HAMMONTON, N. J., SATURDAY, MARCH 31, 1917

No. 13

The old Nicolai cut glass factory (formerly the Whiffen shoe shop) near the Pennsy station, took fire about 1:30 yesterday afternoon, probably from locomotive sparks; and only after two hours hard work with five lines of hose, against a high wind, was the building saved, after burning off the roofs and a portion of the second story interior. Both companies arrived in good time, and fought hard and well, as did many outsiders. It was thought for a half-hour that not only the factory, but Walther's blacksmith shop, Bernshouse's stables, and other buildings, would go down; but an abundant supply of water, and men who knew how to use it, saved that section of town from destruction.

The First Aid Class will meet in the afternoon, next Monday, as they cannot secure the hall for the evening.

Mrs. Charles Price, of Wyndmoor, Pa., spent Sunday at Mrs. Drake's. Frank and Chas. Drake were also down.

There will be a Tennis Club meeting on Wednesday afternoon, at 3:45, in High School building. Election of officers, etc.

Fully a score of Hammonton pupils will go to May's Landing this morning, to compete in the spelling and arithmetic contests.

The final basket-ball game will be played this evening, with Hammonton College. It is expected to be the biggest game of the season.

Miss Lillian E. Sheppard, daughter of Mr. and Mrs. Walter Sheppard, of Bridesburg, Pa., formerly of Hammonton, was married on Wednesday evening, March 27th, 1917, to Mr. Alfred C. Brooks, in their newly furnished home at 155 N. 37th Street, West Philadelphia. Among those present were Mr. S. T. Twomey, Miss Bertha Twomey, Mrs. Fred. Measley, Sr., and Mr. and Mrs. Fred. Measley, Jr. Mr. Brooks is a granddaughter of Mr. and Mrs. S. T. Twomey.

The First Aid Class.

A permanent organization was formed on Monday evening, for the purpose of rendering first aid in case of war. Twenty-five ladies have joined, thus far. The officers elected are—

Chairman, Mrs. C. Cunningham; Secretary, Mrs. A. Brownlee; Treasurer, Mrs. Thos. Creamer. All ladies are invited to join.

Meetings will be held afternoon and evening. Demonstrations will be made in the application of bandages. Old mumlin is needed.

They have offered their services to the National Government.

The "Camden Reserves" basket ball team, composed entirely of brothers (Brown), were defeated on Wednesday night by the local boys,—score 33 to 26.

The Rainbow Club, in its New Jersey Boys' Day contest, awarded a prize to John S. Roseberry, and an honorable mention to Lambert Monfort, for excellent essays.

A Suffrage meeting, and to discuss war relief measures as outlined by the National Woman Suffrage Association, will be held Friday evening, April 6th, 8 o'clock, in Civic Club Hall.

Henry Graham, Chief Gunners Mate, U. S. Navy, was in charge of a recruiting party here, this week, with headquarters in Post Office. We cannot learn of their securing any recruits.

There will be an Easter sale by the Civic Club next Saturday, April 6th, from 2 to 5, at Club House. Home baking, and all kinds of useful little articles, just the needs of the season, will be on sale.

B. F. Henshaw visited a daughter in Atlantic City this week. On Tuesday he fell, near the Reading station, and injured his head. At the hospital the cut was sewed up. He is at home now, doing well.

Dr. Arthur Gordon Lewis and Miss Cynthia P. Conoway, both of Hammonton, were married, at the home of the bride's parents, in Delmar, Maryland, on Saturday last, March 24th, 1917, by the Rev. John Faulkner.

When returning from church on last Tuesday evening, Mrs. W. R. Tilton tripped, over a shrub in the School Park, and fell heavily, dislocating her shoulder joint and fracturing the bone. Though suffering, she is improving.

To whom it may Concern: If the party who sent to me the anonymous communication signed "A Few of the Mothers," will give me their name, I will look into that matter immediately and thoroughly. Dr. J. A. WAAS.

Another chimney fire about 3:30 Tuesday afternoon, near Fourth and Fairview, caused an alarm to be bent in, and the whole town was aroused. A few handfuls of salt, administered by a fireman, did what the householder should have done.

While coming up the Old Columbia Road, last Friday, Dr. Cunningham's car was stalled in a deep rut. Help came, but while doctor was digging a way out, he injured his arm severely. A fracture near the shoulder was feared, but the X-ray showed displacement of the muscle.

Hahnemann College Glee Club and Orchestra, composed of thirty-five young men, will give a concert in Union Hall on Friday evening, April 13th, for the benefit of the Presbyterian Church. Admission price is fifty cents,—the Club being under a contract with the faculty to charge nothing less. As there was no lecture course here this season, people will have an opportunity of hearing something really high-class, at one-third what they would pay in the cities.

Lewis R. Smith, son of A. J. Smith, of Ocean City, died in Hammonton Hospital, Philadelphia, on Friday, March 23rd, 1917, aged 37 years. He had submitted to a surgical operation, and appeared to be recovering, but a sudden change occurred and death came in thirty minutes. Lewis was born in Hammonton and spent boyhood here, but went with his parents to Ocean City some years ago. He was an active Church worker, was chorister for many years, highly esteemed by the whole community. His remains were brought here on Tuesday, and services held at the residence of his uncle, Wm. J. Smith, conducted by his pastor, Rev. Mr. Bohner, assisted by Rev. H. R. Randall. A widow and three sons survive him. A host of Hammonton friends tender their sympathy to the afflicted family.

MOTORISTS!

Read This Over Carefully!

The largest hammer that ever a blacksmith swung does not deliver a blow as heavy as those your tires get hundreds of times in a few hundred miles of travel.

That cotton fabric and rubber can stand up under such punishment is remarkable when you think of it.

A blacksmith will tell you that the temper of steel can be spoiled by too much heat. Little wonder then that even a few degrees too much in the vulcanizing pits will ruin a tire by carbonizing the cotton. This results in a tire that cannot stand the pounding of daily service.

By the exclusive Miller method of vulcanizing, all the essentials are retained in the cotton fabric. The native toughness and resiliency of the rubber are kept intact. Both cotton and rubber are welded into a rugged mileage unit.

Miller geared-to-the-road tread bands are never spoiled in the application. They come to you brimful of mile muscle, and with 100 per cent power to resist and endure. The blows of the road affect them almost as little as the hammer affects the anvil.

Hundreds of motorists found Miller repairs and re-treads to be faithful long-distance performers in 1916.

You, too, can establish mileage records and reduce your tire expense by having your tires repaired and re-tread by the Miller method in 1917.

Write or phone and we will call for, and deliver all work. We guarantee all work.
