HAMMONTON!!!

BARE OPPORTUNITY TO SECURE
STAMP HOME
TO ALL WANTING FARMS.

At the great Hammonton Fruit Settlement, the best land in the State is offered to all wanting farms in the most desirable and healthy climate, with a good and productive soil, being among the best in the State of New Jersey. Only thirty acres from Philadelphia, on the Camden and Atlantic Railroad, and but few miles to the New York City. These lands are sold to the actual settlers at low prices and easy terms, in five, ten, twenty, forty and upwards of acres. The title perfectly guaranteed, clear of all incumbrances, given when all the purchase money is paid.

THE SOIL IS A FINE SANDY AND
CLAY LOAM,

suitable for all grains and grasses, and is pronounced the finest quality for gardening and fruit raising. It is a marine deposit, with a nearly substance mixed all through it in a very comminuted form, and in the exact condition to support plants with proper farming it is very productive and profitable, easily worked, and warm and early. The lay of the land is slightly undulating, and is called level; it is free from stones or rocks.

IT IS THE BEST FRUIT SOIL IN
THE UNION.

Pears, Peaches, Apples, Quinces, Cherries, Blackberries, Raspberries, Grapes of all kinds, and all other fruits are raised here in immense quantities, and they are sought after by the dealers and command the best prices in the markets.

HAMMONTON IS ALREADY CELEBRATED FOR ITS FINE FRUITS
AND WINE.

From two hundred to five hundred dollars is cleared, free from all expense, per acre in the fine fruit culture. Sweet Potatoes, Melons, and all the "Fruit Vegetables" delight in this soil; this branch of farming pays much better than grain raising, and is much easier work.

THE MARKET

is unsurpassed; direct communication twice a day to Philadelphia, New York, and Atlantic City. The Railroad Company leaves cars here to be filled with fruit every day in the season; they are filled in the afternoon, and the same night or next morning by daylight are in the market, where the highest cash prices are obtained, without any other trouble to the producer than delivering the produce to the car. None of the land now offered is over one and a half miles from the Railroad.

THE CLIMATE

is mild and delightful; the winters being short and open, and the summer is no warmer than in the north. Persons wanting a change for health will be satisfied here—the mildness of the climate is soon beneficially felt by delicate persons and those suffering from Dyspepsia, Pulmonary affections, or General Debility, as hundreds here will testify. This section has long been known for its health, and during the summer months tens of thousands flock for health. No Malaria, Chills and Fevers in this section.

THE WATER IS PURE AND

SOFT, of the best quality. It abounds in streams and is found by digging from ten to thirty feet, wells are cheaply made here, as there is no rock to go through. We have the best stores in the country, where goods are sold as cheap as they are in Philadelphia or New York. Good schools with competent teachers, Clergymen of all denominations reside here, some in charge of congregations, others cultivating the fruits; also a number of retired Physicians. The Methodist, Presbyterian, Baptist, and Universalist have their services regularly. Mills convenient.

Reliable practical nurserymen

who furnish all kinds of trees, plants, and vines at the lowest prices. The population of this settlement is large and rapidly increasing; it is composed of the best classes from New England, the Middle and Western States—Intelligent, industrious, and moral. The buildings are neat and handsome, and some of them fine. All materials for building, improving, etc., at hand; also reliable mechanics who will give satisfaction. Every convenience to be had that can be found at any other place. Persons owning property here obtain tickets of the Railroad Company to and from the city, at a discount of twenty-five per cent. on the regular fare.

The lands have been examined by some of the best agriculturists and fruit growers in the country, who pronounce them the best in the United States for fruit growing. Mr. Solon Robinson, the agricultural editor of the New York Tribune; Dr. I. P. Trimble, the State Entomologist; Mr. John G. Bergen, member of the American Institute of New York; and others, reported that they never saw finer growth of fruit and grain, and grass, than they saw here; and recommended this settlement to persons desiring to till the soil, for pleasure or profit.

These lands are being rapidly sold, and from the rapid and extensive improvements, property will continue to increase in value. Inquire for R. J. Byrne, the founder of the settlement, who will show the lands free of expense. For further information, inquire, or address:

CONSUMPTIVES.

READ WHAT DR. SCHENCK IS DOING.

DR. J. H. SCHENCK.

DEAR SIR:—I feel it a duty to you, and to all who are suffering under the disease known as Consumption and Liver Complaint, to let them know what great benefit may be derived from your Pulmonic Syrup and Seaweed Tonic in such a time. By the blessing of God it has cured the likes of me.

