up Christ the social cure," John
xii. 32. Bible School at 11:45;
Christian Endeavor at 6:30; mid-
week service on Thursday evening.
On Friday evening, Gabriel Reed
McGuire will give his great lecture,
"An Irishman in the wilds of
Africa." This lecture, enhanced
by very interesting trophies of the
dark continent, has been tremen-
dously popular as a regular lecture
bureau attraction. He comes here
under the auspices of the Mission-
ary societies of the Baptist and
Presbyterian women. There will
be no admission charged, but a
generous offering is asked for
to meet actual expenses.

The Ladies' Aid Society will
give a "novelty social" on Friday
evening, 25th, in the basement of
the Baptist Church. Each one is
to bring an article, wrapped. The
mite coin chests will be brought in
and opened. All welcome.

A young man walked up from
Atlantic last Sunday, penniless and
hungry, on his way home in Phil-
adelphia. A group of men near
the station, hearing of it, raised
sufficient money, and Chief Adams
bought a ticket and saw him on
the evening train. He expressed
his thanks in a gentlemanly way.

The examination for State Teach-
er's Licenses to teach will be held
on the last three Saturdays of April
in the High School Building,
Atlantic City. Teachers desiring
to renew their certificates, or to ob-
tain certificates for a higher grade,
should also attend these examina-
tions. Particulars in detail may be
obtained by corresponding with the
County Superintendent of Schools,
Henry M. Cressman, Egg Harbor
City, N. J.

Two Serious Accidents

Sidney Mart was among the boys
at the Lake, last Friday, shooting.
Sidney had a revolver, 32 calibre,
and in some way shot himself in
the leg, just below the knee joint.
A chum, Thos. Skinner, Jr., took
him on the front of his wheel to
Dr. Butler, who removed the ball.
He is doing well.

Wednesday evening, about half-
past six, E. W. Strickland and J.
A. Hoyle were hastening homeward
in the former's automobile. Just
this side of Egg Harbor they
attempted to pass another car, but
a third car suddenly appeared over
the hill. Things were well shaped
for a bad collision, which seemed
inevitable, but Mr. S. turned short
toward the woods. He says there
were but two trees near; but just
then a tire blew out, and the
machine struck both of them, full
force, damaging itself. Strickland
was thrown about twenty feet, but
not seriously hurt. Hoyle was less
fortunate, one leg being badly
bruised, but happily no bones were
broken. They were brought home
and received prompt medical
attention.

THE DOG ORDINANCE.

Our Council have, as usual,
ordered the Mayor to issue a pro-
clamation to muzzle all dogs run-
ning at large during the warm
weather, doubtless thinking there
is greater danger of rabies in dogs
during hot weather than in cold,
and especially during "dog days."

There is more rabies in dogs and
wolves in Russia than in any other
country, and the Russian govern-
ment has statistics as to the time
of year when rabies most prevail in
that country. These show that it
is in the cold weather, and not in
the warm or hot, that rabies most
prevail there. Wolves, as well as
dogs, are subject to that disease.
Often, in the coldest weather there,
a rabid wolf comes into their towns
and bites every live thing he can
find.

But are not the "dog days" so
named because of a great liability
of dogs to run mad in that time of
year? By no means. There are
two constellations named great and
little dog,—"Canis Major" and
"Canis Minor." Each contains a
star of the first magnitude. That
in Canis Major is called "Sirius,"
and that in Canis Minor is called
"Procyon." Sirius is the largest
appearing fixed (?) star in the
whole heavens; but Procyon is
found to be the larger, but is much
farther away. They are both in
the same region of the starry vault,
and are above the horizon, or above
the earth, in the daytime during
dog days, which gives name to
that time of year. These have no
more relation to dogs than any
other stars or constellations.

In remote antiquity, the heavens
were mapped into constellations,
and mostly named after animals;
and then the mythical science of
astrology was founded upon these
names. There are fables still
working the ignorant through this
false science; but it is time for
intelligent people to ignore these
childish things of the remote past.

customers we succeeded in pushing it to the front.

