ELVINS & ROBERTS

Being now in the hurry and rush of Spring business, you will pardon us if we do not present much that is new. We merely wish to assure you that we are still doing business at the old stand.

We meet the recent cut in the price of Cottolene. Having had the honor of introducing this excellent article to the trade in this vicinity, we propose our imitators shall not lead us on this or any other article. Price until further notice, 13 cents per pound.

We reduce the price of Wood Fibre Pails to 35 cents, making them by far the cheapest and best water pail for the money now on the market. No fraud about these goods,--a first-class article in every way. No hoops to drop off, does not soak water, therefore always light, and almost no end to the wear.

Have you tried Snider's Catsup? If not, why not? "It leads the procession." Large bottle, 25 cents.

Full weight Milk certainly should be a leader also. 12 cents per can. Try a can, and if it is not what we claim for it, bring it back.

Please remember that we are the sole agents for Mapes' Complete Manures for all crops, and we aim to keep the stock as complete as the rapidly increasing sales of these most popular and reliable fertilizers will permit. Prices on application.

DID YOU EVER

Stop to think what a fine piece of mechanism your watch is? and that you are injuring it by letting it run too long without having it cleaned and oiled?

A watch is injured more in one month, when running dirty, than in a year's time when properly cleaned and oiled.

Why neglect to have it cleaned, when you can get it done, and guaranteed, for One Dollar?

Presentment of the State Republican League.

At a meeting of officers and Executive Committee of the State Republican League of New Jersey, held in Trenton, April 12th, the following presentment was adopted:

We declare it to be our duty as representatives of the great Republican party to call attention to the infamous and depraved power that controlled the last Democratic Legislature of this State, and to denounce it for the disgrace it has brought upon the hitherto honored name of "Jerseyman."

We charge that the Democratic party, in New Jersey, for the past four years has prostituted every principle of reform, the right of local control by the citizen, and has set at defiance the constitutional safeguards of a free people.

We charge that its legislation has enormously increased our State expenses, and failed to afford any relief to the taxpayers, overburdened with State, school and municipal taxes.

We charge that the Legislature of '93 denied the people a hearing by the despotic and unparliamentary rulings of both its presiding officers, upon matters of most vital concern; that it cast insults upon both the Protestant and Catholic clergy and laymen, and the Law and Order organizations, that asked for a respectful hearing; that it sneered at the sacred name of woman, and was dominated in both houses by race-track proprietors and their corrupt hordes, grown rich upon the crimes and debasement of their patrons.

We deprecate the unseemly haste with which the Governor vetoed the race track bills, depriving the people of the opportunity to organize for public remonstrance, while the Legislature continued in extraordinary session the whole week, to pass the bills over his vetoes.

In the Lower House a race-track owner--a Democrat--was the dominant and vaunted controlling power; his starter at the race-track--a Democrat--was the Speaker, while on the floor a bookmaker at the race-track--also a Democrat--was the leader of the majority.

The Democratic Legislature of 1893 has joined hands with wrong, to contend against right and justice.

It has sought to subvert local municipal charters and destroy the fundamental principles of local government.

It has disregarded the frequent and earnest appeals of the workmen to legislate in their interests.

It has not repealed one of the many acts that have created a swarm of new office-holders, to eat out the substance of the people.

It has not repealed any of the outrageous partisan and centralized legislation of the past four years.

It has shown itself the vassal and hireling of those seeking personal ends, without regard to the best interests of the State.

It has invited to our territory the worst elements that infest society, as criminals and outlaws, to carry on their gambling under the cover of law.

Its record is most debasing upon our young men, creating a curse upon their business integrity as frequenters of race-tracks, where vice is no crime under the law.

A legislative majority stained with the outrageous gerrymander, the iniquitous coal combine and the worse than infamous race-track laws, must not be allowed longer to control the State, and hence we arraign the Democratic party in New Jersey before the bar of popular opinion and charge it as unworthy of popular suffrage.

We call upon all honorable and patriotic citizens, laying aside arbitrary partisanship to assist in turning out of power the Democratic party in this State, controlled as it is by influences that are corrupt and debasing.

We are firm in the belief that these wrongs can be righted by the co-operation of those seeking reform, by an alliance with the Republican party of

New Jersey, which pledges itself to correct these abuses.

Therefore, be it Resolved, That the Republican League clubs of this State be requested to assemble on their first meeting night in June, to organize anew for the overthrow of the dominant power now in control, that has proved itself basely unfit longer to represent our people, and that they invite all citizens to unite with them in the effort for reform.

