

DR. JOHN BULL'S Smith's Tonic Syrup FOR THE CURE OF FEVER and AGUE Or CHILLS and FEVER, AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear his testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and scrofulous affections—the King of Blood Purifiers.

DR. JOHN BULL'S VEGETABLE WORM DESTROYER is prepared in the form of sandy drops, attractive to the sight and pleasant to the taste.

FROM D. P.
Our Father in Heaven, my only true guide,
Take me unto Thee, and lessen my pride;
Let me come unto Thee, as the "little ones"
are—
Taught by Thy wisdom, and nursed by Thy
care.
Free from all evil, pure in Thy sight,
Give me, O Lord, the truth and the light.
Be unto my feet as lamp ever near;
And may all Thy teachings be unto me clear.
Teach me to walk in the only true way,
And let Thy promptings be open as day.
Oh! that I could run, and in Thee rejoice—
As my Alpha, Omega, my only true choice;
Sing songs of Thy praise, in tones to cheer
And show the "lost sheep" their home-way
to steer.
Oh guide my wanderings, show me the road;
Make easy my journey, and lessen my load;
Let my sins, O! Father, whatever they be—
Commission, omission, that keep me from
Thee—
Be driven away, dispersed far and wide,
That I, in Thy teachings may truly abide.
And when the "last call" Thou makest on me,
O! Father, let me be already to see
To the temple above, where Thou ever dost
dwell.
With the pure and the just, Love's Story to
tell.

TO THE BOYS OF '61.

Fall in, ye gallant soldier-boys
Who wore the army blue,
And bore your country's starry flag
A hundred battles through;
Whose strong arms broke the slave's chain,
And freedom's triumph won.
Fall in—the bugle sounds again
The boys of '61.
Fall in—not now for Southern field
And gallant foes in gray;
But toward hands strike under shield
At your fair homes to-day.
The batteries masked by gilded sign
Are worse than grape or gun;
Down with the haunts of beer and wine,
O boys of '61!

You need not bid the wife farewell
Or kiss the child good-by.
Around your homes the thunder swells;
The fight is hot and high.
The hissing baby on your arm
Shall see the battling done;
Your act must save her life from harm,
O boys of '61!

Come with the empty sleeves that tell
Of Vicksburg's blood and shrine,
While crutches won in Shiloh's hell,
Fall in. Dress up the line,
Your day slopes down in its western sky;
But let its setting sun,
Shine on your grandest victory,
O boys of '61!

EDITOR REPUBLICAN,

Dear Sir:—We are informed (and by good authority) that the southwest side of Cochran's drug store, on Second St., is set over the line and into the street over three feet. The consequence is, from the wrong location of the lines of Second street, all the lots between Second street and Egg Harbor road are thrown into utter confusion. This matter of establishing street lines, is one of importance, and should interest the whole town.

From one who is bound to see these matters set right.

President Arthur has nominated John K. Valentine, James N. Kerns and John M. Vanderlice to be respectively United States district attorney, marshal and pension agent at Philadelphia. He has also appointed Wm. N. Bunn to be governor of Idaho Territory.

In the National Senate Monday, a resolution was agreed to providing for an inquiry into the expediency of the equipment of a foundry for the manufacture by the Government of artillery of the largest calibre. In the House passed the bill pensioning Mexican veterans.

The English Government is taking important secret action in regard to the perpetrators of the dynamite outrages; a reward of £1000 has been offered for their detection; the Fenians are leaving Paris in alarm.

That Oyster Bill.

For several years, members of the Legislature from the northern and eastern parts of the State—especially from the great cities—have been arguing that as their constituents were compelled to pay for all privileges obtained from the State, so South Jersey oystermen should pay for the use of State property occupied by them, from which they obtained a livelihood. They produced strong arguments, which compelled our Representatives to keep comparatively silent. This northern element has been yearly growing more urgent in their demands, and whether right in this or not, their number was sufficiently strong to compel recognition, and as our readers know, the Governor appointed, last year, several men (nine, we believe) who were supposed to be posted in the oyster business, to investigate the whole matter, and ascertain, if possible, what protection was needed by men engaged in the business, and whether some revenue should not be secured to the State from this source.

