Election returns throughout the west show very satisfactory results for the Republicans. Lincoln, Neb., elected a Republican city ticket. In Tacoma, a Republican mayor and council. Wisconsin shows reduced Democratic majorities, and Republican successes in several towns. Republican gains in Chicago. Schenectady, N. Y., elected a Republican Council for the first time in two years. Where party lines were drawn in Arkansas and Missouri, the Democrats held their own.

A blizzard accompanied by a blinding snow storm raged in the Dakotas and parts of Minnesota and Nebraska, Tuesday. Many hundred head of cattle perished and much suffering was caused to farmers. In Illinois, Ohio, Kansas and other States the wind was accompanied by a heavy fall of rain, which has caused the streams to overflow their banks and did much damage. Railroad and telegraphic communication is badly crippled. A heavy gale damaged the Illinois State building on the World's Fair ground, Chicago, to the extent of \$15,000.

A heavy vote was polled in Rhode Island, Wednesday, with results in favor of the Republicans. But as their law requires a majority of all votes cast, to elect, and but a plurality was received, the State officers will be chosen by the Legislature, and some Assembly districts will hold another election.

It is the every day cares and duties of life that keep a great many people from making tools of themselves.

This is a great year. The men of our country can choose a President, and the women select husbands.

Horse sense is a pretty good thing to have at times. It teaches a fellow to say neigh.

The biggest coward you can find anywhere is the man who is afraid to do right.

Spectimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at any Drug Store.

Bucklen's Arnica Salve, the best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, obpessed hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price, 25 cents per box. For sale by all druggists.

DIPSOMANIA! or the Alcohol Habit. Can it be cured? Yes, and safely! The worst cases cured in less than a month, by a scientific, humane treatment, medical and sanitary, which not only removes all desire for liquor, but leaves the patient renewed in vigor, sound and normal in mind and body. Price of board, medical treatment, and attendance, including every comfort, \$5 per day and upwards, according to the amount and kind of special treatment required. Further information, references, etc., will be furnished on application to S. S. NIVISON, M. D., Physician in Charge, Summit Grove Place Sanitarium, Hammonton, New Jersey.

Physicians throughout the United States in good professional standing, desirous to qualify for the above treatment, will apply for full instruction respecting the same, addressing Dr. Nivison.

Short Tariff Sermons.

NO. XIV.

There is probably no greater test of the prosperity of a people than the amount of money left over after all expenses of living are paid. This amount may be placed in the bank or invested in real estate or otherwise. The deposits in Savings Banks are largely made by the wage earner, the money of the manufacturer and merchant being in their business.

In Great Britain, with a population of 38,000,000, where Free-Trade reigns, there are \$336,000,000 deposited in Savings Banks, or \$14 per capita.

In New York, with protected industries and a population of 6,000,000, there are \$350,000,000 deposited in Savings Banks, or \$59 per capita. In Rhode Island the per capita savings are \$175 per capita. In Massachusetts over \$150. In the whole United States the Savings Banks deposits amounted in 1890 to \$1,324,844,506. But this only represents a part of the savings of American workmen. Millions of dollars are now put in Building and Loan Associations, Insurance Companies, numerous Benefit Associations and many other places for future needs.

And yet with all this the laborers of this country, because of the high wages insured by our Protective Tariff, live far better than the workmen of other countries.

Wendell Phillips said:

The maintenance of our progress in high wages, which at such a level that the workman can spare his wife to preside over a home, can command leisure to lecture, take a newspaper, and lift himself from the degrading level of these toil. That dollar left after all the bills are paid on Saturday night means education, independence, self respect, manhood; it increases the value of every acre near by, fills the town with dwellings, opens public libraries and crowds them, dots the continent with cities and connects it with railways. The one remaining dollar insures progress and guarantees millions to its owner, better than a score of statutes. It is worth more than a thousand colleges and makes armies and police superfluous. —American Economist.

Governor Abbott has vetoed the act of the New Jersey Legislature legalizing the Reading leases. The Governor finds many reasons for approving the legislation, as being in line with the long established policy of this State in favor of railroad combinations, and also in being productive of economy of management. He reaches with manifest reluctance the conclusion that he must withhold his signature from the bill, the controlling consideration being that there is no security in the bill against an increase in the price of coal. It is claimed that the failure of the New Jersey legislation will rob the combination of some advantages of arrangement but will not seriously interfere with it. The real test by which the combination must stand or fall will be made in the courts of Pennsylvania.

At Macclesfield, England, the average weekly wages of silk weavers are 13 shillings, or \$3.16. At Paterson, N. J., United States, the average weekly wages of broad-silk weavers are \$2 a day, or \$12 a week, and wages earned by ribbon weavers are \$3 a day, or \$18 a week. That is, American silk weavers earn from 3-4 to 6 times as much per week as silk weavers earn in England. At Macclesfield wages have fallen 30 per cent. since 1860; in the United States wages have been steadily advancing and are higher now than ever before.

