by prosecution under the laws relating to the election of members of Congress. The Senate promptly struck out the amendment as soon as the bill was taken up. The gentlemen who are so anxious to put a stop to federal supervision of elections will have to wait until the next Congress gets together; this Senate will not sanction any of their schemes, no matter how cleverly they may be disguised.

The Pension laws will not be turned upside down at this session of Congress, although there was a strong effort towards that end made by the anti-soldier Democrats, resulting in a three minute free fight on the floor of the House.

It is significant that Representative Compton, of Maryland, who is probably closer to Senator Gorman politically than any man living, should be the most outspoken man in Congress against the selections already made for the Cabinet. A Republican friend, joking Compton, said to him: "If you keep up your criticism you will find no place at the patronage trough." "I don't care," said Mr. Compton, "I am too old to change the habit of saying just what I think of public men's acts. I do not approve the appointment of Gresham and Hoke Smith, and I have no hesitation in saying so. While it might disappoint a few of my constituents it would relieve me of a good deal of bother should all federal patronage be denied to me under the new administration."

Here is one reason for Judge Gresham's having voted the Democratic ticket: Just before Justice Brown was appointed to the U. S. Supreme Court a delegation of Chicago lawyers came to Washington to urge the President to nominate Judge Gresham to the vacancy. They told him how magnanimous such a nomination would be, and gave him to understand that they were here with Judge Gresham's knowledge and consent. The President heard all they had to say, and then told them there were two

reasons, either sufficient, why he would not nominate Judge Gresham. First, the appointment did not belong to the reaction in which Judge Gresham lived; second, he would not put himself in the position to give people the right to say that he had used one of the highest appointments in his gift to placate a personal enemy. It was this refusal that determined Judge Gresham to withdraw from the Republican party. How he coquetted with the populist Presidential nomination, and finally announced his intention to vote the Democratic ticket, is known to all newspaper readers.

Democrats regard Mr. Cleveland's Cabinet as so far advanced as being more personal than political in its make-up, and indicating that it is Mr. C. and not the Democratic party who is in control.

Judge Jackson's nomination to the Supreme Court was confirmed without the formality of a vote, there being no opposition expressed. HARRY.

Man is a good deal like a fish. You know the fish would never get in very serious trouble if it kept its mouth shut.

Daily, Sunday, Weekly.

### A FAMILY PAPER

WHICH IS

Clean, Unsensational,  
and Just the Paper  
FOR THE  
American Home!

The Press has the best possible organization to secure news from the most important sources, and with nearly 400 correspondents in Pennsylvania, New Jersey and Delaware, the State and near-at-home news is covered with a routing carelessness and attention to detail not to be equaled by any other paper.

The Press has also the best of correspondents in all the great cities of the United States, as well as in London and other foreign cities, and the West, who keep the paper more than abreast of events.

The columns of the Sunday Press are enriched by contributions from those whose names are written high in our lists of great authors, novelists, essayists, as well as from men of high rank in public life. The best authors know that their best audiences are the readers of the Daily, Sunday, and Weekly Press.

In politics, the Press knows no other master than the people, and the past year has seen, as has been seen before, the marked fact that it is subservient to no political party. It has no political ambitions to foster, but looks after the interests of its readers, and delivers itself upon the issues of the day in a manner both frank and fearless, letting the facts speak for themselves and avoiding no issues, but meeting them all on the basis of fair play to all men at all times. Its pages know no distinctions, and the rights of one class over another are not recognized nor supported.

## PAINT! PAINT! —THE— HAMMONTON.

When you buy the Hammonton  
Paint, you do not buy seven-  
eighths of a gallon for a gallon,  
or three pints for a half-gallon;  
nor do you get one of those  
packages that weigh 12 to 14  
pounds, and containing so much  
alkali that it appears to be so  
thick that it is impossible to  
use it without thinning; but in  
buying the Hammonton you get  
a full standard gallon of paint,  
weighing 14 to 16 pounds to  
the gallon, made from the best  
materials known to the trade,  
and costs the consumer from \$1  
to \$1.50 per gallon for honest  
paint.

If the purchaser doesn't want  
honest paint, and wants to be  
honest to himself, then be sure  
to buy the Hammonton Paint,  
and the manufacturer will give  
a receipt with every gallon sold  
telling you how to make two  
gallons of paint out of one of  
the Hammonton. It will cost  
33 cents for the extra gallon.