This Commission held many meetings, in the various sea-coast Counties, heard the opinions of all who would appear before them, deliberated and argued long and thoroughly, and, as a result, their Chairman—Senator John J. Gardner—was directed to introduce a bill upon which a majority had agreed. This bill is now under consideration by the Legislature and by the people. The latter—in South Jersey—have weighed it in their balance, and found it wanting in many respects, and altogether too heavy in many others. In fact, it would prove oppressive to many poor men who derive a scanty subsistence from the bays and inlets, and drive some of them out of business. Besides, it gives arbitrary power to certain Commissioners to be appointed, and provides for so great an outlay of money, that it is doubted whether the license fees and lease money would cover the annual expense. There are many other objections named, and most of them are well-founded. It does not seem possible that this bill will ever become a law.

We see no reason, however, for the attacks made upon Senator Gardner because of the introduction of this Oyster Bill. As Chairman of the Commission, he was in duty bound to introduce whatever a majority approved. As a Senator from Atlantic County, he can and will (so we are informed by an intimate friend of his) oppose its passage by voice and vote.

Inasmuch as capitalists now engaged in the oyster trade stand ready to pay heavily for oyster privileges on the South Jersey coasts, some sort of legislation is necessary; and if northern representatives see fit to unite, they have sufficient votes to carry any measure they think proper. For their own good, we hope our people will not "protest too much," for by giving their opponents reason to believe they are not willing to pay anything for their privileges, the "last state of that" oyster bill may be "worse than the first."

Boston, November 26, 1883.
BROWN CHEMICAL CO.
Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get no relief having tried everything which was recommended until, acting on the advice of a friend, who had been benefited by Brown's Iron Bitters, I tried a bottle, with most surprising results. Previous to using Brown's Iron Bitters, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking Brown's Iron Bitters, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person.

An old agricultural correspondent writes us to know "whether-hogs pay." Hogs do not. Quite a number take the paper several years and then send it back marked "Refused."

An experienced married man in Hammonton says: "If there is one time more than another when a woman should be entirely alone, it is when a full line of clothes comes down in the mud."

Why should not Third Street be extended to the Park? There would be quite a number of available building lots in the market if that street was opened. Perhaps the question will be agitated at Town Meeting.

There are many vacant seats in our schools, on account of the chicken-pox. A few are sick (none seriously), members of the same families are kept at home, and others stay away for fear of contagion.

There's a man in Hammonton who sneers so heartily that his wife declares he makes the chess ring; and his little boy was so frightened by it, the other night, that he could not sleep, saying—"I thought it was a bear, growling."

So far (Wednesday afternoon), March has been decidedly lion-like. Mercury has not been above forty, and as low as twelve. Monday, Tuesday, and Wednesday, snow fell, and during a portion of the time regular Jersey zephyrs played about.

List of unclaimed letters in the Post Office at Hammonton, N. J., March 1st, 1884:

Rev. J. H. Appleton, Chas. Baker, Robert B. Collins, Frank Devoes, Mrs. George Grant, Florence E. Perry, Annie Wardle, Thos. E. Brown, John Collins, Mrs. Jennie Clark, M. J. W. Grant, Willie Welsh.

Domestico Curcio, ANNIE ELVINS, P. M.

We are indebted to Hon. William Walter Phelps for a copy of his speech on the Fitz John Porter case; to Prof. Rider for his handsome souvenir; to the N. J. Experimental Station for the Fourth Annual Report; to several officers of the State for their Reports; and to several other officials "too numerous to mention," for a large and select variety of public docs.

We have a rather lengthy communication from one who signs himself "pine not." We expect to publish it next week; and if proverbial Jersey justice overtakes the writer, he will be hung, drawn and quartered for willful murder of the English language. Oh, it's horrible! But probably you can make out what he means.

A very large and beautifully executed picture of Bartholdi's great statue of "Liberty Enlightening the World," has been presented to us by the Travelers Ins. Co., of Hartford, Conn., who have been among the most liberal contributors to the Fund. The picture, which is 26x36 inches in size, gives an excellent idea of the superb work of art which is to adorn the harbor of New York.

That also-shop building, at Elwood, which Mrs. H. is taking to pieces for removal, is 30x30 feet, three stories high above basement, and cost \$4,500. The purchaser intends making of it two double tenement houses of two stories and Mansard roof, each tenement containing eight or nine rooms. It was a bargain for friend S., and will keep him out of mischief all summer.

We had the pleasure of spending a couple of hours, last Saturday, at the residence of Hon. Enoch Cordery, at Absecon. While there, we were shown the presents given to Dr. and Mrs. Fleming at their wedding, Feb. 13th, 1884—Mrs. F. being a daughter of Judge Cordery. First came a Chickering piano, then scores of articles in silver, china, crystal, brass, bric-a-brac, hand-painted, toilet and other ornaments "too numerous to mention," making the most magnificent display we ever saw on any similar occasion.

