## Board of Trade.

The Board had a very interesting meeting on Tuesday evening, eighteen members being present.

Plans were laid for advertising and other important items taken up.

One of our young progressive men, Albert L. Jackson, gave a paper which has caused considerable favorable comment place. Several followed him, bringing up and enlarging on the various good points.

His topic, "What is the matter with Hammonton?" was written, not in a "knocking" spirit, but pointed out defects in the town and some of its people, hoping that they might be remedied.

He quoted a poem from "Life" published in the "Ladies' Home Journal" as follows, with appropriate comments.

### Who is They?

Why don't they keep the streets a little cleaner?  
You ask with deep annoyance not undue.  
Why don't they keep the parks a little greener?  
(Did you ever stop to think that they mean you?)  
How long will they permit this graft and stealing?  
Why don't they see the courts are clean and true?  
Why will they wink at crooked public dealing?  
(Did you ever stop to think that they mean you?)  
Why don't they stop this miserable child labor?  
And make the S. J. R. a-up-a-for?  
(While thus you gently knock your unknown neighbor,  
Did you ever stop to think that they mean you?)

We kill enthusiastic movements by throwing cold water on them, or by our deprecating attitude. The paper advocated all belonging to the "Boosters Club," with "if you can't boost, don't knock," for its motto.

Do not call the town slow, as it is just what the people make it: If it is slow, you are helping to make it so.

How many are inclined to let the faithful few do all the work. Let us get out of the rut, and everybody work for the good of the community, and not tire out the willing ones.

He seconded Mr. Spear's suggestion in regard to cleaning up our places. Have a Town house-cleaning day, and clean to the middle of the street.

The paper was brought to a close by naming some of the advantages of the town, which we should be anxious to talk up.

At present, there is but one lady member of the Board. Four others have given their names, as desiring to join, and two more signified their intentions to do so soon. They will be welcomed, for ladies, as a rule, think more about the appearance of the town, and will doubtless add to the good done by the Board.

SATURDAY, MARCH 14, 1908.

Clarence Goldenberg, of Atlantic City, has been appointed by Governor Fort as Prosecuting Attorney of this county. He was not the organization's choice, but we everywhere hear him spoken of as in every way worthy.

The Hammoncton Base-Ball Club was organized on Thursday evening, at a meeting in Fiermen's Hall. Manager E. P. Jones asks that all wishing to take part next season, will give their names to him. A public meeting will be held in the same hall on the 28th.

About a dozen eligible young men met Tuesday evening, to arrange for a Camp Sons of Veterans. They secured these names, and pledges of others; and desire all who wish to become charter members to sign now, as the twenty-five signatures will soon be secured for a charter. Dr. Fier has the list. The Camps pay all benefits given by other lodges.

Mrs. Rufenacht and daughters, who reside on North Second Street, received, last week, news of the death of their husband and father, Peter Rufenacht, in Berne, Switzerland, aged sixty-six years. He was a soldier during the Franco-German War of 1870. The news was particularly sad, as one of the daughters was arranging for a visit to the old home, expecting her father to accompany her on the return.

Mrs. Francis Whitaker Payson, wife of Rev. J. H. Payson, D. D., Pastor of the Hammoncton M. E. Church, died on Tuesday last, March 10, of paralysis, aged 70 years. It was hoped that Mrs. Payson might recover, but the end came suddenly. We tender sincere sympathy to the family in their affliction. Funeral services were held at the parsonage yesterday at 10.30, all the town's pastors participating. The remains were taken to Trenton for burial.

We believe that most music lovers will agree with us in claiming that Wednesday night's concert, "The Mending Glee Club," was the finest of its kind ever held in Hammoncton. Their voices, while not as strong as some we have heard, were clear and true, and collectively seemed to blend perfectly. There was enough variety to prevent monotony, bringing scores on solo work, quartette, choros, minstrelsy, and the final, a selection from "The Trovatore." Those who failed to go are now regretting it. We again congratulate the committee for their wise choice of entertainments, which have been so pleasing to the people of Hammoncton.

"I trust this may be read by many sufferers from kidney and bladder troubles," writes Mrs. King of Woodland, Tex. "I suffered four years and could find nothing to give me temporary relief. Our druggist at last told me of Plaster for St. Your 30 days' treatment of Plaster for St. This one bottle has cured me and money could not buy this value. It has been too long. Guaranteed. Sold by the City Pharmacy."

