**NOTICE.** To whom it may concern.  
Notice is hereby given that on the  
twenty-fifth day of March, 1912, an or-  
dinance was introduced into the Town  
Council of the Town of Hammonton,  
providing for the improvement, with  
sidewalks and curbs, of the following  
streets: Both sides of Central Avenue  
from Bellevue Avenue to  
Walmer Street, excepting the north side  
from Vine Street to Third Street and the  
south side from Third Street to Peach  
Street, which shall be curbed only; both  
sides of Third Street from Orchard Street  
to Maple Street, excepting the south  
side from Vine Street to Central Avenue  
and the north side from Central Avenue  
to Peach Street, which shall be curbed  
only; the north side of Egg Harbor  
Road from Grape Street to Maple Street;  
the south side of Egg Harbor Road from  
Bellevue Avenue to Maple Street to be  
curbed only; both sides of Vine Street  
from Egg Harbor Road to School Lane,  
excepting the south-east side from Cen-

tral Avenue to Third Street, which shall  
be curbed only; both sides of Peach St.  
from Egg Harbor Road to Central Ave.,  
excepting the northwest side from Third  
Street to Central Avenue, which shall be  
curbed only; both sides of Second Street  
from Bellevue Avenue to Peach Street;  
and both sides of Orchard Street from  
Second Street to Third Street.

The improvements provided for in the  
aforesaid ordinance are as follows: Side-  
walks and curbing shall be constructed  
of Portland cement concrete; sidewalks  
(excepting such as shall be laid or con-  
structed on Central Avenue from Belle-  
vue Avenue to Third Street, on Third  
Street from Bellevue Avenue to Vine  
Street, and on Vine Street from Third  
Street to School Lane) shall consist of a  
cement walk four feet in width, the mid-  
dle line thereof being equally distant  
from the building line and the inner line  
of the curbing; said sidewalks shall be  
laid to a grade of one-quarter (1/4) of an  
inch for each foot in width from the  
curb; so much of said sidewalks as is not  
required to be paved with cement as  
above specified shall be filled in with  
gravel or other suitable material to the  
same grade as above required; provided,  
however, that when Council deems it  
advisable, for the protection of shade  
trees, it may order the space between the  
curb and cement walk, or space between  
the cement walk and property line, or  
both, terraced; in this case the cement  
walk shall be laid at a grade to meet the  
height of the outer terrace; and provided  
further, that where the space between  
the curb line and the building line shall  
be so narrow as to render impossible the  
laying of a four foot wide cement walk,  
Council may provide for the laying of a  
cement walk of less width; and provided  
further, that where Council shall deem  
it advisable, Council may order a cement  
walk to be laid from the building line to  
the curb line; and provided further, that  
where Council shall deem it advisable,  
Council may order the cement walk to  
be laid or constructed nearer to the prop-  
erty line than to the curb line; and pro-  
vided further, that cement walks laid or  
constructed on Central Ave. from Belle-  
vue Avenue to Third Street, on Third St.  
from Bellevue Avenue to Vine Street,  
and on Vine Street from Third Street  
to School Lane, shall be five feet in width  
but in all other respects the sidewalks  
and curbs laid or constructed on the por-  
tions of Central Avenue, Third Street  
and Vine St., as hereinbefore described,  
shall conform to the provisions above  
set out.

All curbing required to be laid and  
constructed under the provisions of the  
aforesaid ordinance shall be six inches in  
width, and shall be laid to the same grade  
as above required.

Owners of property abutting on the  
streets aforesaid will be permitted to  
make the improvements required by the  
aforesaid ordinance, if within thirty days  
after its passage they declare their intent  
of so doing, and shall complete the work  
within sixty days after the passage of the  
ordinance.

The aforesaid ordinance will come up  
for final hearing and disposal at a meet-  
ing of the Council to be held on the  
fifteenth day of May, 1912, at 8 o'clock  
p. m., in the Town Hall at Hammonton,  
New Jersey.

At this meeting an opportunity will be  
given to owners of property abutting on  
the streets aforesaid to make objections  
to all or any of the provisions of the  
aforesaid ordinance and the improve-  
ments provided for therein.

On the completion of the aforesaid  
improvements, a commission will be ap-  
pointed by Council to assess upon the  
Town of Hammonton and upon all owners  
of property abutting on the aforesaid  
streets, such portion of the costs and  
expenses of the aforesaid improvements  
as by law should be paid respectively by  
the Town of Hammonton and by said  
owners of property abutting upon the  
streets aforesaid.

Dated Hammonton, N. J.,

Your property depreciates in value unless protected by a quality  
paint. Such a paint has a hard, smooth surface, keeping out the  
moisture and is a perfect armor against Nature's assaults. It is  
elastic—expanding and contracting with heat and cold, thus avoiding  
cracking, peeling and scaling.  
A good paint has beauty of color. It does not fade quickly.  
It proves the poet's saying, "A thing of beauty is a joy forever."
