## HAMMONTON!

**Home Opportunity to Secure**

**A HOME**

**To All Wanting Farms.**

In the great Hammonton Fruit Settlement, the best land is offered to all wanting farms in the most delightful and healthy climate, with a good productive soil, being among the best in the garden State of New Jersey, only thirty miles from Philadelphia on the Camden and Atlantic Railroad, and but few miles to the New York Railroad. These lands are sold to the actual settlers at low prices and easy terms, in five, ten, twenty acres and upwards to suit. The title perfect; warrants deeds, clear of all incumbrances, given when all the purchase money is paid.

**The Soil**

is a fine sandy and clay loam, suitable for all grain and grasses, and is pronounced the best quality for gardening and fruit raising. It is a marine deposit, with a very commodious water, and in the best condition to support plant and proper farming. It is very productive and profitable, easily worked, and warm and dry. The lay of the land is slightly undulating, and is called level; it is free from stones or rocks.

It is the best fruit soil in the Union. Peaches, Apples, Quinces, Cherries, Blackberries, Raspberries, Grapes of all kinds, and all other fruits are raised here in immense quantities, and they are sought after by the dealers, and command the best prices in the market.

Hammonton is already celebrated for its fine fruit and wine.

From two hundred to five hundred dollars is cleared, free from expense, per acre in the fine fruit culture. Sweet Potatoes, Melons, and all the finer Vegetables delight in this soil; this branch of farming pays much better than grain raising, and is much easier work.

**The Market**

is unsurpassed, direct communication twice a day to Philadelphia, New York, and Atlantic City. The Railroad Company leaves cars here to be filled with fruit every day in the season; they are filled in the afternoon, and the same night or next morning by daylight are in the market, where the highest cash prices are obtained, without any other trouble to the producer than delivering the produce to the car. None of the land now offered is over one and a-half miles from the Railroad.

**The Climate**

is mild and delightful the winters being short and open, out-door work can be carried on nearly all winter, whilst the summer is no warmer than in the north. Persons wanting a change for health will be satisfied here; the mildness of the climate is soon beneficially felt by delicate persons and those suffering from Dyspepsia, Pulmonary affections, or General Debility, as hundreds here will testify. This settlement has long been known for its health, and during the summer months tens of thousands flock here for health. No Malaria, Chills and Fevers in this section.

**The Water**

is pure and soft, of the best quality. It abounds in stream and is found by digging from ten to thirty feet. Wells are cheaply made here, as there is no rock to go through. We have the best water in the country, where goods are sold as cheap as they are in Philadelphia or New York.

Good schools with competent teachers, Clergymen of all denominations reside here, some of them in charge of congregations, others cultivating the fruits; also a number of retired physicians. The Methodist, Presbyterian, Baptist, Universalists, have their services regularly. Mills convenient.

Religious practical instruction, and farm in all kinds of trees, plants, and vines at the lowest price.

The population of the settlement is large and rapidly increasing; it is composed of the best classes from New England, the Middle, and Western States, intelligent, industrious and moral. The buildings are neat and handsome, and some of them fine. All materials for building, improving, &c., at hand; also reliable mechanics who will give satisfaction. Every convenience to be had that can be found at any other place. Persons owning property here obtain tickets of the Railroad company to and from the city at a discount of twenty-five percent on the regular fare.
