

of Rolled Oats this week—offer at 3 cts.—has been 3_3^1 c. per pound. Nothing the matter with the quality, simply a squeeze in the market.

Pettijohn's Breakfast Food at 12 c. per package is also very low. Many people prefer it to anything else for breakfast.

Garden and Field Seeds will be on hand in a few days. Please bear in mind that we handle only fresh seeds, fully warranted in every way. Small seeds in tull size papers at $2\frac{1}{2}$ c. per paper.

Early Peas, Beans, and Onion Sets will be here at the same time. We cannot quote prices yet, but be sure we will be as low as the lowest.

Early Seed Potatoes are beginning to arrive: A little early to plant, but a good time to be looking for the best varieties and "right" place to purchase. We shall be with you as to quality and price.

Eating Potatoes, just received, an exceptionally fine lot of N. Y. state White Stars, bright, solid and sound. We offer at 85 c. per bushel.

Some folks may not know it, but we do quite a business in Nails. In these "good old-fashioned times," Iron is law. We quote Cut Nails at $2\frac{1}{2}$ c. pr pound Special price by the keg.

First quality Jersey Axes,—light, medium, or heavy,—we reduce $12\frac{1}{2}$ per cent.

er's First Brooklyn Sermon Mrs. Henry Ward Beecher gives an Interesting account of the first ser mon preached by Mr. Beecher in Plymouth Church, Brooklyn, in her fith A Vivid Picture of His Awfal Orime paper on "Mr. Beecher as I Knew Him," in the Ladles' Home Journal. A perfect flood of warnings and within the walls of the Moscow Krem-eriticisms came to him before his lin, is the tomb of Ivan the Terrible-first sermon. Doubtless-all these the first sovereign of Russia to bear sister, succeeded Ivan as regent for to say, I could not but think, "Will of character embodied in one man. he has marked out for his work from wife exercised a wonderfully happy

The youthful look vanished and did not return, as in his sermon, he plainly, and with great solemnity, the earth. This same monster caused to arouse the clonists during the garding the cost of the various in-showed his hearers the course duty the acts and epistles of the Apostle to French troubles. They were all the Government policy that been to Divine love is not always accom showed his hearers the course duty called him to pursue. As he said of the aets and epistles of the Apostle to these remarks years after: "I lifted up the banner and blew the trumpet in the application of Christianity to intemperance, to slavery, and all other great national sins. I said to those present, "If I remain here and you come to this church, it must at the opening sentence betrayed the true was necessarily s ar e.
showed his hearers the course duty the aets and epistles of the Apostle to be translated into the Apostle to be translated into the Apostle to be translated into the Apostle to be translated then and used as cases tor musket intermet policy had been to the better the Indians' condition. I can among his people. Helikewise granted his subjects an admirable code of laws. A messenger on one occasion presented those present, "If I remain here and the common one of his generals," an inflammability, and such paper "According to Mr. Donaldson's the organization of the see them not the common of the common of the opening sentence betrayed the the organization of the organization of the organization. derstood that I wear no fetters, that I will be bound by no precedent, and that I will preach the Gospel as I apprehend it, whether men will hear or whether they will forbear, and I will apply it sharply and strongly to the overthrow of every evil, and to the upbuilding of all that is good." After the close of the sermon many came to counsel Mr. Beecher. They were actuated by kindness to him and anxiety for the church. Such bold. plain speaking they did not understand. They had never been used to it. It would overthrow this young church

"Don't ally yourself to unpopular, men or unpopular causes," they told him. "There is no call for it. You You will only injure yourself and break up -this church.

After preaching a month in Plymouth Church, he was installed as pastor on November 11, 1847.

The Reight of the Tallest Man Turner, the naturalist, declare that he once saw, upon the coast of Brazil, a race of gigantic savages, one of whom was 12 feet in height. M. Thevet of France, in his description of America, published at Paris in 1575, asserted that he saw and measured the skeleton of a South American which was 11 feet 5 inches in length. The Chinese are said to claim that in the last century there | put upon canvas a stronger scene than zeal, have introduced this exemplary spent \$100,000. were men in their country who measured 15 feet in height. Josephus mentioned the case of a Jew who was 10 feet 2 inches in height. Pliny tells of an Arabian giant, Gabara, 9 feet 9 inches, the tallest man in the days of Claudius John Middleton, born at Hale, in Lancashire, in the time of James L, was 9 feet 3 inches in much more than a lad or 20 years or mill is carefully preserved. Were height; his hand was 17 inches long and 81 inches broad. says Dr. Plott in his "History of Staffordshire." The Irish giant, Murphy, contemporary with O'Brien, was 8 feet 10 inches. A skeleton in the Museum of Trinity College, Dublin, is 8 feet 6 pointed steel, the exact imprint of rars may be enable to browne ba or it to a leweler in Eleventh street for ing lobsters alive. "We can't int inches in height, and that of Charles Surgeons, London, is 8 feet 4 inches. The tallest living man is Chang-tu-Sing, the Chinese giant.

Drogen Class A plan has also been put into practice by which broken glass of various rolors is mixed up. placed in mold, seeks to undo the hasty net of five frugality." lined with silica, tale, or some other resisting material and fired. The result is a firmity coherent mass, which ran be dressed and cut into blocks, which are, of course, irreglarly colpred, and may he employed in place of artificial marble. If decorative effects are desired designs in relief can be obtained by pressure while the block or slab is still plastic.