Resolved, That we call upon Republicans in their several localities to put in nomination for Senators and Assemblymen none but trusty candidates, who can be relied upon to repeal the whole brood of this debasing and pestilential legislation.

JOSEPH H. GASKILL, President.
JOSHUA MATLACK, Jr., Secretary.

Counsel for the Citizens' League has secured a summons against the New Jersey Jockey Club and Mike Dwyer, its President, alleging damages against the State in the sum of \$2,000,000 for penalties under the Lottery act. He also secured capias against thirty bookmakers. It is said this sort of thing is to be kept up until the race-track men are brought to terms.

PAINT! PAINT! —THE— HAMMONTON.

When you buy the Hammonton
Paint, you do not buy seven-
eighths of a gallon for a gallon,
or three pints for a half-gallon;
nor do you get one of those
packages that weigh 12 to 14
pounds, and containing so much
alkali that it appears to be so
thick that it is impossible to
use it without thinning; but in
buying the Hammonton you get
a full standard gallon of paint,
weighing 14 to 16 pounds to
the gallon, made from the best
materials known to the trade,
and costs the consumer from \$1
to \$1.50 per gallon, for honest
paint.

If the purchaser doesn't want
honest paint, and wants to be
honest to himself, then be sure
to buy the Hammonton Paint,
and the manufacturer will give
a receipt with every gallon sold
telling you how to make two
gallons of paint out of one of
the Hammonton. It will cost
33 cents for the extra gallon.

One Dollar.

And then here comes Commercial
Paint, in 30 shades, —the best wearing
paint ever put on the market for so low a
price as \$1 per gallon, and guaranteed
to be a first-class wearing paint. If any
one should not want to pay so high a
price for a good exterior paint, then work
the 33 cent racket, and get two gallons
for \$1.33. Manufactured at
Hammononton Paint Works.

SATURDAY, APRIL 22, 1903.

This is a country that produces politicians instead of statesmen. There is James H. Blount, of Georgia, an ex-rebel officer, who was sent to Honolulu with power to do as he pleased, and the first thing he did was to pull down the American flag and order the U. S. marines aboard ship. This act should excite the indignation of the whole nation. Our flag once raised in the interest of humanity, should float until all pending questions were decided.

"Let that banner wave forever."
May it inspire men to do better.
Till the stars shall pale on high;
While there's right the wrong defeating,
While there's hope in the hearts beating,
Truth and Freedom shall not die.

The new road machine — the "Steel Champion" — appears to give entire satisfaction. It is a combination of wheels, cogs, stops, bearings, braces, etc., attached to a iron frame, on heavy steel axles. The scraper can be set at any angle, and in various positions to reach where wanted. The Overseer finds the machine of lighter draught, much easier to manipulate, and altogether much better than the old one, which served us so well for a number of years.

one night recently, evidently killed by
dogs. The hole in the yard fence he
left open, and set a steel trap inside.
Last Saturday night, he heard a howl,
and found a dog which he recognized as
the property of a well known sportsman,
fast in the trap. The dog was tied up
and the owner notified; he called for
his dog but was refused unless he paid
for the property destroyed. Suit for
possession of the dog is threatened, and
if brought will be decided, and a test
case made out of it. Wandering dogs and
cats have long been a nuisance to pol-
ity keepers, and we should like to have
an official statement of all parties' legal
rights in such a case.

Thursday, May 4, has been chosen
"Our County Day" in Hammononton
schools. In the afternoon, all pupils in
town will assemble in the Central build-
ing, where there will be patriotic songs
and recitations by the children. The
Grand Army Post will be present, and
several members will take part in the
exercises. Some say that the war is
over, and children should be allowed to
forget its cause and the ill feeling and
misunderstandings which it caused. It
would be well to do so, possibly; but
to-day, in the South, an effort is being
made to erect a monument in honor of
Jefferson Davis; and to this end the old
questions are being revived, and the
younger people are being taught to
mourn over "the lost cause," and on
every possible occasion the remnant of
those who were defeated will praise the
deeds of those who sought to destroy
the Union. For this reason, the G. A.
R. are endeavoring to establish the
systematic teaching of patriotism, that
our children may know the truth, and
the love of country and pride in its free
institutions may grow stronger in them
with passing years.

