The Proposed Annex.

At our next annual school meeting, the people of Hammonton must decide how the present congestion in our schools can be relieved. One cannot think that the present inadequate and unsatisfactory condition of our schools is to continue, and if this is beyond belief, then something radical must be done, and that at once. In this paper there will be no attempt at a complete treatment of the question under consideration. I have no time for that. Still, there are certain things unsaid that ought to be said, and I cannot shirk my duty in the matter.

In the first place, in order to have anything like proper facilities for instructing our youth, at least three rooms (four would be better) besides those already owned by the town that are used for school purposes, are absolutely essential. The propositions to build a school house near the junction of Main Road and Bellevue Ave., or beyond the railways on 12th and 13th Streets, besides lack of school room, would not do at all, since they would in no wise resolve the peculiar racial conditions prevalent here. Children in all grades will continue to flock to the High School from the outlying districts, and in these circumstances it would hardly be right for the Board of Education to be too strict in this matter.

There is still ample room at Magnolia and Rosedale. Although there is some congestion in the four other outlying schools, this is not nearly so extreme as that in the Central Building. The 4th and 5th grades ought to be separated, and the 6th, at least, taken out of the assembly room. It would be much better if the 7th grade also could be put in a separate room down stairs; and this could be done with little or no extra expense were another room available, since in that case a teacher from the High School could be spared for the seventh grade.

To rent these rooms in the vicinity of the High School would cost in the neighborhood of \$225 per year. The interest on \$5000 at 4 per cent (at which rate the money can be borrowed) is only \$200 per annum. Hence it would cost more to rent than to build.

What we really need, and what the Board of Education is going to ask for as currently as it knows how, is an appropriation of \$5000 to build and furnish completely a four-roomed annex to the present Central Building. This would provide room for the Kindergarten, for the sixth and seventh grades, and would allow the fourth and fifth grades to be separated. It would also provide a means of relieving the congestion in the outside schools, for in that event all pupils above the 4th grade could go to the High School. And further than this, it would give us a compact and properly graded High School, which is a very important factor in the case.

It is said that the money will not be voted; that the people are already overburdened by taxation, that the schools are good enough for the present. To all this I can but say that which I believe to be the truth. Where anarchy prevails, there life is scarcely worth the living. Civilization and government keep pace ever. Without law, order, authority, and government, there can be no great advancement from savagery. I take it that the Anglo-Saxons are the greatest governors, the greatest civilizers in the world, and that they are doing more to help all nations to grow into one perfect state than all other people combined.

Now, what are the greatest dangers that threaten our government? Ask any intelligent observer of our political life, and among the first he mentions will be ignorance,—mental and moral ignorance. The power of one unscrupulous man over an ignorant multitude is one of the greatest dangers that threaten society. Limit the scope and power of our schools, and this influence increases by geometrical progression; pervert the schools, and give every pupil proper mental and moral training, and it will not be long before the power of

one man to lead others to do wrong will be greatly lessened.

Do not attempt to shackles our schools by failing to provide for a natural and healthful growth and progression. In my judgment, it would be better to reduce any other appropriation, rather than refuse to grant the just request of the Board of Education.

Mn. HOYT: As things are about at a stand-still here, there is nothing much in the way of news. Lew. Allendar and J. H. Kaue have been on the sick list for ten days, but are again on duty.

Instead of the 31st of March being the day for our muster out, it has been postponed to April 6th. The Fourth N. J., Second W. Va., and the Fifth Mass. are to be paid to-day. There will be a lively time in Greenville, as this will be our last pay day here. We have all kinds of shows, and anything to take the soldiers' money. There is also a two-car circus in town.

Weather was fine all last week, up to Saturday, when a thunder-storm struck us, followed by hail the size of marbles. Sunday, rain all day. Monday, snow. Tuesday, clear and cold.

Company F is in the second battalion now, since Captain Bryant's promotion to Major. We have no Captain, up to date, but hope the appointment will be in our favor.

P. S. As I was about to mail this, I learned that First Lieut. Schoopoven, of Co. E, has been promoted to Capt. of our company.

St. Joseph's Church.

A week of Mission will be given in this Church by a Passionist Father. Catholics and non-Catholics are alike invited, and are welcome, and every one who takes the opportunity to come will hear an excellent speaker from St. Michael's Monastery, West Hoboken.

The Mission will be open at the last Mass on Sunday, 10th inst., when the Feast of St. Joseph will be celebrated.

Every day, in the morning, the first Mass will be said at 7 o'clock, followed by an instruction. For the evening, service at 7 o'clock, consisting of Rosary, Instruction, Sermon, and Benediction. Confessions will be heard every day, commencing on Tuesday,—in the morning from 9:30 to 11:30, afternoon from 4 to 7.

This English Mission will be closed on Palm Sunday, the Italian Mission to follow in the same order. Special instruction for the children on Sunday, Monday, and Tuesday afternoon, from 4:30 to 6 o'clock.

Everybody who would like to indulge some articles of devotion, such as books, beads, scapulars, can bring them to the Church every morning, at either Mass. **REV. A. S. CERRATI,**
