HAMMONTON, N. J., SATURDAY, MARCH 9, 1918

No. 10

Town Council meets next Wednesday evening.

A. J. Rider and family are spending some time in sunny Florida.

Rev. Everett vanDright is attending conference in Atlantic City.

William Cappuccio spent a few days home from Camp Dix, last week.

J. C. Anderson and family have returned to their Atlantic City cottage.

Ernest M. Jackson and family expect to move to Narberth about April 1st.

A. W. Irving, well known to many here, is quite ill at his home in Atlantic City.

There will be a meeting of the Suffrage League next Wednesday, at Mrs. Gardner's.

All Souls' Church will give a play early in April, details of which will be given later.

Miss Nita Bakley has returned from a few weeks' visit with her sister in Atlantic City.

Ross R. Thomas was one of two drafted men who went to Camp Greenleaf, Ga., on Wednesday.

Miss Cressman, the sewing teacher, is in a city hospital, recovering from an operation for appendicitis.

The Red Cross are to give an entertainment at an early date, details of which will be given next week.

The Hoyt homestead has been rented to Mr. Gibbs, one of the architects at the East Hammonton plant.

H. L. Mosfort was up from Florida last week. The statement that he and his family had moved was an error.

State President R. C. Waddington, Judge of Salem Co., will visit Washington Camp, No. 73, P. O. S. of A., next Monday night.

Hammonton Band will give a concert next Thursday, at Eagle Theatre, in connection with Harold Lockwood, as "Hidden Spring."

Sympathy is felt for Mr. and Mrs. Harry M. Bank, who lost one of their wondrous little twin boys last week Tuesday, February 26th.

Joseph B. MacDougall, of Atco, who was severely injured while trimming trees a few weeks ago, is making good progress toward recovery.

One more over—George Lobley, one of Uncle Sam's expert machinists in the motor vehicle repair division, has arrived safely on the other side.

The Rod and Gun Club is playing a series of handicap duck pin tournaments in their club house. J. L. Megargel is high gun, with M. C. Cappuccio a close second.

The Baptist Ladies will give a St. Patrick's Day social on Friday evening, March 15th. Lunch and entertainment will be provided, and a good time, all for the sum of ten cents.

Midnight visitors stole sixty dollars worth of peach trees from Albert Schwartz's place, near Rosedale. As they left tracks, the fellow will fare badly unless the trees are returned.

Geo. W. Wells, for several years the popular newsdealer and stationer, has sold his business to Clifford C. Small. Mrs. Elizabeth Pitting, his sister-in-law, will conduct the stand.

The Hammonton Universalist Parish will hold its annual business and social meeting in the Church on Tuesday evening, March 12th. All members of the Church and Parish are invited.

Lieut. John Peoples was at home for a short time this week. He is in charge of a detachment of several hundred men guarding the river front above Hog Island, and is well pleased with his work.

Books are needed for soldiers and sailors on hospital boats and embarkation camps. Only those of a desirable nature, such as every one enjoys reading, are needed. Reader drive on, and have the aid of Miss M. H. French, from whom are appearing the posters. Those anticipating "going over" to the front in this effort will soon be placed in our person places.

## A City in a Day.

Never in history was Hammonton so stirred up as on Sunday and Monday, when announcement was made that the Government had taken land four miles below here and proposed employing twenty thousand hands, to erect buildings, and load shells for war purposes.

The papers were signed Saturday noon, and Sunday nearly a half hundred army trucks, loaded with tools, lumber, and supplies, passed through town to the scene, at East Hammonton, this side of Elwood. Before night, a hundred or more men, from factories, stores, farms and railroads had quit their jobs and engaged themselves to work for the Atlantic Loading Company. Since then, several hundred more had arrived in town, so many in fact, that they had to sleep in trains over night.

The property purchased from the Prazier Company covers much of that tract from East Hammonton to Elwood, and across to Pleasant Mills, comprising about eight thousand acres.

Headquarters have been established at the Gerhart house, on Egg Harbor Road, nearly opposite the Raleigh, each room is fitted up with desks, lights, and typewriters, and is certainly a busy place. Mr. R. L. Doring, general construction superintendent, is to be found at this point.

Land is being cleared at the plant, buildings erected, and sidetracks already laid, by the thousands of employees. Surveyors, architects, and experts in all lines, have filled available empty houses and rooms in Hammonton. Families are "doubling up," in order to accommodate the new-comers, who appear to be very desirable additions to the population.

It is stated that the Atlantic Loading Company, who are acting as agents of the United States Ordnance Department, will erect a small village near Elwood, apart from the factory buildings, for homes for the workmen, and include a movie theatre, a church, hospital, etc. This is conjectured, but is probably a certainty.

The wages offered for ordinary help is 35 cents per hour, and up to something over a hundred dollars per month, is attracting farm help and those employed in clerical positions. Every morning a hundred or more men can be seen at O'Donnell's corner, awaiting transportation in the huge trucks to the site of the plant.

Local stores are already feeling the effect of the "boom" so close by, while the factories have lost many of their hands.

"Northern lights" interested people in Hammonton, Thursday evening. The sky in the north was brilliantly illuminated, and an occasional shoot of light in the sky resembled a huge search light.