One Dollar.

And then here comes Commercial  
Paint, in 30 shades, the best wearing  
paint ever put on the market for so low a  
price as \$1 per gallon, and guaranteed  
to be a first-class wearing paint. If any  
one should not want to pay so high a  
price for a good exterior paint, then work  
the 33 cent racket, and get two gallons  
for \$1.33. Manufactured at  
Hammononton Paint Works.

## The Republican.

(Entered as second class matter.)

SATURDAY, FEB. 25, 1893.

Republicans, remember the  
Republican Assemblymen Parker,  
and Senator S. D.  
Cannon of Atlantic County,  
and only Republicans who voted  
for the infamous race-track  
bills. Scorch them when you get  
an opportunity. Turn them  
over to the Democrats, where  
they have chosen to affiliate.

### DISGRACED!

The race-track men appear to be on  
top, in Jersey. "Billy" Thompson's  
bill giving Boards of Freeholders the  
power to license such iniquities was  
rushed through the Assembly, Tuesday,  
as were also supplementary measures  
to make pool selling, book making, and  
other gambling devices safe occupations.  
Mr. C. A. Baake, our representative, was  
absent, and did not vote. Another Re-  
publican absentee came to late, but  
requested that his vote be recorded in  
the negative. But two Republicans  
voted in favor of the bills, and four  
Democrats against.

On Wednesday, these same measures  
came up in the Senate, and found every-  
thing lubricated for their immediate  
passage. Senator Hoffman is recorded  
as voting with the majority.

The Legislature of New Jersey has  
branded the forehead of our State with  
deep disgrace. What Louisiana refused  
to do for a bribe of millions of dollars,  
New Jersey has (by its legislators) done  
for naught. Every honorable Jersey-  
man may well hang his head for very  
shame! It seems worse like a horrid  
nightmare than a solemn reality.

They say that Governor Werts will  
veto these bills. All honor to him if he  
does so; but we fear that the same  
lubricant that made their passage so  
smooth, will suffice to pass them over  
the executive veto.

In this connection, listen to Assem-  
blyman Lane, of Union County, a Dem-  
ocratic leader, who opposed these bills,  
and did what he could to prevent their  
passage. In his several speeches he  
took the people of New Jersey into his  
confidence, and stated that he voted for  
the great coal combine bill, last year,  
because he was assured by the Chair-  
man of the Democratic State Committee  
that "it would place the party in close  
alliance with a powerful combination of  
railroads." That he introduced a resolu-  
tion to investigate the combine at the  
request of that same chairman, who  
said that it was desirable "to find out  
what there was in it for the Democratic  
party." That he dropped said resolu-  
tion at same chairman's request, who  
stated that "the Reading combine had  
been carefully examined and found to  
be all right." Mr. Lane acknowledged  
that he had received from Thompson a  
contribution of one hundred dollars  
toward his campaign expenses, but de-  
clared "this was not one thousandth  
part of the sum placed in Thompson's  
hands for investment throughout the  
state in behalf of the party candidates."

Interesting, isn't it? But it looks as  
though other rumors might also be con-  
firmed, if other men could be provoked  
to confession,—"that the wily 'Duke of  
Gloucester' looked out carefully for his  
race-track fence while that great cor-  
ruption fund was in hand."

Friday—Gov. Werts sent in, yester-  
day, his disapproval of the three race-  
track bills. The Assembly placed them  
on the calendar for to-day, voting down  
a motion to postpone and give the peo-  
ple a chance to be heard. The Senate  
was not in session, but will meet this  
(Friday) afternoon, and probably con-  
sider the vetoed bills on Saturday. As  
only a majority vote of all members of  
each house is required, probably the  
bills will become laws.

Owing to a frightful depreciation in its  
stock, brought about by the failure of  
a vast scheme of consolidation, the Read-  
ing Railroad is for the third time in its  
history in the hands of Receivers. The  
men selected to manage that corporation  
are A. A. McLeod, former president,  
President Wilbur, of the Lehigh Valley  
Railroad, and Chief Justice Paxson, of  
the Pennsylvania Supreme Court—all  
men of distinguished ability, who are  
believed to be capable of rehabilitating  
the corporation and paying it out its  
feet again.
