An Extra 34 H. P.

From a Small, Light,
Simple Motor—in the

Hudson Super-Six

NOTE that we add no size, no cylinders in the Super-Six. It is still a small, light, simple Six. The size is identical with the former Hudson Six-40. But our new invention—a Hudson patent—gets 70 horsepower from this Light Six. Hereafter at its best it delivered 42 horsepower.

LET US PROVE IT

At any speed there is utter smoothness. And motor wear is almost eliminated. Endurance has been almost doubled.

NEVER TAXED

This vast reserve power shows in marvelous performance. It shows in hill climbing, shows on hard roads—shows in quick acceleration.

Think of adding 60 percent to a motor's efficiency. Can you realize how much that means?

It means a motor which is never taxed. At half load it does what full load did. It is all due to ending motor vibration. We save the power which was lost in friction.

At any speed there is utter smoothness. And motor wear is almost eliminated. Endurance has been almost doubled.

Do not be misled by rivals. We cannot use this motor. Let the Super-Six performance tell you what it means.

The difference is enormous. It shows in every quality you desire.

There are also six new 110-hp. bodies built for the Super-Six. Each is a type which is new in the world.

In every way you will find the Super-Six superior. It is a new type of car. You are bound to choose it. Let us prove this to you. I will save a great deal of money for you.

THE OVERLAND

Electric Control Buttons at your Finger Tips.

Naturally, you want a car that can be operated easily,—you realize that the extent of pleasure and safety in driving depends upon the ease of control.

In most cars the details of control seem to be planned with an eye for convenience in assembling the various parts.

But the Overland control was arranged just as you would arrange it if you were designing a car for your own convenience.

You control the electric magneto, the electric lights, the electric horn, with your finger tips, without bending forward.

To start the motor, you merely touch a foot button in the floor.

Stop Patronizing Trusts!

YOU WILL LOSE IN THE LONG RUN

BUY AT HOME! Our Motto: Veritas Vincit

Did you ever stop to think why gasoline is so high?—Did you ever stop to test your gasoline or petroleum? Are you aware that your gasoline is poor? Do you know that gasoline is a big factor of your car's power, speed, carbon, service, and expenses?

We Repeat: You Lose in the Long Run!

The independent refiner cannot afford the facilities to ship his products abroad and receive the present commanding high prices; hence it is your chance,—your opportunity to buy his best products at the same figures as you are now paying for the big man's re-refined.

THINK IT OVER.

The undersigned Hammonton firm wishes to announce the establishment of their oil service station at Ato, N. J., and is ready to deliver within a radius of 15 miles. Prompt delivery is assured with our new up-to-date automatic truck.

We are Independent of all Trusts!

Our products are refined from the Pennsylvania crude paraffin base mill, unquestionably the best in the market.

Now, Mr. Consumer, it is your chance to buy well refined filtered gasoline for your auto, gas engine, and all gasoline driven motors, petroleum for your illuminating and fuel purposes, lubricants for your machines and car. Give us a trial, and be convinced.

SATURDAY, APRIL 22, 1916

Our choice for President of the United States for the ensuing four years is THEODORE ROOSEVELT. Sentiment in his favor is growing rapidly, all over the country. We know of no other worthy Republican who would accept the nomination, and upon whom the party will so heartily unite. Had our "Teddy" been President during the past two years, we firmly believe that the threatened difficulty with Germany would have been avoided by his firm attitude from the beginning; and his "big stick" would have convinced Mexico that the United States meant business when a warning was sent south to stop fusing and go to work. The New York Tribune has come out strongly for Roosevelt, and will work for his nomination and election, though it opposed him four years ago.

We do not know how to vote next Tuesday, at the Presidential Primary Election. There are names enough on the official ballot; but for whom will they vote if sent as delegates to the National Convention? We dislike to send a man to express our convictions, with no idea of his intentions, and no means of securing his vote for the man of our choice. But one of the candidates has had the courage to have his choice named on the ballot, and he proposes Theodore Roosevelt. Our intention is to check the name of W. F. Cozart, then write our choice for President at the bottom, leaving the balance blank.