GUARANTEED
Kirschbaum Clothes.
ALL WOOL HAND TAILORED

It was no easy undertaking, in these days
of advanced cost for labor and woolsens,
to provide Clothes that are correct in
every detail, for men who can invest only
fifteen to eighteen dollars for a suit.

A. B. Kirshbaum & Co. have made
for us suits at \$15, \$16.50, and \$18,—

That meet with our stamp of approval; and, to be frank
with you, surprised our critical eye after we looked
over the quality, style, fit and workmanship.

For \$15 we offer you suits that are made of strictly
all wool fabric,—material that has been tested and found
to be all wool, under the famous London cold water
process. Hand tailored, and a warranty given of a new
suit, or your money refunded if any cause for dissat-
isfaction develops.

Neat dark worsted and serges.
Models to fit any figure.
Styles for old men and young men.

We did not neglect to provide the best values for
the man who can invest only \$12.50, \$10, or \$7.50 for a
Suit of clothes.

Serges, worsteds, and cassimeres,—
Values that we are proud of.

We will clean and press, free of charge,

Town Council Meeting.

Council held its regular session
Wednesday evening, with all chairs
filled.

The first thirty minutes were
occupied in reading minutes of the
regular, special, and adjourned
meetings.

Mr. DeMoyer, of the Reading
Railroad, asked Council to see if
they could take care of the water
which flowed from back of the water
and gas plants, causing a nuisance
on railroad and private properties,
according to a notice from the
Board of Health. Town Engineer
Sartori will investigate, and see
where water can be deflected.

Mr. DeMoyer assured Council
that the Company would place cin-
ders at Fourteenth Street crossing.

Ladies of the Civic Club were
present, and asked Council to help
in paying the water bill of 1911,
amounting to \$101, just received
(the ladies having paid the 1912
bill.) They were assured that if
there was any money available for
that purpose, they would pay half.

Fire, Water and Light Com-
mittee reported three new (flaming)
arc lamps were installed, and the
fourth about to be; also that the
firemen had their new badges.

Law and Order Committee, by
the Chief of Police, reported three
arrests and twenty-one lodgers.

Property Committee reported pur-
chasing a clock for Town Hall.
Bills ordered paid were:

Clerk reported receiving from
licenses \$28.

All licenses expiring May 15th,
applications for "inn and tavern"
were received from Messrs. Jos.
Campiglia, J. D. Giacomo, J. G.
Smith, Jas. Pinto, F. Jacobs, C.
Denberg, and P. J. Heck; and for
botler's, from Benj. Foglietta and
N. Berenatto (this latter being a
new one, near Campiglia's). All
were referred to Committee.

H. S. Stapler put in a bill, prop-
erly executed, for chickens killed
by dogs in February, amounting to
16 1/2 pounds, \$3.35. On motion,
referred to Committee to investigate.

The Mayor stated that Messrs.
Gultry, Piez, and Baker had been
added to Normal School Committee.

Ordinance was introduced, for-
bidding roller-skating on cement
walks, but allowing on gravel roads
and walks, with certain restrictions.

Clerk was instructed to secure
opinion from Solicitor as to legal
and humane method of destroying
dogs at large, he to report to Law
and Order Committee, and they to
appoint executioners, and proceed.

Law and Order Committee was
instructed to erect speed signs at
prominent corners.

Gas lamps were asked for the
following corners: Washington and
Pascadore, Fourth and Bellevue,
Pascadore and Bellevue. Referred
to Light Committee.

Mr. Rider, for the local telephone
company, complained of damage to
cables by shot guns.

Complaint was made that some-
one was digging sand from center
of certain streets. If detected, he
will be dealt with.

Mrs. John Taylor returned on
Wednesday from Virginia, after
spending winter with her daughter,
Mrs. Burt J. Pressey.

