That a hen has no sense has been  
proved false by J. D. Randlett, pro-  
prietor of the Minnehaha Poultry  
Yard. One of the eggs, on being  
opened the other day, contained a  
well-cut ruby, of value. How it got  
inside the egg is more than we can  
explain.

## Hammonton Endorsed.

At their meeting on Thursday  
evening, the Atlantic City Board  
of Education adopted the follow-  
ing resolution:

"Resolved, That on account of  
the geographical centre of popula-  
tion, its easy accessibility by rail-  
road from all directions, its health-  
ful and delightful climate, and its  
proximity to larger cities, the Board  
of Education of this city hereby  
heartily endorses the town of Ham-  
monton as the site for the erection  
of the proposed Normal School to  
be located in South Jersey, and as  
far as possible will use its influence  
with the State Board of Education  
in selecting the above named town  
for the purpose designated."

## Two Birthdays Remembered.

Mr. E. J. Woolley was eighty-  
nine years old on Tuesday, April  
15th, and still seems to be hale and  
hearty. That evening, a few of  
old friends called to offer congrat-  
ulations, and spent a very pleasant  
hour with him, among them Mr.  
and Mrs. Wm. F. Bassett, Mr. and  
Mrs. Wm. A. Hood, Mr. and Mrs.  
E. S. Packard, Mrs. H. T. Pressey,  
Messrs. Wm. L. Black and C. F.  
Osgood, and others, called with  
wishes, and Dr. J. A. Waas sent  
kind words by phone, being unable  
to call. There were flowers in  
plenty. Mr. Woolley came to  
Hammonton in June, 1866, was  
for years watchmaker and jeweler,  
built a three story brick building  
which was later destroyed by fire,  
rebuilt by the Odd Fellows and  
Red Men. He gained friends by  
honest deal, and is still highly  
esteemed in the community. The  
Editors add their best wishes, and  
hope to greet him in 1924, when  
his century of life is founded out.

On Saturday, the 12th, friends of  
Miss Margaret Atkinson called and  
reminded her that it was her nine-  
tieth anniversary. Among them  
were a sister and niece from Phila-  
delphia, and other relatives. There  
were many gifts and flowers, which  
were appreciated. Miss Atkinson  
has been a resident of Hammonton  
since our earliest recollection, was  
for many years postmaster at Da  
Costa. May she too round out an  
even hundred, say many friends.

Hammonton can boast of quite  
a number of "old residents," some  
of whom are still active.

The Baptist Ladies invite all to  
attend the social next Friday eve.,  
in their Chapel. They ask you to  
bring your purse (for the hat will  
be passed), also a package of little  
or no value, which will be ex-  
changed "for fun's sake" during the  
evening.

Possibly the telephone wires had  
become twisted by the storm, for  
we certainly understood our friend  
to say that the P. O. S. of A. had  
sent ten dollars to the Civic Club  
in aid of the supper. Just read it  
"in aid of the flood sufferers," and  
you'll have it straighter than we  
did.

St. Mark's Church, Rev. Wm.  
Howard Davis, Rector. Fourth  
Sunday after Easter, Morning Pray-  
er 7; Holy Communion 7:30 and  
10:30; Sunday School 11:45; Eve-  
ning Prayer 7:30. St. Mark's Day,  
(April 25). Morning Prayer 7;  
Holy Communion 7:30 and 9:30;  
Evening Prayer 4:30. The Rt. Rev.  
John Scarborough, D.D., I.L.D.,  
Bishop of New Jersey, will make  
his annual visitation at St. Mark's  
Church on St. Mark's Day, service  
at 8 p.m.

Frank Gallagher was badly in-  
jured last Saturday morning, at  
Winslow brick yard. As was his  
custom, as night engineer, he shut  
down at five o'clock, to oil up.  
Not waiting for the engine to come  
to a stand still, he proceeded; but,  
probably, his sleeve caught, and  
his right arm was drawn into the  
machine, breaking the arm in  
several places, and otherwise man-  
gling it. Dr. Bart was called, and  
took the injured man to Cooper  
Hospital, Camden. At first it was  
feared that amputation would be  
necessary, but they now hope to  
save the arm. Mr. Gallagher's  
many friends here hope for his full  
recovery, and tender sympathy to  
his wife and two bright boys.

## Hemingway's Schubert PIANO Ware-rooms

## Does \$100 Look Good to You?

I will save you that much and more if you are looking for a piano or player piano. What's the use of buying a second-hand piano when you can have a new one of better grade at the same price. What's the use of buying cheaper quality, when you can have the best direct from the factory at the same cost, or less?

Don't be old-fashioned and say, "I don't see how it can be done." Look into my proposition and see for yourself. Just because pianos have never been sold here before on this plan and at such low prices, is no reason they cannot be. I save you the middleman's profit.