This week we received notice from the newspaper-syndicate that the paper on which the Republican is printed will be advanced in price. As we have been paying what we consider a top-notch price for a long time, we shall have to increase our subscription price unless there is a reduction soon. But first, we shall insist that every subscription be paid in advance. We will accept a check for any number of years in advance, at the present price. Next!

Medford has one on Hammonton. With but twelve hundred population, they have a hall capable of seating five or six hundred people, on the ground floor, fire-proof, high ceiling, within a hundred feet of the main street. It is not an expensive structure, and would no doubt pay well here. Some of our citizens are going over to see it again.

Hammonton would have several millionaires if they would "lend" their own business one-half as much as they do other peoples'. Mr. Lake believes in fire companies. He has repeated his gift of five dollars. Who will be next?

Time to get your window and door screens out.

An Ordinance.

An Ordinance for the appropriation of money for the Payment of Interest on \$117,000 Funding Bonds of the Town of Hammonton, and respecting taxes to be assessed and raised for the year 1916 to cover said appropriation.

Section 1. Be It Ordained by the Mayor and Town Council of the Town of Hammonton, Atlantic County, New Jersey, that there shall be appropriated, and they do hereby appropriate for the year 1916, for the purpose of paying interest on \$117,000 Funding Bonds of the Town of Hammonton, dated November 1, 1915, the sum of Five Thousand Eight Hundred and Fifty Dollars (\$5,850.00).

Section 2. And Be It Further Ordained, that of the sum so appropriated there shall be assessed and raised by taxation the sum of \$3,788.20, which said sum is determined as follows:

Appropriation	\$5,850.00
Resources—From accrued interest on bonds	2,061.80
Amount to be raised by Taxation	\$3,788.20

Attest: W. R. SHELLEY, Town Clerk.
Introduced April 12, 1916.
Passed April 18, 1916.

Captain Wm. J. Morton, one of the oldest residents in Hammonton, died on Tuesday last. The funeral services were held on Friday afternoon, conducted by Rev. Wm. J. Casworth.

While cracking an automobile, two weeks ago, Harry Cottrell was struck on the right wrist. After enduring pain for ten days, an x-ray examination revealed a fracture of the bone.

About forty members of Hammonton Board of Trade went to Medford in twelve cars, Wednesday night, and reported a good time. Speeches, a feed, cigars, moving pictures, and hearty cordiality were on the programme. They will be asked to return the visit, one of these days.

Frank N. Thomas, whose illness we have mentioned, died Saturday last, aged 68 years, at his home in Hammonton. Funeral services on Wednesday. Mr. Thomas was a long time resident, an upright and trustworthy man, a good citizen, an active Christian. With his sons and daughters we share the great sorrow of his departure.

The State Banking and Insurance Commission instructed the Hammonton Loan Association that they could not loan money to the people who wish to repair the Romeo building and move their factory here. But banking institutions can; and Hammonton Trust Company will probably have papers signed next Monday evening.

Miss Rita H. Sheehan, who will be pleasantly remembered as a former kindergarten teacher here, and Mr. Richard J. Smith, of Philadelphia, were united in marriage on Friday, April 14th, 1916. They will make their home in West Philadelphia, on their return from a southern trip. They have best wishes from all who knew Miss Rita.

What Your Tailor?

Clothes of Pedigree

If you were buying an expensive picture you'd probably be very careful about its pedigree—where it came from, the kind of reputation the artist had, all about it generally.

Your spring clothes ought to be bought the same way. If you have them made-to-individual measure by our famous Chicago tailors,

Ed. V. Price & Co.

they will be superior in every requirement of style, fit and workmanship—a pleasure to wear and a satisfaction to own—but the cost will be moderate.

The very latest styles and popular fabrics expressed in over 500 patterns.