VINELAND, N. J., 30th June, 1883.
 We, the undersigned inhabitants of Vineland certify that we have used during the past year the **Indian Tea**, introduced into this town by V. M. Hollinsworth, and certified by him to be imported direct from the plantations by himself. We have found it equal in every way to the statements placed over his initials upon every packet sold, and we can personally recommend a pure, unadulterated black tea of a high which meets all that has been claimed for its introduction, Mr. Hollinsworth, now of

A Few Facts Concerning the 4 C's, or Business College

It has the most practical and complete course of study. It omits nothing necessary to a thorough business education, yet can be accomplished in a remarkably short space of time. It has a novel and original method of teaching, which are attended by astonishing results. The student is interested from the start, and never fails to make satisfactory progress. It has the largest and best appointed rooms. It most expensive and perfect appliances. It employs the best teachers, and pays the most liberal salaries. In fact, it is the most thorough and complete institution in the country. It has been established 18 years, and sent out thousands of young men and women whose success attests its efficiency. It is a member of the Bryant & Stratton Chain of Colleges, or I. B. O. A., with reciprocal of scholarships, etc., all the advantages of intercommunication so indispensable to a course of modern business training. No person contemplating a course at a Business College, or desiring a practical education, can afford to decide upon a school without investigating the claims of this. Special accommodations for ladies. Fall Session begins September 3d. A handsome illustrated Catalogue and College Paper sent on application to

AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.
 It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.
 Mrs. C. F. BENTON writes from Kirby, O., July 1, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of Ayer's Hair Vigor, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."
 J. W. BOWEN, proprietor of the *McArthur (Ohio) Register*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. It not only prevents the growth of new hair, and makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."
 MR. ANSON FAIRBANKS, leader of the celebrated "Fairbanks Family" of Boston, writes from Boston, Mass., Feb. 6, 1883: "Ever since my hair began to give signs of falling, I have used AYER'S HAIR VIGOR, and so have been able to maintain the appearance of youthfulness—a matter of some importance to me, as I am a minister, and live in the 'eyes of the public.'"
 Mrs. O. A. FERGUSON, writing from Elm St., N. Y., says: "I am now two-thirds of my hair gone off. It thinned very rapidly, and I was nearly bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced. My covered with short hair. It was complete and grew, and is now as good as before it fell. I regularly used but one bottle of the Vigor, but now use it occasionally as a dressing."
 We have had words of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It is made by a trial, to convince the most skeptical of its value.

The Trenton Times for 1884.

It would take too long to tell what *The Times* has done for the people and the State in its fourteen months of existence. Suffice it to say that from the start it has attacked abuses of all sorts, political, municipal, national and financial. It has been fearlessly independent and independently fearless. Corruption is its bitterest enemy. Extravagance in State expenditures has been persistently fought. *The Times* secured, for one thing, the passage of a Printing Contract Bill through the Legislature that will save the taxpayers of the State at least \$35,000 a year. It has kept bad men out of office and put good men in.
 The *Times* for 1884 will continue its independent, consistent course. It will watch every bill introduced into the Legislature. It will ventilate every piece of jobbery, whether that jobbery be the work of corporations or individuals. It will fight to the death every attempt to add to the taxation of the people. It will not be suppressed by politician or corporations. Monopolies will be viewed with suspicion. The people and the people's interests will be the especial care of *The Times*.
 All the news, all the views and all the truths of the day will be given in *The Times*. Therefore every citizen of the State of New Jersey will need the paper. Those who have been without it in 1883 cannot afford to be without it in 1884.
 The *Daily Times* is five dollars a year or \$1.50 for the session of the Legislature. Send subscriptions away to

SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Itches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.
 To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.
 A Recent Cure of Scrofulous Sores.
 "Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried from other remedies I have made use of, during the past three months, of AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done for me."
 Yours respectfully, MRS. ANN O'BRIAN,
 145 Sullivan St., New York, June 24, 1882.
 "All persons interested are invited to call on Mrs. O'BRIAN also upon the Rev. L. F. WILDS of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of the lady, but in his own case and many others within his knowledge."
 The well-known writer on the Eastern Herald, B. W. HALL, of Rochester, N. H., writes, June 7, 1882:
 "Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a complete cure. I consider it a magnificent remedy for a scrofulous disease."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.
 It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.