Business pig iron sells for \$11.92 a ton in England. According to Grover Cleveland's theory it should cost that with the duty (\$9.72) added, or \$18.64 a ton, in this country. But it is actually selling in Pittsburgh for \$14.50 a ton, only \$2.68 above the English price. This means that if residents of the interior States were allowed to import pig iron free of duty, they would find it cheaper to buy in the Protected market of Pittsburgh than to pay the London price with freight and other charges added.

Taking a broad view of the working of protection since 1816, it appears that the principal products the farmers sell have advanced in price an average of 144 per cent., while on the other hand, the principal articles they have to buy have fallen an average of 79 per cent. Yet Democrats, with cheeks of double-plated brass, declare that the tariff is a tax and a particularly heavy burden on the farmers.

It is gratifying to be able to note simultaneously with the beginning of the demagogic croakings in Congress about the wretchedness of Western agriculture, that Kansas is paying off her farm mortgages at the rate of over a million a month. So says the Topeka Daily Capital.

The city elections in the west repeat the lesson of the local elections in New York State a month ago. This is a Republican year and every month sees the Republican tide steadily rising.

CHEAP. For sale—a new model Star bicycle. Inquire at the Republican office.

Now Try This.

It will cost you nothing and will surely do you good, if you have a cough, cold, or any trouble with throat, chest or lungs. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to give relief, or money will be paid back. Sufferers from the grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at any Drug Store. Large size 50c. and \$1.00.

Canada Askes.

I am now prepared to take orders for the Pure Unadorned Canada Askes. If not satisfactory when they arrive, no sale. Order early, as it takes about two weeks to get a car through, after they are ordered. Bottom price guaranteed. JOHN SCULLIN, Agent, Hammononton, N. J., 1-23-92.

The finest location in town for a bank building, the corner of Bellevue Avenue and Third Street, opposite the Post Office, is for sale. Inquire at the Republican office.

NE Missed his Opportunity! DON'T Miss
Yours, Reader. The majority neglect their op-
portunity, and from that cause live in poverty and die in
destitution. Harrowing despair is the lot of many, as they
look back on lost, forever lost, opportunity. Life is passing
like a dream. Be up and doing. Improve your opportunity,
and secure prosperity, prominence, peace, happiness,
and a glorious future. The Golden Opportunity of the
Golden Opportunity to each person at some period of life;
embrace the chance, and the person will be rich; fail to do
so and the departure, and the person will be poor. This is
the golden opportunity. Investigate every chance that
appears worthy, and of fair promise; that is what all suc-
cessful men do. Here is an opportunity, such as is not often
within the reach of laboring people. Improved, it will give,
at least, a grand start in life. The golden opportunity for
many is here. Money to be made rapidly and honestly
by any industrious person who will take the time. You can
do the work and live at home, wherever you are. Even be-
ginners are easily earning from \$5 to \$10 per day. You
can do as well if you will work, not too hard, but industri-
ously; and you can increase your income as you go on. You
can give up your time only, or all your time to the work. Easy
to learn. Capital not required. We start you. All in com-
pensation for your new, quick, and wonderful. We instruct and
show you how, free. Failure unknown among our work-
ers. No room to explain here. Write and learn all free,

A FAMILY PAPER
WHICH IS
Clean and Unsensational,
And Just the Paper
For the American Home.

The Press has the best possible organization to
secure news from the most important sources, and
with nearly 400 correspondents in Pennsylvania, New
Jersey and Delaware, the state and near at home news
is covered with a routine carelessness and attention to
detail not even attempted by any other paper.
The columns of the Sunday Press are enriched by
contributions from those whose names are written high
in our lists of great authors, novelists, essayists, as
well as from men of high rank in public life. The
best authors know that their best audiences are the
readers of the Daily, Sunday, and Weekly Press.
In politics, the Press knows no other master than
the people, and the past year has seen, as has been
seen before, the marked fact that it is subservient to
no political boss. It has no political ambitions to foster,
but looks after the interests of its readers, and
delivers itself upon the issues of the day in a manner
both frank and fearless, letting the facts speak for
themselves and evading no issues, but meeting them
all on the basis of fair play to all men at all times. Its
pages know no distinctions, and the rights of one class
over another are not recognized nor supported.
Advertisements of Help Wanted, Business Opportu-
nities, Real Estate, etc., may be inserted in The Press

The TRIBUNE for 1892.
Rowell G. Herr on the Tariff.
The Republican party, triumphant in 1891, where-
ver national issues were at stake, renews, aggressive-
ly and bravely, the fight for 1892. The New York
Tribune, the ablest, most reliable, and best of all
Republican papers, leads the way.
During 1892, Rowell G. Herr, of Michigan, the
wise and able editor of the Tribune has written a
series of articles on the Tariff, Reciprocity, Coinage,
and the Currency. These topics are all understandable;
the Republican policy with regard to all of them is
right, patriotic, and unimpeachable; but that has been
thrown in the people's eyes, and the act has been
filled with fog, by lying and tricky tariff reformers.
The Tribune prints from one week to the next, ex-
ceedingly interesting and explanatory articles on these
questions.

