TIRED OUT!

At this season nearly every one needs to use some sort of tonic. BROWN'S IRON BITTERS enters into almost every physician's prescription for those who need building up.

For Weakness, Lassitude, Lack of Energy, etc., it HAS NO EQUAL, and is the only iron medicine that is not injurious. It enriches the blood, invigorates the system, restores appetite, aids digestion. It does not blacken or injure the teeth, cause headache or produce constipation—other iron medicines do. Dr. C. H. BAKER, a leading physician of Springfield, Ohio, says: "Brown's Iron Bitters is a thoroughly good medicine. I use it in my practice, and find its action extends all other forms of iron. In weakness, or a low condition of the system, Brown's Iron Bitters is usually a positive necessity. It is all that is claimed for it." Dr. W. N. WATSON, 1119 Thirty-second Street, Georgetown, D. C., says: "Brown's Iron Bitters is the tonic of the age. Nothing better. It creates appetite, gives strength and improves digestion." Genuine has above Trade Mark and crossed red lines on wrapper. Take no other. Made only by BROWN CHEMICAL CO., BALTIMORE, MD.

SATURDAY, MARCH 10, 1886.

HINTS FOR THE SEASON.

The experience of the last two years
has demonstrated that ten thousand
quarts of good berries will bring as much
in market as fifteen thousand quarts of
poor berries, while the cost of picking,
freight, etc., is only two-thirds as much,
and consequently the net profit much
greater.

How many will profit by the lesson
and instead of planting two acres when
they can only fertilize and properly care
for one, cut down the acreage one-half
and apply twice as much manure and
cultivate well.

The same lesson may profitably be
applied to annual crops such as corn,
potatoes, etc. It is easy to see that a
piece of land may be in condition to just
carry through a crop alive and have
nothing worth harvesting, and of course
all the cost of seed and cultivation
thrown away, but not every one follows
up this reasoning to its legitimate con-
clusion and realizes that a small addi-
tional amount of manure may produce
an increased crop and yet not sufficient
to pay all cost, while a much heavier
outlay would result in a profitable crop
because the cost of cultivation would not
be materially increased.

In applying chemical fertilizers it
should be borne in mind that the manu-
facturers place the amount required per
acre as low as possible in order to make
their value appear greater; and besides
this our land is not generally in as high
state of cultivation as that on which
such fertilizers are generally used, and
as application of double the maximum
quantity will be none too much as a
general rule.

If you have not already collected and
burned all the basket worms, apple tree
caterpillars, blackberry borers and black
knots, attend to it once—spring work
will soon interfere.

PORTRAITS.
Having been very successful in the
practice of the art science (photography),
I have opened at the above place to en-
courage my business and to introduce the
latest inventions in the art.

Cold, leaky sky lights, hand-rests, and
sitting for even so short a time as one
second, is not necessary.

The time-honored adage, "now look
a little, please," is heard no more.
The photograph is taken in the twentieth
part of a second, while the operator is
talking to the sitter, therefore the expres-
sion is natural.

among the young people, was in town
this week. He is traveling for F. A.
North & Co., of Philadelphia.

The concert, last Saturday eve-
ning, was fully equal to that of Feb. 10th,
and that is giving it high praise. We
enjoyed it exceedingly well. Home
talent suffices us, in the musical line.

Capt. J. C. Almy, of Massachu-
setts, spent part of this week in Ham-
mononton. He offers his place, twenty
acres on upper Bellevue, for sale,—a
good investment for some one with a
reasonable amount of capital.

The Annual Conference of the
Methodist Churches will be held in
the Broadway Church, Camden, com-
mencing on Wednesday next, 14th. It
promises to be a very interesting session,
with a number of distinguished visitors.

Rev. H. J. Zelley having served the
Hammononton Church for three years, a
new pastor will be appointed.

Mr. David Field, in a note, says:
"In Col. Ingersoll's lecture, 'Mistakes of
Moses,' he asks his audience this ques-
tion: 'Where are the four great rivers
flowing out of the garden?' He waits
for a reply, which of course does not
come. Did Mr. Copeland take up this
point? (No, he did not; one evening
was too short to touch upon everything
Mr. Ingersoll has said.—Ed.)

Some of the county papers have
stated that the Methodist Church of this
place are about to build a new house of
worship; and the same announcement
was made, this week, in the Philadel-
phia Press. An officer of the Church
informs us that the only foundation for
the rumor is the fact that the Church
has bought of Mr. Joseph Miller a very
eligible lot on Bellevue Avenue, adjoin-
ing the residence of Mr. W. J. Smith,
seventy-five feet front, and running back
to what will be Peach Street when the
proposed extension has been made. Of
course, they hope to build upon this lot
some time, but have no immediate ex-
pectation of doing so.

At the town meeting, a proposi-
tion will be made to raise by taxation,
this year, the \$1600 necessary to pay for
the Park. The only alternative assen-
se to be to bond the town to that amount
for fifteen years, which would add \$80
per year to our interest account. Make
up your mind this year would make
to raise the amount in the taxes of about one
dollar in every seven. Upon questions
like this, only property owners should
have the right to vote, as those who pay
only a poll-tax bear no share of the
burden.

Insure with A. H. Phillips, 1329
Atlantic Ave., Atlantic City.

Delegation from the town along

the C. & A. R. R. called upon Gen.
Beverly one day last week, to present
their petition for a reconsideration of
the recent increase of passenger rates.
They were courteously received, the
Gen. presented some arguments on his
side, and promised to present the case
to the Directors. There are rumors of
a favorable decision.

Mr. Burton.—I second the motion
for an executive officer for this town,
and, in common with my neighbors,
wish him forthwith to execute one dozen
dogs which have banded together to
make both day and night hideous by
their barking and fighting. It is not safe
for women and children to meet this
company of fighting curs in the street:
in fact, one of them made an assault on
one of our tall young men, and tread him
on a wagon. By all means, let us have
the executive officer. P. H. Brown.

The town caucus was held on
Wednesday evening, in Union Hall,
being well attended, and the following
ticket nominated:
