Terms--\$1.25 Per Year.

VOL. 34.

HAMMONTON, N. J., MARCH 7, 1896.

NO. 10

GEORGE ELVINS

We could talk to you this week about many things interesting, both in regard to quality and in regard to price, but omitting to mention those beautiful Union Silk Umbrellas at \$1.75, those decorated semi-porcelain Dinner Sets at \$8.40 and Tea Sets at \$3.60, and those tasty Toilet Sets at \$2.40 and \$3.25.

We pass on to something which will surprise and delight you all with its lines of beauty and elements of strength. This is the

Eclipse Bicycle.

If anything inanimate is capable of stirring the passion of love in a wheelman, I believe this same Eclipse wheel is able to do so, when you consider the massiveness of its strength. We believe there is no treacherous part in its whole mechanism. Parkhurst, mounted on an Eclipse Flyer, will strive for laurels this year. Will have a sample wheel in stock in a few days. Wait for it.

They Bear Their Share Now.

Nobody who has studied the subject doubts that the railroads of New Jersey bear a full and fair share of the burdens of taxation under the present system. Such is the opinion of Mr. Charles C. Black, of the State Board of Taxation, as competent an authority on questions on taxation as there is in the State.

In a published letter, he said: "I think it is a fact, as shown from the reports of the State board of Assessors, that the railroad property, both real and personal, including their franchises, is assessed by that board at substantially its true or cash value, which of course is in excess in valuation of the realty and personality of individuals. The tax rate, particularly in the cities, is larger or higher than that of the railroads, but the increased value plus the assessment of all the personality of the r. r. s would, in my judgment and observation, substantially counter-balance the great amount of personality of individuals that escapes taxes and the low percentage of value of the realty, in most of the Counties, of individuals; therefore I have thought that, so far as equality is concerned, the practical effect is not so unequal."

The State Board of Assessors' report for 1894, page 7, says: "It can be proven by facts and figures, beyond any question, that the railroad corporations are paying to day more taxes in proportion to their ownings than are the individual taxpayers of the State."

Railroad property is taxed at its full value. And nothing escapes. Everything is assessed, from the great station down to the shanties of the flagmen and the tools of the trackmen. Nothing eludes the assessor. The stations, the main stem, the real estate and buildings apart from the main stem; the tangible personal property, including rolling stock, tools, etc., all are compelled to bear their share and pay their tribute in the way of taxes.

In assessing the main stem, as the road bed 100 feet in width and all its appurtenances is called, the railroad companies are actually compelled to pay taxes on their own improvements. For example, a deep cut through a hill or the expensive filling up of a swamp, is assessed for taxation on the cost per square yard of the work done. All bridges, culvert, trestles, etc., are also assessed at their cost. So that the more difficult and expensive the construction of the road, the more it has to pay. This is visible, tangible, actual property. It is taxed both for State and for local purposes. There are no deductions to be sworn off, and no abatement from the true values is allowed.

After being thus taxed at the rates fixed by law upon their actual property the companies are assessed and taxed on invisible, intangible property, known as franchises. The invisible property, on which the railroads of New Jersey are assessed, is understood to be fixed at between fifty and sixty millions of dollars. This comprises about one-fourth of the total assessed property of the companies in this State. So that the railroad property of New Jersey is actually assessed for about one fourth more than its real value, for purposes of State taxation.

It pays a tax rate of one-half per cent. on all its property of every character, including the franchise, for State purposes. It also pays one per cent. on all property outside of the main stem, franchise and tangible personal, for local purposes.

Taking into consideration the facts that other than railroad property is not assessed at more than two-thirds its value; that railroad property is assessed at its full value; that included in the railroad assessment is the intangible franchise (estimated at one-fourth), and that the average tax rate in New Jersey is 1.50, it is very plain that the railroads are now bearing their full average and just share of the burdens of taxation.—State Gazette, Feb. 27.

SATURDAY, MARCH 7, 1896.

8. of V. Fair.

The Board of Freeholders met on Wednesday, A. long petition was received, asking for an improved road from Hammonton to Pleasantville by the way of Weymouth and Mays Landing. Under the present law, action upon this petition takes precedence of that on the resolution of the Board favoring the Elwood and Egg Harbor City route; but there were questions as to the legality of some of the signatures, and it was questioned whether the signers represented two-thirds of the property valuation along the proposed route; so the matter was referred to a committee, to report at next meeting, Tuesday, May 12th.