That matter of publishing the
State Laws in the newspapers is being
made a farce. Neither law nor good
business judgment is followed in select-
ing the papers. For example, in this
county, two are named, both published
in Atlantic City, and neither, so far as
we can learn, sends one copy to this end
of the county. Of the Free Press (dis-
tinguished as "Democratic") we have
one or two copies, apparently printed in
Philadelphia. One of our most promi-
nent Democrats had never heard of the
paper until this week. The Journal is
written among Republican papers, at
which all parties smile audibly, know-
ing that there is not the slightest foun-
dation for that classification. We can-
not imagine where the Governor, the
Comptroller, and the Secretary of State
secured the information upon which
their selections were based. It has this
moment occurred to us that possibly the
character of the matter to be published,
that they have concluded to tuck this
crop of legislative production back into
some obscure shelf which nobody will
ever see. If that is the case, perhaps
we ought to forgive them.

The annual meeting of the Pres-
byterian Church and congregation, for

We hope that when the present
contract expires, Council will provide
for lighting the street lamps on every
dark night. For example, Wednesday
night, the almanac said the moon was
shining, and there were no lights; but
the heavy clouds made it very dark. It
was just the night when lamps were
needed, if ever.

Next Wednesday, the 20th inst.,
will be the seventy-fourth anniversary
of the institution of the first lodge of
Odd Fellows in the United States. It is
customary for all lodges to celebrate
that anniversary in some way. This
year, Winslow Lodge, Hammononton,
will hold a session in their hall, with
instrumental and vocal music and a
supper. All members and their families
will receive invitations.

Under the management of Wm.
B. Oliver, old Weymouth is renewing
its youth. We are told that 80,000
worth of new machinery is being put
into the paper and pulp mill, and that
about two hundred people are employ-
ed. That's right,—use domestic raw ma-
terials, employ home labor at good wages,
export an excellent finished product to
be paid for in foreign money, and wealth
will increase—in a small community or
in a nation.

Programmes were printed at this
office for the Atlantic County Christian
Endeavor Convention, which will be
held in the First Presbyterian Church,
Atlantic City, next Wednesday after-
noon and evening. There will be an
address on "Junior Work," by Mrs.
Alice May Scudder, of Jersey City;
also, by Rev. F. B. Everett, of Trenton,
Vice-President of the State Union, on
"Grace, Grit, Growth." Singing under
the leadership of Mr. H. C. Lipcoln, of
Philadelphia.

Mr. Arlitz lost a lot of chickens,
one night recently, evidently killed by
dogs. The hole in the yard fence he
left open, and set a steel trap inside.
Last Saturday night, he heard a howl,
and found a dog which he recognized as
the property of a well known sportsman,
fast in the trap. The dog was tied up
and the owner notified; he called for
his dog but was refused unless he paid
for the property destroyed. Suit for
possession of the dog is threatened, and
if brought will be decided, and a test
case made out of it. Wandering dogs and
cats have long been a nuisance to pol-
ity keepers, and we should like to have
an official statement of all parties' legal
rights in such a case.

Thursday, May 4, has been chosen
"Our County Day" in Hammononton
schools. In the afternoon, all pupils in
town will assemble in the Central build-
ing, where there will be patriotic songs
and recitations by the children. The
Grand Army Post will be present, and
several members will take part in the
exercises. Some say that the war is
over, and children should be allowed to
forget its cause and the ill feeling and
misunderstandings which it caused. It
would be well to do so, possibly; but
to-day, in the South, an effort is being
made to erect a monument in honor of
Jefferson Davis; and to this end the old
questions are being revived, and the
younger people are being taught to
mourn over "the lost cause," and on
every possible occasion the remnant of
those who were defeated will praise the
deeds of those who sought to destroy
the Union. For this reason, the G. A.
R. are endeavoring to establish the
systematic teaching of patriotism, that
our children may know the truth, and
the love of country and pride in its free
institutions may grow stronger in them
with passing years.

That matter of publishing the
State Laws in the newspapers is being
made a farce. Neither law nor good
business judgment is followed in select-
ing the papers. For example, in this
county, two are named, both published
in Atlantic City, and neither, so far as
we can learn, sends one copy to this end
of the county. Of the Free Press (dis-
tinguished as "Democratic") we have
one or two copies, apparently printed in
Philadelphia. One of our most promi-
nent Democrats had never heard of the
paper until this week. The Journal is
written among Republican papers, at
which all parties smile audibly, know-
ing that there is not the slightest foun-
dation for that classification. We can-
not imagine where the Governor, the
Comptroller, and the Secretary of State
secured the information upon which
their selections were based. It has this
moment occurred to us that possibly the
character of the matter to be published,
that they have concluded to tuck this
crop of legislative production back into
some obscure shelf which nobody will
ever see. If that is the case, perhaps
we ought to forgive them.