The New Price Law.

The tank-wagon men who sell
kerosene, gasoline and other petro-
leum products to garages and
stores must speedily study decimal
fractions; and their customers
must do the same. The new state
law of uniform prices is the cause
of this.

The sellers of "any commodity
in general use" must first, under
the risk of severe penalties, name
a general or basic price for the
whole State of New Jersey. Add
the exact cost of freight to this,
and you have the legal price at
any given point within the State.

Thus the freight from Bayonne
to Plainfield is 33 hundredths of a
cent, which makes the rate for a
gallon of oil at Plainfield 8 and
83 hundredths of a cent. The
difference is frequently more than
this, occasionally less, but in every
case there is a troublesome decimal
fraction to confuse both buyer and
seller.

As this law applies to scores of
other commodities than oil, and
thereby means increased confusion
to all dealers, there should be some
way of simplifying its action, say
by allowing the quotations to be in
half-cents. It is not credible that
the framers of the bill foresaw the
quotations by decimal fractions
which have resulted under terms
of the new law.

A gold medal to the school boy
or girl between the age of 10 and
15 who writes the best composition,
not to exceed 800 words, on the
repair and maintenance of earth
roads, is to be awarded by Logan
Waller Page, Director, Office of
Public Roads, United States De-
partment of Agriculture, Washing-
ton, D. C. All compositions must
be submitted to Mr. Page before
May 15, 1913, and the medal will
be awarded as soon thereafter as the
compositions can be graded. The
compositions may be based upon
knowledge gained from books or
other sources, but no quotations
should be made.

After many years' experience in
dealing with the public road situ-
ation of the country, it is Mr.
Page's belief that ignorance on the
subject of repair and maintenance of
roads is as much the cause of their
bad condition as any other one
factor. It is expected that the com-
petition will bring about a better
understanding of the subject of
repair and maintenance in the rural
districts.

Many children living in the rural
districts have experienced the dis-
advantages of roads made impass-
able through a lack of proper main-
tenance, and it is expected that their
interest in the competition will
stimulate greater interest among the
parents. Bad roads have pre-
vented many children from obtaining
a proper education, and have pre-
vented doctors from reaching the
side of rural patients in time to save
their lives.

Any child between the ages men-
tioned, attending a country school,
may compete. Only one side of
the paper must be written on; each
page should be numbered; the
name, age and address of the writer,
and the name and location of the
school which he or she is attending,
must be plainly written at the top
of the first page. The announce-
ment of the competition has been
sent to the superintendents of
schools in the rural districts. No
further information can be obtained
from the Office of Public Roads.
This announcement should be
plain to everyone, and all children
will thus start on a basis of equality.

David Adams is spending two
weeks with his parents.

"I've been selling Studebaker Wagons and Buggies for over 30 years."

"I've sold them because my reputation as a

that Studebaker means the best."

That tells the story.
Farmers bought Studebaker wagons before the Civil war
and they have been buying them ever since.

Because they had confidence in the name Studebaker and in
the sturdy, dependable wagons and buggies they build.

And that confidence has been upheld. Studebaker wagons
are built on honor and the Studebaker guarantee goes with every one.

There's a Studebaker for your needs—whether you live in
city, town or country.

Farm Wagons Business Wagons Trucks
Surveyors Buggies Dump Carts
Pony Carriages Contractors' Wagons

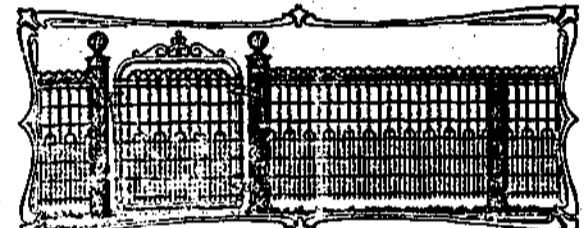

—And Studebaker harness also— as well and carefully made
as Studebaker vehicles.