SATURDAY, APRIL 19, 1913

Don't forget to "clean up." May 1st.  
Wonderful, where all the dogs have gone.  
Believe looks decidedly better for its scraping.  
Isn't it about time to open up the water fountain?  
One of the busiest men in Hammoncton, Town Clerk Seely.  
Papers say that we had only three fair days in April, up to the 17th. It was certainly a wet season, and was not at all favorable for health or business.

It is not a new proposition, but we approve it, to appoint every active fireman a special policeman, to serve only when called upon by the Chief, and without pay. Of course, an officer can call upon any citizen when he needs help, but our Chief would be pleased to know that an organized body of stalwart young men stand ready to aid him in an emergency, as well as to preserve order at fires.

One week from next Tuesday will be special election day, to vote for or against the installation of a town sewerage plant. We shall vote in its favor, because we believe there should be some way of disposing of waste matter that is now stored in cesspools on every household's premises. State officials think the same, and will provide sewerage for us if we vote not to do it. It would be cheaper to do it ourselves, and more dignified. Besides, the users, not the general public, pay for it.

Sunday, May 11th, will be "Mothers' Day," and every man and woman who cherishes mother's memory should wear a carnation on that day. It is proposed that all secret orders, all societies, and all the churches, with every other good citizen, should join in a union service on that evening, and appropriate exercises be held.

Do you wish to vote at the special election? If you were registered last fall, and haven't moved since, you are all right; but it would be safer for you to call on your Registry Board next Tuesday, 22nd, and register if you have to.

Pension day comes two weeks from to-morrow, and we'll see how Uncle Sam keeps the holiday.

We have been asked why we opposed the order that shut off roller skating in School Park. It is because no one has authority to issue such an order. Town Council has no more jurisdiction over said Park than they have over the writer's premises; it is owned by the School District, and is under control of the Board of Education. But they could not issue such order, as the voters decided to the contrary. Some claim that the young people are disorderly there; but what are Council's police powers for, if not to preserve good order all over Town. They do not attempt to prohibit the running of automobiles and motorcycles on the public streets because a percentage of the drivers violate the law daily. Why discriminate against the children?

## Report of Sealer of Weights and Measures

We are in receipt of the first annual report of the State Supt. of the Dept. of Weights and Measures of New Jersey. It is an interesting document, illustrating, and showing both multifarious and deliberate methods used to defraud customers by short weights and measures. Particularly interesting to Atlantic County is the report by our townsmen, Edw. W. Strickland, reading as follows:

Complaints of short weights and measures received by the State Supt. of Weights and Measures, New Jersey, during the year 1912, were as follows:

Weights and Measures received by the State Supt. of Weights and Measures, New Jersey, during the year 1912, were as follows:

## Hammoncton Lecture Association

The following officers and committee were elected by the Association:  
President, A. L. Jackson.  
Secretary, W. O. Hoyt.  
Treasurer, Robert Steel.  
Committee, C. F. Osgood, A. E. Holman, J. G. Galt, W. R. Tilton, N. C. McGee, Rev. W. L. Shaw, Rev. W. S. Marple, Jos. L. Imhoff, H. C. Doughty, Dr. J. A. Waas, Wm. Colwell, W. J. Smith.

On Monday evening, the above named representatives of three Lecture Bureaus, and after over three hours of work decided on a course, composed of three lectures, two lectures, and a lady impersonator. It is one of the strongest courses given in town, and includes the Kellogg-Haines Party, which took Hammoncton by storm, three years ago.

Many of our people signed cards, pledging to take a certain number of tickets; but in case there are others, the President or Secretary would be pleased to receive them. The Association had a deficiency to make up this year, but will not need to again if lovers of good entertainment step up and sign.

More than a score of lads and lassies of the High School in the musical comedy "THE FENIAN," Tuesday evening next, in Bellevue Hall.

**At the M. E. Church.**

The Berge Sisters, singing evangelists, have been rendering inspiring service during the past week, and will continue to sing nightly during the coming week. Seldom are such heart-cheering songs ever heard in this community.

Pastor W. L. Shaw will preach morning and evening, to-morrow. Bible School at noon. Epworth League service at 6.45. The Berge sisters will sing at all services.

On Tuesday evening, the Rev. H. P. Hoskins will speak. On Thursday, at 2.45 and 7.30, the Rev. H. J. Zelle will speak.

Persons attending on Sunday are asked to note the small envelopes distributed in the pews. These envelopes are for your free-will offering for the Berge Sisters. Let us show our appreciation of their excellent help, by giving them a substantial offering.

Lewis B. Winkler writes from Kingston, Jamaica, under date of April 8th: "After a very fine trip, my wife and I arrived safely in Kingston, and we cannot refrain from thanking you for your promptness in sending us the South Jersey Republican. The first two issues came down on the same ship with us, and reached our store before we did. With kind regards to all our Hammonton friends, and yourself."

