CLEAN-UP WEEK

The local Board of Health has designated May 1st to May 5th as "clean-up week." All rubbish except ashes will be removed if placed near the curb as early in the week as possible.

INSPECTOR.

The License Committee are to meet on Wednesday eve, May 2nd. Wm. H. Parkhurst and family have returned from wintering in Florida.

Burt Simons is back in his store, after a couple of weeks nursing a crushed foot.

Ralph L. Morton, of Newtown, Penna., visited his former home and friends on Monday.

The paving of upper Bellevue is progressing rapidly. Everything is operated by gasoline power.

Little Ha-Ha Council, D. of P., will give an "Experience Social" on Monday eve, May 7. Refreshments will be served, 10 cents.

Examinations for teachers' certificates will be held in Atlantic City High School on the last two Saturdays in April, the 21st and 28th, at 9.15 a.m.

Greenmount Cemetery Association met last week Tuesday. W. L. Black was elected President; Secretary, A. L. Jackson; Treasurer, W. R. Tilton.

Friends of Rev. and Mrs. H. P. Hoskins, formerly of Hammonton, will be pleased to know that a little daughter was born to them on Saturday last, April 14th, 1917, at Huntington, Penna.

Charles F. Millard, son of Mr. and Mrs. Alfred E. Millard, formerly residents of Hammonton, and Miss Ada I. McKeown, both of West Philadelphia, were married on Saturday last, April 14th.

A cablegram received this week from Manchester, England, stated that A. W. Berry, well known here, associated with Mr. Chadwick, the school teacher, in the poultry business, on Chew Road, had died.

On Monday evening, a number squaws from Little Ha-Ha Council took up the trail to the wigwam of Sister Eunice Seely, to help celebrate her birthday. Refreshments were served and a good time was enjoyed by all.

Town Council Meeting.

All members were present at the adjourned meeting, on Monday evening.

Complaint was received as to the lawless manner in which riders of bicycles use the sidewalks. Referred to Law and Order Com.

Fire Chief asked whether Telephone Company could not be requested to notify members living at a distance and having no alarm, in case of fire. Referred.

Chief also asked for five hundred feet of new hose, which was by vote ordered.

Chief reported testing new fire apparatus, and finding both of them satisfactory.

Board of Trade requested the Mayor to set a date and proclaim a "clean-up week." Referred to the Board of Health, and Overseer of Highways and teams placed at their disposal.

Highway Committee complained of the dumping of tin cans and rubbish on and along streets, and asked whether there was an ordinance prohibiting same. Matter referred to committee, with power to act.

Resolution was adopted, accepting the new fire apparatus. Bills for same were ordered paid, as follows: W. S. Turner, combination, \$2950; P. T. Rauere, chemical, \$2490.

Fire, Water and Light Committee was authorized to prepare specifications for a motor-driven hose wagon, and submit same to Council.

Property Committee instructed to purchase the Imhoff safe for the Assessors, at \$40, and move the old one back to Town Hall, for use by Board of Health.

Adjourned, to meet on Friday evening, April 19th.

Giovanni Iraca, who was found guilty of murder of Henry Rider, escaped from Mt. Holly jail early yesterday morning, but was caught three hours later near Burlington. Confederates had assisted him in digging out.

Irvin I. Hearing, the popular hardware dealer and Secretary of the Hammonton Board of Trade, without consulting his friends here, decided to seek a helpmeet at Millville. He was successful, for on Wednesday, April 19th, Miss Helen Sieck became Mrs. Hearing. Hammonton friends extend best wishes.

A pipe-organ recital, by Harold Taggart, of Philadelphia, assisted by Joseph Melick, reader; Carlos DeCarpos, celloist; and local talent, will be given in Presbyterian Church on Friday evening, 27th, at eight o'clock. If you attended the concert given last week by the Habemann troupe, you will remember how every one enjoyed these men. A silver offering at the door.

Business-like Clothes Buying.

THERE are a lot of men in this town who would laugh at any man who said he preferred oil-lamps to electric lights; who still burned a hard coal stove in the living room in preference to a modern and less expensive heating plant.

But —

Many of these men who consider themselves up-to-date, are behind the times when they buy clothes. They haven't yet discovered that ready-made clothes, such as we show from

HART SCHAFFNER & MARX

are a distinct advance over the product of the custom tailor. They still have their clothes "made to order"; they're still in the oil-lamp, coal-stove stage of development. They have a vague idea that they get better fabrics, better fit, better style, better tailoring, by the made-to-order process.