Beginning next Sunday, March 10th, the Presbyterian Church will occupy their auditorium for their church service, which was vacated for several weeks for patriotic reasons.

Winslow Lodge, No. 40, I. O. O. F., will have a full house this evening. Fifty members of Star Lodge, of Atlantic City, will be up, with their paraphernalia, and confer degrees on about a dozen local brothers.

The annual school meeting will be held on Tuesday, March 10th, at 7:30 p.m., in the High School Building. Messrs. Charles Cunningham, Joseph R. Inhoff, and Albert L. Jackson are the retiring members. The total amount recommended to be raised is \$28,081.30.

Mrs. William Blazer (nee Miss Ida Johnson), died on Wednesday, March 6th, 1918, at the Cooper Hospital, Camden, after a short illness. An Miss Ida, she was beloved by all who knew her, gentle in nature, with a pleasant word to and for all. Her husband, to whom she had been married for 35 years, and her parents, both of whom she had the aid of sympathy of many friends. Her funeral will be held at 2 o'clock, at her parents' home on Main Street. In attendance at the funeral will be the family and friends.

Thrill-Stamp Meeting.

On account of many other evening engagements, there was a small attendance at the meeting Monday evening. An organization was effected, with the following officers:

Chairman, Thos. B. Delker.  
Secretary, Wm. O. Hoyt.  
Committee, Messrs. T. B. Delker, W. H. Gardner, I. F. Steller, L. J. Langham, N. C. Holdridge, H. M. Bank, W. J. Cusworth, Wm. O. Hoyt, Mrs. H. O. Packard and Mrs. Geo. F. McIntyre.

The name, "Hampton Thrift Stamp Club," was adopted, and a meeting, held Monday evening arranged for, at which time all societies are asked to have representatives present.

Next Saturday, there will be another meeting, for the children, at three o'clock, in Eagle Theatre. Well-known speakers will be present—among whom are, County Supt. H. M. Cressman, District Clerk W. R. Seely, and probably some from Atlantic City—and explain the Savings Stamp proposition.

It developed that the recent public meeting, in Union Hall, had so stirred up the patriotic people of Hampton as to increase stamp sales five hundred per cent.

SATURDAY, MARCH 9, 1918

The Vineland Home Guard has applied for recognition by the State as Militia Reserve, with a roll of 70 men. Why is it that Hampton cannot raise 61 men (the minimum required by law) between the ages of 18 and 64 who have enough patriotism and courage to do something for their town?

On our second page will be found two interesting articles—a condensed school report and a statement of the gas situation.

If you have rooms to rent, or wish boarders, remember the best medium of acquiring the people of that fact is the Republican. Of course, we have signs to be posted up.

Beginning next Thursday, the Editor can be found, during the evenings, at 139 Maple Street, or over the local phone, No. 731.

Attention! Forward! March!

An Open Letter to the People of Hampton

No community can long pursue its way in peace, prosperity and moral satisfaction without the instruction and Christian inspiration with which churches are ever furnishing it. Every far-sighted real-estate salesman knows this for he is sure to advertise the number of churches a town has, but never its saloons. He capitalizes the moral service of churches. Are you who read this making use of a church for your spiritual good? The war today is working a transformation in church thought and life, and to certain aspects of this we call your attention.

Only one Direction for Revision.

Churches of long historical standing will be obliged to revise their credal positions. Theologies of the fourth and sixteenth centuries are less regarded than ever. It is being realized that the great results of the war to be conserved in the reconstruction days to come must be the moral and spiritual results more than any other. There is only one direction in which revision can take place and that is in the direction in which the churches of liberal Christian faith are leading.

Keep the Hope of the Nation Strong.

To keep the hope of the Nation strong for the future of humanity, for democracy and for the coming of the Kingdom of God, the churches that have always called attention to the great humane and ethical issues as distinct from the purely theological, will be needed more and more. Such are and have been the churches of liberal and Christian faith.

The Long Range View.

The next hundred years belong to the churches of the broader faith. The course of events now shaping themselves and to come after the war are in line with the faith and teaching of such churches. The supreme moral and spiritual opportunity has come to awaken a deeper religious life in every community. Indifference must give way to spiritual alertness and energy. Cooperation is needed between forces within the churches, and of churches with one another, and between civic and social agencies of the community.

Every One to his Task.

Not since the Civil War has there been such reliance on faith and prayer as now. Every person who has not a part in the enlistment of his moral and spiritual energies hinders himself, his community and his nation's life and character. Cooperation now in church activity means a wholesome and holy gratification in the social rebuilding near at hand. There is a present call to all Christians to rise to the largeness of the task.

Religion of the Larger Hope.

Before the war broke out a wave of sorrow will pass over the land. Even now it weighs heavily on many homes and hearts. An opportunity for spiritual preparation and a comforting ministry is at hand. The church of the broader Christian faith has its message of the larger hope, the wider mercy and the divine life. There is nothing to retreat or retract, to revise or reverse. In its teaching about the destiny of the soul.

Think and Reflect.