Mr. Herr begins at the beginning of every subject,
and makes it so clear that every one can understand
and so one can answer him. Ask any neighbor
what he thinks of Mr. Herr's writings. He will tell
you they are readable, and specially made of answer-
ing all questions, asked in good faith, on the Tariff,
on the Tariff, Reciprocity, Coinage, the Currency, and
the prospects of the Farmers' Alliance. The Tribune
is the best national Republican paper to supplement
your local paper during 1892.

How to Succeed in Life.
The Tribune will also continue the series of articles
to Young Men and Women, penned by men who, be-
ginning life themselves with few advantages, have
nevertheless succeeded honorably and brilliantly. It
will also reply to questions as to what young men and
women should do to succeed in life, under the particu-
lar circumstances in which their lot in life is cast.
The replies will be written under the direction of Mr.
Herr, whose familiarity with American life and
opportunities, and whose deep and cordial sympathy
with all who are struggling under adverse circum-
stances, promise to make the replies practical and
satisfactory.

Vital Topics of the Day.
Many special contributions will be printed, from
men and women of distinguished reputation. Among
the topics are—Silver Coinage, the latest views;
Proter Function of the Minority in Legislation, to
include one paper each from a Democrat and a Republi-
can, prominent in public life; Harmful Tendencies
of Trusts; Arid Lands of the United States; Million-
aires of the United States; Free Postal Delivery in
Rural Communities; Better Pay for Fourth Class
Postmasters; Importance of the Nicaragua Canal;
Village Improvement; Our German Fellow-Citizen in
America,—and many others.

Agriculture.
In addition to the regular two pages a week of how
to raise a farm and make it pay, there will be, during
1892, special papers on: The Potato; The Cucumber;
The Tomato; Tobacco Raising; Sugar Beets; Fancy High
Priced Butter Making; Care of Bees; Market Gardening;
Live Stock; and a variety of other equally im-
portant branches of American farming.

For Old Soldiers.
For veterans of the war, there will be a page a week
of war stories, answers to questions, news and gossip.
R. A. Wittenmyer will supply an interesting
column of news of the W. B. C. The Tribune's War
Stories of the past year have never been surpassed for
thrilling interest.

For Families.
Families will value the pages devoted to—Questions
and Answers; Household Decoration; Home Interests;
Cooking; Knitting and Crochet; Young Folks, and
the Fashions.

A great editorial pane will be printed, and fiction,
foreign letters, book reviews, travels, checkers and
chess and fun abundantly supplied.

THE
NATIONAL
BAPTIST
Philadelphia.

IF YOU ARE A BAPTIST,
And want to know what is going on in the
world of Baptists, and are not already
taking it,
YOU NEED

THE EXAMINER,
THE
Leading Baptist Paper.

It will tell you weekly what is going on in the
denomination—East, West, North and South—
for it is the national Baptist paper, taking cog-
nizance to the uttermost borders of our denomi-
national recorder; it is a

Family Newspaper,
Giving the secular news of the week, with pun-
gent editorials and paragraph comments there-
on, besides all the Baptist News and Notes,
with Outlooks on Other Denominations and
religious bodies. Its Story Page is filled with
serial and short stories and a Puzzler's Realm;
it supplies review articles, book notices, literary,
scientific and art chat, sermons, Sunday School
lessons and educational information, has house
farm and garden department, market reports,
a regular Washington letter,—in short, takes
into a sub ribbing family every week something
valuable to the intellectual wants of every mem-
ber, from the world-knowing grandeur to the
aw kneeling intelligence of the wee tottler at
his knee.

tober, November and December; then if you're
pleased, we'll be glad to have you become a
yearly subscriber at our regular price of Two
Dollars. Address
The Examiner, Box 3601, New York.

Prospectus for 1892.
It has not been our custom to issue a pros-
pectus. A newspaper can never tell before-
hand just what subjects will be discussed. We
hold ourselves in readiness, however, with our
well trained editorial force, and our large staff
of special contributors, to treat any subject
which may present itself during the year. Our
plans for 1892 contemplate an enlargement of
our news department, a perfecting of the other
departments, and the bringing up of the entire
paper to a still higher standard of efficiency.

PREMIUMS.
The National Baptist is offering a line of
most attractive premiums. For example, com-
munion services, organs and hymn-books, val-
uable books of reference and general infor-
mation, fountain pens. One of its most attractive
offers is the one offering to the new subscriber
to the person securing the new name, each a
volume of Prof. Drummond's famous address-
es, attractively bound in white and gold.

AGENTS
Are wanted in every Church, to canvass for
new names. Liberal commissions are offered.
Past experience has shown that a goodly num-
ber of new names can be quickly gathered by a
good agent.