And they're mistaken; and they don't know it. We could enlighten them very easily and very quickly; we could show them the best all-wool fabrics in the world, such as few tailors ever have; we could show them style creations which their tailor can imitate but not originate; we could show them better workmanship than they're used to; and if the clothes don't fit, they don't buy them.

Depend upon it, the ready-made clothing such as we have here is an advance; the price is lower than the made-to-order cost; but that isn't the best reason for preferring these clothes, although the best business sense doesn't refuse to consider price-economy, if the quality is right.

We'd be glad of an opportunity to make a demonstration in this matter to any man.

MOTORISTS!

Read This Over Carefully!

The largest hammer that ever a
blacksmith swung does not deliver a
blow as heavy as those your tires
get hundreds of times in a few
hundred miles of travel.

That cotton fabric and rubber
can stand up under such punishment
is remarkable when you think
of it.

A blacksmith will tell you that
the temper of steel can be spoiled by
too much heat. Little wonder
then that even a few degrees too
much in the vulcanizing pits will
ruin a tire by carbonizing the cotton
fabric. This results in a tire that
cannot stand the pounding of daily
service.

By the exclusive Miller method
of vulcanizing, all the essentials
are retained in the cotton fabric.
The native toughness and resiliency
of the rubber are kept intact. Both
cotton and rubber are welded into
a rugged mileage unit.

Miller geared-to-the-road tread
bands are never spoiled in the appli-
cation. They come to you brim-
ful of mile muscle, and with 100
per cent power to resist and endure.
The blows of the road affect them
almost as little as the hammer
affects the anvil.

Hundreds of motorists found
Miller repairs and re-treads to be
faithful long-distance performers in
1916.

You, too, can establish mileage
records and reduce your tire ex-
pense by having your tires repaired
and re-tread by the Miller method
in 1917.

Write or phone and we will call
for, and deliver all work. We
guarantee all work.

Ren. Rider and Chas. Kendall,
of the U. S. Steamship "Oklaho-
ma" were home on shore leave.
Their time expiring last week,
about thirty of their young friends
gathered one evening to bid them
farewell, at the home of Geo. W.
Bassett. The rooms were decorated,
flags, souvenirs of the sea, and
photos from the Navy. They had
a good time, of course. They say
that the boys took with them two
or three candidates for the Navy
blue.

Help for Farmers

During the National crisis, the
majority are thinking of trenches
in reality, there is an urgent call
for volunteers—boys from 14 to 18
for actual service for their state
and nation, in the fields, to aid in
the production of staple crops. It
is hoped that farmers will plant
larger areas to staples, and depend
upon these boys, under supervision,
to help them on the farm.

The State Commissioner of Edu-
cation has stated that boys who
desire to work at home, or on some
other farm, providing they have
their parents' consent, may do so,
and receive full credit for studies
in school.

The Supt. of Schools, who is
County Recruiting Officer, with
Director of Vocational Schools and
his four assistants, prepared a set
of resolutions, which have been
adopted by the Hammonton Board
of Education, authorizing enlist-
ment of boys from 14 to 18 in the
Agricultural Division of the Junior
Industrial Army of New Jersey,
and provides for the appointment
of a committee to take charge of
this work; also a Recruiting officer
to enlist and place boys.

At a meeting called by County
Supt., and held in public school
building, the following were ap-
pointed to serve on the Supervisory
Committee for Hammonton: These
were approved by the President of
the local Board of Education.

A. J. Rider, Chairman; T. C.
Elvins, ex-officio; C. C. Small,
W. R. Tilton, Mrs. Chas. Fitting,
Mrs. L. H. Parkhurst, Rev. W. J.
Cusworth.

It is expected that this Commit-
tee will assume full charge of the
garden movement for small boys,
and the work of enlisted boys.

They will attend to transportation
and accommodations of the
boys, the efficiency of their work;
provide for payment of the boy,
interest citizens in this patriotic
movement, and encourage contri-
butions. For these branches, sub-
sidiary committees may be appointed.
Farmers are asked to get in
touch with the local recruiting
officer, W. B. McDougall, in his
office over Ranere's garage. He
will be there Saturday morning,
and on Wednesday from 4 to 5:30.
The plans may be then considered,
and applications for help be regis-
tered. Boys desiring to enroll may
call at the office, as above.

Boys and farmers must realize
that this is a serious proposition,
and that both should do all in their
power to make it a success in this
section. Besides boys from this
locality, there will be boys avail-
able both from Atlantic City and
possibly from Camden, to aid in
the work of caring for crops and in
harvesting them.