**DEAR EDITORS:** There has been a suggestion made which seems to me of great worth. It is this: Let "Mothers' Day," May 11th, be observed by an evening union service, to which all the lodges, churches, and other organizations, and interested people, be invited to attend. If the offer of the Presbyterian Church building, or the services of myself, officers, or choir, will in your judgment aid in bringing this about, will you kindly let me know.

Sincerely yours,  
**WALLACE S. MARPLE.**

**The Coming Circus.**

It will not be long now until the sweating dappled horses will drag the rumbling vans loaded with heavy circus paraphernalia from the Hammonton railroad yards to the lot of exhibition at John Walther's.

The Downie and Wheeler Shows will make the place hum and the town will be filled with eager good natured people who want to see a spanking good parade and show that will chill their blood by daring feats one moment, convulse them with laughter at an army of clowning the next and fill them with wonder the next. This they will get, for the newspapers at other places where the Downie and Wheeler Shows have been are filled with glowing accounts of the superb performance given in the monster "Big Top." They say the show is just an advertised and better. The show will be here Thursday May

**How Chautauquas are Run**

The most tremendously big business of Chautauqua is a quiet transaction with the business men and the club women in a town. When this is over, things begin to look lively.

First, the advertising crew goes from town to town in automobiles decked with gay red and white pennants. The members of this enthusiastic crowd put up posters, distribute leaflets, visit committees, and stir up anticipation generally. Six weeks later comes the group of energetic college boys that make up the Chicago roustabouts. They come in with their freight on the morning of the first day, roll up their sleeves, and get to work in a way that proves beyond a doubt that a college education does not spoil a boy in the least. They waste no time. When they have driven the stakes, hoisted the canvas roof, clapped their platforms into place, clattered the chairs or benches into order, hurried through the thousand tasks of the first morning, the services of the week's engagement have only just begun. There are always things about the tent or grounds that must be made ready for the daily shifting of entertainments.

Chautauquas in this section are run like a vast progressive game. Here is a chain of towns: Hammonton, Millville, Mount Holly, Collingswood, N. J., Royersford and Lansdale, Pa., etc. There is, at an average, 39 miles between them. At every Chautauqua the programme is practically the same in the events and in the order in which they come. Train service is fairly good in this part of the country. The big Florentine hand crowd off the train at Hammonton, say, on the first day. At night they are resting up for the second day's concert, at Millville. Perhaps, as they board the morning Pennsylvania for Mount Holly, where it is Chautauqua first day, they catch a glimpse of the seven singers of the Tyrolean Alpine Company taking their first survey of the town the band is leaving. Or they may have met Mr. Frank Dixon, the speaker for the second day, at Millville, just arriving with his suit-case. The Tyroleans and Mr. Dixon will be leaving within the next twenty-four hours, to go the way of the first day people. At the same time, the third day entertainers and speakers will be on the way to take their places.

Wherever the band appears, it is the first day of Chautauqua in that place. Wherever Mr. Dixon appears it is the second day. Mr. Pearson's calendar, through the whole season, registers just as consistently the third Chautauqua day. One man besides the college people who make up the roustabout crew, and the leaders of the Junior work, belongs to a town through the whole week; this is the platform superintendent, who also gives the series lectures. Dr. Jesse Holmes, of Swarthmore College, and Dr. A. E. Turner, of Hastings College, are two of the splendidly capable "coaches" that will keep the players that follow the leaders in the Chicago progressive game from making "bouts."

These are the striking features of the circuit system of conducting Chautauquas.

**From Los Angeles, Calif.**

We are delightfully located in this beautiful country,—a land all sunshine and flowers all the year round. We have had a delightful winter, very much like June in Hammonton. Geraniums, such as you grow in pots in the house, are ten feet high, and some of them twenty-five years old. Calla lilies are seven feet high, and have been in bloom all winter.

We have splendid roses, lilies, heliotrope, geraniums, all about the house we are occupying. Two large palm trees, over fifty feet in height and about thirty years old, and a magnificent variegated Century plant, with leaves two feet across, adorn the fine lawn about the house.

Strawberries are in the markets; and we wish our eastern friends could see the fine great markets, full of the most delicious fruits and vegetables from the North and South alike, and the best of meats of all kinds.

We attended the great Michigan picnic, composed of ten thousand people from Michigan. It was splendid. I met and shook hands with the venerable Dr. Peabody, 92 years old, who is about to visit Geneva, Switzerland.

**"I would rather sell you a Studebaker"**

When your dealer tells you that you know he's honest.

He may have cheaper wagons in stock, but he knows the Studebaker is the best.

And so do you.

He wants to give such good wagon value that you will come back and demand a buggy made by the same people.

Studebakers have been building wagons for sixty years and they have won the confidence of dealer and farmer by building—not the cheapest—but the best wagons.

Whether you live in city, town or country, there's a Studebaker to fit your needs. Farm wagons, trucks, business and delivery wagons, surreys, buggies and runabouts, with harness for each of the same high quality as Studebaker vehicles.
