Boys' Working Reserve.

As it may not be known to all boys or young men of Hammonton and vicinity that the Boys' Working Reserve is an organization calling for your services, and at the same time benefit the boys and young men, I wish to make it generally known that we are forming such a Reserve in Hammonton.

The Boys' Working Reserve is a registered army of patriotic young men between the ages of 16 and 21, organized under the U. S. Department of Labor to help the nation where most needed to win the war. In this unit of the organization that would be to help the farmers, fruit growers and others of Hammonton and vicinity during the season now opened. To enroll, the young man applies to the recruiting agent, fills out an enrollment card and receives a certificate and an enrollment badge.

I have been appointed recruiting agent in Hammonton, and am ready to get you a suitable position as stated if you will apply to me for same. This applies to a job for the greater part or all of the season, as well as to a job at times for special service in harvesting, etc. In fact, the purpose of this Reserve works both ways, so if any farmer, fruit grower or other employer of that kind, who finds himself wanting help will kindly give me such notice I will endeavor to find help as far as I am able.

There is no charge for the service either way, as this is my duty, and I am taking this method of trying to get in touch with both parties, the employer and the employed.

The Reserve proved conclusively, last year, that even though inexperienced, the strong, healthy boy, inspired by patriotism, is a capable helper in this field. Of course, it is expected that the boy will be willing to earn a fair wage in return for fair wages and good treatment. Every boy who loves his country should ask himself, "How can I best serve the Nation in this War Emergency?" If he serves in the Reserve he will show, in after years, his Reserve Badge of Honor, granted by the United States for his faithful and loyal service.

Boys who are working on the home farm are entitled to join this Reserve, so send me your names, if I haven't them, and enlist in the Boys' Working Reserve. Any young man ought to be as proud of enlisting for farm work in these days, or any other day, as of enlisting as a soldier, or working in a munition plant, as all are working toward the same end, to give their services in this crisis. Boys, the farms need you. In the words of George Ade, "Not all of the heroes are in the trenches. If your big brother can dig trenches, surely you can plow corn."

SATURDAY, APRIL 13, 1918

How is that garden getting along?

The Home Guards have secured the required number, and are now awaiting instructions from headquarters before being officially recognized as a unit of the State Militia Reserve.

Hammonton people need to wake up. There are scores of men, some of them married, and women too, who wish furnished rooms, and, in some cases, board is desired. There are hundreds of homes which could, with a very small outlay, accommodate two or three of these new-comers, and derive fifteen or twenty dollars per week at least. They want comfortable homes, and are willing to pay what they are worth.

A persistent rumor is to the effect that Baldwin's Locomotive Works will locate at Winslow. We hope this is so, as it will bring many to Hammonton, and employ thousands of skilled laborers.

"Clean-up week" will soon be on us. Let us make our back yards look like something besides a place to dump things. The space occupied by that ash pile would fill a dozen jars with tomatoes.

Fill out that Liberty Loan pledge before you forget it. Isn't it better to keep the war out of the U. S.?

Hammonton did not do its best on the other two Liberty Loans. Let's show ourselves, and the world, that there's nothing mean about Jersey. Draw out a little of that money and loan it to Uncle Sam.

Nasty is not a nice word; but it is far more elegant than many expressions heard about the weather they have handed out this week. Tuesday and Wednesday were rainy, and Thursday started in with hail, turning into a couple of inches of snow before night. It was pretty nearly beyond expression.

Next week we shall print the Town Report in these columns. Watch for it.

Parents of the boys at the camps notice one thing with pleasure,—they are not starving them. Every one with whom we have spoken has gained over ten pounds in a few weeks or months. Of one in particular, we could not help thinking, how much will he weigh after he has been there a year?

Clean-up week begins April 29th. Bear it in mind.

Read the list of those who want the continuance of Hammonton's booze houses. If granted this year, it will probably be the last. Prohibition is coming, and none too soon to suit us.

The Home Guards, it should be stated, will welcome additional recruits, although they have the required number. Step up boys and men. Ten more would make a fine showing.

Road Question Settled.

Final action has been taken by the State Highway Commission in regard to re-routing the White Horse Pike, near Atco, on its way to Atlantic City.

There are two death traps at Atco, where the road makes a right angle turn and crosses the railroad track.

Through the change announced as having been adopted by the Commission, at the suggestion of Co. Goehner, who was made umpire of the situation, follows a new line to Elm and crosses the tracks but once instead of three times.

It will require the rebuilding of a section of new road, but the elimination of the death traps, where several serious accidents have occurred, will be welcomed by all users of the popular drive. The State takes over control of the new route with the consent of the Camden Freholders.

The change runs from Berlin to Atco, and then to Elm, down to Hammonton, where it makes a turn around the foot of the Lake, and joins the pike to Atlantic City by way of the old Weymouth Road.

The transfer of care to the Commission is calculated to make the whole stretch of road from Atlantic City to the Camden Ferry line a perfect highway.—Atlantic City Daily Press.

LIBERTY CONCERT.

Kate Ayresford Chapter, D. A. R., will give a "Liberty Concert" next Wednesday evening, in the Presbyterian Church. Miss Ella Wilson, of Vineland, and Harold Taggart, of Philadelphia, will assist.

Miss Wilson will give several selections on the violin, and Mr. Taggart will preside at the organ and will be the accompanist of the evening. Mr. Taggart needs no introduction here, having pleased several Hammonton audiences.

The program will be as follows:

Will You HELP Bring Back The Boys of This Community?

Our boys, the boys from this town and this county and this state, are fighting the Huns. They are in the trenches in France, they are sailing the U-boat-infested seas, they are going "over the top" in the face of German cannon and machine gun fire.

Many, many more of our boys are now training and will soon be in France, and more are yet to be called.

And, remember, these are our boys; those who are near and dear to us. They are doing their ALL. They are giving their ALL. They are prepared to make the extreme sacrifice that our homes, our town, our nation, may escape the ravages of the Hun.

We want them—one and all—to come back to us—

Will You Help to Bring Them Back?

Will you help to provide them with the things they need, with clothes and food and munitions, that they may complete as quickly as possible the terrible task assigned to them?

Will you support our boys while they are fighting for us, fighting the German autocracy that seeks to destroy our ideals of liberty and justice?

Compared to their heroic sacrifice our part is but small—that of providing the funds to keep them equipped; to build and man the ships that will transport their food, their clothes, their guns and their ammunition, and to pay for these things.

Yes, we, the people of this community, will support our boys.

We will do it by buying bonds of the Third Liberty Loan; by buying all these bonds we can; by making such sacrifices as are necessary to do this. That will be our support for Our Boys.

"BUY"

You say you're tired of it? Why, you have not touched your pile! You've simply been loafing. "Paying interest all the while." And the boys that we've sent over (perhaps they're yours and mine) Do not seem to count the interest. While they're out there fighting. So, the boys can give their lives for the grand old U. S. A. The very least that we can do is to buy a bond today.

Keep the Windows Open. Open windows are a wholesome inspiration. Sunshine and blue skies, the dash of rain and wind, the thrill of frost and sleet, the biting cold as well as the soothing warmth, all of these things are vital, elemental, natural experiences and serve to keep us in a state of healthy, normal activity and alertness.