What the Kidneys Do.  
Their Unceasing Work Keeps Us Strong and Healthy.  
All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily. When unhealthily some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disordered eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the arteries, etc. But if you keep the filter right you will have no trouble with your kidneys.

Thos. Baker, living on French St., Hammoncton, N. J., says: "I suffered considerably from a dull, heavy pain through the lower part of the body. I was unable to find a remedy that would give me relief, and was at a loss to know from what source the trouble arose until my kidneys became irregular in action. Learning of the merits of Doan's Kidney Pills, I procured a box at the Red Cross Pharmacy, and received great relief. I take pleasure in recommending this excellent remedy to other sufferers."

It's a shame, and a bad advertisement, to allow the old sanitation factory to go to wreck and ruin. Would not some of our "contrabands" or real estate men make an offer for it, and fix it up.

FOR RENT. Seven room house, good location, five minutes walk from both Main and A. K. Littlefield.

The Baptists will probably occupy their present building until after the first of May, the contractor expecting to complete as much exterior work as possible before driving the congregation into a public hall.

Sunday was a most delightful day—bright and balmy until four o'clock, when clouds gathered, wind rose, and by seven o'clock rain began to fall. Monday was decidedly disagreeable, wet and windy; but since then we have certainly been treated to weather of the choicest description. Everybody appreciates it.

A Pleasant Evening.  
The second meeting of the "900" Club was held on Thursday last, at the home of Mrs. R. J. Byrnes, the only about members being Mrs. J. May and Messrs John Donovan and John A. Dugan.

A most enjoyable evening was passed, and the members found ample reason for rejoicing at the happy thought that resulted in their organization. A busy hour or two at cards followed by a round of agreeable conversation, while participating in the delicious provided by the hostess, furnished a most entertaining evening.

The "900" Club fully realized that their reunion will promote sociability and enjoyable recreation, and they are enthusiastic over it.

## Town Council Meeting.

Regular meeting on Saturday evening, March 7th. All present except Mr. White.

After reading minutes there was some discussion as to the payment of bills for auditing Water Department account, but this was approved when learned that it was Council's duty to audit the accounts, and Mr. White had been employed by the committee to do the work.

Highway Committee reported that they had visited the scene of difficulty on Thirteenth Street, with Solicitor Stockwell, and presented his written opinion, which was, in brief, that there was nothing for the Town to do there,—it was a difficulty between property owners, who had better be left to settle it between themselves.

Nothing done on Main Road ditch—weather preventing.

Property Committee presented plans for a fire-proof vault in which to keep Town papers and books. Estimated cost \$250. Later they were instructed to secure bids for same.

Light Committee reported that the lamp at Orchard and Third Streets would not be moved, but arrangements are being made to exchange arc light on Bellvue to a number of gas lights on and near the corner.

The special committee on fire escapes made a lengthy report, detailed their visit to public buildings and factories, and stating what changes had been advised.

F. Passalacqua sent complaint of water in his cellar, caused by defective gutter. Referred.

J. T. Irving, of Elwood, wrote a letter of thanks to Hamonton and the Fire Company for their help at the fire at that place in January. Filed.

Fire Chief recommended the purchase of an improved ladder wagon—the present one being too heavy and cumbersome for advantageous use. Debated, and committee instructed to make inquiries as to what could be had, and prices.

Applications for liquor license received from John Giacomo, at Egg Harbor Road and Orchard Street, and from Mr. Battagliese, at the Union. Also for renewals from Frank Jacobs, Main Road, and James Pinto, Middle Road. All were referred to the committee.

Dr. Cunningham received permission to remove shade trees, to be replaced.

Resolutions adopted, instructing fire escape committee to notify the property owners to make the improvements indicated in their report and to take steps necessary to enforce the laws in that respect.

On motion voted to have Mr. Wm. Bernhouse make a survey and map of the Park.

Overseer of the Poor, Bernhouse, stated that two hundred dollars had been paid for land sold and thirty dollars for fines which should be placed in the Poor Fund. Referred to Finance Committee, to adjust.

Adjourned.