The many friends of Mr. Samuel C. Brown were pained to hear of his sudden death, on Sunday night, at his parents' home in Camden. During his seven years' residence in Hammonton, he had endeavored himself to many friends and will be sincerely mourned, not only in social circles, but also in the parish work of St. Mark's Church. The funeral took place on Wednesday afternoon, from St. John's Church, Camden, and was attended by many from this town. Both the Unity Social and St. Mark's Guild were represented at the services, and accompanied the remains to their last resting place, in Harleigh Cemetery.

GRAFTING AND PRUNING DONE.

Please notify me early.

A. H. VAN DOREN.

The residence of Wm. Arlitz narrowly escaped destruction by fire on Monday night. As we understood the story, they closed every possible crevice about the windows of their bedroom with paper, to keep out the scorching wind; they took their oil stove in there to moderate the temperature. Mr. Arlitz thinks he must have turned the wicks too low, for when he returned after a short absence from the room, he found window curtains and near-by hangings burned, a small blaze still alive in the matting, varnish on the furniture blistered by the heat. A little water quickly quenched the last of the fire, which evidently died for want of breath. It was a close call.

Next week will be dedication week at the new Presbyterian Church. The programme, so far as details are completed, is as follows:

Tuesday evening, March 10. Pastors' Service. Former Pastors will be present and speak.

Wednesday evening. Young People's Work. Addresses by Rev. F. R. Bruce and Rev. S. W. Pratt.

Thursday eve. Missionary. Prof. Fred. P. Stanley will give his celebrated lecture on "God's Footprints in the Occident and Orient."

Sunday, 15th. Dedication Service. Sermon by Rev. James A. Worden, at 10:30 A. M.

At 3 P. M., Rev. Robert P. Moore, At 7 P. M., Rev. J. A. Worden. The public are cordially invited to all of these services.

The Board of Education held their last meeting for the year Tuesday evening. The approaching annual meeting was the subject of most thought. It was considered best to hold said meeting in the afternoon. The Board asks for \$2400 for current expenses, repairs, etc., just \$1250 less than last year; but ask for \$1000 additional to build and furnish a house at Rosedale, the lot for which will be donated. A motion was made to reduce the Board to five members, but this was defeated. As the law now stands, the people cannot reduce the membership, unless the Board themselves first vote to submit it to the people,—can thus maintain its unnecessarily large number in spite of a unanimous constituency. Before adjourning, the Board made a general review of the work done in all the schools, and were pleased with the results. The District Clerk will mail his report before the school meeting.

The cross we pick out for ourselves is not the cross of Christ.

What is more becoming to a bed room than a nice oak suit? or to a dining room than a highly finished oak extension table, with a fine semi-porcelain or china dinner set to decorate it with? There was a time when you may have had an excuse for not having one; but the time has come when you all can have them, and the reason is because we sell them away down in price.

Stands in oak from 60 cents up to \$650, and anything that you may want in the furniture line.

Also, new Spring Carpet samples.

Have you bought that Bike?

If not, do not fail to look over our line. We want to call your attention especially to our \$75 wheel,—the Eldredge,—made by the National Sewing Machine Co. They have striven in every way possible to place on the market a wheel that would suit the public in every way and not cost you \$100,—which they have accomplished to a large degree for \$85. Therefore, as we wished to place the three grades of—\$60, \$75, and \$100 wheels on the market, we have placed the Eldredge at \$75,—and for the money we feel that this wheel stands at the head, furnished in either lady's or gent's.

One of the nominees for Councilman said, "Wouldn't it be better to have one well conducted licensed saloon in town than so many speakeasies?"

No; we prefer (if liquor must be sold) to regard the seller as an outlaw; as one who is liable at any time to be placed behind the lock-up door, rather than to see him dressed in broadcloth, smiling a welcome to all comers.

His wares on exhibition like dry goods or provisions, his arts all in action to secure patronage from your boys and ours.

No; we don't want the income from license fees. It is blood-money,—tainted like that of Judas,—we don't need it. It would be expensive, too, for every dollar of it would call for two in the poor fund and court expenses.

No, we don't want a licensed saloon; but we do want a Town Council with courage enough to use their police power in closing up speakeasies and enjoining other laws and ordinances already on the books.