All Souls' Church of Hampton, a church of universal spirit and vision, asks you to give thoughtful and prayerful reading of this letter. There is a welcome for you within its walls and a place for you in the larger service. If you have been drifting or are weary and heavy laden that you have become careless about the nature of your spiritual life,—arise and reflect on the responsibility that rests on you under God to co-operate in the things of the finer and higher life. Help make the Church safe for democracy as well as the world.

PARISH COMMITTEE.

Take a Swat at the Kaiser.

Camp Dix needs 2500 sets of boxing gloves to train its soldiers for trench warfare. No fund is available for buying these gloves, but it is believed that there are enough second-hand and used gloves in these districts from which Camp Dix draws its enlisted men to meet this need if the need and reason for it be made clear to the people back home.

The following facts are given out:

That the gloves are for a military necessity.

That they are for the men who will do the bayonet fighting "over there."

That the principles of boxing and bayonet fighting are similar.

That gloves and not money are needed.

That the drive is to be made the week of March 10 to 16, inclusive.

That gloves are to be sent by parcel post, insured, with name and address of sender on package so receipt may be acknowledged.

That packages are to be sent to Sol Metzger, Army, V. M. C. A., Camp Dix, N. J.

That the appeal is made to three persons of the country which have sent their men to Camp Dix.

### A Shortage in Fruit Packages.

The importance of fruit growers and other shippers getting their supplies of baskets, crates, etc., on hand is contained in a statement issued by the Bureau of Markets in the State Department of Agriculture, at Trenton, N. J.

There is a serious shortage in lumber from which these containers are made, and the labor situation is such in the south, where the bulk of them is manufactured, that many dealers are doubtful of supplying their customers normal demands. The Bureau advises that fruit growers combine their orders and purchase in carload lots, and it can supply a list of dealers from whom these containers can be purchased.

The Bureau advises immediate placement of orders if their crops are ready for harvesting.

Word has been received from the railroads that shippers desiring prompt dispatch of these supplies should apply to the Special East-bound Lumber Conference Committee, Room 625 Dickson Building, Norfolk, Va., giving as much information as possible regarding the place of shipment, number of car, etc. The purchaser should also send to the Bureau of Markets at Trenton a copy of the letter sent to the Conference Committee so that that Bureau may be assisted in following up the car and in insuring its arrival with reasonable promptness. The congestion of railway traffic is serious and is the cause for the issuance of this statement by the Bureau of Markets to producers.

### A Pretty Wedding.

A very pretty and interesting home wedding was solemnized at eight o'clock, Saturday evening, March 2nd, at the home of Mr. and Mrs. Houston D. Driscoll, of 247 West Main Street, Tuckerton, N. J. The occasion was the marriage of their daughter, Miss Maria Sylvia Driscoll to Ralph C. Courtney, of Tuckerton. The Rev. William Disbrow, pastor of the Methodist Church, performed the ceremony.

The bride's gown was white crepe de chine with tulle veil, and she carried a bouquet of white roses. Mr. George Mott was best man and Miss Gladys Horner was bridesmaid. The flower girls were Lillian Driscoll and Lois Bishop. Miss Stella Spencer played the wedding march.

A large number of guests were present from Tuckerton and various other places. The young couple were the recipients of many beautiful and ornamental presents. After a brief trip Mr. and Mrs. Courtney will reside in their new home on East Main Street. The bride is a sister of Houston C. Driscoll, of Hammonton.

### To the Farmers.

It is the patriotic duty of every citizen who is in a position to do so to invest in war saving stamps and thereby help the Nation to win this war. The purchase of even a twenty-five cent thrift stamp is a definite contribution to this end. War savings and thrift stamps foster the habit of thrift in small expenditures, make it possible for nearly every one to purchase what are in reality small Government bonds, and offer a unique opportunity to the people at once to help their Government and to economize conveniently for the purchase of the best investment securities in the world.

To win this war we must have both men and money. I know that every farmer wants to do everything in his power for the Nation in this day of trial. He will not only labor to produce the necessary foodstuffs but will also generously contribute of his means to make it possible for the men at the front to achieve victory. I am confident that the farmers of the land will not permit any other class to take the leadership in supporting the Government in this crisis, financial and otherwise.—David F. Houston, Secretary of Agriculture.

### Victory Assured Uncle Sam.

"Victory" is Uncle Sam's. The famous slogan of the Government in its conservation program, "Food will win the war" may be summed up in the one word "Victory" which is now the property of the United States Food Administration by reason of a formal assignment just received by Mr. Hoover.

Of all the names suggested in connection with the new nationwide campaign for the further conservation of wheat flour, being inaugurated this month by the baking industry, that of "Victory" was by far the most popular. Investigation developed, however, that "Victory" was a trade mark of the National Biscuit Company, duly registered in the United States Patent Office and in use since 1907, and therefore its property.

President R. E. Tomlinson of the National Biscuit Company was appealed to and promptly responded by saying it would be a pleasure to transfer to the Food Administration all rights in this trade mark. The formal assignment has now been received and the thanks of the United States Food Administration extended to the Company for its patriotic contribution, as well as for the publicity assistance being rendered it in the Food Conservation Campaign.