Dr. Schenck, I will now make my statement to you, as follows:—About eighteen months ago I was attacked with a severe cough, which settled on my lungs; I could not rest at night, and I was afflicted with evening fever and night sweats. I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did eat; bowels swollen, irregular and constipated. I was very low spirited, and had such violent spells of coughing when I laid down at night that when I awoke in the morning they would last me for two hours.

I then would be nearly exhausted, and was entirely unable to do any of my own work. I cannot describe my wretched suffering as I would wish to do. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was confined to my bed for the last of February, 1882, to June, 1882, not able to sit up. I had the best medical attendance the whole of the time. My cough was so very bad that it racked me very much. I at this time raised a large quantity of thick, yellow, offensive matter, sometimes with blood, and it was generally accompanied by nausea and a ferred and coated tongue. At the time of coughing I also would have sharp shooting pains in my left side and heart, night sweats and sometimes all through my whole chest; had much inward fever, pain in my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me into spasms. Now my physician gave me up to die. Others had, and the best of them, but they could do nothing for me, and at that time I was nothing but skin and bones. I then was in the western part of Missouri. In June last we left there for the East, and in August last we came to New York, and I was so reduced that I could only walk a little with my husband's help. After I had been here a short time the salt water breeze made me feel much better for a time, and then I had again to call a physician for aid. We had four of the best physicians of New York on the disease of the lungs, and doctors of all kinds, but of no avail. They said I was past cure, and that my lungs were too far gone for any one to cure me. But at this time I was on my feet about the house, not able to do much of anything. In November last I grew worse, the consumption came on in a new way, and I was again confined to my bed. We had tried all, and everything that I could grasp at, like a dying person for my diseases—consumption and liver complaint—but of no avail.

In January, 1883, I was brought down again on my bed, and was not expected to live the night out. My husband and sister and other friends, and they all give me up. At this time every one who saw me did not think I would ever leave my bed a living woman. The first night I was attacked with spasms, and was deranged most of the time. A friend, Mrs. Harris, came to see me the last of the week, and brought the Sunday Mercury. It was an account of a great cure performed by Dr. Schenck. She read it to me, and it was so much like my disease that I asked my husband to go and see him for me. At this time I had given up all hopes of ever getting well again, and made my peace with God, to be ready whenever he called for me. On the 27th of January, 1883, my husband called on Dr. Schenck, 32 Bond Street, New York, and stated to him my case, with a request for him to call and see me, which he did, and examined me with the respiration. When he was about to go I asked him if he could cure me? His reply was: "I cannot tell, but lungs are diseased, and the bronchitis tubes are affected, on both sides." And yet he seemed to think there were lungs enough left to effect a cure. If the diaphragm could be stopped. He asked in order to do this, he would have to give me Marsh's Pills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it, which he did, but the constant coughing, night sweats, and diarrhoea had prostrated me so that he was afraid my vital powers were too much prostrated to rally, and yet he seemed to think if I could live to get enough Pulmonic Syrup through my system to cause expectoration, there were lungs enough left for me to recover. He wished me to try the Pulmonic Syrup and Seaweed Tonic once, saying it would do me no harm; if it did me no good, the first week it seemed to give me strength, so that on Sunday after I sat up in bed and ate a hearty meal, and on Monday he called and saw me, and wished my husband not to give me any more medicine. But the doctor had warned him of this, and when the medicine was clearing out the system it made them feel somewhat restless, and to persevere; and he insisted on my taking it; and now I feel the benefit of it. For after eight days I began to gain my strength, and with the 22nd section of a cold that put me back to the wall, I have been gaining strength of body, my cough is going away, and all my pains are gone; nervousness of the body, my bowels are regular, and my breath is sweet, and I thank God that I am now going about, and am as well as well as ever I could. I have taken sixteen bottles of the medicine, eight of each. I now have a good appetite, and rest at night, my strength does not tremble in getting up or lying down. I would not say to the afflicted with consumption or liver complaint, that Dr. Schenck is no humbug. You can rely on what he says. Delay not; it is dangerous to trifle with these diseases. If you would be cured, go at once; and any one wishing to know the facts as to what I have done, my residence, 117 West Houston street New York city.

MRS. MARY F. FARLOW.
We, the undersigned, residents of New York, are acquainted with Mrs. Farlow, and know her statement to be true. We also know that she used Dr. Schenck's Pulmonic Syrup and Seaweed Tonic, and have reason to believe that to this medicine she owes her preservation from a permanent grave.