Admission to the Fair, ten cents; season tickets, 25 cents.

The H. A. A. never do a thing by halves. The concert which they gave in their club room on Thursday evening was a choice one and well received. The stage was tastefully draped with the club colors (purple, white and gold), a plentiful sprinkling of which was seen through the audience. Overhead, in front, the football was hanging, and underneath the words "H. A. A. Champlions, 1895." On the left was the bicycle which Cordery, who holds the County bicycle championship, expects to ride this year. The audience was appreciative and vigorously applauded the participants, of whom most were endorsed. Samuel Durham, of Philadelphia, entertained with his humor and comic songs, but received greatest favor as a performer on the harp, over which he showed complete mastery.

Mr. Krebs opened with a piano solo, and showed skill in rendering difficult parts of the classic selection. Mr. Krebs also played accompaniments for Tillery's vocal solos and Mr. Fiedler's cornet solo. The male quartet was applauded, and sang an "original" song for an encore, with humorous references to the Monroe doctrine and Venezuela. Miss Samson and Mr. Seely sang solos and a duet with more than usual effect. Miss Tilton and Mr. Fiedler, favorite instrumental soloists on the piano and on the cornet, more than satisfied their musical admirers. Mr. Tillery sang "Kathleen Maureen," and probably pleased still more with "Annie Laurie," which he sang as an encore. The last feature of the entertainment did not appear on the program,—a chorus, sung by the club members from all parts of the hall, entitled "Hobble, Gobble, etc."

TOWN LOT FOR SALE. 2 1/2 lots. Good location. Very reasonable. Address "H. A. A. REPUBLICAN OFFICE."

Iron has for ages been a favorite medicine. Nearly a hundred different preparations of iron are now known to the medical chemists.

Mr. Little, of the Water Committee,
presented details and estimates for a
water supply from artesian wells,
which, by the expenditure of about
\$30,000 would place Hammon in
good shape in that respect. On motion,
ordered to be read at town meeting.

The Fire Company's request for per-
mission to move their building to Bel-
levue Avenue was taken from the table,
and on motion the request was granted.

The ordinance concerning frame
buildings on Bellevue was discussed;
but (if we understood correctly) mem-
bers had been advised that the ordi-
nance proposed exceeded Council's
powers, and no action was taken.

Committee had nothing further of
importance to report, and a motion to
adjourn was carried.

The citizens' caucus called for
last Saturday evening proved to be the
only caucus. Called to order by A. J.
Smith, John C. Anderson chosen Chair-
man; Orville E. Hoyt, Secretary.

Voted to vote for all nominees by
ballot.

For Councilmen, John C. Anderson,
Wm. Bernshouse, George King, E. A.
Joslyn, A. R. Plumley, Frank E.
Roberts, D. D. Feo, D. M. Ballard,
D. Cottrell and H. L. Irons were named.
Messrs. Anderson, King and Ballard
were nominated.

For Overseer of Highways, Wm. H.
Burgess, I. P. Naylor, C. R. Scullin
and D. Campanella were named. I. P.
Naylor nominated.

For Assessor, E. W. Strickland re-
nominated unanimously.

For Commissioners of Appeal, E. R.
Sprout, G. Valentine and G. W. Pres-
ey, unanimously.

For Overseer of Poor, J. W. Logan,
George Bernshouse and Ben Foglietto
named; Logan chosen.

For Constable, J. W. Logan, unani-
mously.

For Town Justice, A. J. Smith,—no
opposition.

For Justice of the Peace, for unex-
pired term of J. D. Fairchild, removed
from town, J. W. Logan, A. J. Smith,
H. E. Bowles and S. E. Brown named.
All subsequently withdrew except A. J.
Smith, who was unanimously nomi-
nated.

When the question of money ap-
propriations came up, Town Clerk O'Don-
nell presented an excellent synopsis of
past year's expenditures and needs for
coming year. The following amounts
were then nominated, unanimously:
For Highways, \$2000; Town Purposes,
\$1400; Poor, \$700; Lights, \$300.

The attendance was very large, Union
Hall being packed full. 275 ballots
were cast.

A motion was made and seconded
that the words "License" and "No
License" be placed on the ticket; but
this was quickly disposed of by a rou-
nding vote to "lay it on the table."
